

FREEDOM OF INFORMATION COMMISSION  
OF THE STATE OF CONNECTICUT

In the Matter of a Complaint by  
William Baldwin,

Complainant

Report of Hearing Officer

against

Docket #FIC78-151

Connecticut Medical Examining  
Board; President of the Connecticut  
Medical Examining Board; and  
Director of the Connecticut Medical  
Examining Board,

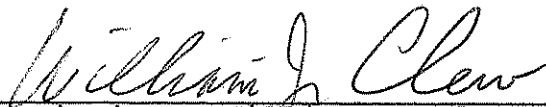

July 7, 1980

Respondents

The above captioned matter was scheduled for hearing on October 16, 1978, at which time the complainant and the respondents appeared and presented evidence and argument on the complaint.

During the proceeding, the parties agreed to attempt to resolve the matter and the issuance of the hearing officer's report was postponed to allow negotiations between the parties to proceed.

Subsequently, a settlement was negotiated. An application to the Superior Court for a permanent injunction, which had resulted in a temporary injunction preventing access to certain records requested by the complainant, was withdrawn. On April 11, 1980, the complainant herein withdrew his complaint.

Approved by order of the Freedom of Information Commission on July 21, 1980.
