**Subject:** Update on COVID-19 Vaccine Restitution

DEPARTMENT OF PUBLIC HEALTH

[Please click here to acknowledge receipt of this message](#)

**MARCH 5, 2024**

Dear CVP and CVFA providers,

As of today, restitution will no longer be required for COVID-19 vaccines that have expired. The Department is currently assessing next steps for those who have already completed the restitution process and additional information will be forthcoming. If you have any questions in the interim, please contact our Immunization Program at 860-509-7929 or [DPH.Immunizations@ct.gov](mailto:DPH.Immunizations@ct.gov).

Kathy Kudish, DVM, MSPH  
Immunization Program Manager and Deputy State Public Health Veterinarian  
CT Department of Public Health
