NR - Not Reportable. Results are not reportable if there are fewer than 15 surveys complete or if between 15-19 surveys are complete but response rates are less than 80% (resident survey) or 50% (family survey).

Final results reported for each facility may differ from initial results scorecard if additional surveys were returned after the initial report of results was sent out.

*No surveys collected - Facility did not comply with participation in the CoreQ survey. Score is not included in the CT average.
