**CONSUMER ALERT: PUBLIC LISTENING SESSION ON
PERFORMANCE BASED RATEMAKING**

From: Interim Consumer Counsel, Claire E. Coleman

The Public Utilities Regulatory Authority (PURA) has announced a public listening session regarding performance based ratemaking, which PURA is currently exploring in [Docket No. 21-05-15](#). A live public listening session will be held via Zoom on March 16, 2022 at 6:30 p.m. Established via Public Act 20-5, performance based ratemaking has the potential to significantly alter the manner in which electric rates are set for Connecticut customers. OCC encourages all electric customers to participate and provide their perspective and obtain additional relevant information. All public comments will become an official part of the record and assist OCC, PURA, and other stakeholders in this matter. A subsequent Stakeholder Workshop will be held on April 5, 2021.

The Zoom public comment hearing may be accessed directly at:
