YWCA Hartford Region's Fifty 50 Campaign

Presentation by Melinda Johnson, Director of Community Engagement and Advocacy with the YWCA Harford Region and Terry Fitzgerald, Advocacy & Outreach Coordinator

- The Fifty 50 Campaign is an effort to increase the gender and racial composition of municipal boards and commissions in Connecticut.
- There have been efforts to secure early commitments from the towns of Bloomfield, Hartford, and West Hartford to identify local boards and commissions that impact housing, education, and public health.
- Goal is 50% women and Persons of Color
- Phases to reach this goal:
 - Discovery: Identifying gaps, barriers, and inequities
 - Strategy: Look at different populations and compositions, and what policies, practices, and procedures need to change
 - Public Campaign: Tailer campaign to attract audience
- The hope is to have 12 municipalities, identify baseline, and conduct statewide public awareness campaigns in 2022.
- Year 3 goal is to compare and analyze results, and the year 4 goal is to replicate throughout other municipalities throughout the state.

YWCA Hartford Region's Fifty 50 Campaign

Presentation by Melinda Johnson, Director of Community Engagement and Advocacy with the YWCA Harford Region and Terry Fitzgerald, Advocacy & Outreach Coordinator

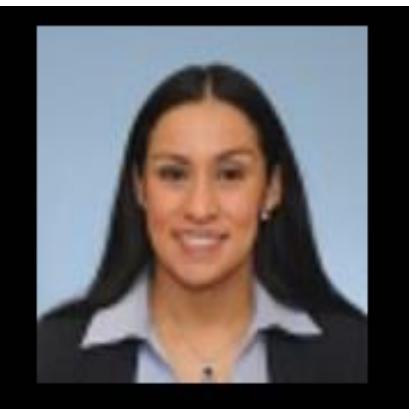

- Campaign should incorporate the concept of ASKING. Research shows women respond better to a direct ask to serve.
 - First: Identify connections to individuals to prepare women to step into vacancies.
 - Second: Hold a tour that would be supported by the committee
 - Third: Public Act 21-49 to serve as a model to be replicated at the municipal level. PA 21-49 requires the composition of State Boards and Commissions to closely reflect the gender and racial diversity of the state,
- Next Steps:
 - Address endeavors to support women stepping into boards and commissions vacancies.
 - Assist or urge municipalities in creating a pipeline to foster networking in communities (redesign boards).
 - YWCA efforts may focus on supporting municipalities and creating a pipeline. Requires community partnership.
 - Support individuals in recognizing their strengths and the opportunity.
