Submit completed application to: [Wendy.Fuchs@Ct.gov](mailto:Wendy.Fuchs@Ct.gov) by May 27, 2025 Subject: JMH Grant Application

**Eligibility Criteria:** To receive a grant from these funds:

- i. Organizations must be a 501 (c) 3, or non-profit educational institution.
- ii. Organization may not be owned or formally affiliated with Johnson Memorial Hospital or Trinity Health of New England.
- iii. Funds may not be awarded directly to an individual or family, however funds may be used to benefit an individual or family participating in an awarded program administered by an eligible organization
- iv. Funds may not be used to supplant any obligation Johnson Memorial Hospital accepted in its agreed settlement related to this docket or docket no. 22-32612-CON.

Ex. JMH is to provide emergent and non-emergent transportation to any birthing person and their support person to any hospital of their choosing within a 50-mile radius for labor and delivery services at no cost to the patient or support person.

**Prioritization of fund use:** Prioritization of community need will be determined based on community input at the engagement forum and received in writing. General priorities will include:

- Preference will be provided to services that reach each town within the PSA, or that focus on an underserved population within one or more towns of the region
- Preference will be provided to services that are provided in the primary languages spoken in the PSA
- Preference will be provided to services that are available regardless of citizenship or housing status

**Required attachments:** Completed applications must include the following:

- ☐ **Attachment A:** Copy of IRS 501 (c) 3
- ☐ **Attachment B:** Proposed program/project budget showing all revenue and expenses. Please identify other sources of funding if applicable and indicate if that funding has been secured or is pending.

Please do not submit program brochures, videos or other promotional information. These materials will not be shared with the review committee.
