# Other Updates

---

- **Patient-Centered Consumer Outreach**
  - RFQ on Connie website
  - Proposals due by June 1
- **BPMH**
  - Development of UI for Connie portal
- **HCBS Project**
  - Use case development with DSS
- **Clinical Advisory Committee**
  - 2<sup>nd</sup> meeting + Connie Tour
  - Feedback on eReferrals use case
- **Privacy, Security & Confidentiality Committee**
  - Planning work continues

Questions?

# Development of Connie Utilization and Performance Measures

Jenn Searls, Connie & Michael Matthews

# Development of Connie Utilization Measures

---

**Connie vision:** “...bring tangible, meaningful and sustainable value to stakeholders”

**Project scope:** develop utilization measures roadmap and action plan for Connie that enables the organization to determine the extent to which it is meeting the above value proposition

**Project support:**

- Michael Matthews, Project Lead
- UCONN Health (Dr. Agresta and Rachel Rusnak), Data and Analytics

# General Framework

---

Users

Usage

Usefulness

# Project Phases

---

Phase 1: Environmental scan of HIE utilization measures

Phase 2: Development of utilization measures roadmap for both immediate implementation and longer-term aspirational measures

Phase 3: Action plan defining timelines, milestones and responsibilities for immediate-term utilization measures

# Phase 1: Environmental Scan

---

- Literature Review
- Current state analysis
- Key informant interviews
- Report of findings

# Phase 1: Timeline

---

**May:** Project kickoff

**June – July:** Data collection

**August:** Final report and Phase 2 initiation

Questions?

# Race, Ethnicity and Language (REL) American Rescue Plan Act Update

*Adrian Texidor, OHS*

# Race, Ethnicity & Language ARPA Update

## Background

- American Rescue Plan Act of 2021 (ARPA)
  - Federal COVID-19 relief bill
  - Approx. \$6 billion distributed to Connecticut (\$2.6b for state government programs)
- REL Mandate – Efforts to date
- OHS/DSS REL ARPA Concept to support **C.G.S. Sec. 19a-754d**
- Anticipated Roadmap for REL ARPA project

# Refresher: Race, Ethnicity & Language Mandate

## **C.G.S. Sec. 19a-754d:** *An Act Equalizing Comprehensive Access to Mental, Behavioral and Physical Health Care in Response to the Pandemic*

- Mandate went into effect on January 1, 2022
- Applies to any state agency, board, or commission that collects or contracts with an entity to collect race, ethnicity or primary language data for health care or public health purposes to collect REL Data according to the REL Data Standards and Implementation Guide
- OHS is the entity responsible for developing the REL Data Standards and Implementation Guide(<https://portal.ct.gov/OHS/HIT-Work-Groups/Race-Ethnicity-and-Language>)
- Health Information Exchange—mandates health providers with electronic health records (EHR) connected to the statewide health information exchange (Connie) to provide patient self-reported race, ethnicity, primary language. Two additional data points should be collected: insurance and disability status

# REL Mandate: Efforts to Date

- OHS developed & published version 1 REL Standards and Implementation Guide for providers and impacted state agencies;
- Connecticut Health Foundation and Yale University's Equity Research and Innovation Center holding series of convenings to educate and support providers and impacted state agencies with implementation of REL data collection
- OHS organizing convenings for state agencies to address unique agency needs
- Ongoing collaborations to develop version 2 of Standards and Implementation Guide

# OHS/DSS REL ARPA Concept

- Request for \$1.5m in ARPA funds over two years to support **C.G.S. Sec. 19a-754d**

## **Purpose(s):**

- To support the overarching goal of PA 21-35 to achieve a 70% reduction in disparities by 2025 through better data collection and dissemination; specifically through:
  - updating OHS & DSS systems to enable collection of patient self-reported REL data; and
  - creating health equity dashboard

# Anticipated REL ARPA Project Roadmap

## FY23 | \$500k

- Continued stakeholder engagement
- Discussions with DSS/OHS re: systems upgrade
- Analysis of OHS and DSS systems
- Secure resources to develop REL standards & implementation guide v2;
- Secure resources for project management

## FY24 | \$650k

- Project management;
- Integration of OHS & DSS systems & system upgrades of remaining identified OHS and DSS systems;
- Build connection to HIE (Connie) to provide REL data to State;
- Secure health equity dashboard & dashboard expertise
- Deploy REL-based health equity dashboard

Next Steps: Progress Update to HITAC in August

# Announcements & General Discussion

*Dr. Joe Quaranta, Council Members*

# Wrap Up and Meeting Adjournment

**Next Meeting Date:**  
June 16, 2022

# Contact Information
