4.	Presentation by Vermont Green Mountain Care Board	Kate O’Neill	1:17 PM
	<p>Ms. O’Neill presented on how the State of Vermont operates their APCD data release of health information. Dr. Checko asked if the data collected included self-insured. Ms. O’Neill stated yes but it dropped off after the Kobe decision. Most of the information provided is through voluntary submission.</p> <p>Ms. O’Neill discussed four areas of data governance concerns. These include Risk Management, Data Quality, Program Sustainability and Data Release. Dr. Checko asked if the program was fully supported by the government. Ms. O’Neill stated that the general fund supports about 40% and 60% is what is called industry bill back where the entities that are regulated pay for the privilege. Ms. O’Neill stated that VT uses a broad use DUA two-year agreement with state agencies. Non-state agencies use smaller agreements. Once an applicant is approved, they are connected with Onpoint who would then charge fees for data extracts. Ms. Freeman asked if it included access to Medicare/Medicaid data. Ms. O’Neill stated that, no, the party would not get access to that data. Non-entities must specify specific data elements requested and reason for use.</p>		

	<p>Ms. Freeman asked about the approach to applications. Ms. O’Neill stated that the application is not on the website by design. It makes the requester ask directly to start a relationship with the agency. It assists the agency in getting background information first to determine if the request is within the scope of approvability.</p> <p>Dr. Checko asked if the agency had issues with parties who did not know how to use insurance-based data. Mr. Texidor asked if the agency screens for technical proficiency related to technical capacity. In some instances, researchers receive data, then ask for assistance in using it. Ms. O’Neill stated that most applicants are prescreened prior to receiving an application for process and approval.</p> <p>Dr. Checko opened the floor for further questions and discussion regarding the presentation.</p>		
5.	APCD Data Release Committee (DRC) Charter	Adrian Texidor, OHS	1:55 PM
	<p>Dr. Checko invited Mr. Texidor to present on the APCD Data Release Committee Charter.
