Med Rec Hackathon – Discuss Potential Outcomes	Tom Agresta	11:10 AM
Development of Technology Matrix: Brainstorm	Attendees	11:20 AM
Discuss Initial Recommendations	Attendees	11:35 AM
Next Steps & Adjournment	Bruce Metz / Tom Agresta	11:55 AM

Public Comment

Med Rec Hackathon: *Discuss Potential Outcomes & Recommendations*

Development of Technology Matrix: *Brainstorm and Discussion*

Development of Technology Matrix

Given the current timeline, what data elements should be included in a technology matrix of currently available tools:

1. Type of technology solution
2. Problem being addressed
3. Proposed audience / user
4. Pros / cons / limitations
5. Technical infrastructure details
6. Interoperability potential
7. ...
8. ...
9. ...

Discuss the Development of Initial Recommendations

Based on proposed outline of final report, what are 1-2 top-of-mind initial recommendations that could be put forward by this subcommittee?

Next Steps

Current action items and next steps:

1. Development of technology matrix
2. Development of technical definitions and data dictionary
3. Development of process diagrams
4. Development and validation of recommendations for July report
5. Make assignments to other Subcommittees (such as Policy) or coordinate as necessary

Next meeting – April 25, 2019 (11am)
