

Medication Reconciliation & Polypharmacy Work Group

Technology and Innovation Subcommittee

April 25, 2019

Agenda

Agenda

Welcome and Call to Order	Tom and Bruce	11:00 AM
Public Comment	Attendees	11:05 AM
Update on Recommendations and Planning Process	Tom and Bruce	11:10 AM
Review of Member Input	Attendees	11:15 AM
Initial Thoughts on Technology Roadmap	Tom and Bruce	11:40 AM
Next Steps & Adjournment	Tom and Bruce	11:55 AM

Public Comment

Update on Recommendations and Planning Process

Review of Member Input

Discussion Topics

- Use of blockchain technology to support “single source of truth”
- Augment online portals with AI to improve med rec accuracy and efficiency
- Data on transactions
 - CancelRX transaction and reason for cancellations
 - Prior authorizations
 - Meds not picked up
- Promotion of CancelRX to improve med rec
- APIs with UI to support filtering and display of data
- Use of CT PDMP as “single source of truth”

- *Items identified by Engagement and Safety Sub-Committee*
 - Use of mobile apps for gathering patient-generated data
 - Use of digital tools by providers, including access to “single source of truth” or BPMH
 - Use of digital vs. non-digital sources of data

Initial Thoughts on Technology Roadmap

Approach

Where we are

Multiple Data Sources

- Providers
- Community pharmacy
- PBM
- PDMP
- Patient-generated

Tools

- EHR
- CDS
- Pharmacy IS
- Pharmacy gateway

Process

- Transitions of care
- Institutional
- Primary care
- LTPAC
- Patient and family

Where we're going

Multiple Data Sources

- As before, plus
- “Best Possible Meds List”

Tools

- As before, plus
- HIE
- Patient-facing tools
- AI
- Pharmaco-genomics

Process

- As before, plus
- Best practices
- Accountability

How we get there

Vision

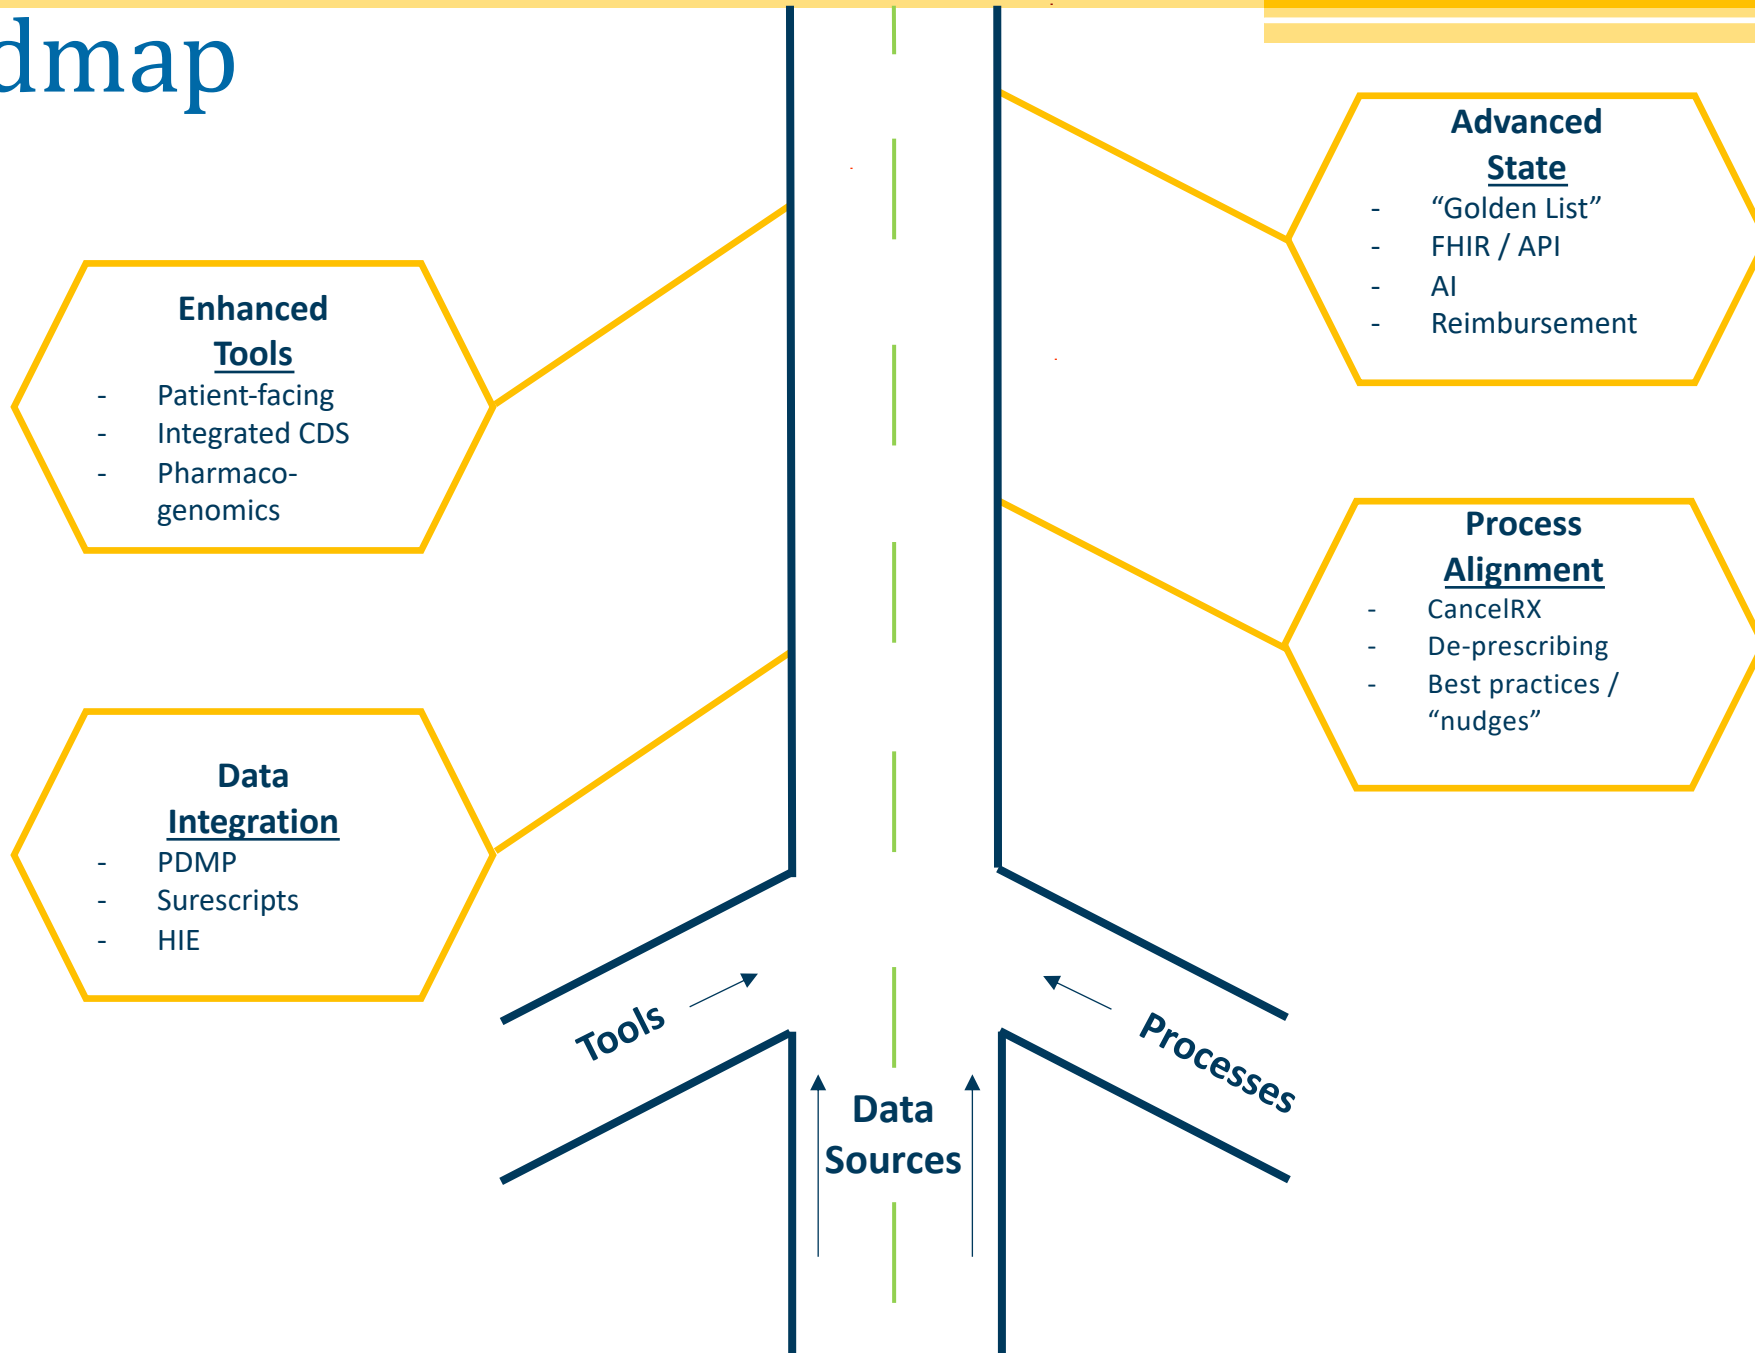

Engagement

Incrementalism

Innovation

Policy alignment

Roadmap

Discussion and Next Steps
