

February 2021 MRPC Breakout Sessions

During the February 2021 meeting of the MRPC, we will be utilizing a break-out session to split the committee to garner initial thoughts on next steps as related to the five (5) stated goals of the committee. We will seek input on objectives and tactics around each goal, and look to establish target dates for action. In preparation for the breakout group activities, we ask that members refamiliarize themselves with the identified goals, and consider how the MRPC might move them forward. Based on these findings we will develop more detailed action plans around each goal, and seek to expand objectives, identify potential barriers, mitigation strategies, and success measures. The goals are included below for your reference. A sample of the recording tool we plan to use is also included below.

MRPC 2021 Goals

Goal 1: Develop a detailed strategic approach for the creation of a BPMH, supported by active patient engagement, that results in near-term value for stakeholders while laying the foundation for a longer-term, more extensive, and integrated solution.

Goal 2: Create an online directory of medication management and medication reconciliation tools and solutions for communication of evidence-based, best practice medication tools; patient engagement strategies; technical advisories; subject matter experts; and policy and regulatory guidance documents.

Goal 3: Serve as a resource to OHS, Health Information Alliance, Inc., Department of Social Services, and Department of Consumer Protection to support development and implementation related to: technical solutions and use cases; workflow integration; medication reconciliation pilot activities; stakeholder engagement; and measurement and evaluation.

Goal 4: Develop an implementation plan for the Medication and Polypharmacy Work Group recommendations related to deprescribing transaction standards, including CancelRx.

Goal 5: Support Implementation Advance Planning Document (IAPD) and Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities (SUPPORT) Act funded initiatives and actively monitor funding opportunities related to the stated purpose and goals of MRPC.

Break Out Session Recording Tool

Goal	Approach for BPMH Creation	Online directory of tools and solutions	Resource to State	Implementation plan for deprescribing standards	Support complementary initiatives
Target Date		Q1 2021 (by 3/31)			
Objectives		Maintain a useful, current repository			
Tactics		Identify Resources Vet resources Update on a quarterly basis
