Kimberly Martone  
Director of Operations  
Office of Health Care Access  
410 Capitol Avenue, MS#13HCA  
P.O. Box 340308  
Hartford, CT 06134

Dear Ms. Martone:

The purpose of this letter is to provide formal notification of the termination of certain cardiac diagnostic services currently provided at 196 Parkway South, Waterford, Connecticut 06385. In particular, nuclear cardiac testing will be discontinued completely and non-nuclear stress testing services and equipment will be relocated from the existing location to the Lawrence + Memorial Hospital (L+M) main campus located at 365 Montauk Avenue, New London, CT 06320.

Both nuclear cardiac testing and non-nuclear stress testing are currently provided at the L+M main campus. As a result, there will not be any changes to the population served.

The change of service will be effective on 10/28/13.

If you require further information, please contact me at (860) 442-0711 x. 5185 or at [spatel@lmhosp.org](mailto:spatel@lmhosp.org).

Sincerely,

A handwritten signature in black ink, appearing to read "Shraddha Patel".

Shraddha Patel  
Director of Business Development & Planning
