Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III [X]

1 Briefly describe the organization's mission: To improve the health and healing of the people and communities we serve.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? [] Yes [X] No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? [] Yes [X] No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ 88,652,758. including grants of \$) (Revenue \$ 85,706,822.) At the completion of Fiscal Year (FY) 15, the Division of Cardiology was comprised of 13 full time faculty cardiologists, 7 full time hospitalists, and 1 part time doctoral-level researcher. The division received \$2,212,748 in research funding, including \$2,165,838 from industry sources, \$37,310 from foundations, and \$9,600 from internal grants. Cardiology division members published over 135 publications (not including abstracts) in peer-reviewed journals in 2014/2015. Some of these articles were published in the top medical journals. For example, Dr. Paul Thompson and Dr. Manandhi published "Hypertension in athletes from physical examination and personal history" in the 2015 Current Sports Medicine Reports.

4b (Code:) (Expenses \$ 77,836,060. including grants of \$) (Revenue \$ 53,535,395.) The Institute of Living (Hartford Hospital's Department of Psychiatry) is referred to as the IOL.

Mental illness remains nearly ubiquitous in America with between 20 to 25% of adults experiencing a mental illness in any given year and over 4% experiencing a severe mental illness such as schizophrenia or bipolar disorder.

The Institute of Living strives to address these enormous behavioral healthcare needs through the variety of clinical programs and services listed below, through research programs aimed at better understanding and treating mental illness, through education of the community and

4c (Code:) (Expenses \$ 83,468,599. including grants of \$) (Revenue \$ 51,420,987.) The Hartford Hospital Emergency Department (ED) continues to increase providing emergent care to those in need. Visits topped 108,000 for FY 15.

ED Computerized Axial Tomography (CT) utilization has continued to rise in Hartford's ED, as well as Emergency Departments across the country, as emergency departments have become the diagnostic center of choice for many patients and physicians. This has led to many long waits for radiology studies to be performed causing delays in care, dispositions and both staff and patient dissatisfaction.

For FY15, there were 108,171 visits to the ED compared to 103,576 in FY

4d Other program services (Describe in Schedule O.) (Expenses \$ 785,591,962. including grants of \$ 250,260.) (Revenue \$ 929,009,354.)

4e Total program service expenses 1,035,549,379.

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No" describe in **Part VI** how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.
- b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in **Part VI** what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below.
- b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in **Part VI** what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in **Part VI**, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed, (ii) the reasons for each such action, (iii) the authority under the organization's organizing document authorizing such action, and (iv) how the action was accomplished (such as by amendment to the organizing document).
- b **Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c **Substitutions only.** Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (a) its supported organizations; (b) individuals that are part of the charitable class benefited by one or more of its supported organizations; or (c) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in **Part VI**.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in IRC 4958(c)(3)(C)), a family member of a substantial contributor, or a 35-percent controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in **Part VI**.
- b Did one or more disqualified persons (as defined in line 9(a)) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in **Part VI**.
- c Did a disqualified person (as defined in line 9(a)) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in **Part VI**.
- 10a Was the organization subject to the excess business holdings rules of IRC 4943 because of IRC 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer (b) below.
- b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

Part IV Supporting Organizations (continued)

	Yes	No
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b A family member of a person described in (a) above?		
c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.		

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised, or controlled the supporting organization.		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).		

Section D. Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.		

Section E. Type III Functionally-Integrated Supporting Organizations

1 Check the box next to the method that the organization used to satisfy the Integral Part Test during the year (see instructions):		
a <input type="checkbox"/> The organization satisfied the Activities Test. Complete line 2 below.		
b <input type="checkbox"/> The organization is the parent of each of its supported organizations. Complete line 3 below.		
c <input type="checkbox"/> The organization supported a governmental entity. Describe in Part VI how you supported a government entity (see instructions).		
2 Activities Test. Answer (a) and (b) below.		
a Did substantially all of the organization's activities during the tax year directly further the exempt purposes of the supported organization(s) to which the organization was responsive? If "Yes," then in Part VI identify those supported organizations and explain how these activities directly furthered their exempt purposes, how the organization was responsive to those supported organizations, and how the organization determined that these activities constituted substantially all of its activities.		
b Did the activities described in (a) constitute activities that, but for the organization's involvement, one or more of the organization's supported organization(s) would have been engaged in? If "Yes," explain in Part VI the reasons for the organization's position that its supported organization(s) would have engaged in these activities but for the organization's involvement.		
3 Parent of Supported Organizations. Answer (a) and (b) below.		
a Did the organization have the power to regularly appoint or elect a majority of the officers, directors, or trustees of each of the supported organizations? Provide details in Part VI.		
b Did the organization exercise a substantial degree of direction over the policies, programs, and activities of each of its supported organizations? If "Yes," describe in Part VI the role played by the organization in this regard.

Part V, line 4:

The Hospital has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to mission related programs such as those described in Part III, lines 4a-d while seeking to maintain purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Hospital must hold in perpetuity or for a donor-specific period(s). Under this policy, the endowment assets are invested in a manner that is intended to produce a real return, net of inflation and investment management costs, of a least 4% over the long term. Actual returns in any given year may vary from this amount.

Part XIII Supplemental Information (continued)

The Hospital's endowment consists of hundreds of individual funds established for a variety of purposes. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

On March 31, 2015, the Institute of Living (a Type I Supporting Organization of Hartford Hospital) merged into Hartford Hospital, and the endowment funds previously reported under the Institute of Living were included in Hartford Hospital's return.

Hartford Hospital:

Part V, Section B, Line 3j: Hartford Hospital completed its last Community Health Needs Assessment in FY15. The study area for the survey effort (referred to as the "Hartford Region") is defined by 62 residential ZIP Codes in Central Connecticut. The population of the hospital's service area is estimated at 893,504 people. It is predominantly non-Hispanic White (73.3%), but also has substantial African American (13.1%) and Hispanic (15.4%) populations. The poverty descriptions and segmentation used in the needs assessment report were based on administrative poverty thresholds determined by the US Department of Health & Human Services.

This assessment incorporated data from both quantitative and qualitative sources. Quantitative data input include primary research and secondary research. The survey instrument used for this study was based largely on the Centers for Disease Control and Prevention (CDC) Behavioral Risk Factor Surveillance System (BRFSS), as well as various other public health surveys and customized questions addressing gaps in indicator data relative to health promotion and disease prevention objectives and other recognized health issues.

To ensure the best representation of the population surveyed, a telephone interview methodology - one that incorporates both landline and cell phone interviews - was employed. The sample design used for this effort consisted of a random sample of 1,446 individuals age 18 and older in the Hartford Region. Because the study was part of a larger effort involving multiple regions and hospital service areas, the surveys were distributed among various strata. Once the interviews were completed, these were

Participants were chosen because of their ability to identify primary concerns of the populations with whom they work, as well as of the community overall. Key informants were contacted by email, introducing the purpose of the survey and providing a link to take a survey online. Key informants were asked to rate the degrees to which various health issues were a problem in the Hartford Region. Follow-up questions asked them to describe why they identified areas as such, and how these might be better addressed.

In terms of content, the assessment was designed to provide a comprehensive and broad picture of the health of the overall community. The CHNA analysis and report yielded a wealth of information about the health status, behaviors and needs for our population. A distinct advantage of the primary quantitative (survey) research is the ability to segment findings by geographic, demographic and health characteristics to identify the primary and chronic disease needs and other health issues of vulnerable populations, such as uninsured persons, low-income persons, and racial/ethnic minority groups. For additional statistics about uninsured, low-income, and minority health needs please refer to the complete Community Health Needs Assessment report, which can be viewed online at:

<http://harthosp.org/AboutUs/Community/CHNA/default.aspx>.

After reviewing the Community Health Needs Assessment findings, the CHNA Steering Committee met on June 10, 2015 to determine the health needs to be prioritized for action. During a detailed presentation of the CHNA findings, we used audience response system (ARS) technologies to lead steering committee members through a process of understanding key local data findings (Areas of Opportunity) and ranking identified health issues against the following established, uniform criteria: Magnitude, Impact/Seriousness/Feasibility, and Consequences of Inaction. From this exercise, the areas of opportunity were prioritized as follows by the committee: Mental Health, Nutrition, Physical Activity & Weight Status, Diabetes, Substance Abuse, Cancer, Heart Disease and Stroke.

Hartford Hospital:

Part V, Section B, Line 7d: The needs assessment was published in March 2015 and is available on the hospital's website. In addition, copies were distributed to local non-profit organizations, colleges, churches, and state and local government representatives. These reports are also made available in waiting areas of the various departments within the hospital.

a community-wide community health improvement planning process. Hartford Hospital has expressed this intention to partnering organizations and is committed to being a productive member in this process as it evolves. Currently, initiatives are underway to address diabetes with development of an accountable health model pilot program. Several initiatives are addressing nutrition and physical activities with community social service providers, local health departments and local community health organizations. A hospital grant program has been launched seeking proposals from community agencies addressing the Hospital's priority areas identified in the Community Health Improvement Plan (CHIP).

In addition, formal collaboratives have been formed, and system-wide initiatives have been launched that address nutrition education such as our partnership with a statewide super market retailer. In acknowledging the wide range of priority health issues that emerged from the CHNA process, Hartford Hospital determined that it could only effectively focus on those which it deemed most pressing, most under-addressed, and most within its ability to influence:

*Nutrition, Physical Activity & Weight

*Diabetes

*Mental Health

*Heart Disease & Stroke

*Cancer

*Injury & Violence

In addition, there are major initiatives underway at Hartford Hospital to

address Injury Prevention, Dementia and other identified needs as noted later in the report. Other identified needs were:

*Chronic Kidney Disease

*Dementia, including Alzheimer's Disease

*HIV/AIDS

*Infant Health and Family Planning

*Sexually Transmitted Disease

Health Priorities Not Chosen for Action/Reason:

Chronic Kidney Disease:

Hartford Hospital through its various departments and specialty designation as a Level 1 trauma Center and acute care hospital treats many individuals with chronic kidney disease. We are one of two regional hospitals serving as a major transplant provider. We believe we are already responding to the identified need appropriately.

HIV/Aids:

Hartford Hospital already responds to the needs of the community for those infected with HIV/Aids. We are responding to the needs of the underserved in the community and providing services through our Brownstone Clinic.

Dementia/Alzheimer's Disease:

Hartford Hospital addresses this area of need through our identified gerontology services. Various strategies noted in our plan address cognitive wellness and are being addressed through our primary care efforts, including the underserved population. We believe that this

approach is responding to the identified need.

Infant Health & Family Planning:

Family Planning is addressed through our Women's Health Center with particular focus on the underserved. Hartford Hospital does not provide pediatric services. The Connecticut Children's Medical Center is on our campus and is solely dedicated to pediatric care.

Respiratory Disease:

Respiratory disease is already being addressed through major initiatives in COPD and Asthma. We are partnering with the state Hospital association regarding asthma initiatives and provide services within our Clinics. Given lower priority designation we did not target this area for additional specialized activities.

Hartford Hospital:

Part V, Section B, Line 22d: For FY15, the hospital did a computation to determine on average insurance companies reimbursement for the types of services rendered. The average (discount) was offered to all self-pay patients without regards to financial ability. Patients who were unable to pay their bills were able to apply for financial assistance. Based upon factors including family size & income, patients were eligible to receive write-offs ranging between 25 - 100%.

The Hospital Financial Assistance Policy (effective January 1, 2016) is compliant with IRS Code Sec. 501R. Per the Hospital's policy, no individual who is determined to be eligible for financial assistance will be charged more for emergency or other medically necessary care than the amount generally billed to individuals who have insurance covering such care. The basis to which any discount is applied is equivalent to the billed charges posted to a patient account minus any prior insurance payments and adjustments from the patient's insurance (if applicable). Starting January 1, 2016, the Hospital used the IRS 501R prescribed methodology to compute self-pay discount (AGB discount). The Hospital calculates AGB based on a retrospective or look back review of amounts allowed by governmental (Medicare, Medicaid, etc.) and commercial insurances.

Part VI Supplemental Information

Provide the following information.

- 1 **Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 **Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 **Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 **Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 **Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

Part I, Line 3c:

Hartford Hospital used Federal Poverty Guidelines to determine eligibility.

Part I, Line 7:

The organization utilized the Ratio of Cost to Charges charge (RCC), derived from the Medicare Cost Report which already incorporates or is net of non-patient care costs (i.e. bad debt, non-patient care, etc.). The ratio was further reduced to incorporate the directly identified community expenses. This cost to charge ratio was used to calculate costs for Part I lines 7a, b, & g. The costs associated with the activities reported on Part I, Line 7e were captured using actual time multiplied by an average salary rate. The costs associated with Line 7h, were the actual costs reported in the organization's general ledger less any industry funded studies. These costs were removed from the calculations above to avoid duplication. Costs reported in Part III, Section B6, were calculated from the Medicare cost report and reduced for Medicare costs previously reported on Part I Lines 7f and g.

Part VI Supplemental Information (Continuation)

Part I, Line 7g:

No physician clinic costs were included in the Subsidized Health Services cost calculations.

Part II, Community Building Activities:

Hartford Hospital recognizes the impact that the social determinants of health have on the wellness of the community it serves. The Hospital spent in excess of \$80,000 on community building activities during fiscal year 2015 as outlined on Sch. H, Part II. The Hospital has addressed quality of life issues affecting residents in our community, who are predominantly minorities. Examples of these efforts to affect job opportunities and poverty; quality of housing; neighborhood safety; and education can be found in the following Community Building activities.

Advocacy for Community Health Improvement - Since the community the Hospital serves is predominantly minorities, senior management provides expertise and resources to organizations in order to address social inequities and civil rights issues. Among these organizations are the Connecticut Coalition Against Domestic Violence, Community Partners in Action (to assist people in the criminal justice system), Connecticut Women's Education and Legal Fund (dedicated to advancing women's rights and opportunities), and the Anti Defamation League.

Coalition Building - Hartford Hospital provides senior management support and resources to affect the allocation decisions and fundraising efforts by local organizations such as the United Way, Hartford Foundation for Giving, and the Connecticut Council for Philanthropy to ensure programs to

Schedule H (Form 990)

Part VI Supplemental Information (Continuation)

improve the wellness of local residents. These organizations make financial contributions to local agencies to provide free social services to our underprivileged population.

Community Support - To address the personal safety for participants at evening activities, as well as to prevent vandalism and break ins, Hartford Hospital provides security patrols around the Girl Scout campus 24/7. Management participates on the boards of local homeless and domestic violence shelters and supports periodic employee activities to provide personal care and food items to those in need. The Hospital has donated funds to provide free ice skating at Bushnell Park during the winter season to allow underprivileged children and their families an opportunity to exercise outdoors in a safe environment.

Part III, Line 2:

The Hospital has established estimates based on information presently available of amounts due to or from Medicare, Medicaid, and third-party payers for adjustments to current and prior year payment rates, based on industry-wide and Hospital-specific data. Such amounts are included in the accompanying consolidated balance sheets.

Part III, Line 3:

A pre-bad debt financial assistance screening is in place to identify patients that may be eligible for financial assistance. Pre-bad debt accounts that are identified as meeting the requirements are adjusted prior to being sent to bad debt. Therefore, any bad debt expense that could have been attributable to charity care at the end of FY 2014 would be immaterial.

Part VI Supplemental Information (Continuation)

Part III, Line 4:

Please see the text of the footnote that describes bad debt expense on pages 16 - 19 of the Consolidated Audited Financial Statement.

Part III, Line 8:

The organization's Medicare Cost Report was used to accumulate actual costs related to Part III, Section B, Line 6.

Part III, Line 9b:

The Financial Assistance Policy states: In the event a patient fails to qualify for Financial Assistance or fails to timely pay his or her portion of discounted charges pursuant to this Policy, Hartford Hospital reserves the right to institute and pursue Extraordinary Collection Actions (ECA) and remedies such as imposing wage garnishments or filing liens on primary or secondary residences, bank or investment accounts, or other assets, instituting and prosecuting legal actions and reporting the matter to one or more credit rating agencies. For those patients who qualify for Financial Assistance and who, in Hartford Hospital's sole determination, are cooperating in good faith to resolve the outstanding accounts, Hartford Hospital may offer extended payment plans. For patients who meet the terms of the payment plan Hartford Hospital will not impose wage garnishments or liens on primary residences, and will not send unpaid bills that are part of the payment plan to outside collection agencies.

No ECA will be initiated during the first 120 days following the first post-discharge billing statement to a valid address or during the time that patient's Financial Assistance Application is processing. Before

Schedule H (Form 990)

Part VI Supplemental Information (Continuation)

initiating any ECA, a notice will be provided to the patient 30 days prior to initiating such event.

If the patient applies for assistance within 240 days from the first notification of the self-pay balance, and is granted assistance, any ECA's such as negative reporting to a credit bureau or liens that have been filed will be removed.

Part VI, Line 2:

Hartford Hospital uses Emergency Room data to track increases in medical conditions such as falls, flu, drug overdoses, etc. The same approach is taken in our outpatient clinics. We periodically canvas our Social Work/Case Management staff as to what they are seeing and hearing about as they work with patients. We also track requests from other entities such as area non profits, local government agencies and public schools. These requests often reflect growing needs and issues in our community.

Part VI, Line 3:

Hartford Hospital will provide information about its Financial Assistance Policy as follows: (i) provide signs regarding this Policy and written plain language summary information describing the Policy along with Financial Assistance contact information in the Emergency Department, Labor and Delivery areas and other patient registration areas; (ii) provide to each patient written plain language summary information describing the Policy along with Financial Assistance contact information in admission, patient registration, discharge, billing and collection written communications; (iii) make paper copies of the Policy, financial assistance application, and plain language summary of the Policy available

Part VI Supplemental Information (Continuation)

upon request and without charge, both by mail and in public locations in the hospital facility, including the emergency room (if any) and admissions areas; (iii) post the Policy, plain language summary and financial assistance application on the website with clear linkage to such documents on the HH's home page; (iv) educate all admission and registration personnel regarding the Policy so that they can serve as an informational resource to patients regarding the Policy; and (v) include the tag line "Please ask about our Financial Assistance Policy" in HH written publications.

Part VI, Line 4:

Hartford Hospital is located in the capital of the State of Connecticut. The Hartford Region encompasses 734.9 square miles and houses a total population of 893,504 residents, according to latest census estimates. Hartford County is predominantly urban, with 94.6% of the population living in areas designated as urban. In Hartford County, 22.7% of the population are infants, children or adolescents (age 0-17); another 62.6% are age 18 to 64, while 14.6% are age 65 and older. In looking at race independent of ethnicity (Hispanic or Latino origin), 73.3% of residents of Hartford County are White and 13.1% are Black. A total of 15.4% of Hartford County residents are Hispanic or Latino.

The latest census estimate shows 11.5% of the Hartford County population living below the federal poverty level. In all, 24.5% of Hartford County residents (an estimated 212,802 individuals) live below 200% of the federal poverty level. Additionally, 15.8% of Hartford County children age 0-17 live below the 200% poverty threshold. Among the Hartford County population age 25 and older, 12.3% do not have a high school education.

Part VI Supplemental Information (Continuation)

There is one other acute care hospital in Hartford, as well as one in a suburb and two smaller acute care hospitals in nearby towns.

Part VI, Line 5:

The majority of Hartford Hospital's governing board is a Community board, comprised of persons who either reside in or work in its primary service area, and they are neither employees nor contractors of the Hospital except for ex-officio members.

Hartford Hospital extends medical staff privileges to all qualified physicians in its community. The Hospital has partnered with the City of Hartford Department of Health and Human Services and the Hispanic Health Center to provide health services to the underserved in the community. In addition, the Hospital participates in research projects with the Hispanic Health Council to improve community health and well-being.

The Hospital has contracted to use the services of an organization to assist its patients in determining eligibility and applying for state and federal means-tested programs, as well as for the Hospital's Financial Assistance Program.

As a tertiary academic medical center, teaching hospital and Level 1 Trauma Center, Hartford Hospital provides specialized services not available at other hospitals. These services are provided regardless of a patient's ability to pay.

The hospital uses its surplus funds to provide additional benefits to its patients and the community it serves as detailed in Sch O.

Part VI Supplemental Information (Continuation)

Part VI, Line 6:

Hartford Healthcare Corporation (HHC) is organized as a support organization to govern, manage and provide support services to its affiliates. HHC, through its affiliates including Hartford Hospital, strives to improve health using the "Triple Aim" model: improving quality and experience of care; improving health of the population (population health) and reducing costs. The Strategic Planning and Community Benefit Committee of the HHC Board of Directors ensures the oversight for these services by each hospital community. HHC and its affiliates including all supported organizations, develop and implement programs to improve the future of health care in our Southern New England region. This includes initiatives to improve the quality and accessibility of health care; create efficiency on both our internal operations and the utilization of health care; and provide patients with the most technically advanced and compassionate coordinated care. In addition, HHC continues to take important steps toward achieving its vision of being "nationally respected for excellence in patient care and most trusted for personalized, coordinated care."

The affiliation with HHC creates a strong, integrated health care delivery system with a full continuum of care across a broader geographic area. This allows small communities easy and expedient access to the more extensive and specialized services the larger hospitals are able to offer. This includes continuing education of health care professionals at all the affiliated institutions through the Center of Education, Simulation and Innovation located at Hartford Hospital, the largest of the system hospitals.

Part VI Supplemental Information (Continuation)

The affiliation further enhances the affiliates' abilities to support their missions, identity, and respective community roles. This is achieved through integrated planning and communication to meet the changing needs of the region. This includes responsible decision making and appropriate sharing of services, resources and technologies, as well as cost containment strategies. Additionally, the hospital is affiliated with several other non hospital charitable organizations.

Form 990, Part III, Line 4a, Program Service Accomplishments:

Division of Cardiology Patient Care Activities:

Cardiac Catheterization Laboratory

For FY15, there were 3,859 total cases performed in the Cardiac
catheterization Laboratory. Diagnostic Coronary procedures increased 6.6%
from the prior year. The Catheterization Laboratory staff performed 100
Trans Aortic Valve Replacements, an increase of 27 cases from last
year. For FY15, 45% of all Cardiac Lab cases were elective, 43% Urgent,
and 12% Emergent.

Cardiac Surgery:

976 cases were done in FY15, a 6% increase from the prior year. There
were 411 isolated CABG surgeries, 150 CABG/Valve, and 296 Valves
surgeries.

Advanced Heart Failure and Transplant Center:

The Advanced Heart Failure (HF) Infusion Center continues to provide
successful outpatient therapy for decompensated HF patients reducing
length of stay, preventing re-admission and allowing patients to stay
in the comfort of their own homes. Outpatient Infusion Therapy
continues to be very popular and highly effective in stabilizing
patients with acute HF syndrome. During FY15, a total of 1,753 patient
encounters and 1,109 infusions were performed. The Emergency Department
Heart Failure Infusion Clinic (EDHFIC) program continues to screen
patients in the ED to prevent (re)admissions to the hospital. Patients
with HF are screened, and if they meet criteria are assessed for

treatment in the Infusion Center rather than being admitted.

Nuclear Cardiology / Exercise Stress Test Laboratories:

There were a total of 2,486 studies performed in the Non-Invasive Stress Laboratory at Hartford Hospital in FY15, which is stable from FY14 (up 26 studies or 1.1%). This consisted of 648 exercise treadmill cardiopulmonary stress tests, 1,838 Single-photon Emission Computed Tomography (SPECT) myocardial perfusion imaging studies, and 263 cardiac Positron Emission Tomography (PET) studies.

HH Heart Transplant Program (HHHTP):

In FY15, the HH Heart Transplant Program (HHHTP) performed 13 heart transplant operations. Approximately 150 previously transplanted heart patients continue to be followed by the Hartford Hospital transplant team. Overall, the program size is stable and remains limited by available organ donations.

Preventive Cardiology:

Preventive Cardiology includes cholesterol management, Low-Density Lipoprotein (LDL) Apheresis, cardiovascular sports medicine consultation and cardiac rehabilitation. The program serves patients from Connecticut and Western Massachusetts, has doubled in size over the last few years and is one of the largest programs in the country. There were 251 LDL Apheresis procedures performed in FY15.

Cardiac Intensive Care Unit:

The Cardiac Intensive Care Unit (CICU) at Hartford Hospital is a 12-bed, open unit that provides care to patients presenting with acute

coronary syndromes, advanced heart failure, advanced atrioventricular block, and post-cardiac arrest. Our post-resuscitation hypothermia program has helped hundreds of patients improve their neurologic outcome after cardiac arrest. We are one of the largest intravascular hypothermia programs in the region. This therapy is offered exclusively in the Cardiac Intensive Care Unit. There were a total of 3,711 CICU visits during FY15. Of those, 57 underwent hypothermia therapy, 10 had an Impella device, and 53 had an Intra-aortic balloon pump.

Statistical Data

Total discharges for the year were 4,373. The number of adult day treatments was 6,151. The IOL treated 1,521 patients for Eating Disorder and 5,366 for Schizophrenia rehabilitation. A total of 902 patients received Geriatric day treatment, 3,971 received Professional Day Treatment, 2,516 received Extended Day Treatment, 6,580 received Child/Adolescent day treatment and 2,200 went through the Dialectical Behavioral Therapy (DBT) program. The average length of stay was 8.7 days and the average daily census was 103.6. Hartford residents accounted for 31% of admissions and 67% of admissions were from other areas within the state; 2% were from other states.

Patient Care Activities and Program Development

Patient care activities and program developments were guided by the IOL's internal goals for FY15. Highlights included a focus on

continued growth in the Young Adult and Child and Adolescent Programs and increased efficiency of throughput on the adult inpatient service by reducing the average length of stay. In addition, a quality initiative to standardize crisis intervention techniques was undertaken. This involved two days of training for 800 IOL employees. Other program highlights for this year included:

*Assessment Center: Clinicians evaluated nearly 6,100 patients in the Hartford Hospital Emergency Department 2,280 children in the Connecticut Children's Medical Center Emergency Department and averaged 4,200 telephone interventions per month.

*Adult Ambulatory Services: Provided over 73,000 services in eight specialty programs including Adult Day Treatment, Dialectical Behavior Therapy, Eating Disorders, Geriatric Day Treatment, Professionals Program and the Schizophrenia Rehabilitation Program.

*Inpatient Services: The Adult Service team undertook a project to reduce length of stay. The success of this project effectively created bed excess capacity and enhanced throughput.

*Child/Adolescent Division: Consists of the Outpatient Clinic, Extended Day Treatment (TOPS), Partial Hospital and Intensive Outpatient Programs (IOP), the Child/Adolescent Faculty Practice and the Webb Schools (Hartford and Cheshire). The Webb Schools continue to operate the Transitional Learning Academy and collaborated with the Avon school district for a pilot program in that town.

*Geriatric Division: Expanded inpatient capacity by four beds and remained very active providing day hospital, outpatient and nursing home-services. Electroconvulsive therapy utilization remains high and Transcranial Magnetic Stimulation volumes are stable.

*Consultation/Liaison Service and Emergency Department:

Consultation/Liaison group collaborated with the Medical groups in the hospital and the ED to develop criteria and a smoother process for transfers.

*Other specialty services include the Memory Disorder, the Anxiety Disorders Center/Center for Cognitive Behavioral Therapy. This service successfully established new programs for insomnia, adult ADHD, phobias and depression.

The Institute of Living's Executive Quality Management Committee continues to oversee quality initiatives and activities. The committee collects and analyzes data to assess quality and safety outcomes of patient care. Results of performance indicators are reported semi-annually to the Hartford Hospital Quality Council and the Behavioral Health Network Quality Council. Highlights of this year's quality initiatives continue to include suicide prevention and assessment, reduction in the use of seclusion and restraint, elopement prevention and fall prevention.

Specific to reduction in use of seclusion and restraint, beginning in October, 2014, the Institute of Living, along with other behavioral health facilities in Hartford HealthCare system such as the Hartford

Hospital Emergency Department Psychiatric Pod, completed implementation of an evidence-based nonviolent behavioral management program of the nationally recognized Crisis Prevention Institute, or CPI. This new training, combined with other interventions introduced over the last 5 years, further decreased use of seclusion and restraint at the Institute of Living. Notably, restraint hours were reduced by 61% this past year, with a 50 % reduction from our annual target.

An important new quality initiative this year was the adoption of the "Zero Suicide Academy Initiative", a comprehensive approach to suicide care developed by the Suicide Prevention Resource Center and the National Action Alliance for Suicide Prevention. In June, 2015, after a rigorous application process, the Institute of Living was accepted to attend this Academy in Baltimore, MD. Through this Zero Suicide initiative, we have strengthened our commitment to improving the care of those struggling with suicide.

14, resulting in a 4.4% increase. The number of admitted and observed patients in FY 15, was 28,470 compared to 26,645 in FY 14, resulting in a 6.9% increase.

The Hospital has given significant attention and effort towards reducing the median time from when patient arrives at the ED and when the patients is first seen by a provider. There have also been continuous efforts towards improving the experience of our patients. The Hospital implemented many initiatives in order to increase patient satisfaction.

Emergency Medicine Residency: The Hospital ED residency program has 54 residents. As the number of residents increased over time, the ED has been able to pursue new educational opportunities. International medicine continues to be a key feature of the program with over 7 residents traveling during the year. The research program continues to grow as the ED staff had numerous abstracts presented at national conferences and one resident had a submission accepted to the American Journal of Emergency Medicine.

Emergency Medicine Simulation Fellowship: The Hartford Hospital Emergency Medicine Simulation Program provides innovative simulation based education for emergency medicine medical students, residents, advanced practitioners and attending physicians.

Emergency Department Disaster Preparedness Committee: This Committee involves attending physicians, nurses and Emergency Medicine Residents in planning and performance of emergency preparedness functions and drills for Hartford Hospital Emergency Department.

LIFE STAR Program: The LIFE STAR helicopter program delivers ICU level care to both adults and pediatric patients requiring scene evacuation or inter-facility transport. In addition, LIFE STAR flight crews provide specialty transport for patients needing intra-aortic balloon pump therapy, ventricular assist devices and Extracorporeal membrane oxygenation.

LIFE STAR completed 1,022 patient transports of which 947 were flights and the remainder completed by ground. Approximately 80% of completed requests were for inter-facility transports.

Emergency Medicine Research Program: The Research Program provides support for the EM Department faculty to conduct clinical research and quality improvement projects. The EM Research Council provides a forum for faculty and residents to present their research ideas and receive guidance on study design and methods. The Clinical Research Program participated in 4 industry-funded clinical trials.

Form 990, Part III, Line 4d, Other Program Services:

Founded in 1854, Hartford Hospital is one of the largest teaching hospitals and tertiary care centers in New England and has a robust clinical research program. It is an 867-bed hospital occupying a 65-acre campus in downtown Hartford and operating satellite facilities in Avon, Enfield, Glastonbury, Newington, West Hartford, Wethersfield, Windsor and South Windsor.

The hospital owns and operates LIFE STAR, a critical-care air transport system, and is Hartford's only Level I trauma center.

Hartford Hospital is committed to promoting and sustaining the health and well-being of the people in our community. We treat the members of our community like family, providing our world-class clinical care to everyone, regardless of their ability to pay. According to the

Form 990, Part VI, Section B, line 11:

The Form 990 was prepared by Hartford HealthCare's Tax Department. It was then reviewed by an independent accounting firm. It was then forwarded to the organization's top management including the VP of Finance for review. The final Form was provided to the entire Board prior to submission to the Internal Revenue Services (IRS). Once the entire review process was completed, the Form was signed by the VP of Finance and then filed with the IRS.

Form 990, Part VI, Section B, Line 12c:

The hospital's board has adopted the policy of the member, Hartford HealthCare Corporation (HHC). HHC's Conflict of Interest Policy (Policy) requires all Covered Individuals, including board members and officers, to provide a disclosure of relationships that create or have the appearance of creating a conflict of interest or commitment. The Policy requires updates if changes in circumstances arise during the year that either (a) create a new potential conflict of interest or commitment or (b) change or eliminate a conflict of interest or commitment previously disclosed. Conflict of Interest disclosure statements are maintained by the HHC Office of Compliance, Audit & Privacy (OCAP). Employee disclosures are reviewed by OCAP in collaboration with the Covered Individuals' supervisor when deemed appropriate, to determine if there is a potential conflict. Oversight review of employee disclosures is provided by the HHC Conflict of Interest Committee (the Committee) which includes representation from the Medical Staff, the Legal Department, Human Resources, Supply Chain Management and Compliance. The Committee assesses and may recommend the conflicting
