#### INDEPENDENT AUDITORS' REPORT

Board of Directors Greater Waterbury Health Network, Inc.

We have audited the accompanying financial statements of Greater Waterbury Health Network, Inc. and Subsidiaries (the Network), which comprise the consolidated balance sheets as of September 30, 2016 and 2015, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting polices used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Greater Waterbury Health Network, Inc. and Subsidiaries as of September 30, 2016 and 2015, and the consolidated results of its operations and changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### Subsequent Event

As discussed in Note 1 to the financial statements, on October 1, 2016, the Network entered into an asset purchase agreement to sell substantially all of its business assets to an external party. Our opinion is not modified with respect to this matter.

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION

#### **ORGANIZATION**

Greater Waterbury Health Network, Inc. (the Corporation, Network or GWHN) was incorporated on September 27, 1984 as a not-for-profit organization under the Non-Stock Corporation Act of the State of Connecticut. The Corporation's subsidiaries and affiliates are The Waterbury Hospital (the Hospital), Greater Waterbury Health Services, Inc., Greater Waterbury Management Resources, Inc. (GWMRI), VNA Health at Home, Inc. (VNA), and the Children's Center of Greater Waterbury Health Network, Inc. (Children's Center). The accompanying financial statements also include Access Rehab Centers, LLC (Access), Greater Waterbury Imaging Center Limited Partnership (GWIC), Imaging Partners, LLC, Alliance Medical Group, Inc. (AMG) and Cardiology Associates of Greater Waterbury, LLC (CAGW) and Waterbury Gastroenterology Co-Management Company, LLC (GI Co-Management Company) to the extent of the Hospital's ownership interest in these subsidiaries and affiliated entities.

The Hospital entered into a members' agreement, making it an equal member with St. Mary's Hospital, located in Waterbury, Connecticut, in a joint venture to form The Harold Leever Regional Cancer Center, Inc. (the Cancer Center). The Cancer Center is a Connecticut non-stock corporation exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The purpose of the joint venture is to develop, construct, own and operate the Cancer Center. Both member hospitals transferred the revenue and related expenses of their respective radiation oncology services to the Cancer Center in October 2002. Both member hospitals made working capital advances to the Cancer Center. The Cancer Center is not included in the Hospital's consolidated financial statements. During the years ended September 30, 2016 and 2015, the Cancer Center provided unrestricted grants of \$1,500,000 and \$500,000, respectively, to the Hospital that are included in unrestricted gifts and bequests in the consolidated statements of operations and changes in net assets.

The Corporation's major accounting policies are as summarized below and in Note 2.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### SALE OF PRIMARY BUSINESS

Effective October 1, 2016, the Network entered into an asset purchase agreement with Prospect CT Medical Foundation, Inc., Prospect Waterbury, Inc. and Prospect Waterbury Home Health, Inc. all of which are indirectly owned by Prospect Medical Holdings, Inc. (collectively referred to as Prospect). The asset purchase agreement covered substantially all of the business assets of the Network and its wholly owned subsidiaries including the Hospital, VNA, GWMRI and AMG. The agreement also provided for the purchase of the Network's joint venture interests in Access, GWIC, Imaging Partners, LLC, Heart Center of Greater Waterbury, Inc., the Cancer Center, GI Co-Management Company and Valley Imaging Partners, LLC. The agreement did not include the purchase of the Children's Center of Greater Waterbury Health Network, Inc. (the Children's Center) and the Network's ownership interests in the Healthcare Alliance Insurance Company, Ltd. (HAIC). The agreement also included a provision for Prospect to invest \$55 million in future capital improvements (Future Capital Commitment) and that amount is subject to certain adjustments as detailed in the agreement.

The sale included, to the extent transferrable by law, all of the Network's owned real property, leased property, current assets (including patient accounts receivable, prepaid expenses and inventories), intellectual properties, permits, licenses and other included assets as further described in the agreement. The sale did not include the Network's cash and investments and any board-designated, restricted or trustee held or escrowed funds, third-party settlement receivables and certain other excluded assets as further described in the agreement.

The sale also provided for Prospect to assume, to the extent transferrable by law, all significant contracts, trade accounts payable and current liabilities, future obligations under any assumed contracts and leases, the Network's defined benefit plan benefit obligations, the Network's withdrawal obligations under the Connecticut Health Care Associates Pension Plan (see Note 9 for further information), the capital lease obligations, asset retirement obligations and any claims for malpractice or general liability made or asserted against the Network after the date of the purchase and certain other included liabilities as further described in the agreement. The sale did not include assumption of the Network's obligations related to third-party settlements and any claims for malpractice or general liability made or asserted against the Network before the date of the purchase and certain other excluded liabilities as further described in the agreement.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### SALE OF PRIMARY BUSINESS (CONTINUED)

As a condition of the sale, prior to September 30, 2016 the Network repaid in full the Hospital's Series D Bond Financing and terminated the related swap instruments, combined totaling approximately, \$25.0 million as further described in Note 7. In addition, the Network executed a member substitution agreement with the Easter Seal Rehabilitation Center of Greater Waterbury, Inc. (Easter Seal) effective October 1, 2016, whereby Easter Seal became the sole member of the Children's Center.

The purchase price in the agreement is outlined as \$31.8 million plus or minus the amount by which the Network's Net Working Capital (essentially consisting of the non-cash current assets and liabilities of the Network as further defined in the agreement) exceeds a targeted working capital amount of \$6.8 million, minus the amount of any capital lease obligations in excess of \$6.5 million, minus the unfunded defined benefit and Connecticut Health Care Associates (CHCA) pension liabilities, and minus the Network's asset retirement obligation of approximately \$2.9 million. The agreement allows for a purchase price shortfall adjustment to be deducted from Prospect's Future Capital Commitment in the event that the purchase price after adjustments falls below zero and the Network is unable to pay due to insufficient cash (subject to certain limits as described in the agreement). The purchase price is also subject to an adjustment period which has been extended multiple times to include any final adjustments to the Net Working Capital, pension liabilities or asset retirement obligations. Currently, the Network does not expect any material adjustments to the final purchase price.

The remaining assets and liabilities of the Network after the sale are expected to consist of the Network's residual cash, restricted funds, funds held in trust, third-party settlements receivable and payable and the ownership interests in HAIC. The Network is expected to continue its existence as an independent foundation and continue to follow policies to help provide funds for charitable and indigent care.

#### **PRINCIPLES OF CONSOLIDATION**

The consolidated financial statements include the accounts of the Corporation, its subsidiaries and affiliated entities. Recognition has been given to noncontrolling interests in the affiliates which is reflected as a component of unrestricted net assets. All significant intercompany accounts and transactions are eliminated in consolidation.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### **USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, including estimated uncollectible accounts receivable for services to patients, and liabilities, including estimated net settlements with third-party reimbursement agencies and professional and pension liabilities, and disclosure of contingent assets and contingent liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. There is at least a reasonable possibility that certain estimates will change by material amounts in the near term. Actual results could differ from those estimates.

#### **REGULATORY MATTERS**

The Hospital is required to file annual operating information with the State of Connecticut Office of Health Care Access (OHCA).

#### TEMPORARILY AND PERMANENTLY RESTRICTED NET ASSETS

Temporarily restricted net assets are available to provide grant related services, free care, and educational seminars. Permanently restricted net assets have been restricted by donors to be maintained by the Corporation in perpetuity or in funds held in trust by others.

#### **DONOR RESTRICTED GIFTS**

Unconditional promises to give cash are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises to give are received. Amortization of the discounts is included in gifts and bequests on the consolidated statements of operations and changes in net assets.

Gifts are reported as either temporarily or permanently restricted net assets if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as unrestricted net assets.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### CASH AND CASH EQUIVALENTS

The Corporation considers all highly liquid investments with remaining maturities of three months or less at date of purchase to be cash equivalents. Cash and cash equivalents are held at a limited number of financial institutions and at times, the amounts on deposit exceed insured limits.

### RESTRICTED CASH

At September 30, 2016 and 2015, the Hospital had a \$4.5 million surety bond with an insurance company to support its self-insured workers' compensation program that was collateralized by a bank account, which is reflected within restricted cash on the consolidated balance sheets. As of September 30, 2016 and 2015, there were no borrowings on the surety bond.

#### ACCOUNTS RECEIVABLE

Patient accounts receivable result from the health care services provided by the Corporation and its subsidiaries. Additions to the allowance for doubtful accounts result from the provision for bad debts. Accounts written off as uncollectible are deducted from the allowance for doubtful accounts.

The amount of the allowance for doubtful accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, trends in Medicare and Medicaid health care coverage and other collection indicators. See Note 2 for additional information relative to net patient service revenues and third-party payor programs.

#### GRANTS AND OTHER RECEIVABLES

Grants and other receivables are recorded at the time the grant contracts are awarded by the grantor or earned by the Hospital and its subsidiaries. Revenue is recognized ratably over the period of the grant.

#### INVENTORIES

Inventories are stated at the lower of cost or market. The Corporation values its inventories using the first-in first-out method.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### **INVESTMENTS**

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Investment income or loss (including realized gains and losses on investments, interest and dividends) and unrealized gains and losses are included in the deficiency of revenues over expenses unless the income or loss is restricted by donor or law.

Unrealized gains and losses on investments related to permanently restricted net assets and certain temporarily restricted net assets are included in temporarily restricted net assets under State law which allows the Board of Directors to appropriate as much of the net appreciation of investments as is prudent considering the Hospital's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions. Reference is made to Note 5.

#### PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are recorded at cost. The Corporation and its subsidiaries provide for depreciation of property, plant and equipment and amortization of assets recorded under capital leases using the straight-line method in amounts sufficient to amortize the cost of the assets over their estimated useful lives which range from 3 to 40 years.

Financial Accounting Standards Board (FASB) ASC 410-20, Accounting for Asset Retirement Obligations (ASC 410-20), provides guidance on accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. Asset retirement obligations include, but are not limited to, certain types of environmental issues which are legally required to be remediated upon an asset's retirement as well as contractually required asset retirement obligations. ASC 410-20 provides clarifying guidance on conditional asset retirement obligations. Conditional asset retirement obligations are obligations whose settlement may be uncertain. ASC 410-20's guidance requires such conditional asset retirement obligations to be estimated and recognized.

Conditional asset retirement obligations of approximately \$2.9 million as of September 30, 2016 and 2015, are recorded in other noncurrent liabilities related to future asbestos remediation. During 2016 and 2015, there were no retirement obligations incurred or settled; however, subsequent to yearend, these obligations were assumed by Prospect in the transaction described above.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### **GOODWILL**

Goodwill, which has an indefinite life, is not amortized and is evaluated for impairment at least annually or whenever events or business conditions indicate that the carrying values of such assets may not be fully recoverable. During the year ended September 30, 2016, the Network recorded an impairment loss of approximately \$1.8 million to reflect a full impairment of the Network's goodwill, related to the sale further disclosed in Note 1.

#### IMPAIRMENT OF LONG-LIVED ASSETS

The Hospital records impairment losses on long-lived assets used in operations when events and circumstances indicate that the assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. The Hospital recorded an impairment loss of approximately \$4.7 million during the year ended September 30, 2016, related to the sale further disclosed in Note 1.

#### **DEFICIENCY OF REVENUES OVER EXPENSES**

The consolidated statements of operations and changes in net assets include the deficiency of revenues over expenses as the performance indicator. Changes in unrestricted net assets which are excluded from the deficiency of revenues over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets), pension liability adjustments, and interest rate swap adjustments.

#### **INCOME TAXES**

The Corporation and its subsidiaries, with the exception of GWMRI, Access, GWIC, CAGW, AMG and Imaging Partners LLC, are not-for-profit organizations and are exempt from federal income taxes on related income under Section 501(c)(3) of the Internal Revenue Code (Code). GWMRI has no current federal tax liability due to net operating losses since its date of incorporation. The Corporation is also exempt from state income tax.

Access, GWIC, CAGW and Imaging Partners LLC are partnerships. For tax purposes, these partnerships are pass-through entities. Taxation does not occur at the partnership level. Accordingly, no provision for taxes is included.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

### INCOME TAXES (CONTINUED)

GWMRI has approximately \$6,000,000 in net operating losses. This results in a deferred tax asset of \$2,800,000 which is offset by a corresponding valuation allowance of the same amount.

Management has analyzed the tax positions taken and has concluded that as of September 30, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Corporation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes the Corporation is no longer subject to income tax examinations prior to 2013.

#### MEDICAL MALPRACTICE AND WORKERS' COMPENSATION INSURANCE

The Hospital has a policy of self-insuring the deductible portion of its workers' compensation claims. The deductible limit is \$750,000 per claim for the years ended September 30, 2016 and 2015. Management records its best estimate of losses as they occur. The accrued workers' compensation self-insurance liabilities of \$10,110,368 and \$10,250,333 at September 30, 2016 and 2015, respectively, have been discounted at 2.25%.

Effective October 1, 2006, the Hospital obtained "claims-made" medical malpractice insurance coverage, through the Network, from Healthcare Alliance Insurance Company, Ltd. (HAIC) under retrospectively-rated policies whose ultimate premium is based primarily on the Hospital's experience. HAIC is a multi-provider captive insurance company domiciled in the Cayman Islands. The Network is a one half owner of HAIC with one other local hospital that also holds a 50% ownership. GWHN maintains three seats on HAIC Board of Directors, and the other local hospital seven seats and is responsible for management of the HAIC's operations as managing partner. As a result, HAIC is being accounted for under the equity method of accounting.

The Hospital's insurance coverage is \$1,500,000 per occurrence and \$5,000,000 in the aggregate. In addition to the coverage from HAIC, the Hospital recorded reserves of approximately \$1,627,639 and \$1,647,702 which are reflected within other noncurrent liabilities on the consolidated balance sheets at September 30, 2016 and 2015, respectively, related to claims that were incurred subsequent to October 1, 2006, but not yet reported. These reserves were discounted at 2.25% at September 30, 2016 and 2015.

#### NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES AND ORGANIZATION (CONTINUED)

#### MEDICAL MALPRACTICE AND WORKERS' COMPENSATION INSURANCE (CONTINUED)

The Hospital also obtains excess insurance coverage for professional and general liability, through the Network, from HAIC. These policies have limits of \$25,000,000 per claim and \$25,000,000 aggregate, in excess of the underlying limits in the primary layer, for both professional and general liability.

The Hospital also purchased a loss transfer insurance policy which provides \$1,000,000 of coverage for each medical incident that was incurred between October 1, 2003 and October 1, 2006 and specifically reported to the insurance company on the effective date of the transfer policy (February 7, 2008) in addition to medical incidents incurred during the aforementioned period which are first reported after the effective date of the policy. This policy also provides \$1,000,000 of coverage for general liability incurred but not reported claims that occurred after October 1, 2003 through October 1, 2006 and were first reported after the effective date of the policy. The policy has annual aggregate limits of \$4,500,000 for medical incidents and \$3,000,000 for general liability cases with a combined \$25,000,000 total limit for all policy years. These aggregate limits are eroded by claims previously paid by the Hospital or other insurance.

#### PENSION OBLIGATIONS

The Hospital maintains a defined benefit pension plan for eligible individuals and participates in two multi-employer pension plans that cover certain union employees. Reference is made to Note 9.

#### OTHER NONCURRENT LIABILITIES

Other noncurrent liabilities include the long-term portion of liabilities for medical malpractice, workers' compensation, retirement benefits, the interest rate swap (in 2015), and conditional asset retirement obligations. Reference is made to Note 9.

#### RISKS AND UNCERTAINTIES

The Corporation invests in a variety of investment securities which are exposed to various risks, such as interest rate risk, financial market risk, currency risk and credit risk. Due to the level of risk associated with investment securities, coupled with economic events, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Corporation's September 30, 2016 financial statements, in addition to the funded status of its defined benefit pension plan.

#### BAD DEBTS

ASU 2011-07, Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts, requires certain health care entities to present the provision for bad debts associated with patient service revenue as a deduction from patient service revenue (net of contractual allowances and discounts) rather than as an operating expense with enhanced footnote disclosures on the policies for recognizing revenue and assessing bad debts, in addition to qualitative and quantitative information about changes in the allowance for doubtful accounts. Refer to Note 2 for the additional disclosures required by ASU 2011-07.

#### NOTE 2 – NET PATIENT SERVICE REVENUES AND CHARITY CARE

The following summarizes net patient service revenues:

	2016	2015
Gross patient service revenues	\$1,019,106,645	\$1,002,524,595
Deductions:		
Allowances	756,783,132	757,264,117
Regulatory	4,331,579	7,110,830
	761,114,711	764,374,947
Net patient service revenues, before provision for bad debts	257,991,934	238,149,648
Provision for bad debts	6,365,067	4,483,187
Net patient service revenues less provision for bad debts	\$ 251,626,867	\$ 233,666,461

Patient accounts receivable and revenues are recorded when patient services are performed.

Amounts received from most payors are different from the established billing rates of the Hospital, and these differences are accounted for as allowances. Net revenues have been affected by State of Connecticut Disproportionate Share program in 2016 and 2015 which is reflected in the regulatory amounts in the table above.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 2 – NET PATIENT SERVICE REVENUES AND CHARITY CARE (CONTINUED)

Net patient service revenues are reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. For the years ended September 30, 2016 and 2015, the Corporation recorded approximately \$650,000 and \$3,000,000, respectively, as a decrease to net patient service revenues as changes in estimates related to third-party payor settlements and adjustments to accruals recorded in prior years.

During 2016 and 2015 approximately 45% and 40%, respectively, of net patient service revenues were received under the Medicare program, 16% and 17%, respectively, under the state Medicaid program, and 39% and 43%, respectively, from contracts with other third-parties.

Inpatient services rendered to Medicaid program beneficiaries admitted prior to January 1, 2015, except for those beneficiaries in the State's Aid to Families with Dependent Children (AFDC) population, were reimbursed under a cost reimbursement methodology. The Hospital was reimbursed a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the State. For inpatients admitted on or after January 1, 2015, the Hospital was reimbursed under an All Patient Refined Diagnosis Related Group System (APR-DRG) where payments were established prospectively. Outpatient services were reimbursed at predetermined fee schedules or based on a percentage of charges. Effective July 1, 2016, Medicaid outpatient services are paid under a Medicaid APC payment system.

The significant concentrations of net accounts receivable for services to patients include 41% from Medicare, 18% from Medicaid, 29% from commercial insurance carriers and 12% from others at September 30, 2016 (41%, 16%, 28% and 15%, respectively, in 2015). Changes in the Medicare and Medicaid programs and the reduction of funding levels could have an adverse impact on the Hospital.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs. The Corporation believes that it is in compliance with all applicable laws and regulations. Cost reports for the Hospital, which serve as a basis for final settlement with government payors, have been settled by final settlement through 2012 for Medicare. Other years remain open for settlement.

#### NOTE 2 – NET PATIENT SERVICE REVENUES AND CHARITY CARE (CONTINUED)

The Corporation has agreements with various Health Maintenance Organizations (HMOs) to provide medical services to subscribing participants. Under these agreements, the HMOs make fee-for-service payments to the Corporation for certain covered services based upon discounted fee schedules.

#### ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Corporation's estimation of the allowance for doubtful accounts is based primarily upon the type and age of the patient accounts receivable and the effectiveness of the Corporation's collection efforts. The Corporation's policy is to reserve a portion of all self-pay receivables, including amounts due from the uninsured and amounts related to co-payments and deductibles, as the charges are recorded. On a monthly basis, the Corporation reviews its accounts receivable balances, the effectiveness of the Corporation's reserve policies and various analytics to support the basis for its estimates. These efforts primarily consist of reviewing the following:

- Revenue and volume trends by payor, particularly the self-pay components;
- Changes in the aging and payor mix of accounts receivable, including increased focus on accounts due from the uninsured and accounts that represent co-payments and deductibles due from patients;
- Various allowance coverage statistics.

The Corporation regularly performs hindsight procedures to evaluate historical write-off and collection experience throughout the year to assist in determining the reasonableness of its process for estimating the allowance for doubtful accounts.

A summary of the Corporation's allowance for doubtful accounts activity for the years ended September 30, 2016 and 2015 is as follows:

			Accounts	
		Additions	Written off,	
	Balance at	Recorded in	Net of	Balance at
	Beginning	the Provision	Recoveries	End of
	of Period	for Bad Debts	and Other	Period
Allowance for doubtful accounts:

#### NOTE 2 – NET PATIENT SERVICE REVENUES AND CHARITY CARE (CONTINUED)

#### **MEASURING CHARITY CARE**

The Corporation accepts all patients regardless of their ability to pay. A patient is classified as a charity patient by reference to the established policies of the Corporation. Essentially, these policies define charity services as those services for which no payment is possible. In assessing a patient's inability to pay, the Corporation utilizes the generally recognized Federal poverty income levels, but also includes certain cases where incurred charges are significant when compared to incomes and assets. These services are not included in net patient service revenues for financial reporting purposes.

The Hospital implemented effective October 1, 2013, a change to its charity care policy to discount all self-pay receivables by 50 percent upon final billing. These self-pay discounts amounted to approximately \$6.9 million and \$5.3 million for the years ended September 30, 2016 and 2015, respectively.

Self-pay revenues are derived primarily from patients who do not have any form of health care coverage. The Corporation evaluates these patients, after the patient's medical condition is determined to be stable, for their ability to pay based upon federal and state poverty guidelines, qualifications for Medicaid or other governmental assistance programs, as well as the Corporation's policy for charity care. The Corporation provides care without charge to certain patients that qualify under its charity care policy. For the years ended September 30, 2016 and 2015, the Corporation estimates that its costs of care provided under its charity care programs approximated \$1,531,000 and \$1,212,000, respectively.

The Corporation's management estimates its costs of care provided under its charity care programs utilizing a calculated ratio of costs to gross charges multiplied by the Corporation's gross charity care charges provided. The Corporation's gross charity care charges include only services provided to patients who are unable to pay and qualify under the Corporation's charity care policy. To the extent the Corporation receives reimbursement through the various governmental assistance programs in which it participates to subsidize its care of indigent patients, the Corporation does not include these patients' charges in its cost of care provided under its charity care program. Additionally, the Corporation does not report a charity care patient's charges in revenues or in the provision for doubtful accounts as it is the Corporation's policy not to pursue collection of amounts related to these patients.

#### NOTE 3 – INVESTMENTS (CONTINUED)

The Corporation had long-term investments in partnerships and joint ventures that were recorded at cost of \$432,492 and \$1,385,832 as of September 30, 2016 and 2015, respectively, as it was not practicable to estimate fair value. These investments are not included in the tables above.

Unrestricted investment income, including income on funds held in trust by others, and gains are comprised of the following for the years ended September 30, 2016 and 2015:

	2016			2015	
Income: Interest and dividends Realized (losses) gains on sales of investments Changes in unrealized gains (losses) on investments	\$	764,854 (308,111) 587,807	\$	1,475,309 400,707 (1,197,928)	
	\$	1,044,550	\$	678,088	

### NOTE 4 – FAIR VALUE MEASUREMENTS

The Corporation categorizes assets and liabilities for disclosure purposes based on whether the inputs used to determine their fair values are observable or unobservable. The Corporation utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure assets at fair value. Level inputs are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Corporation has the ability to access on the reporting date.

Level 2 – Inputs other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. If the asset or liability has a specific (contractual) term, a Level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs that are unobservable for the asset or liability.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The fair values of Level 1 securities were determined through quoted market prices, while fair values of Level 2 securities were determined primarily through prices obtained from third party pricing sources, where quoted market prices for such securities are not available. The fair values of Level 3 securities were determined primarily through information obtained from the relevant counterparties for such assets and liabilities, as information on which these fair values are based is generally not readily available in the market.

The fair value of the interest rate swap was determined based on an estimate of the net present value of the expected cash flows using relevant mid-market data inputs and based on the assumptions of no unusual market conditions or forced liquidation.

The following table summarizes fair value measurements, by level, at September 30, 2016, for all assets and liabilities which are measured at fair value on a recurring basis in the consolidated financial statements:

#### NOTE 5 – RESTRICTED ENDOWMENTS

The Hospital's endowments consist of donor-restricted endowment funds and Board-designated endowment funds. Net assets associated with endowment funds are classified and reported based on donor-imposed restrictions.

The Hospital's Board of Trustees has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Hospital classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and, if applicable (c) accumulations to the permanent endowment made in accordance with the related gift's donor instructions. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Hospital in a manner consistent with the standard for expenditure as proscribed by UPMIFA. In accordance with UPMIFA, the Corporation considers the following factors in making determinations to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Hospital and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Hospital
- (7) The investment policies of the Hospital

#### RETURN OBJECTIVES AND RISK PARAMETERS

For the permanently restricted endowment funds, the bank, acting in its capacity as trustee, determines and directs the investment policy and asset allocation. For the unrestricted and temporarily restricted endowment funds, the Corporation's Board of Directors has adopted investment and spending policies that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain the purchasing power of the endowment assets. The Hospital expects these endowment funds, over time, to provide an average rate of return that exceeds the rate of inflation by 3.5% annually. Actual returns in any given year may vary from this amount.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 5 – RESTRICTED ENDOWMENTS (CONTINUED)

#### STRATEGIES EMPLOYED FOR ACHIEVING OBJECTIVES

To satisfy its long-term rate of return objectives, the Hospital relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Hospital targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

## SPENDING POLICY AND HOW THE INVESTMENT OBJECTIVES RELATE TO SPENDING POLICY

The Hospital has a policy of evaluating the spending decisions for each endowment fund based upon the intentions of the donors and specific contractual agreements. In determining the annual amount to be spent, the Hospital considers the long-term expected return on its endowment. The spending policy is designed to limit spending to the expected long-term real rate of return. The annual distribution from the endowment funds is expected to be contained within a range of 4-6% of the funds' market value. This is consistent with the Hospital's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

#### NOTE 6 - TEMPORARILY AND PERMANENTLY RESTRICTED NET ASSETS

Permanently restricted net assets at September 30, 2016 and 2015, are restricted amounts which are to be held in perpetuity, the income from which is expendable to provide free care, scholarships for the children of the Hospital's employees, and for the operations of the Hospital. Also included in permanently restricted net assets are funds held in trust by others. The Hospital is the restricted income beneficiary of funds held in trust by others. The total trust assets, as reported by the trustee, had an aggregate fair value at September 30, 2016 and 2015 of \$45,342,562 and \$43,411,397, respectively. Distributions of \$1,853,293 and \$1,996,055 from these assets for the years ended September 30, 2016 and 2015, respectively, are included in investment income.

Temporarily restricted net assets are available to provide psychiatric services, free care and educational seminars.

#### NOTE 6 – TEMPORARILY AND PERMANENTLY RESTRICTED NET ASSETS (CONTINUED)

During 2016 and 2015, net assets were released from donor restrictions by incurring expenses which satisfied the restricted purposes in providing grant related services, free care, and various miscellaneous services in the amounts of \$3,619,809, \$847,834, and \$627,716, respectively in 2016, and \$4,010,322, \$692,333 and \$311,774, respectively in 2015. In addition, \$110,787 and \$95,170 were released for the purchase of property and equipment in 2016 and 2015, respectively.

#### NOTE 7 – DEBT

#### HOSPITAL SERIES D BOND FINANCING

In December 2010, the Hospital refinanced its Series C bond financing and financed an additional \$8,000,000 for various capital projects that were completed over a two-year period. The par amount of the Series D debt was \$25,918,000 and interest was a variable interest rate equal to the product of (i) sixty-eight percent (68%) and (ii) the sum of the LIBOR Rate and three hundred basis points (2.39% and 2.18% at September 30, 2016 and 2015, respectively). The bonds required monthly principal and interest payments, based upon a 10-year amortization schedule, from 2011 through 2020 with the remaining principal balance due in 2020.

The terms of the bonds provided for, among other things, a pledge of gross receipts of the Hospital, restriction on the incurrence of certain indebtedness of the Hospital and provided for covenants regarding the Hospital's debt service coverage ratios, minimum levels of cash on hand, sale and lease of assets and other covenants similar in financings of this type.

In connection with this refinancing, the Hospital entered into an interest rate swap with a bank, which allowed it to convert its variable interest rate liability to a fixed interest rate liability of 4.475% without changing the structure of the underlying debt. At September 30, 2016 and 2015, the notional value of outstanding interest rate swap was \$0 and \$23,789,744, respectively. The Hospital recognizes the fair value of its interest rate swap in the consolidated balance sheet as a liability, recorded in other noncurrent liabilities. At September 30, 2015, the fair value of interest rate swap was in a liability position of \$1,851,544. The Hospital designated its interest rate swap as a cash flow hedge for accounting purposes, and accordingly deferred gains or losses associated with the swap in net assets.

In connection with the sale further discussed in Note 1, on September 30, 2016, the Hospital repaid the Series D Bonds and terminated the related interest rate swap.

#### CHILDREN'S CENTER SERIES 2011 BONDS

In August 2011, CHEFA sold \$28,840,000 of Series 2011 revenue bonds, the proceeds of which were used to redeem a number of bond series. As a result of the sale of the Series 2011 bonds, the Children's Center's loan with CHEFA was refinanced and reduced from \$1,560,000 to \$1,505,000. The Series 2011 bonds mature serially from 2012 through 2030, with interest rates ranging from 1% to 5%.

Under the terms of the financing arrangements between the Children's Center and CHEFA, the proceeds of the revenue bonds were loaned to the Children's Center. Pursuant to the loan agreement, the Children's Center was obligated to provide amounts which will be sufficient to enable CHEFA to pay the principal of and interest on the proceeds of the Series 2011 Bonds.

Concurrently with the issuance and delivery of the Series 2011 Bonds, the Children's Center and U.S. Bank NA, as trustee, entered into the Master Indenture and Supplemental Master Indentures Numbers 1 and 2, pursuant to which the Children's Center was obligated to pay the amount due under the loan agreement with CHEFA. The Master Indenture and Supplemental Master Indentures provide for, among other things, the establishment and maintenance of a Debt Service Reserve Fund (which has been funded by the State of Connecticut as discussed below) and a pledge of the gross receipts, as defined, of the Children's Center, restriction on the incurrence of certain indebtedness of the Children's Center and covenants regarding the Children's Center's debt service coverage ratios, sale and lease of assets and other covenants similar in financings of this type.

Pursuant to Public Act No. 97-259 (the School Readiness Act), the State of Connecticut has encouraged the development of a network of school readiness programs that meet the standards developed by the State Department of Education.

To encourage such development, the School Readiness Act established, among other things, the Child Care Facilities Program to finance low interest loans for the purpose of new construction of child care centers. The State of Connecticut, acting through the Commissioner of the Department of Social Services, may allow actual debt service on such loans and a debt service reserve fund to be paid by the State of Connecticut provided that such debt service terms are determined by the Commissioner to be reasonable. The State of Connecticut has funded the debt service reserve fund and has agreed to fund, subject to available appropriations, 83.6% of the debt service on the Series 2011 Bonds and to replenish any deficiencies in the debt service reserve fund. During 2016 and 2015, the total debt service funded by the State of Connecticut was \$101,940 and \$100,466, respectively.

### CHILDREN'S CENTER SERIES 2011 BONDS (CONTINUED)

Future minimum payments by year and in the aggregate under the Children's Center Series 2011 bonds are as follows at September 30, 2016:

2017	\$ 60,000
2018	65,000
2019	65,000
2020	70,000
2021	75,000
Aggregate thereafter	 875,000
	\$ 1,210,000

#### **OTHER DEBT**

Access has a \$250,000 line of credit with a bank. There were no borrowings under this line of credit at September 30, 2016 and 2015.

In April 2005, the VNA established a \$500,000 line of credit with Webster Financial Advisors. The interest rate at in 2016 and 2015 was 4.25%. The line of credit is secured by the VNA's investments held by Webster Financial Advisors and a first lien on all business assets located at 27 Siemon Company Drive, Watertown, Connecticut. There were no advances on the line of credit at September 30, 2016 and 2015.

The Hospital and AMG have entered into various capital leases for equipment. The leases call for monthly payments through September 2020 and are secured by the equipment. The balance of the capital lease liabilities were approximately \$3.6 million at September 30, 2016 and \$5.1 million at September 30, 2015. These capital lease obligations were assumed by Prospect in conjunction with the sale further described in Note 1.

The carrying values of assets subject to capital leases were \$3,965,744 and \$5,401,906 at September 30, 2016 and 2015, respectively.

The fair value of the debt, using the discounted cash flow analyses, was approximately \$4,708,000 and \$31,903,000 at September 30, 2016 and 2015, respectively.

#### NOTE 8 - RENTAL EXPENSE AND LEASE COMMITMENTS

The Hospital, VNA and GWMRI have entered into operating leases for office space and office equipment. Rental expense is recorded on a straight-line basis over the terms of the leases. Rental expense for the years ended September 30, 2016 and 2015 was \$4,710,221 and \$4,711,947, respectively. Subsequent to September 30, 2016, the future obligations were assumed by Prospect in the transaction described above.

#### NOTE 9 – EMPLOYEE BENEFIT PLANS

The Hospital has a noncontributory defined benefit cash balance plan (the Plan). Under the Plan, each participant who elected to transfer their balances to the Plan from the former defined contribution plan receives a credit of 6% of compensation allocated to their cash balance accounts. All other participants receive a 3% credit. Additionally, each participant receives an interest credit to their cash balance account based on the yield to maturity on three-year treasury bills. The Plan covers substantially all non-union employees age 21 and older with one year of service. It is the Hospital's policy to make contributions to the Plan sufficient to meet the minimum funding requirements of applicable laws and regulations.

The Plan was frozen to non-union participants effective June 30, 2015. Participants who are part of the Connecticut Healthcare Associates Technical Unit remain active in the Plan. Non-union employees no longer accrue additional employer contribution credits in the Plan. These participants will continue to receive interest credits based on their account balances in accordance with the terms of the Plan. They will be entitled to their account balance (the retirement benefit they have earned up to June 30, 2015) plus applicable interest credits after the Plan was frozen.

#### EXPECTED LONG-TERM RETURN ON PLAN ASSETS

To develop the expected long-term rate of return on assets assumptions, the Hospital considered the historical returns and the future expectations of returns for each asset class, as well as target asset allocations of the pension portfolio. This resulted in the selection of the 5.5% and 4.5%, long-term rate of return at September 30, 2016 and 2015, respectively.

#### **INVESTMENT POLICY**

There are no longer any investment policies relative to the Plan as it pertains to the Hospital as the Plan obligations were assumed by Prospect in conjunction with the sale discussed in Note 1.

The Plan's weighted-average asset allocations at September 30, 2015, by asset category are as follows:

	_	Asset Allocation Policy		
Asset Category	Plan Assets	Target	Range	
U.S. Equity	24%	25%	20% - 30%	
Non-U.S. Equity	13%	15%	10% - 20%

#### NOTE 9 – EMPLOYEE BENEFIT PLANS (CONTINUED)

#### INVESTMENT POLICY (CONTINUED)

The Pension Committee of the Board of Directors (the Committee) is responsible for employee benefit program policies with respect to plan assets and the retention of qualified managers, consultants and trustee/custodians. The purpose of the Committee is to ensure the Plan assets accumulate monies required to meet the anticipated benefit payments of the Plan and contributions are made by the Hospital on a basis determined by the Plan's actuary to be adequate to fund the benefits. The investment objective of the Committee is to maximize total return after inflation within the limits of prudent risk taking by diversifying across asset classes and multiple managers. The Committee has established an asset allocation policy that sets a target and range for each asset class, as shown in the table above.

#### **CONTRIBUTIONS**

There are no future contributions from the Hospital as the Plan obligations were assumed by Prospect in conjunction with the sale discussed in Note 1.

#### ESTIMATED FUTURE BENEFIT PAYMENTS

The following benefit payments, which reflect expected future service, are expected to be paid as follows:

2017	\$ 3,497,000
2018	3,195,000
2019	2,994,000

#### **OTHER BENEFIT PLANS**

The Hospital participates in multi-employer pension plans that cover substantially all union employees. Contributions to the plans are based upon a percentage of each participant's total salary. The risks of participating in these multi-employer plans are different from single-employer plans in the following aspects:

- Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of another participating employer.
- If a participating employer stops contributing to the plan, the unfunded obligation of the plan may be borne by the remaining participating employers.
- If the Hospital chose to stop participating in the multi-employer plans, the Hospital may be required to pay those plans an amount based on the underfunded status of the plans, referred to as a withdrawal liability.

The following table presents the Hospital's participation in these plans as of and for the years ended September 30, 2016 and 2015.

<sup>&</sup>lt;sup>1</sup> The most recent PPA zone status available in 2016 and 2015 is for the plan's year-ending during 2015 and 2014, respectively. The zone status is based on information received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the orange zone are less than 80 percent funded and have an accumulated funding deficiency in the current year or projected in the next six years, plans in the yellow zone are less than 80 percent funded, and plans in the green zone are at least 80 percent funded.

During the years ended September 30, 2016 and 2015, the Hospital's contributions to the Connecticut Health Care Associates Pension Plan represented 98.7% of the total contributions made to the plan by all participating employers, respectively.

<sup>&</sup>lt;sup>2</sup> The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan ("FIP") or a rehabilitation plan ("RP") is either pending or has been implemented.

<sup>&</sup>lt;sup>3</sup> Lists the expiration dates of the collective-bargaining agreements to which the plans are subject.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### FOR THE YEARS ENDED SEPTEMBER 30, 2016 AND 2015

#### NOTE 9 – EMPLOYEE BENEFIT PLANS (CONTINUED)

During the years ended September 30, 2016 and 2015, the Hospital's contributions to the New England Health Care Employees Pension Plan represented 2.8% of the total contributions made to the plan by all participating employers.

Governmental regulations impose certain requirements relative to union-sponsored pension plans. In the event of plan termination or employer withdrawal, an employer may be liable for a portion of the plan's unfunded vested benefits. As of September 30, 2016, and in conjunction with the sale discussed in Note 1, the Hospital has recorded a liability of \$28,300,000, which represents the amount agreed upon for Prospect to assume the future withdrawal obligations related to the Connecticut Health Care Associates Pension Plan.

The VNA has a defined contribution pension plan which covers substantially all full-time employees, in addition to a non-contributory discretionary pension plan for which contributions are made annually at the discretion of the VNA's Board of Directors.

In addition, the Hospital has a supplemental employee retirement plan for certain executives. The plan provides for a total benefit and is partially funded. As of September 30, 2016 and 2015, liabilities of \$523,948 and \$424,337, respectively, have been reflected in the consolidated balance sheets.

As noted above, the Hospital also has a noncontributory defined benefit cash balance plan covering substantially all non-union employees age 21 and older with one year of service. Total pension expense, relating to this plan, charged to operations during the years ended September 30, 2016 and 2015 was \$1,916,846 and \$2,569,445, respectively.

#### NOTE 10 – SELF INSURANCE CLAIMS

There have been medical malpractice and workers' compensation claims that fall within the Corporation's partially self-insured program which have been asserted against the Corporation. In addition, there are known incidents that have occurred through September 30, 2016 that may result in the assertion of claims. Corporation management has accrued its best estimate of these contingent losses. Other claims may be asserted arising from services provided to patients or workers' compensation incidents in the past. Corporation management has provided reserves for these contingent liabilities.
