**Nature of Material Change: (Please provide a description of the proposed material change pursuant to P. A. 14-168 §1(c), including a description of the nature of the proposed relationship among the parties to the proposed transaction.)**

Physicians for Women's Health, LLC ("PWH") is a Connecticut professional limited liability company that provides obstetrical and gynecological patient care services in multiple offices in Connecticut. Fine and Gillette Limited Liability Company is a Connecticut professional LLC that also provides gynecological services through its office in Hamden, Connecticut. Fine & Gillette provides these services through its two physician owners, Dr. Emily Fine and Dr. Mary Beth Gillette. Approximately six months ago Dr. Emily Fine approached Dr. Richard Ruben of PWH about joining PWH. Due to increasing financial pressures in the current health care environment as well as the day to day challenges of operating a small practice, combined with the obvious pressure and strong desire to ensure continued high quality care for its patients, Drs. Fine & Gillette desired to partner with PWH for support. As a result of these discussions, the parties were able to formulate a mutually agreeable transaction. Fine & Gillette sold its assets to PWH and Drs. Fine & Gillette became members (owners) of PWH and shareholders of the management entity that provides management services to PWH. The transaction closed on February 15, 2016. The parties are willing to provide the transaction documents upon request if necessary.
