OHS Participates In Healthcare Consumer Engagement Hosted By The Health Education Center, Inc.

Please join the Office of Health Strategy (OHS) on Thursday, October 24th at a consumer engagement hosted by The Health Education Center, Inc. OHS community outreach staff will discuss the agency's mission as the statewide health strategy body, explain the Certificate of Need regulatory process and the state's online information portal, and answer questions related to the recent Lawrence+ Memorial Healthcare and Yale-New Haven Health System acquisition. This is a great opportunity for community members to discuss healthcare issues facing the state and region, and to stay connected to healthcare system decision-making.

All community members are invited to attend.

Thursday, October 24, 2019

5:30 pm to 7:00 pm

Opportunities Industrialization Center (OIC) of New London

106 Truman Street

New London, CT

Stay [connected](#) to OHS through our news briefings. Sign up on our [homepage](http://portal.ct.gov/ohs): portal.ct.gov/ohs
