State of Connecticut
Office of Policy and Management
Division of Administration
Information Technology Analyst Internship

The IT Unit within the Division of Administration supports the technical infrastructure and software application development needs for the entire agency.

This internship is unpaid and is a minimum of 10 hours per week.

As an IT Analyst intern you will have the opportunity to:

- Participate in meetings with or develop surveys for agency staff to gather business requirements for software development projects.
- Assist agency information technology staff to re-write existing web based applications
- Gain knowledge in software development lifecycle methodologies
- Gain knowledge in server and network administration

You will gain real-world experience working with the latest technologies such as:

- Visual Studio and SQL Server
- Windows Server 2012 R2
- Hyper-V and virtual desktops
- Storage Area Networks and server clustering
- Wi-Fi network administration
- VoIP technology

Minimum Knowledge, Skills and Abilities:

Current enrollment in an undergraduate or graduate degree program, preferably in the area of Information Technology or related course work and general computer and server knowledge.
