Section by section summary:

<b>Section #(s)</b>	<b>Section Summary</b>
<b>1</b>	Section 10-16z(a) - Add a pediatrician as a member of the Early Childhood Cabinet.

---

**Rationale:** A pediatrician, with a wealth of knowledge and expertise about early childhood health and developmental outcomes, could contribute to the discussion and work of the Early Childhood Cabinet.

- 2**                      Sec. 10-506(a) - Amend language to increase the per child rate to \$6,500 and to allow for \$97,500 per classroom (15 children).

**Rationale:** The Smart Start per child and classroom rate has not changed since its establishment on July 1, 2014. The increased payment rates provide an incentive for current public school district Smart Start grantees to remain as participants in the program and for new public school districts to join as grantees of Smart Start. The FY27 allocation for the Smart Start line item was increased and passed in the final budget, P.A. 25-168.

- 3**                      Section 19a – 420(3) - Clarify the definition of day camp.

**Rationale:** Youth camps provide structured environments where children and youth participate in recreational, educational, or enrichment activities. Currently, a youth camp license is only required of programs that operate for three or more days per week if they go through a meal period. This exposes children who attend a program that does not go through a meal period to a lack of oversight.

Licensed youth camp operators that operate three or more days per week where children eat lunch must ensure adequate staff-to-child ratios, mandated reporter training, background check requirements, first aid and CPR training, emergency preparedness training, a safe physical environment and appropriate sanitation, among other things. Programs that operate from 9 am – 1 pm but send children home for lunch can circumvent basic health and safety standards required of other programs that allow for a traditional mid-day meal.

---

Requiring a license of camps for this duration creates a level playing field across providers, preventing unlicensed operators from circumventing safety requirements while competing with licensed programs. Oversight of these programs would establish accountability, complaint investigation processes, and enforcement mechanisms to protect children and reassure families.

- 4** New – Add a new section to the youth camp statutes concerning notification of emergency situations to licensees of youth camps.

**Rationale:** Notification of emergency situations is in statute for licensees of child care centers, group child care homes, and family child care homes. The same protection should apply to youth camps to help ensure the health and safety of staff and children.

- 5** **Section CGS 19a-87e(a):** Clarify the age of a household member in a licensed family child care home.

**Rationale:** The proposed change to CGS 19a-87e(a), where household member is currently defined as being sixteen years of age or older, references that household member is defined in 19a-87b(c), where household member is eighteen years of age or older. P.A. 21-172 amended 19a-87b, Subsec. (c) by replacing "sixteen" with "eighteen" but did not make conforming changes to 19a-87e(a).

- 6** **Section 10-530:** Specify defined categories of people who require a fingerprint supported background check.

**Rationale:** The proposed changes are necessary to comply with federal requirements governing the use of fingerprints for criminal-history background checks. Under federal requirements, most notably the FBI Criminal Justice Information Services standards, state agencies must meet certain specific criteria before accessing

---

national criminal-history databases or submitting fingerprints for non-criminal-justice purposes.

Federal law requires a clear and specific statutory mandate authorizing fingerprint-based background checks. The FBI determined an OEC existing law, as written, was not specific enough in terms of defined categories of people who require a fingerprint supported background check. Although our regulations provide many of the required definitions, without clear and comprehensive *statutory* definitions, OEC cannot qualify to receive fingerprint-based criminal-history information.

DESPP has reviewed our added definitions and proposed legislative changes and believes these changes, if enacted, will satisfy the FBI and federal requirements.

(1) "Child care facility" means a "child care center", "group child care home" or "family child care home" that provides "child care services", each as described in section 19a-77, or any provider of child care services under the child care subsidy program established pursuant to section 17b-749;

## Overview

### **Brief Summary of Proposal**

- 1) Require center and group child care home providers to inform OEC of the placement on the DCF Abuse and Neglect Registry of the owner or anyone employed in a position connected with the provision of care,
- 2) Require any person who applies for or is licensed to operate or approved to act as a staff member in a family child care home to inform the OEC of any criminal conviction or placement on the DCF Abuse and Neglect Registry, to clarify the age of household members who are subject to this same requirement, and to remove language concerning disqualifying crimes to make consistent with child care center requirements.

Section #(s)	Section Summary
Sections 1 – 7:	<p>Section 1:</p> <p>Licensing – Section 19a-87a(b): Require center and group child care home providers to inform OEC of the placement on the DCF Abuse and Neglect Registry of the owner or anyone employed in a position connected with the provision of care.</p> <p>Rationale:</p> <p>DCF is statutorily barred from providing the Agency (OEC) with certain information as part of an employment background check, including recommendations for placement on the DCF central registry when that recommendation is within an appeal period or is on appeal. In those instances, the Agency receives clear or “no registry finding” result. The Agency enters the clear result into its background check system. The Agency would not become aware if the applicant was placed on the registry after the appeal period expired or upon exhaustion of all appeals until another background check was conducted, which could be as many as five years later. This gap in information could result in an individual with a registry placement receiving a child care license or approval, or ability to work with children at a program. The proposed changes to the Agency statutes places an affirmative obligation on applicants, operators and providers to notify the Agency when they are placed on the DCF Registry.</p> <p>Section 2:</p> <p>Licensing – Section CGS 19a-87e(c): 1) Require any person who applies for or is licensed to operate or approved to act as a staff member in a family child care home to inform the OEC of any criminal conviction or placement on the DCF Abuse and Neglect Registry, to clarify the age of household members who are subject to this same requirement, and 2) remove language concerning disqualifying crimes to make consistent with child care center requirements.</p> <p>Rationale:</p>

---

1) DCF is statutorily barred from providing the Agency with certain information as part of an employment background check, including recommendations for placement on the DCF central registry when that recommendation is within an appeal period or is on appeal. In those instances, the Agency receives clear or “no registry finding” result. The Agency enters the clear result into its background check system. The Agency would not become aware if the applicant was placed on the registry after the appeal period expired or upon exhaustion of all appeals until another background check was conducted, which could be as many as five years later. This gap in information could result in an individual with a registry placement receiving a child care license or approval, or ability to work with children at a program. The proposed changes to the Agency statutes places an affirmative obligation on applicants, operators and providers to notify the Agency when they are placed on the DCF Registry.

In addition, household member is currently defined as being sixteen years of age or older, but also references that household member is defined in 19a-87b(c), where household member is eighteen years of age or older. P.A. 21-172 amended 19a-87b, Subsec. (c) by replacing “sixteen” with “eighteen” but did not make conforming changes to 19a-87e(c).

2) Subsection (c) currently places the responsibility on a family child care provider or approved staff to access and review the Agency’s list to determine if a conviction should be reported to the Agency for further assessment. Removal of this language brings subsection (c) into conformity with the corresponding statute for child care centers and group child care homes, which requires notification to the Agency of any criminal conviction of a person employed by the program thereby placing the responsibility on the Agency for determining if the conviction is on the Agency’s list of criminal convictions and requires further assessment.

## **Legislative Language**

Insert fully drafted bill below. Please use standard legislative drafting considerations, as published by LCO [here](#).

Section 1: Section 19a-87a of the Connecticut General Statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2026):

(b): Any person who is licensed to conduct, operate or maintain a child care center or group child care home shall notify the commissioner of any criminal conviction or placement on the Department of Children and Families Abuse and Neglect Registry of the owner, conductor, operator or maintainer of the center or home or of any person employed therein in a position connected with the provision of care to a child receiving child care services, immediately upon obtaining knowledge of the placement or conviction. Failure to comply with the notification requirement may result in the suspension or revocation of the license or the imposition of any action set forth in regulation, and shall subject the licensed person to a civil penalty of not more than one hundred dollars per day for each day after the person obtained knowledge of the placement or conviction.

Section 2: Section 19a-87e of the Connecticut General Statutes is repealed and the following is substituted in lieu thereof (Effective July 1, 2026):

(c) Any person who applies or is licensed to conduct, operate or maintain a family child care home or approved to act as an assistant or substitute staff member in a family child care home shall notify the commissioner of any criminal conviction or placement on the Department of Children and Families Abuse and Neglect Registry of the owner, conductor, operator or maintainer of the family child care home or of any household member, as defined in subsection (c) of section 19a-87b, who is [sixteen] eighteen years of age or older, or any person employed in such family child care home in a position connected with the provision of care to a child receiving child care services, [of a crime which affects the commissioner's discretion under subsection (a) of this section], immediately upon obtaining knowledge of such placement or conviction. Failure to comply with the notification requirement of this subsection may result in the suspension or revocation of the license or approval or the taking of any other action against a license or approval set forth in regulation adopted pursuant to section 19a-79 and shall subject the licensee or

approved staff member to a civil penalty of not more than one hundred dollars per day for each day after the person obtained knowledge of the placement or conviction.
