Responses**Salary & Financial impact**

Federal Grants awarded to DCP covers salary for .57 of an employee. If there is a federal shut down, we would not be able to request reimbursements. The two weeks impact would be approximately \$16K, one month \$32K, and three months \$98K.

Program and services impacted | Any change reduction in services | Any funding reduction by program | Proposed method to deal with cut back

To avoid impacting the health and safety of the public, DCP must continue to operate as normal until we are instructed otherwise by OPM or the Governors Office.
