

Office of Chief Public Defender
State of Connecticut

The Public Defender Services Commission does not expect any significant changes to the Agency's federal grants as a result of a potential federal shutdown or default. This is because funding for these grants has already received by the Agency. However, continuation of these grants may be jeopardized depending on the length of any federal shutdown, or potential future federal budget cuts. The Agency currently has two existing federal grants, the Post-Conviction DNA Testing Assistance Program, and the Post-Conviction Non-DNA Wrongful Conviction Review Program.

If you have any questions please let me know.

Sincerely,

Stephen Hunt, Financial Director, OCPD
