Council on Environmental Quality

11000 - General Fund

Adjustment Type:

Reductions

Agency Title:

Personal Services

Agency Description:

The Council would eliminate several services to other agencies, including review of Environmental Impact Evaluations and other documents under CEPA (CGS Section 22a-1 through 22a-11), review of high-impact applications referred from the Connecticut Siting Council for consultation (CGS Section 16-50)(h)), review of certain public land transfers (CGS Section 4b-47), and other interagency services. The Environmental Monitor, currently published twice monthly for the convenience (and timeliness) of other agencies, would revert to the statutory minimum of once a month. The Council probably would elect to NOT investigate some citizen complaints of alleged environmental violations (CGS 22a-13); current response rate is 100%.
