

February 20, 2024

The Honorable Sean Scanlon  
 State Comptroller  
 165 Capitol Avenue  
 Hartford, Connecticut 06106

Dear Comptroller Scanlon:

Section 4-66 of the General Statutes requires that my office provide information on the state’s General Fund for Fiscal Year 2024. An analysis of the Special Transportation Fund is also provided here due to the significance of this fund.

Notes:					
1. BRF withdrawal includes the transfer out of \$1,874.6 million in FY 2024 pursuant to Sec. 4-30a, CGS, as the FY 2023 ending balance exceeded the statutory 15% cap. This sum was deposited as additional contributions to the State Employees Retirement Fund and the Teachers' Retirement Fund.					

### General Fund

The adopted FY 2024 budget anticipated a \$399.7 million balance at year end – 1.8% of General Fund appropriations. We currently project a surplus of \$167.9 million, \$231.8 million below the budgeted amount and \$1.2 million above last month's estimate, as a result of expenditure changes as discussed below.

### Budget Reserve Fund

Our forecast of the Budget Reserve Fund (BRF) balance is depicted below. We project that, after transfers out of the fund and into the State Employees and Teachers' Retirement Systems pursuant to the close-out of FY 2023 and transfers into the fund pursuant to the statutory volatility cap and the estimated FY 2024 operating surplus, the fund balance at the end of FY 2024 will be \$3.96 billion, or 17.9% of net General Fund appropriations for the current year and 17.4% of adopted FY 2025 appropriations. Since this projected balance would exceed the statutory 15% floor for the Budget Reserve Fund by \$541.4 million during FY 2025, the excess funds would be split evenly between additional transfers to the Budget Reserve Fund and transfers to the State Employees Retirement Fund and/or the Teachers' Retirement Fund during the close-out period for FY 2024, prior to reaching the 18% BRF cap per Public Act 23-1.

### Revenues

Our forecast is unchanged from last month and continues to reflect the January 16th consensus forecast reached by my office and the Office of Fiscal Analysis. However, collections for several tax types, particularly the Sales and Use Tax, have been slightly weaker than targeted amounts and, should this trend continue, may necessitate a downward revision in the next few months. In regard to volatility cap revenues, collections for both estimates and finals under the Income Tax and the Pass-through Entity Tax fell in the months of December and January by 7.2% compared to last year. Fiscal year to date, these collections remain within our conservative revenue estimates and above the volatility cap threshold insulating, thus far, the General Fund from this negative impact. Last year's extension of the fiscal guardrails for up to ten years is an important step in mitigating the impact of revenue volatility on the FY 2024 operating budget and beyond.

### Expenditures

We forecast that FY 2024 net expenditures will, in aggregate, be \$226.4 million above the level anticipated in the adopted budget and \$1.2 million below last month's projection. A description of projected shortfalls and lapses follows.

*Deficiencies:* Shortfalls totaling \$287.7 million are forecast in the following agencies.

- Division of Criminal Justice. A \$500,000 shortfall is anticipated, with \$200,000 in the Witness Protection account, \$200,000 in the Shooting Taskforce account, \$50,000 in the Medicaid Fraud Control account and \$50,000 in the Cold Case Unit account.
- Department of Mental Health and Addiction Services. A \$13.7 million shortfall is projected, with \$8.0 million in the Other Expenses account as a result of higher than anticipated food, utilities and maintenance costs and \$7.0 million in the Professional Services account due to the cost of contracted doctors and nurses needed to cover staffing vacancies. Partially offsetting these deficits is a \$1.0 million lapse in the Home and Community Based Services account as a result of the timing of placements in the Money Follows the Person program, and \$300,000 in the Medicaid Adult Rehab Option account.
- Department of Social Services. A net shortfall of \$135.4 million is anticipated. A \$150.0 million deficit is forecast in the Medicaid account as a result of several factors, including the cost of Medicare Part D clawback billing by the federal government pursuant to the *Carr v. Becerra* federal court decision, updates to the ARPA Home and Community Based Services reinvestment plan which is contributing to a projected \$5.6 million lapse in the Connecticut Home Care Program, and a shift in costs for undocumented individuals from the HUSKY B account to the Medicaid account which results in a forecast surplus in the HUSKY B account of \$16.0 million. We also project shortfalls of \$4.1 million in Aid to the Disabled and \$3.2 million in State Administered General Assistance due to higher caseload and costs per case than had been budgeted, and a \$300,000 lapse in the Old Age Assistance account primarily due to lower costs per case for boarding homes.
- Technical Education and Career System. A \$2.0 million shortfall is projected, with \$1.0 million in Personal Services and \$1.0 million in Other Expenses.
- Department of Correction. A net shortfall of \$22.2 million is forecast, with \$17.0 million in the Other Expenses account and \$9.0 million in the Inmate Medical Services account primarily due to inflationary increases in fixed costs and pharmaceuticals. Partially offsetting those shortfalls is a forecast lapse of \$1.0 million in the Board of Pardons and Paroles account and \$2.8 million in the Community Support Services account.
- Judicial Department. A \$3.634 million shortfall is projected, with \$1.634 million in the Personal Services account and \$2.0 million in the Other Expenses account, primarily as a result of higher-than-expected utilities and information technology costs.
- State Comptroller – Miscellaneous. We estimate \$36.7 million in expenditures for Adjudicated Claims including the anticipated settlement of two claims against the State for wrongful conviction totaling \$25.2 million, assuming approval by the General Assembly. No appropriation was made in the enacted budget for payment of these claims.
- State Comptroller – Fringe Benefits. A net shortfall of \$73.538 million is anticipated, with \$70.0 million forecast in the Higher Education Alternative Retirement System account primarily due to a change in the accounting treatment for these expenditures, which were originally budgeted as revenue reimbursements but instead will be reflected as expenditures. In addition, a \$19.0 million shortfall is forecast in the Other Post Employment Benefits account as a result of a decrease in the ARP and SERS recovery rates and a shortfall of \$38,361 is forecast in the Pensions and Retirements – Other Statutory account. Partially offsetting those amounts are forecast lapses of \$10.0 million in the State Employees Health Service

account, \$2.0 million in the Unemployment Compensation account, \$3.0 million in the SERS Defined Contribution Match account, and \$500,000 in the Insurance – Group Life account.

*Lapses:* Public Act 23-204 included bottom-line savings targets totaling \$133.7 million. We project that aggregate lapses will total \$195.0 million; in addition to funds withheld from agencies as part of the rollout of the FY 2024 budget, the lapses identified below are anticipated to more than satisfy the budgeted unallocated lapse.

- Office of Legislative Management. A \$3.0 million lapse is projected in the Personal Services account.
- Auditors of Public Accounts. A \$300,000 lapse is forecast in the Personal Services account.
- Commission on Women, Children, Seniors, Equity and Opportunity. A \$100,000 lapse is forecast in the Personal Service account.
- Elections Enforcement Commission. A \$300,000 lapse is forecast due to lower than anticipated Personal Services costs.
- Office of State Ethics. A \$50,000 lapse is forecast due to lower than anticipated Personal Services costs.
- Freedom of Information Commission. A \$200,000 lapse is forecast due to lower than anticipated Personal Services costs.
- Department of Revenue Services. A \$400,000 lapse is forecast in the Personal Services account.
- Office of Governmental Accountability. A \$237,000 lapse is forecast in the Personal Services account.
- Office of Policy and Management. A \$1.5 million lapse is forecast in the Distressed Municipalities account, as requirements are fully supported by bond authorizations.
- Military Department. A \$100,000 lapse is forecast in the Personal Services account.
- Department of Consumer Protection. A \$680,000 lapse is forecast, with \$180,000 in the Personal Services account and \$500,000 in the Other Expenses account, as funding provided for an expansion of the Prescription Drug Monitoring Program will not be needed as a result of legislation required for the expansion not passing.
- Department of Agriculture. A \$350,000 lapse is forecast in the Personal Services account.
- Department of Economic and Community Development. A \$12.3 million total lapse is forecast, with \$12.0 million in the Other Expenses account as a result of carried-forward prior year funds that are no longer needed and \$300,000 in the Office of Workforce Strategy account due to personnel costs.
- Department of Developmental Services. A combined lapse of \$35.6 million is forecast, including \$24.2 million in the Employment and Day Services account and \$7.8 million in the Community Residential Services account due to a combination of three years of cost settlements together with timing impacts of graduation and age-out changes related to P.A. 23-137 and the impact of reduced utilization on the provider wage increases. In addition, the Behavioral Services Program is anticipated to lapse \$1.5 million as a result of timing of development of new programs, the Supplemental Payments for Medical Services account is forecast to lapse \$100,000 as a result of updated census estimates, and a \$2.0 million lapse is anticipated in the Personal Services account.
- Department of Aging and Disability Services. A \$415,000 lapse is forecast, with \$140,000 in the Other Expenses account due to a lease being paid by DSS and \$275,000 in the Educational Aid for Children account due to delays in hiring.
- Department of Education. A net lapse of \$12.497 million is anticipated, with \$250,000 in the Personal Services account, \$6.0 million in the Sheff Settlement account due to a delay in programming, and \$6.0 million in the Magnet School account and \$900,000 in the Non-Sheff Transportation account due to

enrollment which are partially offset by a projected shortfall of \$653,000 in the Adult Education account based on preliminary enrollment figures.

- Office of Early Childhood. A net lapse of \$5.115 million is forecast, with \$5.5 million anticipated to lapse in the Early Care and Education account due to enrollment and projected shortfalls of \$150,000 in Personal Services and \$235,000 in the Birth to Three account due to increased caseload.
- Office of Higher Education. A \$300,000 lapse is forecast in the Other Expenses account as a result of the transfer of responsibility for certain information technology contracts to the Department of Administrative Services.
- Teachers' Retirement Board. A net lapse of \$550,000 is forecast, with a \$1.1 million lapse forecast in the Municipal Retiree Health Insurance account due to enrollment and a \$550,000 shortfall forecast in the Retirees Health Service Cost account due to increased premiums effective January 1st.
- Department of Children and Families. A net lapse of \$7.536 million is forecast, with \$1.6 million in Personal Service, \$1.32 million in Adoptions, \$1.54 million in Foster Care, and \$3.69 million in Short-term and Residential accounts based on current caseload trends, and an additional \$311,000 across a variety of accounts. Partially offsetting these amounts is a projected \$925,000 shortfall in the Other Expenses account.
- Public Defender Services Commission. A combined lapse of \$1.827 million is forecast, with \$1.586 million in the Assigned Counsel – Criminal account and \$241,000 in the Expert Witness account as a result of a decrease in costly jury trials.
- Debt Service – State Treasurer. A total lapse of \$17.0 million is anticipated, with \$10.0 million in the Debt Service appropriation as a result of reduced interest payments compared to budget and \$7.0 million in the UConn 2000 - Debt Service account due to reduced interest payments and refunding savings.
- Workers' Compensation Claims – Department of Administrative Services. A net lapse of \$7.31 million is forecast, with lapses in the DDS, DCF, DMHAS and the general Workers' Compensation Claims accounts more than offsetting projected shortfalls in the DOC, UConn, and CSU accounts.

### Special Transportation Fund

The adopted budget anticipated a \$204.2 million balance from operations. We currently forecast an operating balance of \$240.7 million, \$36.5 million above the budgeted figure and \$0.3 million smaller than last month's projection. We project that the Transportation Fund balance on June 30, 2024, will be \$919.8 million.

#### Revenues

Estimated revenues remain unchanged from the levels reported last month and continue to reflect the January 16<sup>th</sup> consensus revenue forecast.

#### Expenditures

We forecast that expenditures in the Special Transportation Fund will be \$22.0 million below the level in the adopted budget as described below.

*Deficiencies:*

- Department of Administrative Services. A net shortfall of \$3.5 million is forecast, including a \$4.0 million deficiency in the State Insurance and Risk Management Operations account in anticipation of a large claim payout. Partially offsetting that deficiency is a projected \$500,000 lapse in the Personal Services account.

*Lapses:* We project the following lapses, totaling \$37.5 million, will more than satisfy the budgeted bottom-line savings target of \$12.0 million.

- Department of Motor Vehicles. A \$13.0 million lapse is projected in the Personal Services account, a portion of which is attributable to carried-forward funds that will not be expended in the current fiscal year.
- Department of Transportation. A net lapse of \$4.275 million is projected, including a \$10.9 million lapse in the Personal Services account which is partially offset by a \$6.625 million shortfall anticipated in the Other Expenses account based on higher costs for IT expenses, electricity, and supplies.
- Debt Service – State Treasurer. A \$19.8 million lapse is forecast as a result of lower than anticipated issuance costs together with a one-month delay in the timing of the Fall bond sale.
- State Comptroller – Fringe Benefits. A net lapse of \$375,000 is anticipated, with \$775,000 in the State Employees Health account, \$200,000 in the SERS Defined Contribution Match account and \$150,000 in the Unemployment Compensation account. Partially offsetting these amounts is a shortfall of \$750,000 in the Other Post Employment Benefits account.

As the year progresses, these estimates will continue to be revised to reflect the impact of changes in the economy, expenditure patterns, and other factors.

Sincerely,

Jeffrey R. Beckham  
Secretary
