

August 20, 2024

The Honorable Sean Scanlon State Comptroller 165 Capitol Avenue Hartford, Connecticut 06106

Dear Comptroller Scanlon:

Section 4-66 of the General Statutes requires that my office provide information on the state's General Fund for Fiscal Year 2025. An analysis of the Special Transportation Fund is also provided here due to the significance of this fund. This memorandum also provides an explanation of any projected deficiencies as required by Section 2-36 of the General Statutes.

FY 2025 Projection							
	(in millions)	1				
			Aug. Est.				
			Variance				
		Aug.	from				
General Fund	<u>Budget</u>	<u>Estimate</u>	<u>Budget</u>				
Revenues	\$23,103.7	\$23,252.3	\$ 148.6				
Expenditures	22,805.9	23,139.1	333.2

Revenues	\$ 2,354.5	\$ 2,410.5	\$ 56.0				
Expenditures	2,286.4	2,284.1	(2.3)				
Operating Results - Surplus/(Deficit)	\$ 68.1	\$ 126.4	\$ 58.3				
Proj. Fund Balance 6/30		\$ 538.0	2.				
Notes:			I				
1. BRF withdrawal includes the projected transfer out of \$940.5 million in FY 2025 pursuant to Sec. 4-							

^{1.} BRF withdrawal includes the projected transfer out of \$940.5 million in FY 2025 pursuant to Sec. 4-30a, CGS based on the FY 2024 ending balance. This sum will be deposited as additional contributions to the State Employees Retirement Fund and the Teachers' Retirement Fund.

^{2.} STF Fund balance after anticipated transfer to reduce STO debt pursuant to P.A. 24-151, Sec. 124.

General Fund

FY 2024 Operating Results

While final accounting adjustments remain before the close of FY 2024, we currently project a \$403.6 million operating surplus, an increase of \$74.3 million from our July 19th projection. This amount, in addition to \$1,326.1 million in collections of the Estimates and Finals component of the Personal Income Tax and the Pass-through Entity Tax that exceeded the volatility cap, results in a Budget Reserve Fund (BRF) balance of 22.1% of FY 2025 General Fund appropriations prior to transfers totaling an estimated \$940.5 million being made to the State Employees' and Teachers' Retirement Systems later this calendar year. Following those transfers, the remaining balance in the BRF will equal 18% of FY 2025 General Fund appropriations.

General Fund FY 2024 Projection (in \$ millions)						
	Adopted					
	Budget	Est. 8/20/24	Variance			
Revenue	22,505.3	22,679.0	173.7			
Expenditures	22,105.6	22,275.4	169.8			
Balance	399.7	403.6	3.9			

FY 2025 Projection Summary

The FY 2025 budget, adopted in P.A. 23-204 and not adjusted during the 2024 legislative session, anticipated a \$297.8 million balance at year end -1.3% of General Fund appropriations. We currently project a surplus of \$113.2 million based on expenditure requirements that are estimated to exceed appropriations by \$333.2 million, partially offset by revenues which are anticipated to exceed the level assumed in the originally adopted budget by \$148.6 million as discussed below.

Budget Reserve Fund

Our forecast of the Budget Reserve Fund balance is depicted below. We project that, after transfers out of the fund and into the State Employees and Teachers' Retirement Systems pursuant to the close-out of FY 2024 and transfers into the fund pursuant to the statutory volatility cap and the estimated FY 2025 operating surplus, the fund balance at the end of FY 2025 will be \$5.38 billion, or 23.6% of net General Fund appropriations for the current year. Given that this balance is expected to exceed the statutory 18% cap for the Budget Reserve Fund next fiscal year, additional transfers to the State Employees Retirement Fund and/or the Teachers' Retirement Fund are expected during the close-out period for FY 2025.

Budget Reserve Fund				
	(in millions			
Estimated BRF Ending Balance - FY 2024 (OPM 8/20/24 Est.)	\$	5,045.5		
Deposit to SERS/TRS pursuant to FY 2024 Closeout (OPM 8/20/24 Est.)		(940.5)		
Estimated FY 2024 Ending Balance After Transfers to Pensions	\$	4,105.1		
Projected Operating Surplus - FY 2025 (OPM 8/20/24 Est.)		113.2		
Volatility Cap Deposit - FY 2025 (OPM 8/20/24 Est.)		1,163.5		
Estimated BRF Ending Balance - FY 2025	\$	5,381.8		
Ending BRF as % of Current Year GF Appropriations		23.6%		

Revenues

Projected revenues have been revised upward by \$148.6 million compared to the adopted budget plan that passed over one year ago in P.A. 23-204. Of the increase, \$25.8 million is due to changes in the various consensus revenue forecasts from last year and \$122.8 million is due to the handful of revenue policy changes that occurred in the 2024 legislative session, the largest of which was the \$110.0 million increase in the revenue transfer from FY 2024 to FY 2025. Within the \$25.8 million change brought about by the various consensus revenue forecasts, some notable adjustments were made since the adopted budget. On the positive side, the withholding component of the Personal Income Tax has been revised upward by \$228.7 million, Investment Income has been revised upward by \$54.9 million, the projection for Refunds of Taxes was lowered by \$39.0 million, Insurance Companies has been revised upward by \$34.9 million, and the Corporation Tax has been revised upward by \$34.2 million. Offsetting these positive gains is the Sales and Use Tax, down \$324.7 million; Transfers Special Revenue, down \$28.5 million; Miscellaneous Tax, down \$27.8 million; and Inheritance and Estate taxes, down \$25.3 million. Volatility cap revenues were revised upward by \$503.9 million which was offset by an equivalent increase in the expected transfer to the Budget Reserve Fund. All other changes net to a positive \$31.8 million.

Expenditures

We forecast that FY 2025 net expenditures will, in aggregate, be \$333.2 million above the levels anticipated in the adopted budget. A description of projected shortfalls and lapses follows.

Deficiencies: Shortfalls totaling \$368.1 million are forecast in the following agencies. Note that a significant portion of the shortfalls identified below would have been addressed had adjustments to the FY 2025 budget been adopted as proposed in the Governor's February 7, 2024, budget document.

- <u>Department of Administrative Services</u>. A shortfall of \$6.6 million is forecast, with \$5.0 million in the Personal Services account, \$1.0 million in the Other Expenses account due to increases in electricity and other premises costs, and \$562,120 in the W.C. Administrator account due to contractual costs.
- Department of Mental Health and Addiction Services. A \$16.7 million shortfall is projected with \$9.0 million in the Other Expenses account as a result of higher than anticipated food, utilities and maintenance costs; \$7.0 million in the Professional Services account due to the cost of contracted doctors and nurses needed to cover staffing vacancies and \$700,000 in the Behavioral Health Medications account due to price increases for medications.
- <u>Department of Social Services</u>. A net shortfall of \$200.0 million is anticipated. A \$210.0 million deficit is forecast in the Medicaid account based on current trends which continue to exceed budgeted levels, particularly in the areas of hospital outpatient, pharmacy (including lower rebates) and clinic services. The cost of coverage for undocumented children also continues to increase with over 15,000 children enrolled as of July 2024; a portion of these costs were budgeted under HUSKY B which is anticipated to lapse \$10.0 million, partially offsetting the Medicaid shortfall.
- <u>Technical Education and Career System</u>. A \$10.3 million shortfall is projected in the Other Expenses
 account as a result of unbudgeted increases in special education services, a portion of which were
 previously funded via expiring federal grants.
- Office of Early Childhood. A \$1.2 million shortfall is anticipated in the Birth to Three account as a result of increased caseload projections.
- <u>Department of Correction</u>. A net shortfall of \$28.5 million is forecast, with \$5.0 million in Personal Services, \$15.0 million in the Other Expenses account due to inflation-driven increases in operating expenses, and \$10.0 million in the Inmate Medical account due to increased staffing and pharmaceutical costs. Partially offsetting this shortfall is a forecast \$1.5 million lapse in the Board of Pardons and Paroles account.
- <u>Judicial Department</u>. A \$950,000 shortfall is projected in the Other Expenses account, primarily caused by higher-than-expected utilities and information technology costs.

- <u>State Comptroller Miscellaneous</u>. We estimate \$6.0 million in expenditures for Adjudicated Claims. No appropriation was made in the enacted budget for payment of these claims.
- State Comptroller Fringe Benefits. A net shortfall of \$97.9 million is anticipated, with \$75.0 million forecast in the Higher Education Alternative Retirement System account primarily due to a change in the accounting treatment for these expenditures, which were originally budgeted as revenue reimbursements but instead will be reflected as expenditures. In addition, a \$30.0 million shortfall is forecast in the Retired State Employees' Health Service Cost account, a \$16.5 million shortfall is forecast in the Other Post Employment Benefits account, a \$9.0 million shortfall is projected in the Employers Social Security Tax account, and a shortfall of \$38,400 is forecast in the Pensions and Retirements Other Statutory account. Partially offsetting those amounts are forecast lapses of \$22.0 million in the State Employees Health Service account, \$7.0 million in the SERS Defined Contribution Match account, \$2.18 million in the State Employees Retirement Contributions account, and \$1.5 million in the Unemployment Compensation account.

Lapses: P.A. 23-204 included bottom-line savings targets totaling \$182.7 million. We project that aggregate lapses will total \$213.8 million including \$114.9 million remaining, after Finance Advisory Committee action earlier this month, in funds withheld from agencies as part of the rollout of the FY 2025 budget; \$48.7 million in budgeted unallocated lapse that is anticipated to be achieved over the remainder of the year; and \$50.2 million in additional lapses in agencies as identified below.

- Office of Legislative Management. A \$5.0 million lapse is projected in the Personal Services account.
- Secretary of the State. A \$500,000 lapse is projected in the Personal Services account.
- <u>Elections Enforcement Commission</u>. A \$250,000 lapse is forecast due to lower than budgeted Personal Services costs.
- <u>Freedom of Information Commission</u>. A \$250,000 lapse is forecast due to lower than budgeted Personal Services costs.
- <u>Debt Service State Treasurer</u>. A total lapse of \$44.192 million is anticipated, with \$30.6 million in the Debt Service appropriation and \$12.2 million in the UConn 2000 Debt Service account as a result of reduced interest payments compared to budgeted estimates.

Note that this month's General Fund projection includes the transfer of appropriations totaling \$3.8 million out of the General Fund Reserve for Salary Adjustment and OPM Private Provider accounts into other appropriated funds.

Special Transportation Fund

The adopted budget, P.A. 23-204, anticipated a \$68.1 million balance from operations. We currently forecast an operating balance of \$126.4 million, an improvement of \$58.6 million, largely attributable to improved revenue projections reflected in the April 30, 2024, consensus revenue forecast. While final accounting adjustments remain, we forecast that the closing STF balance, as of June 30, 2024, was \$968.2 million. Since section 124 of P.A. 24-151, requires that the portion of the STF balance that exceeds 18% of FY 2025 appropriations should be used to reduce STO indebtedness, we estimate that \$556.6 million will be devoted to this purpose and that the Transportation Fund balance on June 30, 2025, will be \$538.0 million.

Revenues

Projected revenues have been revised upward by \$56.0 million compared to the adopted budget plan that passed over one year ago in P.A. 23-204 due to changes in the various consensus revenue forecasts from last year. On the positive side, Motor Vehicle Receipts has been revised upward by \$25.2 million, Oil Companies Revenue has been revised upward by \$24.1 million, License, Permit, and Fee revenue has been revised upward by \$17.8 million, and

Interest Income has been revised upward by \$12.6 million. Offsetting these positive increases is the Highway Use Tax, anticipated to be down \$33.3 million from the originally adopted budget from over a year ago. All other changes net to a positive \$9.6 million.

Expenditures

We forecast that net expenditures in the Special Transportation Fund will be \$2.3 million below the level in the adopted budget as described below.

Deficiencies: A shortfall of \$260,000 is forecast for the following agency.

<u>State Comptroller – Fringe Benefits</u>. A net shortfall of \$260,000 is anticipated, with \$1.5 million forecast
in the Employers' Social Security Tax account and \$800,000 in the Other Post Employment Benefits
account. Partially offsetting these shortfalls are forecast lapses of \$18 million in the State Employees
Health Service Cost account and \$200,000 in the SERS Defined Contribution account.

Lapses: We project the following lapses, totaling \$16.0 million, will more than satisfy the budgeted bottom-line savings target.

- <u>Department of Motor Vehicles</u>. A \$6.0 million lapse is projected in the Personal Services account.
- Department of Transportation. A \$10.0 million lapse is projected in the Personal Services account.

Note that this month's Special Transportation Fund projection includes the transfer of appropriations totaling \$1.4 million from the General Fund Reserve for Salary Adjustment account to the Special Transportation Fund.

It is important to note that this represents the first projection of the state's budget outlook for FY 2025. As the year progresses, these estimates will undoubtedly be revised to reflect the impact of changes in the economy, expenditure patterns, and/or other factors.

Sincerely,

Jeffrey R. Beckham

heyk Bekham

Secretary
