

January 20, 2026

The Honorable Sean Scanlon
State Comptroller
165 Capitol Avenue
Hartford, Connecticut 06106

Dear Comptroller Scanlon:

Section 4-66 of the General Statutes requires that my office provide information on the state's General Fund for Fiscal Year 2026. An analysis of the Special Transportation Fund is also provided here due to the significance of this fund.

Notes:

1. BRF withdrawal excludes the remaining \$332.1 million reserve established in S.A. 25-1 of the November 2025 Special Session and includes the remaining \$1,487.5 million balance pursuant to Sec. 4-30a, CGS, which was deposited as additional contributions to the State Employees Retirement Fund and the Teachers' Retirement Fund and \$167.9 million that was transferred to the General Fund on December 18, 2025 pursuant to S.A. 25-1. Estimated deposits excludes forecast General Fund surplus as this will be transferred to the Early Childhood Education Endowment per P.A. 25-93.

2. STF Fund balance after anticipated transfer to reduce STO debt pursuant to P.A. 25-168, Sec. 389.

General Fund

The FY 2026 budget, adopted in P.A. 25-168, anticipated a \$309.1 million balance at year end – 1.3% of General Fund appropriations. We currently project a \$85.9 million surplus, down \$50.4 million from last month's forecast based on updated revenue and expenditures projections as discussed below.

Revenues

As a result of the January 15th consensus forecast, revenues have been revised downward by \$59.7 million in aggregate compared to our estimate last month. The biggest positive change is in the Sales and Use Tax, up \$67.0 million as the tax continues to outperform its target. Indian Gaming Payments have been revised upward by \$20.0 million and Transfers-Special Revenue have been revised upward by \$10.0 million as gaming revenue continues to improve. On the negative side, Refunds of Taxes has been adjusted upward by \$100 million to reflect higher than anticipated refunds, primarily in the Pass-through Entity Tax. The Corporation Tax has been revised downward by \$20.0 million, continuing its trend of underperformance for the year. The Public Service Tax has been revised downward by \$20.0 million primarily due to greater use of tax credits. All other changes net to a negative \$16.7 million.

Expenditures

We forecast that FY 2026 expenditures will, in aggregate, be \$342.7 million above the level anticipated in the adopted budget, inclusive of \$167.9 million in increased spending as a result of actions taken pursuant to S.A. 25-1 of the November Special Session. This month's estimate reflects a decrease of \$9.3 million compared to last month's forecast of projected agency spending as outlined below. A description of projected shortfalls and lapses follows.

Deficiencies: Shortfalls totaling \$188.9 million are forecast in the following agencies.

- State Comptroller. A net shortfall of \$275,000 is anticipated based on a shortfall of \$850,000 in the Other Expenses account which is partially offset by a \$575,000 lapse in Personal Services.
- Department of Emergency Services and Public Protection. A total shortfall of \$7.06 million is projected with \$7.0 million in the Personal Services account as a result of increased overtime costs and \$60,000 in the Connecticut Firefighter's Association account due to increased claims.
- Department of Labor. A \$1.4 million shortfall is anticipated in the Other Expenses account as a result of anticipated operating and IT consultant cost increases as well as required payments to FEMA.
- Department of Housing. A shortfall of \$14.5 million is projected in the Housing / Homeless Services account as a result of rent increases as well as cold weather funding which was not provided for in the budget.
- Department of Public Health. A net \$400,000 shortfall is forecast, with \$600,000 in the Other Expenses account primarily due to increases in the cost of lab supplies, utilities, and property management which is partially offset by a \$200,000 lapse in the Personal Services account.
- Department of Mental Health and Addiction Services. A net shortfall of \$6.3 million is anticipated, with \$6.0 million in the Personal Services account and \$1.3 million in Behavioral Health Medications due to rising medication costs and increased reliance on injectable treatments. Partially offsetting these shortfalls is a forecast lapse of \$960,000 in the Housing Supports and Services account.
- Department of Social Services. A net shortfall of \$92.85 million is forecast based on \$100.0 million in the Medicaid account as a result of continued utilization growth and higher than budgeted costs. In addition, shortfalls of \$6.3 million in Old Age Assistance, \$4.3 million in the Connecticut Home Care Program, \$3.4 million in Aid to the Disabled, and \$250,000 in Aid to the Blind are anticipated primarily due to higher costs per case than had been budgeted. These shortfalls are partially offset by projected lapses of \$16.5

million in Temporary Family Assistance, \$3.3 million in State Administered General Assistance, and \$1.6 million in the HUSKY B Program.

- Technical Education and Career System. A total shortfall of \$6.7 million is projected in the Other Expenses account as a result of increased contractual costs for special education, utilities, and consumables.
- Office of Early Childhood. A net shortfall of \$2.34 million is anticipated, with \$2.5 million forecast in the Birth to Three account as a result of increased caseload which is partially offset by a \$160,000 lapse in the 2Gen-TANF account.
- Department of Correction. A net shortfall of \$17.75 million is forecast, including \$4.0 million in the Personal Services account, \$11.0 million in the Other Expenses account, and \$6.0 million in the Inmate Medical Services account. Partially offsetting these amounts are forecast lapses of \$250,000 in the Board of Pardons and Paroles account and \$3.0 million in the Community Support Service account.
- Judicial Department. A \$2.53 million shortfall is projected in the Other Expenses account as a result of increased premises costs.
- State Comptroller – Miscellaneous. We estimate \$20.0 million in expenditures for Adjudicated Claims. No appropriation was made in the enacted budget for payment of these claims.
- Workers' Compensation Claims – DAS. A net shortfall of \$16.75 million is forecast, with higher than budgeted claim volume in the DMHAS, DESPP, DOC, DCF, UCHC, and statewide accounts, which are partially mitigated by projected lapses in the UConn and CSCU accounts.

Lapses: P.A. 25-168 included bottom-line savings targets totaling \$108.5 million. We project that aggregate lapses will total \$108.5 million, including \$37.1 million remaining in funds withheld from agencies as part of the rollout of the FY 2026 budget, \$20.0 million in budgeted unallocated lapse that is anticipated to be achieved over the remainder of the year, and \$51.4 million in additional lapses in agencies as identified below.

- Office of Legislative Management. A \$1.0 million lapse is projected in the Personal Services account.
- Secretary of the State. A \$600,000 lapse is projected in the Personal Services account.
- Elections Enforcement Commission. A \$350,000 lapse is projected as a result of lower than budgeted Personal Services expenditures.
- Department of Revenue Services. A \$1.5 million lapse is projected in the Personal Services account.
- Office of Governmental Accountability. A total lapse of \$575,000 is forecast based on \$100,000 in the Contracting Standards Board, \$175,000 in the Office of the Child Advocate, and \$300,000 in the Office of the Correctional Ombuds.
- Department of Administrative Services. A total of \$5.5 million is projected to lapse, with \$1.5 million in the Personal Services account and \$4.0 million in the State Insurance and Risk Management Operations account as a result of a recent decline in claim activity.
- Attorney General. A \$3.0 million lapse is projected in the Personal Services account.
- Military Department. A \$275,000 lapse is projected in the Personal Services account.
- Department of Consumer Protection. A \$600,000 lapse is projected in the Personal Services account.
- Department of Agriculture. A \$200,000 lapse is projected in the Personal Services account.
- Department of Education. A net lapse of \$4.71 million is anticipated based on \$250,000 in the Personal Services account, \$2.5 million in the Magnet School account, \$1.0 million in the Charter School account, and \$1.0 million in the Open Choice account as a result of updated enrollment data. Partially offsetting these lapses is a projected shortfall of \$38,000 in the Vocational Agriculture account.
- Teachers' Retirement Board. A total lapse of \$675,000 is projected with \$500,000 in the Municipal Retiree Health Insurance Costs account and \$175,000 in the Retiree Health Service Cost account.
- Public Defender Services Commission. A total lapse of \$1.1 million is forecast, with \$600,000 in the Personal Services account and \$500,000 in the Assigned Counsel – Criminal account.

- Debt Service – State Treasurer. A total lapse of \$8.5 million is forecast, with \$7.8 million in the Debt Service account based on results of the Fall GO sale which resulted in a slightly lower interest rate than assumed as well as savings due to refunding sales and \$721,991 in the Municipal Restructuring account as a result of the refunding of the Hartford restructuring debt.
- State Comptroller – Fringe Benefits. A net lapse of \$22.61 million is anticipated based on \$50.0 million in the Higher Education Alternative Retirement System account primarily due to a change in the accounting treatment for these expenditures; \$6.0 million in the Employers Social Security Tax account; \$8.0 million in the Other Post Employment Benefits account; and \$1.61 million across the Unemployment Compensation, Pensions and Retirements - Other Statutory, Insurance – Group Life, and SERS Defined Contributions Match accounts. These lapses are partially offset by a \$43.0 million shortfall in the State Employees Health Service Cost account.

Special Transportation Fund

The adopted budget, P.A. 25-168, anticipated a \$29.8 million balance from operations. We currently forecast an operating surplus of \$46.5 million, down \$3.8 million from last month's forecast as a result of updated expenditure projections as discussed below. We project that the Transportation Fund balance on June 30, 2026, will be \$458.9 million after transfers to reduce STO indebtedness totaling \$57.5 million pursuant to section 389 of P.A. 25-168.

Revenues

As a result of the January 15th consensus forecast, revenues have been revised downward by \$3.5 million in aggregate compared to our estimate last month. The largest change is in Motor Vehicle Receipts, down \$2.5 million, which is driven by a shift between fiscal years in the number of renewals of various motor vehicle related credentials. All other changes net to a negative \$1.0 million.

Expenditures

We forecast that net expenditures in the Special Transportation Fund will be \$400,000 below the level in the adopted budget as described below.

Deficiencies: Shortfalls totaling \$8.4 million are forecast in the following agencies:

- State Comptroller – Fringe Benefits. A net shortfall of \$7.93 million is forecast, with \$8.0 million in the State Employees Health Service account and \$600,000 in the Employers' Social Security Tax account which are partially offset by lapses totaling \$675,000 in the Unemployment Compensation, Other Post Employment Benefits, and SERS Defined Contribution Match accounts.
- Workers' Compensation Claims – DAS. A net shortfall of \$500,000 is forecast based on higher than anticipated claim volume.

Lapses: We project the following lapses, totaling \$20.9 million, will more than satisfy the budgeted \$12.0 million bottom-line savings target.

- Department of Administrative Services. A \$400,000 lapse is projected in the Personal Services account.
- Department of Motor Vehicles. A \$1.25 million lapse is projected in the Personal Services account.
- Debt Service – State Treasurer. A \$19.2 million lapse is projected in the Debt Service account due to refunding sales and updated debt service costs due to timing.

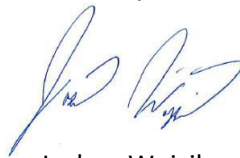

Budget Reserve Fund

Our forecast for the Budget Reserve Fund is depicted below. We project that, after transfers out of the fund and into the State Employees and Teachers' Retirement Systems totaling \$1.49 billion pursuant to the close-out of FY 2025, the balance will stand at \$4.83 billion: temporarily above the statutory 18% threshold as a result of S.A. 25-1 of the November 2025 Special Session, which established an appropriated \$500 million reserve for responding to federal actions affecting the state budget. We anticipate a volatility cap transfer of \$1.81 billion for FY 2026, which will result in a year-end balance, excluding any unspent portion of the S.A. 25-1 (Nov. Spec. Sess.) reserve, of \$6.14 billion, or 24.2% of FY 2027 enacted General Fund appropriations. Note that, pursuant to P.A. 25-93, any operating surplus will be transferred to the Early Childhood Education Endowment rather than the Budget Reserve Fund.

1. P.A.25-168. Note that CGS Sec. 2-33c limits appropriations to 98.75% of Special Transportation Fund revenue. As a result, \$28.9 million of the budgeted surplus is due to this limitation.

2. P.A. 25-168, Sec. 389 provides for the portion of the STF fund balance that exceeds 18% of current-year appropriations to be transferred to reduce STO indebtedness.

3. CGS Sec. 4-89 and other statutory provisions.
