

FINANCE ADVISORY COMMITTEE

AGENDA

April 14, 2022

Meeting – 1:30 P.M.

1. Minutes of the June 24, 2021 meeting.

2. New transactions as follows:

|         |   |                 |
|---------|---|-----------------|
| 2022-01 | Auditors of Public Accounts                               | \$ 125,000.00   |
| 2022-02 | Department of Administrative Services                     | \$5,096,105.00  |
| 2022-03 | Department of Criminal Justice                            | \$663,033.00    |
| 2022-04 | Department of Emergency Services and<br>Public Protection | \$650,000.00    |
| 2022-05 | Department of Mental Health and<br>Addiction Services     | \$16,700,000.00 |
| 2022-06 | Department of Transportation                              | \$ 9,213,739.00 |
| 2022-07 | Department of Education                                   | \$3,500,000.00  |
| 2022-08 | Judicial Department                                       | \$500,000.00    |

MINUTES OF THE MEETING OF THE FINANCE ADVISORY COMMITTEE  
June 24, 2021

**NOTE:** Due to the State's declaration of a public health emergency, out of an abundance of caution and in compliance with the State's social distancing measures and consistent with Executive Order 7B, the June Finance Advisory Committee meeting was conducted via teleconference. Executive Order 7B provides for procedures for public meetings in lieu of the provisions of chapter 14 of the general statutes for the duration of the declared public health emergency.

The executive order provides for public meetings to be held by conference call, video conference or other technology as long as:

1. the public has the ability to view or listen to each meeting or proceeding in real time, by telephone, video, or other technology;
2. any such meeting or proceeding is recorded or transcribed, and such recording or transcript shall be posted on the agency's website within seven (7) days of the meeting or proceeding, and made available within a reasonable time in the agency's office;
3. the required notice and agenda for each meeting or proceeding is posted on the agency's website and shall include information about how the meeting will be conducted and how the public can access it;
4. any materials relevant to matters on the agenda, including but not limited to materials related to specific applications, if applicable, shall be submitted to the agency a minimum of twenty four (24) hours prior and posted to the agency's website for public inspection prior to, during, and after the meeting, and any exhibits to be submitted by members of the public shall, to the extent feasible, also be submitted to the agency a minimum of twenty-four (24) hours prior to the meeting and posted to the agency's website for public inspection prior to, during, and after the meeting; and
5. all speakers taking part in any such meeting or proceeding shall clearly state their name and title, if applicable, before speaking on each occasion that they speak." (Ex. Order 7B, March 14, 2020).

The Lieutenant Governor and the Deputy Secretary of the Office of Policy and Management convened via Zoom. The viewing link was provided for the members of the public and CT-N live broadcasted the meeting. The remaining Finance Advisory Committee members and state agency representatives participated remotely by telephone and Zoom.

PRESENT: Lieutenant Governor Susan Bysiewicz  
Deputy Comptroller Martha Carlson  
Deputy Treasurer Darrell Hill  
Senator Catherine Osten  
Senator Craig Miner  
Representative Toni Walker  
Representative Catherine Abercrombie  
Representative Jeff Currey  
Representative Mike France  
Representative Lucy Dathan (alternate – non-voting capacity)  
Deputy Secretary Konstantinos Diamantis  
Office of Policy and Management, Finance Advisory Committee Clerk

Lieutenant Governor Bysiewicz called the meeting to order at 12:32 p.m.

The minutes of the May 6, 2021, meeting were adopted.

The following new transactions were considered by the committee:

2021-21 for the Office of the State Comptroller. Transfer of \$7,671,353 among various fringe benefit accounts to meet funding requirements through the remainder of the fiscal year.

Deputy Comptroller Martha Carlson explained the request is necessary because midterm budget adjustments were not adopted last year.

Senator Osten asked about costs for unfunded pension liability and the impact on open positions. Bob Gribbon, Director of Budget and Fiscal Analysis for the Office of the State Comptroller, provided information regarding the relationship between legacy pension costs and the process for recovering fringe benefit costs from various funds. Senator Osten and Deputy Comptroller Carlson further discussed continuing efforts to address the accounting method of recovering liability costs.

The item was unanimously approved.

2021-22 for the Department of Motor Vehicles. Transfer of \$5,000,000 from the Personal Services account to the Modernization Fund account to provide the resources needed to continue DMV's efforts to upgrade system capabilities and provide convenient options for Connecticut residents.

Senator Osten asked about the number of vacant positions and whether they are related to retirements. Commissioner Magubane responded that some vacancies are recent, but other positions have been open for a while. Senator Osten asked about the department's plans and timeline for filling vacancies. The Commissioner noted the intent to hire, and that the agency is actively working to prioritize hiring based on need. She committed to providing a hiring timeline to the Appropriations Committee.

Representative Dathan asked whether modernization costs could be covered from federal funds. Commissioner Magubane responded that some federal money will support modernization efforts, but the amount in this transfer is unrelated and will be used in accelerating updates to the newest modernization technology and work.

The item was unanimously approved.

2021-23 for the Department of Insurance. Transfer of \$141,000 from Fringe Benefits to Other Expenses to purchase IT equipment for continued telework and video conferencing.

Senator Osten asked whether fringe benefits costs could be disaggregated to show the portion associated with legacy pension costs. Ann Woznikaitis, Fiscal Administrative Supervisor, from the Insurance Department said she would follow up and provide that information.

The item was unanimously approved.

2021-24 for the Department of Mental Health and Addiction Services. Transfer of \$2,200,000 from Personal Services to the Workers' Compensation Claims and Professional Services accounts to meet end of year requirements.

Representative Abercrombie asked where the department stands with vacancies and what the largest areas of hiring need are currently. Commissioner Delphin-Rittmon responded that the agency is currently struggling to fill nurses, doctors, mental health assistants, and forensic treatment specialists. DMHAS CFO Stephen DiPietro added that mental health assistants are the largest vacancy area. Rep. Abercrombie asked which treatment location had the most vacancies. CFO DiPietro responded that the 24/7 facilities like Connecticut Valley Hospital, Whiting Forensic Hospital, and the Greater Bridgeport Community Mental Health Center had the largest number of vacancies.

Senator Osten asked about the number of current vacancies. Commissioner Delphin-Rittmon replied that DMHAS has 511 vacancies. Sen. Osten asked about the plans for filling those vacancies. The Commissioner responded that the DMHAS human resources staff are actively working to recruit for all of the open positions and that additional human resources staff are being sought to help support the agency's recruitment needs. Sen. Osten requested that DMHAS furnish information about the vacancies by job class and location as well as the plan for hiring.

The item was unanimously approved.

2021-25 for the Department of Social Services. Transfer of \$9,420,000 from the Medicaid, Old Age Assistance, Aid to the Blind, and Aid to the Disabled accounts to the Community Residential Services and Connecticut Children's Medical Center accounts to meet anticipated year-end funding requirements.

Representative Abercrombie asked whether this transfer keeps CCMC whole. Nick Venditto, Chief Financial Officer of the Department of Social Services, responded that CCMC has experienced financial difficulties related to the pandemic and that the \$7.5 million transfer amount is based on discussions with CCMC.

Senator Osten asked whether the State Supplement accounts received a COLA. Mr. Venditto responded that no COLA was provided in state fiscal year 2021. He clarified that the transfer from the State Supplement accounts was in the baseline budget and that, effective January 1, 2020, payment for community companion homes was transitioned to the Community Residential Services account. Since there were no midterm budget adjustments, there was no reallocation of funding to that account. Senator Osten asked whether the agency changed that payment structure without making a midterm adjustment. Mr. Venditto responded that payments are made through the Department of Developmental Services and that the reallocation to Community Residential Services was accounted for in the recently passed budget. Senator Osten commented that the Department could have asked for midterm adjustments and that these groups should have gotten COLAs. Paul Potamianos, Executive Budget Officer of the Office of Policy and Management, noted that this was recommended as a midterm adjustment but that no adjustments occurred due to the pandemic and that the funding change is in response to an IRS audit finding.

The Item was unanimously approved.

2021-26 for the Department of Education. Item was withdrawn and not discussed.

2021-27 for the Judicial Department. Transfer of \$1,149,202 from Personal Services to the Workers' Compensation account in order to meet end of year funding requirements.

Senator Osten asked about vacant positions and timing of hiring of new staff to address turnover. Elizabeth Graham, Executive Director of the Administrative Services Division at the Judicial Department,

responded the department has almost 3,500 positions filled. Senator Osten asked which job classes make up the vacancies. Ms. Graham responded that it is mostly the office clerk series, which provides direct support in the court rooms, court reporting monitors, as well as a large number of judicial marshals. Senator Osten asked if the department is actively seeking to fill those positions. Ms. Graham responded affirmatively, and noted that continuous recruitment for office clerks that has resulted in interviews taking place, with a hiring plan in place to bring on clerks over the next several months. She shared that the average filled level over the last ten years has been about 92%, and so Judicial is working toward increasing its filled count. Senator Osten requested that the department provide the number of positions open by job class and location and when the department anticipates all those positions will be filled. Ms. Graham committed to providing the requested information.

The item was unanimously approved.

2021-28 for the Department of Emergency Services and Public Protection. Fee approval pursuant to section 4-60u of the General Statutes to support extending electronic payment capability to a broader range of services provided by the agency.

Senator Osten asked if these fees were considered through the Finance, Revenue, and Bonding Committee for the upcoming budget and questioned why this transaction was being handled by the Finance Advisory Committee (FAC). Paul Potamianos, Executive Budget Officer for OPM, explained that 4-60u allows FAC approval of convenience fees for electronic government services and that such approvals have previously been considered by the FAC. The fee is not broadly applied so it wouldn't go through the Finance, Revenue, and Bonding Committee.

Senator Osten asked if the fee would be the same for credit and debit charges. Dane Silcox, Manager of Research & Planning, from DESPP stated that the fee would be the same for both forms of payment. Senator Osten asked what the anticipated revenue would be. Mr. Silcox responded that any fees collected would enable the agency to allow further online interactions, but other methods of payment will still exist. Paul Potamianos, Executive Budget Officer for the Office of Policy and Management, stated that it is contingent on how many people use the service and that the fee will help pay for the expansion of the electronic system. Senator Osten asked about application of the fee to debit card transactions. Mr. Silcox stated that the fee supports an organization called NIC, which has been providing services for DESPP since 2016 and was approved by the FAC at that time. The charge covers the cost of creating the electronic payment capability and payments collected electronically will be credited to the proper accounts. Senator Osten asked whether the contract was competitively bid, when it was last bid, and for a copy of the contract. Mr. Silcox stated that the agency is using the existing state contract. Paul Potamianos, Executive Budget Officer for the Office of Policy and Management, committed to providing information about the bid and contract to the committee members. (NOTE: On June 30, 2021, the following information was electronically mailed to members of the FAC, along with an attached copy of the contract):

*Dear FAC members, alternates and interested parties: At the June 24, 2021, meeting of the Finance Advisory Committee, during discussion of item 2021-28 for the Dept. of Emergency Services and Public Protection regarding a fee approval pursuant to CGS 4-60u, a member asked questions about the contract for the vendor performing the eGovernment services. The questions and answers are summarized below.*

1. *Please provide a copy of the contract.*
  - a. *The contract is publicly available on the DAS contracting portal and is attached here.*

2. *Was the contract competitively bid.*
  - a. *Yes, the contract was competitively bid via a Request For Proposals (RFP).*
3. *When was the last time the contract was competitively bid.*
  - a. *The contract that resulted from the competitively bid RFP was awarded on January 10, 2014, with a term through April 7, 2019. It was then extended through April 7, 2023, in accordance with the terms of the agreement.*
  - b. *The relevant contract language governing extension of the term of agreement is depicted below.*

#### **1. TERM OF AGREEMENT**

This Agreement shall become effective upon its approval as to form by the Office of the Attorney General of the State of Connecticut ("Effective Date"), as evidenced by its signature below, and shall commence as of the Commencement Date and continue for a period of three (3) years from the Commencement Date. DAS, in its sole discretion, may upon ninety (90) days written notice to Contractor, extend this Agreement for additional terms beyond the original term, prior to expiration or Termination, one or more times for a combined total period not to exceed the complete length of the original term. Notwithstanding the foregoing, if DAS elects to extend the Agreement, the extension term(s) shall be for a minimum of one (1) year.

This item was unanimously approved.

The meeting was adjourned at 1:30 p.m.

Respectfully submitted,

Konstantinos Diamantis, Clerk

**REASON FOR ADJUSTMENT**

The Auditors of Public Accounts (APA) recently ordered 130 new laptops for all of its staff. APA has not purchased new computers since 2017. APA received funding from a prior year carryforward to cover the costs of the new laptops & related equipment, but the carryforward was not enough to cover the additional cost of software. We have been advised that we also need to purchase both MS Office 365 and Adobe Acrobat Software. The latest versions of these softwares need to be purchased in order to be compatible with our mission critical electronic workpaper software, CCH. There may be other software licenses & maintenance fees expenses incurred also. Therefore we respectfully request a transfer from Personal Services (PS) to Other Expenses (OE) in the amount of \$125,000 to cover the cost of the software. There is surplus in PS to allow for this transfer due to the significant number of FY 22 retirements in senior staff. Thank you for your consideration of this transfer.

HARTFORD, CONNECTICUT 06106-1559

JOHN C. GERAGOSIAN

CLARK J. CHAPIN

### **Auditors of Public Accounts (APA) FAC Request**

The Auditors of Public Accounts (APA) is requesting a \$125,000 transfer from Personal Services to Other Expenses to purchase computers and software.

Our office has not purchased new computers since 2017. We recently ordered 130 new laptops for our employees. Prior to 2017, we leased computers through Legislative Management. Our computers require additional capacity to accommodate large data sets and interact with auditing software. Based on our specialized needs, it made more sense to buy new computers. This allowed us to acquire necessary technology while avoiding interest payments and other costs.

Many of our computers have broken down or have required repairs or modifications. Using 5-year-old computers has hampered our productivity because of the outdated technology.

Our office received a \$150,000 carryforward in last year's budget to cover the costs of the new laptops and related equipment. However, the carryforward was not sufficient to cover over \$100,000 in software costs. We must purchase updated versions of Microsoft Office 365 & Adobe software to be compatible with our mission critical electronic auditing system.

Our entire Other Expenses budget is \$272,000. The laptop and software purchases will cost approximately \$260,000. Therefore, we do not have enough Other Expenses funding to purchase the laptops and software and pay our regular operating costs. The additional \$125,000 will ensure that we can make these critical purchases.

We have funds in our Personal Services account due to the loss of several of our staff through retirements, departures, and unexpected unpaid leave balances.

Thank you for your consideration.

## MEMORANDUM

To: Jeffrey Beckham, Acting-Secretary of the Office of Policy & Management

From: Michelle Gilman, Commissioner of Administrative Services

Date: March 17, 2022

Re: Finance Advisory Committee: transfer of funds

---

The Department of Administrative Services (DAS) is requesting a transfer of \$5,096,104.49 from the Workers' Compensation (WC) SID accounts of the Board of Regents (BOR), the Department of Children and Families (DCF), the Department of Developmental Services (DDS), the Department of Emergency Services and Public Protection (DESPP), and General Government (GG) that are projecting surpluses. DAS requires these funds to cover a \$5,096,104.49 projected shortfall in the Department of Corrections (DOC) and the Department of Mental Health and Addiction Services (DMHAS) accounts. The WC claims account is provided funding through a central account to pay Workers' Compensation claims for all state agencies, except Judicial.

The Workers' Compensation claims shortfall in DOC and DMHAS are based on projected and estimated claim expenditures. This year's higher costs are the result of several factors involving work-related injuries that include: rising medical claim costs from orthopedic surgery, doctor visits, physical therapy, hospital outpatient care, covid care, and increased costs associated with indemnity benefits such as wage replacement benefits.

If approved by the Finance Advisory Committee, DAS can cover the Workers' Compensation claims shortfall by transferring \$5,096,104.49 from surplus WC SID accounts that are projecting a surplus within the central account. The surplus funding from BOR, DCF, DDS, DESPP and GG workers' compensation accounts are projected to be available as a result of a decrease in claim counts and expenditures stemming from injuries involving the following claim types: motor vehicle accidents, exertion, assault/restraints, and claims categorized as struck by or against, slip trip and falls. A decrease in overall claim counts has subsequently reduced indemnity and medical expenditures resulting in a surplus for these agencies.

## **Division of Criminal Justice FAC Transfer Request 2022-5 (addendum to B-107)**

### **I. General Fund**

The SID Accounts expected to lapse appropriation levels and reasons for same are:

#### **10010 (Personal Services)**

Expected savings in Personal Services, SID 10010 - Retirements, transfers, turnover, delays in filling positions, especially prosecutor positions which require action by the Criminal Justice Commission. Also, delays due to back-filling vacant positions due to senior level vacant positions being filled with junior level employees and then backfilling those vacancies. Staffing of the newly established Office of the Inspector General is also still in process.

The SID Accounts expected to exceed appropriation levels and reasons for same are:

#### **10020 (Other Expenditures)**

Other Expenditures was higher than expected during Q3 due to an annual software license expense that was previously rolled in with project expenses. Due to substantial go-live status of this project it was necessary to pay for this license out of operating expense. In addition, while the hiring of the OIG is ongoing, office set up expenses were incurred. This included modular office space, repair and clean-up of facility chosen for the temporary office space such as driveway repair, painting, carpet cleaning.

#### **12069 (Witness Protection)**

Expert Witness Program funding needs vary from year to year based on the number of arrests and types of cases during the year. Utilization of this program during FY22 has been higher than expected.

#### **12537 (Cold Case Unit)**

The unit has experienced some turnover in recent years, and at the end of Fiscal Year 2020 DCJ has filled these vacancies with more senior employees, with higher salaries, causing expenses to exceed appropriations in FY 2021. These adjustments were not made for the current budget (FY22 – FY23) resulting in a need for funding from PS again this year.

#### **12538 (Shooting Task Force Unit)**

The unit has experienced some turnover in recent years, and at the end of Fiscal Year 2020 DCJ filled these vacancies with more senior employees, with higher salaries, causing expenses to exceed appropriations in FY 2021. The required adjustments were not made for the current budget (FY22 – FY23) resulting in a need for funding from PS again this year.

PROPOSED ITEMS FOR APPROVAL  
 BY THE FINANCE ADVISORY COMMITTEE (FAC)  
 April 7, 2022

The Department of Mental Health and Addiction Services (DMHAS) requests approval of transfers totaling \$16.7 million to cover projected shortfalls in the following accounts:

- \$9,100,000 in the Other Expense account (SID 10020)
- \$5,700,000 in the Professional Services account (SID 12207)
- \$1,900,000 in Grants for Substance Abuse Services (SID 16003)

The \$9.1 million shortfall in the Other Expenses account (SID 10020) is primarily due to increasing facility maintenance costs, increases in our food procurement contracts, cleaning services and compliance with *AAC Policy Accountability* to purchase body cameras for the DMHAS police force. Additional contributing factors to the shortfall are due to new Cannabis Media Campaign and the Medicaid 1115 Waiver for Substance Use Disorders (SUD) that were not previously budgeted for but can be financed with this FAC.

The \$5.7 million shortfall in the Professional Services account (SID 12207) is attributed to increased use of contracted medical services including contracted psychiatrists and nurses as we continue to face recruitment challenges. Increased utilization and costs for interpreter services are also contributing to this shortfall.

The \$1.9 million projected shortfall in the Grants for Substance Abuse Services account (SID 16003) reflects the anticipated additional costs related to the implementation of the SUD Initiative. Additional grants to nonprofit providers support their efforts to meet requirements of the American Society of Addiction Medicine and allow unentitled members with opioid disorders to have access to the full continuum of care.

The projected surplus of \$12.5 million in the Personal Services account (SID 10010) is primarily due to delays in filling vacant positions.

A projected surplus of \$1.7 million in the General Assistance Managed Care account (SID 12220) is due to lower Behavioral Health Recovery Program costs related to the implementation of the SUD Initiative. Currently, the Husky D SUD residential programs are fully state funded from this account. DMHAS is anticipating a May 1<sup>st</sup> start date for these services to be reimbursed under Medicaid, therefore funded out of the Medicaid account at the Department of Social Services.

A projected surplus of \$2.5 million in the Home and Community Based Services account (SID 12444) is the result of fewer than budgeted referrals and placements due to the pandemic.

**Summary of Transfer:**

| SID Description                     | SID   | Amount                |
|-------------------------------------|-------|-----------------------|
| <b>Transfer Funds From:</b>         |       |                       |
| Personal Services                   | 10010 | (\$12,500,000)        |
| General Assistance Managed Care     | 12220 | (\$1,700,000)         |
| Home & Community Based Services     | 12444 | (\$2,500,000)         |
| <b>Subtotal</b>                     |       | <b>(\$16,700,000)</b> |
| <b>To Address Shortfalls In:</b>    |       |                       |
| Other Expenses                      | 10020 | \$9,100,000           |
| Professional Services               | 12207 | \$5,700,000           |
| Grants for Substance Abuse Services | 16003 | \$1,900,000           |
| <b>Subtotal</b>                     |       | <b>\$16,700,000</b>   |

**Finance Advisory Committee Meeting**

**April 7, 2022**

**DOT 19428**

The Department of Transportation (Department) requests the transfer of funds between its appropriations as detailed below.

Transfer from:

| <u>FUND - SID</u> | <u>Appropriation Title</u> | <u>Transfer Amount</u> |
|-------------------|----------------------------|------------------------|
| 12001-10010       | Personal Services          | \$ ( 9,213,739)        |
|                   | Total                      | \$ ( 9,213,739)        |

Transfers to:

|             |                |              |
|-------------|----------------|--------------|
| 12001-10020 | Other Expenses | \$ 8,541,000 |
| 12001-10050 | Equipment      | \$ 672,739   |
|             | Total          | \$ 9,213,739 |

Funds are available in the **Personal Services** appropriation due to budget savings from delays in the refill of vacant positions.

The transfer to **Other Expenses** is required to cover a projected shortfall. The majority of expenditures in this account (about 94%) are non-discretionary. While we continually monitor and restrict purchases to only the most essential, an overall deficit in this appropriation has become unavoidable due to higher-than-budgeted expenses projected in several line items including Highway/Electrical Supplies; Fleet/Equipment Repair; Motor Vehicle Fuel, IT expenses, and Premises cleaning services and supplies.

| <b>Other Expenses - shortfall projection details</b> |  |
|--|--|
| as of <b>2/28/2022</b>                               |  |
| amount   | Description  |
| (\$371,366)  | IT Consultant Services, IT Hardware maintenance and support, and IT licenses |
| (\$4,364,683)  | Highway/Electrical commodities   |
| (\$1,958,081)  | DOT Fleet/Equipment Repair   |
| (\$135,207)  | Premises cleaning/supplies <i>(COVID response exp + PO's to date)</i>        |
| (\$1,711,662)  | MV Fuel <i>(assumes price per gallon stays same as March 10)</i>             |
| <b>\$ (8,541,000)</b>                                | <b>Total projected OE shortfall</b>  |

The transfer of \$672,739 to the **Equipment** account is needed to fund the purchase of critical information technology equipment for 206 additional staff being hired to support the impending capital program growth of the agency due to passage of federal Infrastructure Investment and Jobs Act (IIJA).

The Department's annual Equipment appropriation of \$1.3 million provides funding not only for Department-wide technology purchases, but also for other items essential to Department operations including: lab equipment for Materials Testing; Survey and Photolog vehicles and equipment; and also pickup trucks and other equipment for Materials Management, Facilities Services, Traffic Monitoring, Roadway Inventory, Environmental Planning, and Bridge Safety. Annual purchases are prioritized within available funding.

**REASON FOR ADJUSTMENT**

The Department of Education, on behalf of the CT Technical Education and Career System requests a transfer of \$3,500,000 from the Reg. Voc. Tech. School System Account to the Tech. High School Other Expenses Account. These funds will help cover a \$2.5 million increase in utility costs over FY 2022, additional operational costs at the school level including support for afterschool activities and increased contractual costs. This \$3,500,000 transfer is requested from funds that are available due to delays in hiring.

# Memorandum

**To:** Paul Potamianos, Deputy Secretary  
Greg Messner, Assistant Executive Budget Officer  
Holly Williams, Fiscal and Program Policy Section Director

**From:** Peter Hopko, Budget Analyst

**Date:** March 28, 2022

**Re:** State Department of Education – Finance Advisory Committee Action Request for April 2021

**Request:**

CTECs through SDE is requesting to transfer \$3,500,000 from the Regional Vocational Technical School Account to the Technical High School Other Expenses Account.

**Background:**

CTECs is projecting a deficiency of approximately \$3.5 million in their Other Expenses Account due to increased cost of utilities and other increased contractual costs.

The funding necessary to cover the deficiency is available through a combination of approximately \$2.3 million in lapsing funds due to delays in hiring in the CTECs system, and approximately \$1.9 million in funds that are currently being held-back in the Regional Vocational Technical School Account. CTECs is requesting \$1.5 million of the holdback be released, and to transfer these funds along with \$2 million in lapsing funds to the CTEC's other expenses account, for a total transfer of \$3.5 million.

**Recommendation: Approve with Modifications**

This transfer can be made without causing the Regional Vocational Technical Account to be deficient, although CTECs could require a RSA transfer to meet FY 2022 costs of recent collective bargaining agreements. Failure to make this transfer will prevent CTECs from covering current utility invoices and could disrupt daily operations at CTECs. Recommend approving.

**REASON FOR ADJUSTMENT**

Please see attached addendum to B-107 Request 2022-1 to move 500,000.00 in carryforward funding from Personal Services to Other Expenses to hire IT consultants for the purpose of upgrading agency software to accommodate automatic erasure for certain crimes in accordance with Section 308 of PA 21-2 JSS.
