MINUTES OF THE MEETING
OF THE FINANCE ADVISORY COMMITTEE

Held in Room 1E at the Legislative Office Building, on May 7, 2015

PRESENT: Lieutenant Governor Nancy Wyman
Deputy Comptroller Martha Carlson
Deputy Treasurer Christine Shaw
Senator Beth Bye
Senator Robert Kane
Representative Toni Walker
Representative Melissa Ziobron
Deputy Secretary Susan Weisselberg
Office of Policy and Management, Finance Advisory Committee Clerk

Lieutenant Governor Wyman called the meeting to order at 1:00 p.m.

The minutes of the April 2, 2015 meeting were adopted.

The following new transactions were considered by the committee:

FAC 2015-07 - Department of Administrative Services. Transfer of \$1,532,625 from the Personal Services and Rents and Moving accounts to the State Insurance and Risk Management account to cover claim settlements.

The item was unanimously passed.

FAC 2015-08 - Department of Motor Vehicles. Transfer of \$635,000 from the Personal Services account to the Other Expenses account to cover an insurance deductible and costs to implement the driver-only program.

Senator Kane asked about the \$500,000 driver-only program component of the transfer. Allyson Bruce, Chief Fiscal and Administrative Officer for the agency, answered that this sum would enable modification of the licensing and online testing system to support the driver-only program. Sen. Kane asked why the expense was not budgeted, and Ms. Bruce responded that the expense was anticipated and that the agency planned for the FAC transfer accordingly.

With regard to the balance of the transfer amount, Representative Walker asked about the insurance deductible costs and the estimated cost of the recent water main break at the agency's Wethersfield location. Ms. Bruce responded that the cost is anticipated to be \$1.1 million. Rep. Walker asked whether the cost would be covered through the Insurance and Risk Management account; Ms. Bruce responded that the deductible was not covered by Insurance and Risk Management.

The item passed, with Senator Kane and Representative Ziobron voting no.

FAC 2015-09 – Department of Insurance. Transfer of \$127,500 from the Personal Services account to the Other Expenses account to support operating expenses through the end of the fiscal year.

Representative Ziobron asked whether the property tax component of the transaction was covered under the agency's lease. Deputy Commissioner Thompson noted that the terms of the lease require the agency to pay a share of the property taxes.

The item was unanimously passed.

FAC 2015-10 – Department of Agriculture. Transfer of \$300,000 from the Personal Services account to Other Expenses to cover unexpected animal care costs.

Representative Ziobron asked about the reasons for the shortfall. Commissioner Reviczky explained the circumstances that led to the overrun. A discussion of the health of the animals and the plan for their disposition followed.

Representative Ziobron asked whether this transaction would impact the agency's ability to meet payroll. The Commissioner responded that the agency would not need additional funding, and the Lieutenant Governor clarified that the deficiency bill would be updated to reflect a shift of the shortfall from Other Expenses to Personal Services after this transfer.

The item passed, with Representative Ziobron voting no.

FAC 2015-11 – Office of the Chief Medical Examiner. Transfer of \$103,650 from the Personal Services account to the Other Expenses account to cover increased costs of autopsies and examinations.

The item was unanimously passed.

FAC 2015-12 – Department of Mental Health and Addiction Services. Transfer of \$4,000,000 from the TBI Community Services and Home and Community Based Services accounts to the Workers' Compensation Claims, Professional Services and Other Expenses accounts to cover various operating needs.

In response to a question from Senator Kane regarding the TBI Community Services account, Paul DiLeo, the agency's Chief Operating Officer, explained that the surplus was attributable to a higher number of individuals transitioning to waiver services than expected. Senator Kane asked for clarification as to whether there was still a waiting list. Mr. DiLeo responded that he would need to follow up.

Senator Kane also asked for information about increased security costs. Mr. DiLeo replied that front door security improvements were made at several facilities, including metal detectors at the Greater Bridgeport Mental Health Center and cameras at Connecticut Valley Hospital.

Senator Bye asked for a clarification of Professional Services funding and the role of psychiatrists. Mr. DiLeo explained that psychiatrists serve as DMHAS facility chief clinical officers with the primary responsibility of prescribing. He further described the departments' challenges in recruiting psychiatrists, which forces the agency to depend on the costly alternative of locum tenens and thus the shortfall that is the subject of this transfer. Mr. DiLeo described the agency's efforts to hire psychiatrists in hopes of decreasing dependence on locum tenens. Senator Bye asked whether these costs were for direct care. Mr. DiLeo confirmed they are, specifically for DMHAS-run facilities.

Representative Walker asked whether there was any connection to last year's shift to fee for service and corresponding reduction of grants. Mr. DiLeo explained that there was no overlap except insofar as the pool of available psychiatrists is finite. Representative Walker asked whether the shortfall would need to be addressed in the FY 2016-2017 budget. Mr. DiLeo noted that based on the hiring trend, the burden to the Professional Services account will be reduced as the agency decreases its dependence on locum tenens.

The item passed, with Senator Kane voting no.

FAC 2015-13 – Department of Transportation. Transfer of \$1,000,000 from the Bus Operations account to the Other Expenses account to cover winter weather costs not addressed through previous FAC action.

Representative Ziobron asked about the surplus in Bus Operations. Robert Card, Bureau Chief of Finance and Administration, noted that the surplus was a result of generally favorable trends and were not the result of any service or operating reductions.

The item was unanimously passed.

FAC 2015-14 – Department of Social Services. Transfer of \$4,300,000 from the Aid to the Disabled and Temporary Assistance to Families accounts to the State Administered General Assistance account to cover enrollment-related costs.

Representative Ziobron noted that Temporary Family Assistance (TFA) enrollment is dropping but State Administered General Assistance (SAGA) enrollment is rising, and asked whether fewer people are in need of temporary assistance and more need permanent assistance. Michael Gilbert, Chief Fiscal Officer, responded that TFA and SAGA are two distinct programs with two different populations.

Representative Walker inquired whether the decline in TFA-eligible clients was the result of long wait times and application processing delays rather than actual caseload declines. Mr. Gilbert responded that TFA pending cases are very low and the wait times are not a contributor to the lower caseload. Representative Walker asked why SAGA caseloads are increasing. Mr. Gilbert noted that SAGA caseloads have been increasing over the last few years, perhaps

because the HUSKY D program is drawing more applicants into the system who may have not had connections to DSS before.

The item was unanimously passed.

The meeting was adjourned at 1:31 p.m.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Susan Weisselberg", written in black ink.

General Fund
June 11, 2015

We are requesting to transfer funds within our Miscellaneous Fringe Benefit Accounts due to a deficiency in the Retiree Healthcare Account.

General Fund:

We request to transfer a total of \$13,000,000 from the following accounts:

- \$2,900,000: Unemployment Compensation: The Unemployment has a surplus due to lower than anticipated unemployment claims
- \$9,400,000: Higher Ed Alternate Retirement (ARP): ARP has a surplus due to a lower enrollment in the plan. The appropriation reflects the current needs.
- \$100,000: Pension & Retirement – Other Statutory: Other pensions has a surplus due to a decrease in enrollment
- \$600,000: Group Life: Costs were lower than expected

We are requesting to transfer to the following accounts:

\$13,000,000 Retiree Healthcare Account

The retiree healthcare account has a deficit due to the following reasons:

1. We did not receive the full amount requested in FY 2015. Although the DOC retiree numbers were not as high as expected, there was still an increase in retirees
2. Prescription Drug costs were higher than expected
3. EGWP subsidies from the federal government were lower than expected

Financial Advisory Committee (FAC) Transfer Request for FY 2015
Transportation Fund
June 11, 2015

We are requesting to transfer funds within our Miscellaneous Fringe Benefit Accounts due to a deficiency in the Active Healthcare Account.

Transportation Fund:

We request to transfer a total of \$660,000 from the following accounts:

\$15,000 Group Life: The group life account has a surplus due to lower than anticipated costs

\$645,000 Social Security: The Social Security has a surplus due to hiring delays

We are requesting to transfer to following account:

\$660,000 Active Healthcare

The deficit in the Active Healthcare account in the Transportation Fund is due in large part to the severe winter. The increased overtime funds expended for DOT employees and the shift of employees from other funds to the transportation fund for snow removal resulted in a higher than anticipated spend in Fringe Benefit costs. In addition to the \$660,000, we are requesting \$2,340,000 in the deficiency bill.

---	--	---

Pursuant to Connecticut General Statutes, Section 4-60u, the Department of Emergency Services and Public Protection (DESPP) respectfully requests the Finance Advisory Committee (FAC) approve vendor fees for payment processing of Long Term Care Health Facilities' (LTC) requests for pre-employment finger-print supported, state and national criminal history records check ("background checks"). Pursuant to Connecticut General Statute Section 19a-491c, each LTC is required to obtain a pre-employment background check, prior to extending an offer of employment to, or entering into a contract for, the provision of long-term care services with any individual who will have direct access to a patient or resident of a long-term care facility as defined in the statute. Connecticut General Statute, Section 19a-491c authorizes the Department of Public Health DPH to prescribe the manner by which ..."individuals submit to the state and national criminal history records checks", including requiring DESPP to report the results of such checks to DPH.

The vendor will charge a 3% fee for each background check transaction. The proposed fee structure is broken down as follows:

- Fee to DESPP for background check: \$79.75, comprised of a \$15.00 fingerprint collection fee; \$50.00 state criminal history record search fee; and \$14.75 FBI national criminal history record search fee. The FBI fee is lower for volunteer applicants, currently \$13.50, the \$15.00 fingerprint collection fee and \$50.00 state criminal history record search fee remain the same. The total fee for volunteer applicants is \$78.50. Note: Federal fee subject to FBI adjustment.

Vendor will charge LTC a 3% fee for each background check completed. In exchange for its 3% fee, the vendor will provide an electronic, online secure payment processing system allowing LTCs to pay for background checks via credit card or ACH payments. The payment processing service will allow LTCs the ability to setup a payment account in advance and select their preferred method of payment. The payment processing system will interface with DPH's existing Applicant Background Check Management System (ABCMS) provided to LTCs. After receiving its 3% fee, the balance of the funds will be processed by the vendor and transferred and deposited into the appropriate DESPP accounts.

Projected transactions: 1250 per month.

Background

Public Act 12-2 of the June 2014 special session added language to C.G.S. Section 4-60u that allows the Secretary of Office of Policy and Management (OPM) to “authorize any state agency to enter into agreements with private and nonprofit entities to facilitate the public’s utilization of government services and programs electronically.” This language authorizes self-funding models to improve government programs and services through information technology advancements. Under this authority, OPM authorized the Department of Administrative Services to enter into a competitive bidding process for a vendor to provide eGovernment services to the executive branch.

Under the self-funded model, which is used by more than 25 states to fund eGovernment programs, a vendor derives revenues through the collection of administrative fees assessed on certain high-volume transactions conducted on a state’s web portal aimed primarily at business users who are willing to pay a small additional fee for expedited and enhanced online customer service.

FAC approval of the 3% service fee proposed herein will allow the vendor to create an electronic payment service to facilitate eGovernment services to Connecticut, including customer service support with respect to LTC payments for background checks required under Connecticut General Statutes, Section 19a-491c.

It is anticipated that the vendor’s electronic payment portal for fingerprint-based criminal history record checks will result in significant efficiencies in such transactions. In the absence of an electronic payment portal, LTCs would either require individuals to personally pay for such pre-employment background checks or require that LTCs provide applicants with business checks (or cash) to submit at the time of fingerprinting, neither alternative presents a viable solution. The cost of fingerprint-based background searches, for example, would likely present a significant barrier to applicants entering the workforce. Also, both LTCs and DESPP would likely experience cumbersome logistical issues were LTCs to provide applicants with business checks (or cash) to submit to fingerprint processing technicians for payment. For example, instances of applicants not “showing” for fingerprinting as well as account tracking/refunds/customer service questions, etc., would prove inefficient, confusing and costly to both DESPP and LTCs.

REASON FOR ADJUSTMENT

The Department of Labor is requesting approval to transfer \$66,000 from Fund 11000 SID 12576 "Veteran's Opportunity Pilot" to Fund 11000 SID 10020 "Other Expenses" in order to cover the anticipated operational needs of the Agency for the remainder of the current fiscal year. The requested transfer of funds to the "Other Expenses" account are available from the "Veterans Opportunity Pilot" because this pilot program was newly appropriated in FY 2015 and incurred hiring and start up delays which generated budgetary savings. The funds transferred to "Other Expenses" will be used to fully fund Board Member Fees for the Board of Mediation and Arbitration and the Board of Labor Relations. The transfer will also provide assurance that the agency will be able to meet all of its end of the year obligations for utilities and other recurring expenses. Transfer excess FY15 Veteran's Opportunity Pilot Funding to Other Expenses to cover OE Deficit pursuant to CGS 4-87(a).

Meeting June 11, 2015**

The Department of Developmental Services requests the transfer of \$7,882,000 from several accounts to cover shortfalls in the Early Intervention and Community Residential Services accounts.

Personal Services (10010) – \$3.5 million is available in the Personal Services account due to retirements and other separations of staff, as well as delays in refilling certain positions. The transfer amount is above and beyond the Personal Services holdback of \$2,208,244 and rescissions totaling \$5,340,000.

Other Expenses (10020) – \$350,000 is available in the Other Expenses account largely due to managed reductions across a variety of areas including maintenance and repairs at state-owned facilities, supplies, IT and legal costs. The transfer amount is above and beyond the Other Expenses holdback of \$79,286 and rescissions totaling \$1,099,704.

Clinical Services (12185) – \$356,000 is available in the Clinical Services account through reduced reliance on pool nursing services. Those funds have been redirected towards improved clinical supports for individuals who have significant behavioral needs. The net effect of these changes allow the department to achieve the rescission of \$215,036 as well as the requested transfer amount.

Autism Services (12340) – \$640,000 is available in the Autism Services account due to the prolonged ramp-up period for the Early Childhood Autism Waiver (services for high needs three and four year-olds). The transfer amount is above and beyond the rescission of \$131,876.

Supplemental Payments for Medical Services (12521) – \$125,000 is available in the Supplemental Payments for Medical Services account due to a declining residential census at Southbury Training School. The transfer amount is net above and beyond the rescissions totaling \$263,905.

Employment Opportunities & Day Services (16108) – Funding of \$2.9 million is available in the Employment Opportunities & Day Services account. Day providers are reimbursed based on the actual attendance of the people they support. Additionally, savings are attributable to changes in a person's medical, behavioral or living situation. The transfer amount is beyond the rescissions totaling \$5.0 million.

The amounts are being transferred to cover the following needs:

Early Intervention (12192) – \$2.9 million is necessary to support a 3.4% enrollment beyond the 2014 level and higher than anticipated individuals with autism spectrum disorder diagnoses resulting in higher direct service units and supplemental service costs for children in need of intensive services. In addition, there has been an increase in the number of Medicaid eligible children (from 50% in FY 2014 to over 60% in FY 2015) resulting in a reduction of commercial insurance receipts that offset program costs.

Community Residential Services (16122) – A transfer of \$4,982,000 is necessary to cover the shortfalls in the Community Residential Services account resulting from a variety of reasons. Prior year actions to address funding reductions were addressed with one time savings efforts instead of addressing structural issues. Additional shortfalls have resulted from ongoing emergency placements.

The Department of Transportation (Department) requires the transfer of \$2,153,300 to its ADA Para-Transit Program appropriation, from the Department's Bus Operations Appropriation to cover operating requirements for the remainder of the fiscal year.

The transfer of funding to the **ADA Para-Transit Program** is required to address a shortfall in this mandated program, where monthly expenditures for the remainder of the year are projected to exceed budgeted amounts.

Funds are available in the **Bus Operations** appropriations due to the recent approval of Federal Congestion Mitigation and Air Quality Improvement (CMAQ) funds to offset *CTfastrak* operations.

Department of Transportation
Explanation of Finance Advisory Committee Item 2015-21

The Mianus River at Cos Cob Harbor in Greenwich has federal boating/shipping channels under the jurisdiction of the U.S. Army Corps of Engineers (USACE); which is responsible for maintenance dredging of this river channel. Historically, USACE dredging is funded through Congressional appropriations; sometimes with contributions from the affected municipalities.

When the Department of Transportation (Department) determines that the Mianus River is in need of maintenance dredging and no federal money is available to fully fund the dredging project, the Department seeks State bond authorization from the General Assembly, and, if obtained, allocation and bond authorization is sought from the State Bond Commission. Here, State funding was made available through Public Act 11-57, Section 32(f) and Public Act 13-239, Section 32(f) (Attachment 1). On March 13, 2013, and May 11, 2015, the State Bond Commission approved the request by the Department for \$3,000,000.00 for dredging the Mianus River at Cos Cob Harbor in Greenwich (Attachment 2).

It is in the State's best interest for this channel to be maintained, and, where, as here, federal money is not available to fund or fully fund maintenance dredging projects, such projects would not proceed without State funding.

In order for the Department to pass the State funding to the USACE, such that the USACE will commence the work, the USACE requires the Department to enter into a Memorandum of Agreement (MOA) with the USACE that covers each project. The MOAs are virtually non-negotiable, with the USACE providing the required language.

Included in the MOAs is a USACE-required indemnification provision whereby the Department agrees to "hold and save the [Federal] Government free from all damages arising from the Maintenance Work, except for damages due to the fault or negligence of the [Federal] Government or its contractors." The Department's ability to so agree to indemnify the federal government is dependent on the Governor, with the approval of the Finance Advisory Committee, signing an "assurance"; generally to the effect that the State will hold the United States harmless. The statutory ability for the Governor to do so is set forth in § 25-83 of the Connecticut General Statutes, which provides:

The Governor, with the approval of the Finance Advisory Committee, is authorized to give assurances that the state will hold and save the United States free from claims or damages resulting from any project or system for the improvement of navigation of any harbor or river or for the protection of life and property against damage by floods, erosion or tidal flooding, including all claims and damages resulting from any reconstruction, repair or maintenance of any such improvement or protection project or system, and to enter into an agreement with the federal government for such purpose. (Attachment 3).

The Assurance under consideration for your approval is pursuant to this statutory requirement. (Attachment 4).

After review and discussion of the documents so filed and submitted and upon motion duly made, seconded and carried, the Commission adopted the resolution as follows:

RESOLUTION OF THE STATE BOND COMMISSION AUTHORIZING \$21,350,000 BONDS OF THE STATE OF CONNECTICUT PURSUANT TO SECTION 32 OF PUBLIC ACT NO. 11-57 OF THE GENERAL ASSEMBLY OF THE STATE OF CONNECTICUT, JANUARY 2011 SESSION, AS AMENDED

The State Bond Commission of the State of Connecticut, existing under and by virtue of Section 3-20 of the General Statutes of Connecticut and consisting of the Governor, the Treasurer, the Comptroller, the Attorney General, the Secretary of the Office of Policy and Management, the Commissioner of the Department of Construction Services and the Co-chairpersons and the ranking minority members of the Joint Standing Committee on Finance, Revenue and Bonding of the General Assembly of the State,

DOES HEREBY FIND THAT there has been filed with the State Bond Commission one or more requests by or on behalf of the Secretary of the Office of Policy and Management of the State of Connecticut for the authorization of the bonds hereinafter mentioned, which request is dated March 13, 2013, and entitled "Request No. 2 to the State Bond Commission Pursuant to Section 34 of Public Act No. 11-57 of the General Assembly of the State of Connecticut, January 2011 Session, as amended, for Authorization of \$21,350,000 Bonds of the State for Purposes Described in Section 32 of said Act";

THAT said request is signed by or on behalf of the Secretary of the Office of Policy and Management or by or on behalf of an officer, department, or agency referred to in the Act, and all such terms and conditions as the State Bond Commission requires are stated therein and the request or requests are in all other respects sufficient for authorization of bonds of the State under or pursuant to Section 32 of Public Act No. 11-57 of the General Assembly of the State of Connecticut, January 2011 Session, as amended; INCLUDING THAT the agenda of the State Bond Commission meeting was made available to the members of the Commission on March 6, 2013, which was not later than five (5) business days prior to the meeting and in accordance with § 3-20(g)(2) of the Connecticut General Statutes. The agenda, or supporting documents thereto, included a reference to Public Act No. 11-57, which is the source of any funds to be used for such project or purpose on such agenda, including any contingency funds and any reuse or reallocation of funds previously approved for any other use or project, as the source of funds to be used for the project or purpose described in such Item of the agenda, as well as, if applicable, the notations of any outside sources of funds received;

THAT, there has been filed with the State Bond Commission all other documents required by subsection (g) of Section 3-20 of the General Statutes of Connecticut or by the State Bond Commission, including any human services facility colocation statement, to be filed with the Secretary of the Office of Policy and Management, if so requested by the Secretary, pursuant to Section 4b-23, as amended, of the General Statutes of Connecticut, any statement from the Commissioner of Agriculture pursuant to Section 22-6 of the General Statutes of Connecticut for projects which would convert twenty-five acres or more of prime farmland to a non-agricultural use, any capital development impact statement required to be filed with the Secretary of the Office of Policy and Management, if so required by the Secretary, pursuant to Section 4b-23, as amended of the General Statutes of Connecticut, a statement as to the full cost of the project or purpose when completed and the estimated operating cost for any structure, equipment or facility to be constructed or acquired, and any advisory statement regarding the State Conservation and Development Policies Plan required by Section 16a-31 of the General Statutes; and THAT the authorization of such bonds will be in the best interests of the State; and

DOES HEREBY DIRECT THAT all federal, private and other moneys now available or hereafter to be made available for costs in connection with the project or purpose described and identified in said request by or on behalf of the Secretary of the Office of Policy and Management shall be added to the State moneys available or becoming available under said Act for such project and be used for such project as if constituting such State moneys; and

DOES HEREBY RESOLVE THAT:

Section 1. The amount of General State Purposes Bonds (2011 Act) authorized to be issued pursuant to Section 32 of Public Act No. 11-57 of the January 2011 Session, of the General Assembly of the State of Connecticut, as amended, is hereby increased by \$21,350,000 in order to provide funds for the purpose and project described in the request submitted by or on behalf of the Secretary of the Office of Policy and Management and entitled "Request No. 2 to the State Bond Commission Pursuant to Section 34 of Public Act No. 11-57 of the General Assembly of the State of Connecticut, January 2011 Session, as amended for Authorization of \$21,350,000 Bonds of the State for Purposes Described in Section 32 of said Act", dated March 13, 2013, and hereby approved and ordered to be filed with the records of this meeting.

The aggregate amount of General State Purposes Bonds (2011 Act) authorized to date pursuant to Section 32 of the Act, including the \$21,350,000 authorized by this resolution, is \$24,350,000 of which amount no bonds have been previously issued.

Section 2. The form, date, maturities and other details of such authorized but unissued bonds shall be hereafter determined by this Commission or by the State Treasurer acting in accordance with procedures to be established by this Commission.

**Assurance of the State of Connecticut
Regarding Mianus River Dredging and Maintenance**

Whereas, Congress passed the Rivers and Harbor Act of March 1945 (Public Law 79-14) authorizing a Mianus River dredging project ("Project"), including the improvement and maintenance of the dredged channel; and

Whereas, the State of Connecticut and federal government jointly engaged in the construction of the Project; and

Whereas, the State of Connecticut and local communities have an interest in future improvements and maintenance being undertaken on the Project; and

Whereas, when any such work is undertaken jointly by the State of Connecticut and the federal government, the federal government requires certain assurances from the State of Connecticut indemnifying the United States of America from claims and damages resulting from such work; and

Whereas, § 25-83 of the Connecticut General Statutes provides that: "The Governor, with the approval of the Finance Advisory Committee, is authorized to give assurances that the state will hold and save the United States free from claims or damages resulting from any project or system for the improvement of navigation of any harbor or river or for the protection of life and property against damage by floods, erosion or tidal flooding, including all claims and damages resulting from any reconstruction, repair or maintenance of any such improvement or protection project or system, and to enter into an agreement with the federal government for such purpose";

NOW, THEREFORE, the State of Connecticut, pursuant to § 25-83 of the Connecticut General Statutes, hereby agrees to hold and save the federal government free from all claims and damages arising from any future improvement and maintenance work, including, but not limited to reconstruction, repair and dredging, on the Mianus River Project that is undertaken jointly by the State of Connecticut and the federal government, except for damages due to the fault or negligence of the federal government or its contractors.

The Governor of the State of Connecticut hereby executes this Assurance, as approved by the Finance Advisory Committee on this date, for and on behalf of the State of Connecticut this _____ day of _____

Department of Transportation
Explanation of Finance Advisory Committee Item 2015-22

The North Cove Anchorage and Channel has federal boating/shipping channels under the jurisdiction of the U.S. Army Corps of Engineers (USACE); which is responsible for maintenance dredging of this channel and harbor. Historically, USACE dredging is funded through Congressional appropriations; sometimes with contributions from the affected municipalities.

When the Department of Transportation (Department) determines that the North Cove Anchorage and Channel is in need of maintenance dredging and no federal money is available to fully fund the dredging project, the Department seeks State bond authorization from the General Assembly, and, if obtained, allocation and bond authorization is sought from the State Bond Commission. Here, State funding was made available through Public Act 13-239, Section 13(g) and 32(f) (Attachment 1). On May 11, 2015, the State Bond Commission approved the request by the Department for \$7,500,000.00 for dredging the North Cove (South of the I-95 Baldwin Bridge) (Attachment 2).

It is in the State's best interest for this channel and harbor to be maintained, and, where, as here, federal money is not available to fund or fully fund maintenance dredging projects, such projects would not proceed without State funding.

In order for the Department to pass the State funding to the USACE; such that the USACE will commence the work, the USACE requires the Department to enter into a Memorandum of Agreement (MOA) with the USACE that covers each project. The MOAs are virtually non-negotiable, with the USACE providing the required language.

Included in the MOAs is a USACE-required indemnification provision whereby the Department agrees to "hold and save the [Federal] Government free from all damages arising from the Maintenance Work, except for damages due to the fault or negligence of the [Federal] Government or its contractors." The Department's ability to so agree to indemnify the federal government is dependent on the Governor, with the approval of the Finance Advisory Committee, signing an "assurance"; generally to the effect that the State will hold the United States harmless. The statutory ability for the Governor to do so is set forth in § 25-83 of the Connecticut General Statutes, which provides:

The Governor, with the approval of the Finance Advisory Committee, is authorized to give assurances that the state will hold and save the United States free from claims or damages resulting from any project or system for the improvement of navigation of any harbor or river or for the protection of life and property against damage by floods, erosion or tidal flooding, including all claims and damages resulting from any reconstruction, repair or maintenance of any such improvement or protection project or system, and to enter into an agreement with the federal government for such purpose. (Attachment 3).

The Assurance under consideration for your approval is pursuant to this statutory requirement. (Attachment 4).

DOES HEREBY FIND THAT there has been filed with the State Bond Commission one or more requests by or on behalf of the Secretary of the Office of Policy and Management of the State of Connecticut for the authorization of the bonds hereinafter mentioned, which request is dated May 11, 2015 and entitled "Request No. 3 to the State Bond Commission Pursuant to Section 34 of Public Act 13-239 of the General Assembly of the State of Connecticut, January 2013

5. Total State funding for the project and purposes described is \$9.5 million which includes \$5 million under Item 13 and \$994,492 under Item 23.

Session, as amended, for Authorization of \$3,505,508 Bonds of the State for Purposes Described in Section 32 of said Act";

THAT said request is signed by or on behalf of the Secretary of the Office of Policy and Management or by or on behalf of an officer, department, or agency referred to in the Act, and all such terms and conditions as the State Bond Commission requires are stated therein and the request or requests are in all other respects sufficient for authorization of bonds of the State under or pursuant to Section 32 of Public Act 13-239 of the General Assembly of the State of Connecticut, January 2013 Session, as amended; INCLUDING THAT the agenda of the State Bond Commission meeting was made available to the members of the Commission on May 4, 2015, which was not later than five (5) business days prior to the meeting and in accordance with § 3-20(g)(2) of the Connecticut General Statutes. The agenda, or supporting documents thereto, included a reference to Public Act 13-239, which is the source of any funds to be used for such project or purpose on such agenda, including any contingency funds and any reuse or reallocation of funds previously approved for any other use or project, as the source of funds to be used for the projects or purposes described in such item of the agenda, as well as, if applicable, the notations of any outside sources of funds received;

THAT, there has been filed with the State Bond Commission all other documents required by subsection (g) of Section 3-20 of the General Statutes of Connecticut or by the State Bond Commission, including any human services facility colocation statement, to be filed with the Secretary of the Office of Policy and Management, if so requested by the Secretary, pursuant to Section 4b-23, as amended, of the General Statutes of Connecticut; any statement from the Commissioner of Agriculture pursuant to Section 22-6 of the General Statutes of Connecticut for projects which would convert twenty-five acres or more of prime farmland to a non-agricultural use, any capital development impact statement required to be filed with the Secretary of the Office of Policy and Management, if so required by the Secretary, pursuant to Section 4b-23, as amended of the General Statutes of Connecticut, a statement as to the full cost of the project or purpose when completed and the estimated operating cost for any structure, equipment or facility to be constructed or acquired, and any advisory statement regarding the State Conservation and Development Policies Plan required by Section 16a-31 of the General Statutes; and THAT the authorization of such bonds will be in the best interests of the State; and

DOES HEREBY DIRECT THAT all federal, private and other moneys now available or hereafter to be made available for costs in connection with the project or purpose described and identified in said request by or on behalf of the Secretary of the Office of Policy and Management shall be added to the State moneys available or becoming available under said Act for such project and be used for such project as if constituting such State moneys; and

DOES HEREBY RESOLVE THAT:

Section 1. The amount of General State Purposes Bonds (2013 Act) authorized to be issued pursuant to Section 32 of Public Act 13-239 of the January 2013 Session, of the General Assembly of the State of Connecticut, as amended, is hereby increased by \$3,505,508 in order to provide funds for the purpose and project described in the request submitted by or on behalf of the Secretary of the Office of Policy and Management and entitled "Request No. 3 to the State Bond Commission Pursuant to Section 34 of Public Act 13-239 of the General Assembly of the State of Connecticut, January 2013 Session, as amended for Authorization of \$3,505,508 Bonds of the State for Purposes Described in Section 32 of said Act", dated May 11, 2015, and hereby approved and ordered to be filed with the records of this meeting.

The aggregate amount of General State Purposes Bonds (2013 Act) authorized to date pursuant to Section 32 of the Act, including the \$3,505,508 authorized by this resolution, is \$33,505,508 of which amount no bonds have been previously issued.

Section 2. The form, date, maturities and other details of such authorized but unissued bonds shall be hereafter determined by this Commission or by the State Treasurer acting in accordance with procedures to be established by this Commission.

SECTIONS 31 THROUGH 38 OF PUBLIC ACT NO. 11-57 OF THE GENERAL ASSEMBLY OF THE STATE OF CONNECTICUT, JANUARY 2011 SESSION, AS AMENDED, (AN ACT AUTHORIZING BONDS OF THE STATE FOR CAPITAL IMPROVEMENTS AUTHORIZING SPECIAL TAX OBLIGATION BONDS OF THE STATE FOR TRANSPORTATION PURPOSES AND AUTHORIZING STATE GRANT COMMITMENTS FOR SCHOOL BUILDING PROJECTS)

Under Sections 31 through 38 of Public Act No. 11-57 of the General Assembly of the State of Connecticut, January 2011 Session, as amended (the "Act"), there was filed with the Commission one or more requests, signed by or on behalf of the Secretary of the Office of Policy and Management or by or on behalf of an officer, department or agency referred to in the Act, dated May 11, 2015, and entitled: "Request Nos. 12 and 13 to the State Bond Commission Pursuant to Section 34 of Public Act No. 11-57 of the General Assembly of the State of Connecticut, January 2011 Session, as amended, for Authorization of \$10,994,492 Bonds of the State for Purposes Described in Section 32 of said Act", in form and substance as required by law for authorization of bonds for the purposes described in Section 32 of the Act.

The Secretary of the Office of Policy and Management or his designee then proceeded to explain and discuss with the Commission the items mentioned in the request or requests. After review of the item, it was voted to approve the same for the amounts set forth below:

REQUEST	PROJECT	BOND FUND ACCOUNT	AMOUNT
12	Sec. 32(b) Department of Economic and Community Development Regional brownfield redevelopment grant and loan fund to provide funding for the brownfield programs established pursuant to section 32-9KK, and the staffing and marketing of such programs	12052	\$10,000,000

ATTACHMENT 3

Sec. 25-83. Agreements to indemnify the United States.

The Governor, with the approval of the Finance Advisory Committee, is authorized to give assurances that the state will hold and save the United States free from claims or damages resulting from any project or system for the improvement of navigation of any harbor or river or for the protection of life and property against damage by floods, erosion or tidal flooding, including all claims and damages resulting from any reconstruction, repair or maintenance of any such improvement or protection project or system, and to enter into an agreement with the federal government for such purpose.

History:

1949 Rev., S. 4773; 1957, P.A. 14.

ATTACHMENT 4

**Assurance of the State of Connecticut
Regarding North Cove-Old Saybrook Dredging and Maintenance**

Whereas, Congress passed the Rivers and Harbor Act of March 1945 authorizing a North Cove dredging project ("Project"), including the improvement and maintenance of the dredged channel and anchorage; and

Whereas, the State of Connecticut and federal government jointly engaged in the construction of the Project; and

Whereas, the State of Connecticut and local communities have an interest in future improvements and maintenance being undertaken on the Project; and

Whereas, when any such work is undertaken jointly by the State of Connecticut and the federal government, the federal government requires certain assurances from the State of Connecticut indemnifying the United States of America from claims and damages resulting from such work; and

Whereas, § 25-83 of the Connecticut General Statutes provides that: "The Governor, with the approval of the Finance Advisory Committee, is authorized to give assurances that the state will hold and save the United States free from claims or damages resulting from any project or system for the improvement of navigation of any harbor or river or for the protection of life and property against damage by floods, erosion or tidal flooding, including all claims and damages resulting from any reconstruction, repair or maintenance of any such improvement or protection project or system, and to enter into an agreement with the federal government for such purpose";

NOW, THEREFORE, the State of Connecticut, pursuant to § 25-83 of the Connecticut General Statutes, hereby agrees to hold and save the federal government free from all claims and damages arising from any future improvement and maintenance work, including, but not limited to reconstruction, repair and dredging, on the North Cove Anchorage and Channel Project that is undertaken jointly by the State of Connecticut and the federal government, except for damages due to the fault or negligence of the federal government or its contractors.

The Governor of the State of Connecticut hereby executes this Assurance, as approved by the Finance Advisory Committee on this date, for and on behalf of the State of Connecticut this _____ day of _____.

16090 Temporary Family Assistance	(\$1,000,000)
16114 Connecticut Home Care Program	(\$3,500,000)

Funds are being transferred to the Other Expenses and HUSKY B accounts to meet year-end requirements. Funds are being transferred from Old Age Assistance, Aid to the Disabled, Temporary Family Assistance, and Connecticut Home Care Program accounts.

OTHER EXPENSES

Funds in the amount of \$3.4 million are being transferred from various accounts into the Other Expenses account to ensure sufficient funding is available to meet year-end requirements. The department has incurred additional administrative expenses this year in several areas but mainly in connection with the implementation and operation of the Health Insurance Exchange.

HUSKY B

The department is currently projecting a \$2.7 million shortfall in the HUSKY B account. The appropriation of \$28.0 million was based on an average enrollment per month of 13,086. This was based on reports that indicated a decline in enrollment following implementation of the Affordable Care Act. Projections assumed that the program enrollment would remain stable at the lower levels throughout the year. Subsequent revised reporting showed a smaller decline in enrollments than projected. The actual average enrollment per month from July 2014 through May 2015 was 13,837. The current projection is \$30.7 million. \$2.7 million will be transferred from various accounts to meet this shortfall.

SURPLUS ACCOUNTS

OLD AGE ASSISTANCE

Funds are being transferred from the Aid to the Aged account to meet year-end requirements. A \$600,000 surplus is projected to be available for transfer to meet year-end requirements in the Other Expenses and HUSKY B accounts.

AID TO THE DISABLED

Funds are being transferred from the Aid to the Disabled account to meet year-end requirements. The department is projecting a surplus of \$1 million that will be used to offset deficiencies in the department's Other Expenses and HUSKY B accounts.

TEMPORARY FAMILY ASSISTANCE

The department is projecting a \$1 million surplus in the Temporary Family Assistance account due to lower than projected caseload increases in this account. Funds in the amount of \$1 million are being transferred to meet year-end requirements in the Other Expenses and HUSKY B accounts.

CONNECTICUT HOME CARE PROGRAM

The state-funded Connecticut Home Care program is anticipated to have a surplus in SFY 2015, based on current projected costs of \$43 million. The appropriation was based on an 18 month trend of increasing costs for Community Care. While Home Health costs had begun to decline, the appropriation was based on a conservative projection pending more established data. Therefore, the projection included increased costs for both service types. Even with enrollments this year averaging 40 per month higher than projected, both Home Health and Community Care costs have declined on a per person basis, resulting in a surplus. \$3.5 million is being transferred to meet end of year requirements in Other Expenses and HUSKY B.

CONNECTICUT STATE DEPARTMENT OF EDUCATION

Finance Advisory Committee (FAC) Request

The Department of Education requests Finance Advisory Committee action on June 11, 2015, to transfer a total of \$13,985,000 from various accounts to the Excess Cost-Student Based and Magnet School accounts.

Transfer of funds is requested from the following accounts:

Health Foods Initiative - \$650,000 - Though there were 18 new districts and schools for fiscal year 2015, program growth is not expected to fully exhaust the funding in the account.

Education Equalization - \$3,500,000 - ECS has a surplus primarily due to the appropriation for ECS being slightly greater than the entitlements for the grant. State Charter per Student has a surplus because statewide enrollment in the charter schools was below the State Board-approved maximum enrollments by 248 students. Start-up funding for local charters was only awarded to the one new school that opened in New Haven, leaving the remaining funds to lapse.

Sheff Settlement - \$250,000 – The Sheff account expended less than originally expected for required Sheff activities this fiscal year.

Open Choice - \$5,100,000 - These funds are available, in part, because of the need to align agency budget requests with the integration goals of the current Sheff agreement. The target student counts are not always achieved, given the variety of choice opportunities available to students.

Commissioner's Network - \$3,822,000 - The Commissioner's Network increased by five schools this year bringing the total to 16. Given the intensive nature of this work, the Department did not have the capacity to take on more schools and provide the level of intervention needed.

New or Replicated Schools - \$663,000 - This account funds local charter school students. There is currently only one local charter school in operation in New Haven, and it opened this school year. Funds were more than sufficient to meet the needs of this school.

Transfer of funds is requested to the following accounts:

Special Education Excess Cost-Student Based - \$85,000 - Six grantees were overpaid for their initial/February payments. The refunds will not be recovered in time to meet our statutory payment obligations. Therefore, it will be necessary to transfer funds into this account to cover the shortfall.

Magnet Schools - \$13,900,000 - The shortfall is related to the supplemental transportation payments to CREC, which operates the regional transportation system for Sheff programming. These funds will cover the payment for the FY2014 transportation deficit (audited), and half of the projected deficit for the current fiscal year.

REASON FOR ADJUSTMENT

The Department of Children and Families requests approval to transfer funds anticipated to lapse in the Department's No -Nexus Special Education, Board & Care For Children - Adoption and Board & Care For Children - Residential accounts to the Other Expenses and the Board & Care For Children - Foster Care Accounts. The Other Expenses account is experiencing a deficit due to an increase in private security guard costs due to a negotiated labor agreement. The Board & Care For Children - Foster Care account is showing a deficit due to increases of 17.45 % in specialized foster care placements to treat children with significant behavioral health issues, 12.8% in children placed in relative care and 8% in regular foster Care placements compared to last year. The lapses in the No-Nexus Special Education and Board & Care For Children - Residential accounts are due to fewer placements in private residential treatment centers, as more children and youth are being served in community settings. Adoption expenditures are projected to be below budgeted levels due to slower than anticipated growth in placements, consistent with an overall reduced caseload.
