March 20, 2009

We have been working collaboratively with a local women's domestic violence service provided for approximately four (4) years through our Victim Advocate – Law Enforcement Project with outstanding results.

The women's center has contracted directly and indirectly with the New Britain Police Department to provide a victim advocate stationed at the police department to work alongside our dedicated domestic violence response officers to timely and efficiently respond to the needs of victims of domestic violence.

Collaborating with the women's center has aided the police in better understanding the physical and emotional dynamics of domestic violence in our community and strengthened New Britain's commitment to addressing domestic violence issues.

Sincerely,

A handwritten signature in black ink that reads "William L. Gagliardi".
