**REASON FOR REQUEST:**

These funds are requested to finance various transportation related improvements and other related costs, in accordance with the provisions of the Act and the thirty-fourth year of the Transportation Infrastructure Program.

The scope of work will depend upon the project's design and final costs will be based upon bids received. However, the Department of Transportation is requesting the flexibility to revise or modify projects, if required, within specific subsections of the Act. The projects in the thirty-second year of the plan would be revised or modified, as necessary, due to such occurrences as delays in any phase of project development, actual costs being revised based on final design or bids received, emergency work, or unforeseen/unanticipated projects. Project revision or substitution would occur only within that subsection of the Act and not between subsections.

ITEM 7 CONT.

In accordance with Section 13b-79a C.G.S., the Commissioner of Transportation, not later than October 1, 1984 and annually thereafter, shall report to the joint standing committees having cognizance of matters relating to finance, revenue, and bonding and appropriations and the budgets of state agencies on the status and progress of the transportation program authorized.

The release of these funds will be controlled through the allotment process: 1) subject to the filing of all reports and statements required to be filed with the Secretary of the State Bond Commission and any revisions, modifications or further project definition to the thirty-third year of the plan; and 2) under the program contingency and/or for projects to be determined these will be controlled through the allotment process subject to detailed definition by the Department.

	Balance Unallocated	<u>\$10,000,000</u>

**REASON FOR REQUEST:**

These funds are requested to provide supplemental funding for the municipal open space grant-in-aid program established under Sections 7-131d to 7-131g, inclusive, of the general statutes, as amended.

The funds will be used to provide grants to municipalities, nonprofit land conservation organizations and water companies to acquire land or permanent interest in land for open space and watershed protection. Properties acquired under this program will have a conservation and public access restriction placed on the land. The easement/restriction will, where allowable, ensure that the land will remain in open space and be accessible to the general public. The easement will run with the land in favor of the State.

All land or interest in land will be established via an appraisal(s) and appraisal review to establish the fair market value. Approved projects will then receive grants in accordance with Section 7-131d.

On or before the tenth day of each month, the Commissioner of Energy and Environmental Protection shall submit a report to the Joint Standing Committee of the General Assembly having cognizance of matters relating to finance, revenue and bonding and to the State Bond Commission which report shall provide information on any acquisition of land or interest in land completed in the previous month by the State, a municipality, water company or nonprofit organization using funds authorized for the Open Space and Watershed Land Acquisition Program established under Section 7-131d of the general statutes, as amended, and the Recreation and Natural Heritage Trust Program established under Sections 23-73 to 23-79, inclusive, of the general statutes.

The release of these funds will be controlled through the allotment process subject to project definition.
