STATE OF CONNECTICUT
OFFICE OF POLICY AND MANAGEMENT

September 29, 2023

The Honorable Matthew Ritter
Speaker of the House
Connecticut General Assembly

The Honorable Vincent Candelora
House Minority Leader
Connecticut General Assembly

The Honorable Martin Looney
President Pro Tempore
Connecticut General Assembly

The Honorable Kevin Kelly
Senate Minority Leader
Connecticut General Assembly

This report fulfills the statutory responsibility of the Office of Policy and Management, pursuant to [C.G.S. § 4-212](#) et seq., to report on the Personal Service Agreement contracting activity of State agencies.

The statute generally provides that the Secretary of the Office of Policy and Management shall submit an annual report to the General Assembly summarizing information regarding Personal Service Agreements for the preceding fiscal year.

This report seeks to provide information to state legislators, policymakers, and the public about State agencies' Personal Service Agreement activity for State fiscal year 2023.

With gratitude,

A handwritten signature in blue ink that reads "Jeffrey Beckham".

Jeffrey Beckham
Secretary
Office of Policy and Management

INTRODUCTION

A. Purpose

This report fulfills the statutory responsibility of the Office of Policy and Management (OPM), pursuant to [Connecticut General Statutes \(C.G.S.\) § 4-212](#) et seq., to report on the Personal Service Agreement (PSA) contracting activity of State agencies. This report summarizes information regarding PSAs for State fiscal year (SFY) 2023. It is important to note that this reporting period, similar to SFY 2022, was impacted by the COVID-19 pandemic, which called for state agencies to meet the demand for emergency health services and limit service disruption to Connecticut residents, nonprofits, and businesses. In response to these demands, the federal government provided the American Rescue Plan Act (ARPA) funding to the state of Connecticut to change the course of the Covid-19 Pandemic by providing direct relief to Americans, building a bridge to an equitable economic recovery. The use of these funds has impacted the states procurement competition requirements.

B. Background

A *Personal Service Agreement* (PSA) is a written agreement defining the services or end products to be delivered by a personal service contractor to a State agency. A PSA is one of the primary mechanisms used by the State for procurement purposes. Typically, a PSA is used to purchase infrequent and non-routine services or end products, such as consulting services, technical assistance, and training. By law, no State agency may hire a Contractor to deliver such services or end products without first executing a PSA. These requirements do not apply to master contracts for supplies, materials, equipment and contractual services, including IT and telecom, that the Department of Administrative Services (DAS) procures on behalf of all executive branch agencies pursuant to [Chapters 58](#) and [61](#) of the Connecticut General Statutes.

[C.G.S. § 4-212](#) defines who is included and who is not included in the term “Personal Service Contractor.” Included is “any person, firm or corporation not employed by the State, who is hired by a State Agency for a fee to provide services to the Agency.” Not included in the term “Personal Service Contractor” are the following:

- (a) A person, firm or corporation providing contractual services to the State, as defined in [C.G.S. § 4a-50](#);
- (b) Certain consultants hired by the DAS, Division of Construction Services, as defined in [C.G.S. § 4b-55](#);
- (c) Certain consultants hired by the Department of Transportation, as defined in [C.G.S. § 13b-20b](#);
- (d) Agencies of the federal government, State government, or political subdivisions of the State; and
- (e) Certain consultants hired by the DAS, Bureau of Enterprise Systems & Technology, as defined in [C.G.S. § 4d-2\(c\)\(5\)](#).

A list of consulting agreements constituting Statutory Contractual Services, which meet criteria (b), (c), (d), and (e) as articulated above, is included in this report under the heading “Consultant Agreement Summary Report,” as required.

A State Agency wishing to enter into a PSA must adhere to the requirements set forth in the C.G.S. [§ 4-212-219](#) inclusive. [Section 4-217](#) requires OPM to establish standards for State Agencies to follow when entering into a PSA. Pursuant to this statute, the standards must include, but are not limited to the following:

- Evaluating the need for a PSA
- Developing a Request for Proposal (RFP)
- Advertising for Contractors
- Evaluating submitted proposals
- Selecting a Contractor
- Monitoring and evaluating Contractor performance
- Documenting the process for selecting and managing Contractors, and;
- Carrying out any other aspect of such processes

Also pursuant to [C.G.S. § 4-217](#), each agency must establish written procedures for implementing the standards established by OPM. The written procedures must be submitted to OPM for approval. Upon receiving OPM's approval, an agency may enter into a PSA based on the approved procedures. If OPM disapproves an agency's procedures, OPM must return them to the agency with recommendations for revisions. No State agency may enter into a PSA unless OPM has approved the procedures established by an agency.

In addition, according to [sub-section \(p\) of C.G.S. § 4e-16](#), effective October 1, 2014, State agencies, prior to entering into or renewing any privatization contract, shall evaluate such contract to determine if entering into or renewing such contract is the most cost-effective method of delivering such service. A privatization contract is defined as an agreement with a person or entity to provide services that are substantially similar to and in lieu of services provided, in whole or part, by State employees, with the statutes exempting certain contracts with nonprofit agencies.

State contracting agencies shall, according to [sub-section \(p\)](#), perform such cost effectiveness evaluation in accordance with a manual and template prescribed by OPM. The template and the related policies and procedures can be found on OPM's website at <https://portal.ct.gov/OPM/Fin-General/About/Cost-Benefit-Analysis/Cost-Effectiveness>.

It is important to note that certain proposed privatization contracts will be subject to sub-section (a) of [C.G.S. § 4e-16](#), which indicates that prior to entering into any contract for the privatization of a state service that is not currently privatized, the state contracting agency shall develop a cost-benefit analysis (CBA) in accordance with the provisions of subsection (b) of this section. Such cost-benefit analysis requirement shall not apply to a privatization contract for a service currently provided, in whole or in part, by a non-state entity.

C. Scope and Methodology

This report describes the contracting activities of executive branch agencies with respect to PSAs only. Contracting activities of the legislative and judicial branches of state government are excluded from this report.

The PSA data represented in this report is gathered using Core-CT data and the Statewide Analytical Reporting System (STARS). State agencies are required to enter a requisition for a PSA into Core-CT requisition module, to be approved by OPM. The requisition is then converted into a contract within the Core-CT contract module. Required fields to be entered include, but are not limited to: contract ID, contract type (competitive, non-competitive, and exempt), begin and end dates, contract maximum amount, description of services, contractor name and funding information. The data presented in this report is only as accurate as the contract data entered by State agencies into Core-CT.

OPM summarizes the information and submits an Annual Report to the General Assembly. The data in this report represents PSAs that were in effect during SFY 2023. PSAs can range from a few months to several years in duration.

The payment amounts presented in this report are payments made by State Agencies to PSA contractors during SFY 2023. The 2023 payment column beginning on page 10 reflects the General Fund payments under the contract, in addition to the amounts included in the Federal and Other Payments columns.

In SFY 2019, this report was modified to improve transparency and address past miscommunication about the prevalence of non-competitive procurements. The “exempt” contract category was also introduced, to provide a more accurate overview of competitive contracting across the state. Pursuant to [C.G.S. § 4-214](#), contracts with an annual value of not more than \$20,000 are exempt from OPM approval. The exempt category applies to all contracts that do not need OPM approval per statute based on the dollar amount of the contract, and to towns and cities who have contracts with state agencies and receive pass-through funds. The current Core-CT system does not provide the capabilities to select the exempt contract type at this time. OPM works with agencies to manually identify contracts that fall under the exempt contract type and updates this report to ensure accuracy.

D. Recent PSA Activity

OPM continued to build and work on several initiatives in FY 2023 to strengthen agency capacity for competitive procurements and to address the number of non-competitive solicitations despite the effects of the pandemic, as discussed further below.

Sole-Source Waiver Reports

OPM publishes a monthly report of approved sole-source waiver requests with their justification codes. This can be found on the [DAS State Contracting Portal](#) next to the Department of Administrative Services standardized transaction report (DAS version of sole-source waivers) and on the [OPM Website](#). These reports also reflect a stricter requisition approval policy at OPM that requires more substantive justifications for all sole-source waivers and push-back on sole-source requests deemed suitable for competitive procurement. Justifications for sole-source waivers must be selected from OPM’s approved list to ensure consistency within the sole-source waiver policy.

POS/PSA Procurement Plans

According to statutory requirements ([Public Act 19-117](#)), OPM collected three-year, forward looking procurement plans from all agencies entering into Purchase of Service (POS) contracts and Personal Service Agreements (PSA) to encourage proactive procurement planning. The plans were then published to OPM's website, including information on whether agencies intend to competitively bid or request a sole-source waiver, allowing agencies to prepare in advance for competitive procurements. These plans are also used by OPM Finance staff to challenge agencies on any sole-source requisitions that were originally identified as contracts for competitive procurement. The public-facing nature of procurement plans creates transparency for Connecticut business and non-profit service providers, helping these organizations anticipate upcoming opportunities and submit high-quality, competitively priced bids, resulting in a broadening the of State's pool of potential proposers.

Procurement Initiatives

OPM continues to invest in long-term improvements to the procurement systems that will facilitate returning to competition as Connecticut's recovery from Covid-19 continues. OPM will continue to focus on the non-competitive procurements among Executive Branch agencies through a number of procurement support, transparency, and training initiatives outlined below. This strategy allows agencies to develop the capacity to manage competitive procurement cycles by empowering procurement staff and creating tools and templates that lower the cost of investment typically associated with competitive procurement. Several of these initiatives are outlined below.

- Working with the CORE-CT team to enhance the procurement module by streamlining the processes by increasing the exemption approval threshold and workflow.
- Revising Procurement Standards to include current legislative changes that will streamline parts of the procurement process.
- Representation at State Contracting Standards Board meetings.
- Expanding collaborative relationships with sister agencies by incorporating feedback from agencies on new OPM procurement initiatives, providing on demand support for RFP writing and procurement process questions, and working with DAS to establish procurement best practices across the state.
- Providing training based on state agency needs and ad hoc training as needed.

Procurement Training

OPM continues to offer agency specific procurement trainings along with a list of readily available online trainings on the OPM website for agencies to use to support their staff training.

The State Contracting Standards Board (SCSB) is now fully staffed, inclusive of a trainer position, and are moving forward with their procurement training program, [per C.G.S. 4e-5](#), to be rolled out mid FY 2024. The SCSB has reached out to both OPM and DAS regarding the trainings that are provided to state

agencies. OPM and DAS will continue to engage in open communication with the SCSB regarding their training programs.

Streamline Procurement Process

In collaboration with the OPM General Counsel and the Office of the Attorney General, OPM published and distributed the amended statutory forms and contract language to bring the State into compliance with [Public Act 22-40](#) and [Public Act 21-2](#).

OPM's legislative proposal on procurement successfully passed, enhancing the PSA and POS procurement process. The approved legislative changes to [C.G.S 4-214 through 4-216](#) resulted in OPM's approval thresholds increasing from more than \$20,000 to \$50,000 and the removal of the one-year provision. This will allow agencies to concentrate on competitively procuring their larger dollar valued contracts. These legislative changes will go into effect January 1, 2024.

Impact of COVID-19 Public Health on Competitive Procurement

The COVID-19 Pandemic continued to impact the State of Connecticut in SFY 2023. The state agencies effectively reacted to the post Covid-19 pandemic needs and have procured goods and services to best meet the needs of the people of Connecticut.

Due to the economic pressure faced with the post pandemic and the December 31, 2024, deadline to expend or encumber the federal ARPA funding, state agencies experienced a reduction in competition for PSAs. In terms of total contract payments in FY 2023, the competitive PSA contracts decreased by 4% in 2023, indicating the pandemic is still a lingering factor in PSA dollars competitive bid contracts. While the overall competitive outcomes have reduced in the year over year reports, this report combined with the 3-year procurement plans will provide OPM with the competitive data and tools to guide state agencies to increase their competitive procurement contracts in FY 2024. OPM will continue to drive the initiatives highlighted above.

It is also important to note that OPM's competition numbers do not reflect the contracting activity of the Department of Administrative Services (DAS). In fiscal year 2023, DAS competitively procured 95.5% of its contracts. That percentage increases to 96.4% when COVID-19 procurements are removed. OPM aims to collaborate with DAS in future years to issue a report that more accurately conveys the complete universe of procurement spend across the state.

E. Future Activities

OPM will continue working to improve value and competition for Connecticut taxpayers' dollars. As the state continues to focus on the economic and human impact of the COVID-19 pandemic, OPM is committed to working with agencies to strengthen and maintain the competitive procurement process to achieve cost-effective, impactful, procurements. As urgent needs related to the pandemic subside, OPM will be able to more accurately analyze the success of ongoing procurement initiatives to increase competitive bidding.

In particular, OPM will prioritize the following initiatives:

- Advise agencies to revise their PSA Templates, contract language according to [Public Act 23-16](#).
- The release of updated and more user-friendly POS/PSA procurement standards to ensure a more consistent procurement approach by state agencies.
- Review agency procurement plans to ensure forecasted procurements accurately reflect agency plans for competitive procurement.
- Continued coordination with DAS on opportunities to standardize procurement practices across both procurement authorities.

OPM views these changes as critical in ensuring accountability to the taxpayers of Connecticut and achieving cost savings in future fiscal years.

1. Several agencies rely heavily on a variety of federal and other funding sources for the majority of their contracts. Some contracts with the federal government may require pre-selection of vendors. In other cases, the work required is highly specialized with limited technical expertise available in Connecticut for this type of work. In addition, many contracts are with national organizations who work in collaboration with all the New England States to provide for comprehensive regional data results. The Department of Children and Families and Department of Mental Health and Addiction Services contract for very specialized and unique services for their clients. Every effort is made to seek competitive procurements; however, these agencies provide services to the most vulnerable clients in the State, such as children, juveniles, and those impacted by mental health issues who rely entirely on continuity for services with specific providers for recovery. Non-competitive waivers are granted in cases such as these and in a limited set of other extenuating circumstances.

2. Exempt contracts are no more than \$20,000, contracts with cities and towns for pass through funds and political subdivisions.

1. The other fund column can include non-federal grants, pass through state grants, bond funds, and restricted state grants.
 2. The total FY 2023 column represents total payments for the combined general fund, federal fund, and other fund.
 3. The cumulative contract total amount is an estimate of what the contract will cost throughout the entirety of its term.
 4. The cumulative contract payments is the sum of all payments that have been made on a contract from the beginning of its term through the end of FY 2023.
 5. The cumulative contract balance remaining is the difference between the cumulative contract total amount and the cumulative contract payment.

1. The competitive column includes: competitive solicitations listed as Y; non-competitive solicitations listed as N; and contracts under \$20,000 or contracts with towns, cities, and political subdivisions of the state listed as E.

2. The other fund column can include non-federal grants, pass through grants, bond funds, and restricted state grants.

3. The Total FY2022 Column includes payments for the combined general funds, federal funds, and other sources.

4. The cumulative contract total amount is an estimate of what the contract will cost throughout the entirety of its term.

5. The cumulative contract payments is the sum of all payments that have been made on a contract from the beginning of its term through the end of FY2022.

6. The cumulative contract balance remaining is the difference between the cumulative contract total amount and the cumulative contract payment.

Agency	Total Contracts	Payments			Total FY 2022 ₂
		General Fund	Federal Fund	Other Fund ₁	
Department of Administrative Services	23	\$695,011	\$0	\$8,852,185	\$9,547,196
Department of Public Health	1	\$0	\$0	\$827,840	\$827,840
Department of Transportation	285	\$0	\$0	\$350,054,560	\$350,054,560
Military Department	1	\$0	\$4,129	\$0	\$4,129
Total	310	\$695,011	\$4,129	\$359,734,586	\$360,433,725

1. The other fund column can include non-federal grants, pass through state grants, bond funds, and restricted state grants.
2. The total FY 2023 column represents total payments for the combined general fund, federal fund, and other fund.

Table with columns for Agency, Supplier Name, Contract ID, Contract Description, Competitive, General Fund, Federal Fund, Other Fund, Total FY 2023, Contract Begin Date, Contract Expire Date, Cumulative Contract Total Amount, Cumulative Contract Payments, and Cumulative Contract Remaining Balance. The table lists various contracts from multiple agencies, including Department of Administrative Services, Department of Public Health, and Department of Transportation, with a total of 23 contracts in the first section and 1 contract in the second section.

Table with columns: Agency, Supplier Name, Contract ID, Contract Description, Competitive, General Fund, Federal Fund, Other Fund, Total FY 2023, Contract Begin Date, Contract Expire Date, Cumulative Contract Total Amount, Cumulative Contract Payments, Cumulative Contract Remaining Balance. Rows include various departments like Transportation, Engineering, and Design.

Table with columns: Agency, Supplier Name, Contract ID, Contract Description, Competitive, General Fund, Federal Fund, Other Fund, Total FY 2023, Contract Begin Date, Contract Expire Date, Cumulative Contract Total Amount, Cumulative Contract Payments, Cumulative Contract Remaining Balance. Contains multiple rows of contract data.
