APPENDIX A.

Authorizing Statute for the Long-Term Care Planning Committee and the Long-Term Care Advisory Council

CONNECTICUT GENERAL STATUTES TITLE 17B. SOCIAL SERVICES CHAPTER 319Y. LONG-TERM CARE

§ 17b-337. Long-term elderly care planning committee. Long-term care plan for elderly persons. Membership

(a) There shall be established a Long-Term Care Planning Committee for the purpose of exchanging information on long-term care issues, coordinating policy development and establishing a long-term care plan for all persons in need of long-term care. Such policy and plan shall provide that individuals with long-term care needs have the option to choose and receive long-term care and support in the least restrictive, appropriate setting. Such plan shall integrate the three components of a long-term care system including home and community-based services, supportive housing arrangements and nursing facilities. Such plan shall include: (1) A vision and mission statement for a long-term care system; (2) the current number of persons receiving services; (3) demographic data concerning such persons by service type; (4) the current aggregate cost of such system of services; (5) forecasts of future demand for services; (6) the type of services available and the amount of funds necessary to meet the demand; (7) projected costs for programs associated with such system; (8) strategies to promote the partnership for long-term care program; (9) resources necessary to accomplish goals for the future; (10) funding sources available; and (11) the number and types of providers needed to deliver services. The plan shall address how changes in one component of such long-term care system impact other components of such system.

(b) The Long-Term Care Planning Committee shall, within available appropriations, study issues relative to long-term care including, but not limited to, the case-mix system of Medicaid reimbursement, community-based service options, access to long-term care and geriatric psychiatric services. The committee shall evaluate issues relative to long-term care in light of the United States Supreme Court decision, *Olmstead v. L.C.*, 119 S. Ct. 2176 (1999), requiring states to place persons with disabilities in community settings rather than in institutions when such placement is appropriate, the transfer to a less restrictive setting is not opposed by such persons and such placement can be reasonably accommodated.

(c) The Long-Term Care Planning Committee shall consist of: (1) The chairpersons and ranking members of the joint standing committees of the General Assembly having cognizance of matters relating to human services, public health, elderly services and long-term care; (2) the Commissioner of Social Services, or the commissioner's designee; (3) one member of the Office of Policy and Management appointed by the Secretary of the Office of Policy and Management; (4) one member from the Department on Aging appointed by the Commissioner on Aging; (5) two members from the Department of Public Health appointed by the Commissioner of Public Health, one of whom is from the Office of Health Care Access division of the department; (6) one member from the Department of Housing appointed by the Commissioner of Housing; (7) one member from the Department of Developmental Services appointed by the Commissioner of Developmental Services; (8) one member from the Department of Mental Health and Addiction Services appointed by the Commissioner of Mental Health and Addiction Services; (9) one member from the Department of Transportation appointed by the Commissioner of Transportation; (10) one member from the Department of Children and Families appointed by the Commissioner of Children and Families; and (11) the executive director of the Office of Protection and Advocacy for Persons with Disabilities or the executive director's designee. The committee shall convene no later than ninety days after June 4, 1998. Any vacancy shall be filled by the appointing authority. The chairperson shall be elected from among the members of the committee. The committee shall seek the advice and participation of any person, organization or state or federal agency it deems necessary to carry out the provisions of this section.

(d) Not later than January 1, 1999, and every three years thereafter, the Long-Term Care Planning Committee shall submit a long-term care plan pursuant to subsection (a) of this section to the joint standing committees of the General Assembly having cognizance of matters relating to human services, public health, elderly services and long-term care, in accordance with the provisions of section 11-4a, and such plan shall serve as a guide for the actions of state agencies in developing and modifying programs that serve persons in need of long-term care.

(e) Any state agency, when developing or modifying any program that, in whole or in part, provides assistance or support to persons with long-term care needs, shall, to the maximum extent feasible, include provisions that support care-giving provided by family members and other informal caregivers and promote consumer-directed care.

§ 17b-338. Long-Term Care Advisory Council. Membership. Duties

(a) There is established a Long-Term Care Advisory Council which shall consist of the following: (1) The executive director of the Commission on Aging, or the executive director's designee; (2) the State Nursing Home Ombudsman, or the ombudsman's designee; (3) the president of the Coalition of Presidents of Resident Councils, or the president's designee; (4) the executive director of the Legal Assistance Resource Center of Connecticut, or the executive director's designee; (5) the state president of AARP, or the president's designee; (6) one representative of a bargaining unit for health care employees, appointed by the president of the bargaining unit; (7) the president of LeadingAge Connecticut, Inc., or the president's designee; (8) the president of the Connecticut Association of Health Care Facilities, or the president's designee; (9) the president of the Connecticut Association of Residential Care Homes, or the president's designee; (10) the president of the Connecticut Hospital Association or the president's designee; (11) the executive director of the Connecticut Assisted Living Association or the executive director's designee; (12) the executive director of the Connecticut Association for Homecare or the executive director's designee; (13) the president of Connecticut Community Care, Inc. or the president's designee; (14) one member of the Connecticut Association of Area Agencies on Aging appointed by the agency; (15) the president of the Connecticut chapter of the Connecticut Alzheimer's Association; (16) one member of the Connecticut Association of Adult Day Centers appointed by the association; (17) the president of the Connecticut Chapter of the American College of Health Care Administrators, or the president's designee; (18) the president of the Connecticut Council for Persons with Disabilities, or the president's designee; (19) the president of the Connecticut Association of Community Action Agencies, or the president's designee; (20) a personal care attendant appointed by the speaker of the House of Representatives; (21) the president of the Family Support Council, or the president's designee; (22) a person who, in a home setting, cares for a person with a disability and is appointed by the president pro tempore of the Senate; (23) three persons with a disability appointed one each by the majority leader of the House of Representatives, the majority leader of the Senate and the minority leader of the House of Representatives; (24) a legislator who is a member of the Long-Term Care Planning Committee; and (25) one member who is a nonunion home health aide appointed by the minority leader of the Senate.

(b) The council shall advise and make recommendations to the Long-Term Care Planning Committee established under section 17b-337.

(c) The Long-Term Care Advisory Council shall seek recommendations from persons with disabilities or persons receiving long-term care services who reflect the socio-economic diversity of the state.

APPENDIX B.
Long Term Care Planning Committee
Members
(April 2015)

Legislators

Senator Mae Flexer, Co-Chair, Aging Committee
Representative Joseph C. Serra, Co-Chair, Aging Committee
Senator Kevin C. Kelly, Ranking Member, Aging Committee
Representative Mitch Bolinsky, Ranking Member, Aging Committee
Senator Theresa B. Gerratana, Co-Chair, Public Health Committee

APPENDIX D.

Sources of Public Comment

With the assistance of the Long-Term Care Advisory Council, a draft of the Plan recommendations was distributed widely in October 2015 to diverse organizations and individuals throughout Connecticut with an interest in long-term services and supports. A draft of the full Plan and appendices was distributed for comment in November 2015. In total, public comments were received from 10 organizations.

Organizations

- Long-Term Care Advisory Council Workgroup: Julie Evans Starr, CT's Legislative Commission on Aging; Quincy Abbot, ARC-CT; Marie Allen; CT Area Agencies on Aging Association; Chris Carter, Connecticut Assisted Living Association; Deborah Chernoff, SEIU-1199; Michelle Duprey, City of New Haven Disability Services; Bill Eddy, CT's Legislative Commission on Aging; Jolene Gates, Legal Assistance Resource Center; Molly Rees Gavin, Connecticut Community Care, Inc.; Claudio Gualtieri, AARP-CT; Deb Migneault, CT's Legislative Commission on Aging; Melinda Montovani, Brain Injury Alliance of Connecticut; Susan Raimondo, Multiple Sclerosis Society, CT Chapter; Nancy Shaffer, Long-Term Care Ombudsman; Mary Tibbals, Alzheimer's Association CT Chapter

- Brain Injury Alliance of Connecticut: Melinda Montivani
- Connecticut Legal Services: Jolene Gates
- Leading Age CT: Margaret Morelli

APPENDIX E.

A. Long-Term Care Planning Committee History

Establishment of the Long-Term Care Planning Committee

The Long-Term Care Planning Committee (Planning Committee), created in 1998 under Public Act 98-239, was established for the purpose of exchanging information on long-term services and supports issues, coordinating policy development and establishing a long-term care plan. The Planning Committee is comprised of representatives from nine State agencies and the Chairs and Ranking Members of the General Assembly's Aging, Human Services, and Public Health Committees. (See Appendix A for the authorizing statute and Appendix B for a listing of Planning Committee members.)

The Planning Committee grew out of the recommendations of a December 1996 report issued by the Legislative Program Review and Investigations Committee. The study concluded that the State's structure for planning, funding and overseeing long-term services and supports needed reinforcement and coordination. The Legislative Program Review and Investigations Committee recommended the creation of an interagency committee to "exchange information on long-term care issues, ensure coordinated policy development, and establish a long-term care plan."

In addition to the Long-Term Care Planning Committee, Public Act 98-239 also established the Long-Term Care Advisory Council (Advisory Council) to advise and make recommendations to the Planning Committee. The Advisory Council members include a balance of consumers, providers and advocates representing a wide range of interests. (See Appendix C for a listing of Advisory Council members.)

Originally, the Planning Committee was required to establish a long-term care plan for the elderly that integrates the three components of a long-term services and supports system including home and community based services, supportive housing arrangements and nursing facilities. Subsequently, Public Act 01-119 broadened the Planning Committee's purview by requiring a plan for all persons in need of long-term care.

Long-Term Care Planning Committee Products

Preliminary Long-Term Care Plan – 1999

As noted above, the Planning Committee was created by statute in 1998 and held its initial meeting in August 1998. The Planning Committee's authorizing statute required the Planning Committee to produce its first Long-Term Care Plan by January 1999. Due to the short timeframe, the Planning Committee produced a Preliminary Long-Term Care Plan that provided a description of Connecticut's long-term services and supports

system in order to develop a baseline for future Plans. In addition, the Preliminary Plan was focused on long-term services and supports for elderly persons in keeping with the original statutory charge for the Planning Committee (this requirement was later changed, through Public Act 01-119, to require the Long-Term Care Plan to address all individuals who need long-term care, regardless of age or disability). The Planning Committee then began the work to develop a comprehensive Long-Term Care Plan due to the General Assembly by January 2001 (the original statute required a Long-Term Care Plan every two years – this requirement was later changed, through Public Act 01-119, to mandate a Plan be developed every three years).

Home Care Report – 2000

In 1999, the General Assembly enacted Public Act 99-279 that required the Planning Committee to develop, by February 2000, a plan that ensures the availability of home care services for elderly persons under the Connecticut Home Care Program for Elders (CHCPE) who would otherwise qualify for the program except their income exceeds the program's established income limits. The impetus for this legislation was the fact that the CHCPE had a strict income eligibility requirement that resulted in individuals with as little as one dollar above the income level being ineligible for home care services. This contrasted with the income requirements for nursing home coverage through Medicaid that allows individuals with incomes that are not sufficient to pay for their care to be eligible while contributing most of their income towards their care.

To meet this requirement, the Planning Committee produced a report titled "Home Care for Older Adults - A Plan for Increasing Eligibility Under the Connecticut Home Care Program for Elders." that was delivered to the General Assembly in February 2000. The report concluded that the only mechanism to assure the availability of home care services under the CHCPE was to revise the income eligibility cap to mirror the income requirements utilized for nursing home care eligibility, thus allowing individuals to buy into the CHCPE.

During the 2000 legislative session, the General Assembly approved legislation that revised the income requirements for both the State-funded and Medicaid components of the CHCPE to allow individuals with incomes in excess of the income eligibility cap to become eligible for the CHCPE by buying into the program. The expanded income level was implemented for the State-funded portion of the CHCPE in October 2000. However, to implement a similar revision for the Medicaid portion of the CHCPE, federal approval was needed. The Department of Social Services (DSS) submitted a revision to their CHCPE Medicaid waiver in 2001, but the DSS proposal was not approved by the federal government.

Long-Term Care Plan - 2001

After the completion of its Preliminary Long-Term Care Plan in 1999, the next Plan from the Planning Committee was due by January 2001. Beginning in early 1999, the

Planning Committee undertook an ambitious effort to solicit public input regarding what was needed for a comprehensive Long-Term Care Plan.

In March 1999, the Planning Committee, in conjunction with the Advisory Council, held a public hearing at the Legislative Office Building where over 50 individuals provided testimony regarding Connecticut's long-term services and supports system. The Planning Committee then embarked on a series of meetings with a variety of groups and organizations involved with the long-term care system. Most of the groups were members of the Advisory Council. All told, Planning Committee and Advisory Council members held 24 forums throughout 1999 and 2000. In addition, the Planning Committee and Advisory Council held five public hearings throughout the state in 2000 to garner additional feedback and input for the Long-Term Care Plan.

The input gathered through the forums and public hearings helped develop the framework for the Planning Committee's Long-Term Care Plan that was submitted to the General Assembly in January 2001.

Long-Term Care Plan – 2004

The Long-Term Care Planning Committee's third plan was issued in January 2004 in accordance with Public Act 01-119 which required the Planning Committee to issue its long-term care plan every three years instead of every two. The Advisory Council worked in partnership with the Planning Committee in four essential areas: providing data, identifying areas of need, developing priorities and recommendations, and obtaining public input.

2004 Long-Term Care Plan Status Reports

Following the release of the 2004 Long-Term Care Plan, a status update was issued annually in June of 2004, 2005 and 2006. The first section of the Status Report described progress implementing the recommendations made in the 2004 Long-Term Care Plan by State Agencies or the legislature, along with any new funds appropriated. The second section documented the implementation of the actions steps issued in Connecticut's Olmstead Plan, entitled "Choices are for Everyone", developed by the Department of Social Services in collaboration with the Long-Term Care Planning Committee and the Community Options Task Force.

Long-Term Care Website

In 2002, the General Assembly passed Public Act 02-7 (May 9 Special Session) that required the Office of Policy and Management (OPM), within existing budgetary resources and in consultation with the Select Committee on Aging, the Commission on Aging and the Long-Term Care Advisory Council, to develop a consumer-oriented website that provides comprehensive information on long-term care options that are available in Connecticut.

In September 2006, the Connecticut Long-Term Care Services and Supports website was completed and released to the public (www.ct.gov/longtermcare). The website provides information to all individuals in need of long-term care services and supports, regardless of age or disability.

Policy Statement Formalized into Law

Public Act 05-14 codifies in law a broad philosophical statement to guide future policy and budget decisions. As a result of this legislation, the policy and planning work done through the Long-Term Care Planning Committee is required to “provide that individuals with long-term care needs have the option to choose and receive long-term care and support in the least restrictive, appropriate setting.” This statement positions Connecticut to make the necessary changes to the laws and regulations that govern the State’s long-term care system to make real choices for consumers a reality.

Long-Term Care Needs Assessment

In 2006 and 2007, a needs assessment on long-term care services and supports in Connecticut was conducted by the University of Connecticut Health Center’s Center on Aging. The General Assembly’s Commission on Aging, in consultation with the Long-Term Care Advisory Council and the Long-Term Care Planning Committee, contracted with the Center on Aging to conduct a comprehensive needs assessment of the unmet long-term care needs in the state and projections of the future demand for these services. This Needs Assessment was mandated by Public Act 06-188, Section 38, and funded with a \$200,000 appropriation from the Connecticut General Fund and an additional \$80,000 from the Connecticut Long-Term Care Ombudsman Program. Findings from the Needs Assessment informed both the 2007 and the 2010 Long-Term Care Plans, and the many of the recommendations made in the Needs Assessment have been included in the 2010 Plan. (See the Needs Assessment reports at http://www.uconn-aging.uchc.edu/res_edu/assessment.html)

Long-Term Care Plan – 2007

The Long-Term Care Planning Committee’s fourth plan was issued in January 2007.

2007 Long-Term Care Plan Status Reports

Following the release of the 2007 Long-Term Care Plan, a status update was issued in June of 2007 and 2008 and in October of 2009.

Long-Term Care Plan – 2010

The Long-Term Care Planning Committee’s fifth plan was issued in January 2010.

2010 Long-Term Care Plan Status Reports

Following the release of the 2010 Long-Term Care Plan, a status update was issued in June of 2010, 2011 and 2012.

Long-Term Care Plan – 2013

The Long-Term Care Planning Committee's sixth plan was issued in January 2013.

2013 Long-Term Care Plan Status Reports

Following the release of the 2013 Long-Term Care Plan, a status update was issued in June of 2013, 2014 and 2015.

B. Olmstead Planning Efforts

On June 22, 1999, the United States Supreme Court decided the *Olmstead v. L.C.* case, holding that unjustified isolation, caused by unjustified placement or retention of persons with disabilities in institutions, should be regarded as discrimination based on disability, in violation of the Americans with Disabilities Act (ADA).

Federal regulation requires public entities to make "reasonable modifications" to their policies, practices, or procedures in order to avoid discrimination on the basis of disability, unless the modifications would "fundamentally alter" the nature of the service or program. As part of the Olmstead decision, four Justices stated that one of the ways the reasonable modification standard could be met is if the State had a comprehensive, effectively working plan of placing qualified persons with disabilities in less restrictive settings.

In 2000, the Department of Social Services began developing an Olmstead Plan and the Long-Term Care Planning Committee provided oversight and leadership for the process. In order to assure that individuals with disabilities and family members of persons with disabilities were active participants in the development of the Olmstead Plan, a Community Options Task Force was created to take the lead in the development of the Plan. The men and women of this advisory group, made up of adults of all ages with various disabilities, family members of persons with disabilities, and representatives from the elder community, worked hard on Connecticut's Community Options Plan, entitled "Choices are for Everyone," for two years.

On March 25, 2002, the "Choices are for Everyone" Plan was completed as a collaboration between the Department of Social Services, the Long-Term Care Planning Committee and the Community Options Task Force.

A number of activities in Connecticut support the goals outlined in the "Choices are for Everyone" Plan, some of which are highlighted below.

"Choices are for Everyone" Plan -- Action Steps Update

"Choices are for Everyone" included a series of Action Steps. The Long-Term Care Planning Committee committed to the implementation of these Action Steps. Progress was reported in the annual Status Reports for the 2004 and 2007 Long-Term Care Plans.

Systems Change Grants

Since 2002, the goals of this Plan have been advanced through the work accomplished with the funding of seven *Systems Change for Community Living* grants awarded to Connecticut by the Centers for Medicare and Medicaid Services (CMS) as part of the federal New Freedom Initiative. These grants were designed to assist states in their efforts to remove barriers to equality for individuals living with disabilities or long-term illnesses, enabling them to live in the most integrated setting suited to their needs, exercise meaningful choices about their living arrangements and exercise more control over the providers of the services they receive.

- Nursing Facility Transition Grant: 2001-2004
- Real Choice Systems Change Grant: 2002- 2005
- Community-integrated Personal Assistance Services and Supports (C-PASS) Grant: 2003-2006
- Independence Plus Waiver Initiative: 2003-2006
- Quality Assurance and Improvement in Home and Community-Based Services: 2003-2006
- Mental Health Transformation Grant: October 2005 – September 2010
- Medicaid Infrastructure Grant: October 2005 – September 2010

Connecticut Behavioral Health Partnership

Operation of the Connecticut Behavioral Health Partnership program began on January 1, 2006, serving children and families enrolled in the state HUSKY A and B programs and DCF involved children with special behavioral health needs. DCF and DSS have formed the Behavioral Health Partnership to oversee an integrated public behavioral health service system for children and families. The primary goal is to provide enhanced access to and coordination of a more complete and effective system of community-based behavioral health services and supports and to improve member outcomes. Secondary goals include better management of state resources and increased federal financial participation in the funding of behavioral health services.

Money Follows the Person Rebalancing Demonstration

The Money Follows the Person (MFP) Rebalancing Demonstration began operation in December 2008. The objective of the MFP Rebalancing Demonstration is to rebalance long-term service and supports from institutional care to home-based services. The program serves individuals across the age span with physical disabilities, mental illness and intellectual disabilities. Connecticut has established five rebalancing benchmarks under MFP that are aligned with the goals of the Long-Term Services and Supports Plan:

1. Transition 5,200 people from institutions to the community.
2. Increase dollars to home and community-based services.
3. Increase hospital discharges to the community rather than to institutions.
4. Increase the probability of returning to the community during the six months following nursing home admission.

5. Increase the percentage of LTSS participants living in the community compared to the institution.

In April 2015, DSS submitted a five-year MFP Sustainability Plan to the Centers for Medicare and Medicaid Services (CMS) outlining the state's strategy to continue program efforts through 2020. Over the next five years MFP will continue the provision of (1) addiction services and supports; (2) informal caregiver supports; (3) peer supports; and (4) Transitional Recovery Assistance services and implement new rebalancing strategies focusing on community collaboration, social determinant interventions and collaboration with no-wrong door initiatives. DSS will administer the transitional program until 2018 when the last nursing home transition will be made as part of the MFP demonstration. CMS awarded DSS \$236 million dollars through 2020 to implement the sustainability plan.

State Balancing Incentive Payments Program (BIP)

Connecticut received \$72.8 million in 2012 and an additional \$4.2 million in July 2015 to implement the BIP program. Key aspects of the BIP include development and implementation of (1) a pre-screen and a common comprehensive assessment for all persons entering the LTSS system; (2) conflict-free case management across the system; (3) a "no-wrong door" system for access to LTSS through a web-based platform branded "My Place CT." My Place aims to coordinate seamlessly with both ConneCT and the health insurance exchange; and (4) new LTSS aimed to address gaps that prevent people from moving to or remaining in the community.

Community First Choice (CFC)

On July 1, 2015, DSS launched a new Medicaid State Plan service pursuant to 1915(k) of the Social Security Act. This new option, made possible by the Affordable Care Act, will enable Medicaid beneficiaries who require nursing facility or other institutional level of care to self-direct community-based services utilizing individual budgets, with the support of a fiscal intermediary. Services include transitional supports when moving from institutions to the community as well as services that increase independence or substitute for human assistance such as, personal care assistants, support and planning coaches, nurse coaches, home delivered meals, environmental accessibility modifications, Personal Emergency Response System, and assistive technology. As a parallel component to CFC implementation, all Medicaid Waivers offering self-directed services, including Personal Care Attendant and Acquired Brain Injury, were revised to remove personal care attendant services. Effective July 1, 2015, self-directed services for individuals on the affected Waivers are provided as a Medicaid State Plan service through CFC.

2013 LONG-TERM SERVICES AND SUPPORTS PLAN FOR CONNECTICUT

Introduction

This Status Report is the third annual update on the status of the 2013 Long-Term Care Plan recommendations. It provides information on actions of the State agencies to address the Plan recommendations as well as on relevant legislation passed by the General Assembly and signed by the Governor.

Acronyms Used in this Status Report

AAA - Area Agency on Aging

ADA – Americans with Disabilities Act

ADRC – Aging and Disability Resource Centers

CMS – Center for Medicare and Medicaid Services

CT – Connecticut

CHCPE - Connecticut Home Care Program for Elders

DDS – Department of Developmental Services

DMHAS – Department of Mental Health and Addiction Services

DPH – Department of Public Health

DORS – Department of Rehabilitation Services

DOT – Connecticut Department of Transportation

DSS – Department of Social Services

DOH – Department of Housing

DECD – Department of Economic and Community Development

HUD - Department of Housing and Urban Development (HUD), Department of Economic and Community Development

LTC - Long-Term Care

LTSS – Long-Term Services and Supports

MFP – Money Follows the Person

OPM – Office of Policy and Management

PASRR - Pre-Admission Screening Resident Review

PCA – Personal Care Assistant

SDA – State Department of Aging

SFY – State Fiscal Year

VA – Veteran’s Administration

Status Report – June 2015
2013 LONG-TERM SERVICES AND SUPPORTS PLAN FOR CONNECTICUT

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
<p>GOAL 1. Balancing the ratio of home and community-based and institutional care</p>		
<p>Develop a system that provides for more choice and opportunities for community integration as alternatives to all institutional settings, and increase the proportion of individuals receiving Medicaid long-term home and community-based care from 56 percent in 2012 to 75 percent by 2025, requiring approximately a 1.4 percent increase in the proportion of individuals receiving Medicaid long-term services and supports in the community every year.</p>	<p>On January 29, 2013, Governor Malloy announced the Strategic Rebalancing Plan. The plan established strategies, tactics and requested funding through SFY 2015. The plan which was funded by the legislature aims to rebalance the ratio of home and community based and institutional care by focusing on 5 key areas: workforce; service delivery and gaps; housing and transportation; nursing facility diversification; and hospital/nursing home discharges.</p> <p>In April 2015, Governor Malloy’s Strategic Rebalancing Plan was reviewed and revised for FY2016-2018. The plan continues to aim to rebalance the ratio of home and community based and institutional care by focusing on 5 key areas: workforce; service delivery and gaps; housing and transportation; nursing facility diversification; and hospital/nursing home discharges.</p>	<p>Senate Bill 1502, Sec. 394: This section does three main things 1) indefinitely extends the moratorium on nursing home beds; 2) revises language regarding restriction exceptions for requesting additional nursing home bed approval deleting “AIDS and TBI” and adding the more general guideline of “patients requiring neurological rehabilitation”; and 3) adds language clarifying parameters for relocating Medicaid beds between licensed facilities.</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
GOAL 2. Balancing the ratio of public and private resources		
<p>Increase the proportion of costs for long-term services and supports covered by private insurance and other dedicated sources of private funds to 25 percent by 2025. Such an increase in private insurance and other sources of private funding would reduce the burden both on Medicaid and on individuals' out-of-pocket expenses. Nationally, private insurance (long-term care and other health insurance) represented 11.6 percent of spending for long-term services and supports in 2010.</p>	<p>Between 7/1/14 and 6/30/15, the CT Partnership for LTC held five (5) public forums on Partnership LTC insurance and the importance of planning ahead for future LTC needs. The Partnership, in addition to the public forums, held over 35 presentations and trainings between 7/1/14 and 6/30/15. Additionally, between 7/1/14 and 5/31/15, over 75 information packets were disseminated and over 200 consumers received counseling and assistance via telephone.</p>	<p>Public Act 14-8: Expands disclosure requirements for individual and group long-term care insurance policies. It also extends existing and new disclosure requirements to group policies delivered or issued for delivery (1) to one or more employers or labor organizations or a trust established by any of them or the fund's trustees and (2) for employees or former employees, members or former members, or the labor organizations.</p> <p>Public Act 14-10: Requires long-term care (LTC) insurance policy issuers (carriers) to spread premium rate increases of 20% or more over at least three years. It also requires LTC carriers to notify individual policyholders and group certificate holders of (1) a premium rate increase and (2) the option of reducing benefits to reduce the premium rate.</p> <p>Public Act 15-80 establishes the Achieving a Better Life Experience Act (ABLE Act) allowing families to establish a trust for individuals who developed blindness or a disability</p>

This assistance may come in the form of:</p> <ul style="list-style-type: none"> • Providing alternate care sites for residents evacuated from a disaster-struck facility. • Providing supplies, equipment, staff or pharmaceuticals to a facility when a disaster overwhelms their own community and isolates the facility. This plan supplements existing resources. <p>The DSS nursing facility diversification RFP seeks proposals from nursing facilities who are interested in addressing emergency preparedness/disaster planning for older adults and persons with disabilities within their community and who have community support.</p>	
SHORT TERM RECOMMENDATIONS		

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
Programs and Services		
<ul style="list-style-type: none"> ▪ Adequately support and increase the number of slots of all the existing Medicaid home and community-based services waivers to meet the needs of all eligible applicants. 	<p>DDS continues to review the Medicaid waiver numbers and plans to add waiver participant slots based on additional funding for Waitlist recipients as well as participants migrating to the waivers from MFP.</p> <p>DSS made several enhancements to the Medicaid Waivers:</p> <ul style="list-style-type: none"> ● Adult Family Living has been added as a service to both the PCA and CHCPE Waivers. ● MED has been added to the elder waiver. ● A second ABI waiver has been developed and is currently under review by CMS. ● The Mental Health Waiver has been amended and will serve 811 individuals who are currently in nursing facilities or who are at risk for this level of care. The waiver is operated by DMHAS with oversight by DSS. 	<p>Public Act 14-150: Requires the Department of Social Services (DSS) to continuously operate the current Medicaid acquired brain injury (ABI) waiver. It further specifies that services under this waiver not be phased out and that no individuals receiving services be institutionalized in order to meet federal cost neutrality requirements. The bill also requires the DSS commissioner to seek federal approval for a second ABI waiver. The bill establishes an advisory committee for the ABI waiver. The committee consists of the chairpersons and ranking members (or designees) of the Human Services, Appropriations and Public Health committees, as well as the commissioners of Social Services and Mental Health and Addiction Services. The committee must meet no less than four times per year. The committee must submit to the General Assembly an initial report concerning the impact of the individual cost cap in the proposed second ABI waiver by February 1, 2015.</p> <p>Public Act 14-47: Department of Social Services:</p> <ul style="list-style-type: none"> ● Provides additional funding for the

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
		<p>Connecticut Home Care Program for Elders (CHCPE) of \$1.5 million in FY 2015 to reflect updated cost and caseload projections.</p> <ul style="list-style-type: none"> ● Provides funding of \$750,000 in FY 2015 to serve an additional 100 children under the Katie Beckett Medicaid waiver. ● Provides funding of \$650,000 in FY 2015 in the Medicaid account to reduce the current waitlist for the Acquired Brain Injury Waiver. ● The CT Home Care Program for Adults with Disabilities (CHCPD is currently capped at 50 slots. Provides funding of \$600,000 in FY 2015 to expand the pilot for an additional 50 slots. Section 73 of PA 14-217, the budget implementer, implements the expansion of this program. ● Provides funding of \$377,000 in FY 2015 in DSS to reflect half year funding for the aid to the disabled (room and board component) services for 100 Medicaid eligible individuals designated priority one placements on the Department of Developmental Services Waiting List. <p>Public Act 14-217, Sec. 73: Increases, from 50 to 100, the number of people who may receive services through the CT Home Care</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
		Program for Adults with Disabilities, a state-funded pilot program administered by DSS.
<ul style="list-style-type: none"> ■ In the State-funded tiers of the Connecticut Home Care Program for Elders, eliminate the required co-payment. 		Senate Bill 1502, Sec 386: amends eligibility for the state funded portion of the CHCPE in fiscal years 2016 and 2017 by specifying that only individuals requiring nursing home level of care may qualify with the exception of individuals participating in the Assisted Living Demonstration Project. It also increases the required cost-share from 7% to 9% for qualified individuals on the state funded CHCPE program with the exception of individuals participating in the Assisted Living Demonstration Program.
<ul style="list-style-type: none"> ■ Identify skills needed for nursing facility residents who desire to transition back to the community and provide appropriate skill training and resources. 	<p>MFP SCMs continue to have access to a range of pre-transition supports including, peer support, alcohol and substance abuse interventions, and 1:1 engagement counseling.</p> <p>Because the Mental Health Waiver for individuals with SMI encompasses the recovery orientation adopted by the DMHAS, it emphasizes the following skill-building services:</p> <ul style="list-style-type: none"> • Intensive psychiatric rehabilitation provided in the participant’s home and in other community settings; • Attention to both psychiatric and 	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	physical needs; <ul style="list-style-type: none"> • Emphasis on wellness and recovery; • Person-centered planning leading to development of an individualized recovery plan; and • Use of peer supports provided by people trained and certified in rehabilitative care, who know from first-hand experience about recovery from mental illness. 	
<ul style="list-style-type: none"> ▪ Expand funding for State-funded respite services, such as the Statewide Respite Program, the state-funded tiers of the Connecticut Home Care Program for Elders and the Department of Developmental Services in-home and out-of-home respite services in order to provide support to informal caregivers. 	The DSS information caregiver support initiative will include a component for a new respite intervention. The design is due on August 1, 2013.	Public Act 14-47: Provides additional funding for FY 2015 to increase family grants that will assist families to access additional respite services.
<ul style="list-style-type: none"> ▪ Support family caregivers through compensation with the development of the new Adult Family Living initiative. 	Adult Family Living options became available during SFY 14.	
<ul style="list-style-type: none"> ▪ Address isolation of all older adults and individuals with disabilities living in the community. Also, address the impact of isolation on elder abuse and exploitation. 	SDA provides direction on obtaining free legal advice, elder abuse information and assistance. SDA collaborates with the aging network and law enforcement to support initiatives such as Triad to reduce criminal victimization of older persons. SDA formed the Coalition for Elder Justice to “communicate and collaborate with Public and Private stakeholders in CT to	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>address elder justice issues in order to prevent elder abuse and protect the rights, independence, security and well-being of vulnerable elders in CT.” The kick-off call to action conference was Nov. 21, 2013 and was followed on Nov. 21, 2014 with a 2nd conference, “Abuse is getting old – A Connecticut Roadmap for Action.” The Coordinating Council, which oversees the work of the Coalition, has grown from 15 to 22 members in 2015 expanding to encompass the disability community. Following the initial Council meeting in 2014, the Governor issued Executive Order 42 ordering relevant state agencies to support efforts by SDA and the Council that seek to prevent the abuse of elderly citizens. The first two Coalition workgroups that are operational include a Consumer Fraud Awareness Campaign and Financial Exploitation and Elder Abuse awareness training and reporting for financial institutions.</p>	
<ul style="list-style-type: none"> ▪ Strengthen the connection of State and local services by strengthening the relationship to senior centers, municipal government offices and services offered locally. 	<p>CHOICES programs at all AAAs across the state have recently begun to make a more strengthened effort to reach out to senior centers and either develop more sites for CHOICES counselors to see clients at the senior centers, or recruit and train more senior center staff or volunteers to be</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>CHOICES counselors.</p> <p>The Statewide CHOICES Coordinator participates in the CARSCH (CT Association of Resident Service Coordinators in Housing) chat room to strengthen its relationship to local services. Coordinators continue to recruit counselors for its training and to locate new sites for counseling.</p> <p>My Place CT will connect directly to local services in phase 3 of the website.</p> <p>SDA held a statewide meeting for senior center personnel and municipal agents on March 26, 2015 to build a stronger relationship with SDA, to solicit feedback and to foster improve communication. In October 2014, SDA established a weekly e-newsletter for municipal agents and senior centers to share and communicate information.</p>	
<p>Infrastructure</p>		
<ul style="list-style-type: none"> ▪ Achieve greater integration of and uniformity of administration of State long-term services and supports serving both older adults and people with disabilities and their families, and emphasize policies related to function as opposed to age or diagnosis. 	<p>SDA and DDS have developed a Memorandum of Understanding regarding collaboration around ADRC and No Wrong Door approaches.</p>	<p>Public Act 13-125 (SB 837): Completes the establishment of the Department on Aging by transferring to it all Aging Services Division programs and responsibilities, including federal Older Americans Act (OAA) programs,</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>The National Alliance of Mental Illness (NAMI) offered “Mental Health 101” training to CHOICES volunteers, senior centers, municipal agents and resident service coordinators for improved understanding of the needs of persons with mental health disabilities.</p> <p>CHOICES worked with NAMI and the Local Mental Health Authorities to offer “New to Medicare” training to persons with Medicare due to disability throughout the State.</p>	<p>the Statewide Respite Program, the Community Choices Program, the Long-Term Care Ombudsman Office, OAA funding for the area agencies on aging, health insurance counseling, administration of state grants for elderly community services and programs, oversight of municipal agents for the elderly, elderly nutrition, and fall prevention.</p>
<ul style="list-style-type: none"> ▪ Under the Balancing Incentive Program (BIP), create the BIP infrastructure investments of a consumer friendly statewide No Wrong Door system, a conflict free case management, and a uniform assessment tool. 	<p>The State received a BIP award in the amount of \$73M in October of 2012.</p> <ul style="list-style-type: none"> ● The Advanced Planning Document (APD) was approved in October 2014. ● Release 1 was completed in June 2014. ● The design of Release 2 which includes the Pre-Screen and Universal Application is currently in development stages. Coordination is ongoing with DMHAS, DDS, DORs, and SDA. ● On July 1, 2015, the automated Universal Assessment will be launched. 	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
<ul style="list-style-type: none"> ▪ With a focus upon hospital admission and discharge, use best efforts to divert individuals to an appropriate care setting of their choice. 	<p>My Place CT will include a portal for hospital discharge planners in phase 3. The portal will support electronic linkages between the discharge planner, formal supports and local supports.</p> <p>MFP tracks all hospital admission and discharge information as part of the quality management plan.</p> <p>24 hour nursing has been added to MFP.</p> <p>DDS policy is decreasing reliance on Nursing Home placement. DDS has incorporated procedures for Private and Public CLAs to make additional supports as needed to support an individual living in a CLA to continue there upon discharge from a hospital and to avoid long term placement in a SNF.</p> <p>DDS has five state staff dedicated exclusively to MFP, moving individuals from nursing homes, institutions and hospitals.</p> <p>To achieve the Behavioral Health Home goal and outcome measure, <i>“Improve Quality by Reducing Unnecessary Hospital Admissions and Readmissions,”</i> DMHAS Behavioral Health Home teams will</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>maintain collaborative relationships with hospital emergency departments, housing providers, psychiatric units of local hospitals, long-term care, detox providers and other applicable settings to ensure seamless transitional care to the least restrictive setting.</p>	
<ul style="list-style-type: none"> ■ Address the historical fragmentation of the Medicaid home and community-based waivers, which are associated with specific age and diagnostic eligibility criteria. 	<p>Agreement was reached to tie MED Connect to all Medicaid waivers, including waivers for Elders during the next amendment.</p> <p>DMHAS was involved in a statewide initiative to develop a core assessment tool to be used with all home and community based waivers.</p> <p>The State's Community First Choice (CFC) option will be effective July 1, 2015. CFC will be the first cross disability option, based on functional need rather than diagnosis or age.</p> <p>DDS will be a partner with DSS in the development of the Community First Choice in CT.</p>	<p>Public Act 14-47: The federal Affordable Care Act authorizes the Community First Choice Option, which offers states a 6% increase in federal reimbursement on personal care assistance (PCA) services if the program meets certain criteria. DSS will provide coverage of self-directed PCAs as a Medicaid service for individuals at institutional level of care. Reduce funding by \$470,000 in the Medicaid account to reflect savings as a result of higher reimbursement.</p>
<ul style="list-style-type: none"> ○ Explore the development of a broader 1915(i) State plan amendment to provide home and community-based supports based exclusively on functional 		

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
limitations and financial need.		
<ul style="list-style-type: none"> ■ Provide timely eligibility decisions regarding eligibility in all government sponsored long-term services and supports programs. 	<p>DMHAS developed and implemented a two-times-weekly referral meeting to expedite mental health waiver referrals.</p> <p>DSS - MFP completed a comprehensive assessment of an asset verification system for application in CT. If adopted, information would be sent electronically from banks to DSS resulting in less of a burden to Medicaid applicants and an expedited process.</p> <p>DDS streamlined the eligibility process. Applications are available online. Reduction on materials requested and increased communication with individuals and families throughout the process.</p> <p>CHOICES and DSS have established a protocol for referrals to the escalation unit to resolve problem situations and expedite new MSP applications for individuals in great need.</p>	<p>Public Act 14-47: Provides DSS an additional 35 positions to assist with long-term care applications. FY 2015: 1,700,000.</p>
<ul style="list-style-type: none"> ■ Expand Aging and Disability Resource Centers (Community Choices) statewide in support of providing information, referral, assistance and LTSS options counseling. 	<p>ADRCs are available statewide.</p> <p>ADRC received the 2012 ADRC Enhanced Counseling Options award and developed an MOA with the Connect to Work Center</p>	<p>2012 ADRC Enhanced Options Counseling Cooperative Agreement received funding from the federal Administration for Community Living.</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	for \$20,000 a year to work more closely with referrals from ADRC/Independent Living who need benefits counseling. This award is through federal fiscal 2015.	
<ul style="list-style-type: none"> ▪ Achieve greater integration of employment of persons with disabilities into the Money Follows the Person Rebalancing Initiative and home and community-based services. 	<p>Supportive Employment continues to be offered as a demonstration service to MFP participants.</p> <p>DORS is partnering with DSS through the Balancing Incentive Program to ensure coordination.</p>	
<ul style="list-style-type: none"> ▪ Support improved coordination, communication and guidance among the medical care, behavioral health and long-term services and supports systems. 	<p>In an effort to integrate behavioral health into primary care, DMHAS convened a workgroup to advance a proposal on behavioral health homes based at local mental health agencies and/or other providers.</p> <p>DPH uses the Everbridge communication system as part of its strategy to communicate to its licensed facilities including hospitals, long term care facilities and residential care homes.</p>	
<ul style="list-style-type: none"> ○ Ensure that current and future initiatives such as Money Follows the Person, Rightsizing, and the Demonstration to Integrate Care for Medicare-Medicaid Enrollees (MMEs) are well coordinated 	<p>DMHAS continues to participate on the MFP Steering Committee.</p> <p>DDS continues participation on the MFP steering committee. RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
<p>and complementary.</p>	<p>supported 135 individuals to move from institutional care to self-directed and provider supported services. 56 since 6/1/14.</p> <p>DDS continues to engage with ICF/IID providers and participants interested in transitioning their services to HCBS.</p> <p>DDS participates in the Complex Care committee representing the duals. SDA and the Long-Term Care Ombudsman Program continues to participate on the MFP Steering Committee.</p> <p>DSS Rebalancing Project Director participates on the Complex Care Committee.</p> <p>DOH continues to participate in the coordination of efforts with DSS around MFP and Rightsizing.</p>	
<ul style="list-style-type: none"> ○ Support the development of electronic health records by providers of long-term services and supports and exchange of electronic health records among providers across the Connecticut health care system to streamline care transitions, coordinate care delivery and improve quality and outcomes. 	<p>DSS is currently developing Personal Health Records and testing e-LTSS transfer protocols and ONC S & I Framework under the TEFT grant. Personal Health records will be integrated as part of the No Wrong Door initiative.</p> <p>The Mental Health Waiver is currently working with its Administrative Service</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>Organization, Advanced Behavioral Health, to have a complete electronic record system that will also integrate with the DSS Personal Health Records and testing e-LTSS transfer protocols and ONC S & I Framework under the TEFT grant.</p>	
<ul style="list-style-type: none"> ○ Support a learning collaborative approach to bring together providers across disciplines and perspectives, and to learn from older adults and individuals with disabilities. 	<p>DMHAS Older Adult Services chairs a workgroup comprised of public and private entities and has formalized a mission statement and goals around addressing older adult behavioral health issues – particularly through integrating behavioral and physical health concerns. Current initiatives include asset mapping of delivery system’s strengths and needs and integrating SBIRT (Screening, Brief Intervention, and Referral to Treatment) trigger questions into assessments conducted by non-behavioral health service providers.</p> <p>SDA participates on DMHAS Chaired Behavioral Health and Older Adults workgroup (see above). The group, in partnership with SDA ADRC grant funds is currently undertaking an Older Adult and Behavioral Health Services asset mapping exercise that will take place through Sept 15th and will result in identified, community assets, gaps, services/referrals provided by</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>physicians and recommendations for linking physical and mental health in an efforts to better streamline the physical and behavioral health service system for older adults.</p> <p>Connect-Ability Distance-Learning Initiative Independent Living and Employment distance learning modules are now available to everyone through the Connect-Ability website.</p> <p>DDS is one of five states to receive a grant to participate in Community of Practice. The Connecticut Community of Practice team is part of a national team comprised of five states that received a grant to examine processes of improving supports to individuals with intellectual disabilities and their families across the span of their lifetime. This multi-year grant affords us the opportunity to learn with others how best to discover new and innovative ways to support more families. DDS is partnering with the Connecticut Council on Developmental Disabilities in this learning experience. DDS has engaged with over 170 stakeholders to date in this initiative.</p> <p>Learning Collaboratives are funded under the rebalancing sustainability plan.</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
<ul style="list-style-type: none"> ▪ Change the names of the Long Term Care Planning Committee and the Long Term Care Advisory Council to the Long Term Services and Supports Planning Committee and the Long Term Services and Supports Advisory Council. 		
<p>Financing</p>		
<ul style="list-style-type: none"> ▪ Achieve adequate and sustainable provider reimbursement levels that support the cost of long-term services and supports and quality requirements for all segments of the long-term services and supports continuum in order to ensure capacity to meet the evolving needs and demographics of Connecticut residents. 		<p>Special Act 13-7: Requires that the Council on Medical Assistance Program Oversight study obstacles to achieving an adequate health care provider network for Medicaid recipients and recommend, not later than January 1, 2014, strategies to improve (1) access to such providers, and (2) health outcomes for such recipients across racial and ethnic lines. The study must include administrative burdens faced by providers and the effect of Medicaid rates of reimbursement on achieving an adequate provider network. [The act does not specify whether it includes providers of long-term care.]</p> <p>Public Act 14-164: Allows the DSS to pay Temporary Family Assistance (TFA) and State Supplement Program (SSP) benefits directly to a licensed residential care home or a boarding or other “rated housing facility” through a per diem or monthly rate. Current law generally requires DSS to pay benefits directly to SSP</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
		<p>and TFA participants. Also, the bill directs DSS to give rate increases, within available appropriations, for any capital improvement a residential care home makes for the health and safety of its residents. This provision is effective July 1, 2014.</p> <p>Public Act 14-47: Provides DSS a rate increase for mental health providers. FY 2015: \$4,150,000.</p> <p>Public Act 14-47: Provides DSS a 1% COLA for Home Care Providers, effective January 1, 2015. FY 2015: 1,625,000.</p> <p>Public Act 14-217, Sec. 78: Requires DSS to analyze, by November 1, 2014, the cost of providing services under the (1) Connecticut home-care program for the elderly and (2) pilot program to provide home care services to persons with disabilities. The DSS commissioner must (1) include a determination of necessary reimbursement rates for providers and (2) report, by January 1, 2015, a summary of the analysis to the Appropriations and Human Services committees.</p> <p>Public Act 14-217, Sec. 195: Allows the DSS commissioner, at his discretion, to waive specified regulations and make other changes</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
		<p>to residential care home cost reporting for rate-setting for FY 2015, subject to available appropriations. Such changes could affect rates paid by DSS to RCHs.</p> <p>Senate Bill 1502, Sec. 380: Makes \$13 million available to increase wages for certain staff at nursing homes.</p>
<ul style="list-style-type: none"> ■ Provide greater flexibility in the budgeting and use of Medicaid funds for long-term services and supports. 		<p>Public Act 14-142: Eliminates the statutory cost cap on community-based, waiver-funded services in the Connecticut Home Care Program for Elders (CHCPE), which is currently 60% of the weighted average cost of care in skilled nursing and intermediate care facilities. The bill also specifies that the state's cost for long-term facility care and all CHCPE services, not just the program's community-based services, cannot exceed the cost the state would have incurred without the program.</p>
<ul style="list-style-type: none"> ■ Capture and reinvest cost savings across the long-term services and supports continuum. 	<p>Under the Mental Health Waiver program, realized cost savings allowed the program to increase the number of clients served.</p>	
<ul style="list-style-type: none"> ○ Reinvest savings resulting from Money Follows the Person, the Balancing Incentive Program and other emerging Medicaid long-term services and supports programs to enhance the availability and capacity of 	<p>Savings achieved due to the Balancing Incentive Program has resulted in new LTSS services.</p> <p>Savings from Money Follows the Person</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
home and community based services.	has resulted in housing subsidies and funding for transitional services for individuals found ineligible for the MFP Demonstration.	
<ul style="list-style-type: none"> ▪ Reform the Medicaid rate setting system to reflect quality, reimbursement related to the actual costs of care, and uncompensated care for all LTSS providers across the continuum consistent with long-term services and supports rebalancing, rightsizing and a range of home and community based service initiatives. 		Senate Bill 1502, Sec. 397: Allows DSS to implement acuity-based methodology for reimbursement to nursing homes.
<ul style="list-style-type: none"> ▪ Explore various methods to increase the private sector's greater involvement as a payer of long-term services and supports. 		
<ul style="list-style-type: none"> ○ Explore the development of tax incentives for the purchase of private long-term care insurance, including tax incentives for employer-based coverage. 		
<ul style="list-style-type: none"> ▪ Work with the Federal government to preserve Older Americans Act funding. This federal funding source is currently at risk. 	In FFY 2013, sequestration resulted in reduced Older Americans Act (OAA) funding to SDA. There was no additional OAA funding reduction in FFY 2014. Additionally, SDA secured Social Services block grant (SSBG) funding to supplement	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>nutrition funding. SDA Commissioner provided a letter of support for the Reauthorization of OAA, which included a recommendation to make discretionary grant programs such as ADRC, CDSMP and SMP permanent parts of the Act's core programs with appropriate funding to sustain these projects.</p> <p>In January 2015, SDA communicated with Congressional leaders to provide support for the proposed Older Americans Act Reauthorization of 2015.</p>	
Quality		
<ul style="list-style-type: none"> ▪ Enable a collaborative, flexible and efficient regulatory environment that is adaptive and receptive to individual provider's forward thinking ideas and planning. Such an environment would encourage providers of the long-term services and supports continuum to adjust, modernize and diversify their models of care to address current and future consumer needs and expectations, which in turn should lead to higher quality care. 	<p>DPH meets quarterly with the not- for-profit and for- profit long term care trade associations to discuss current issues and resolution to promote quality care in the long-term care setting.</p> <p>The DPH has established a voluntary program to implement the use of Medical Orders for Life Sustaining Treatment (MOLST) by health care providers. An advisory group was created comprised of health care providers and consumer advocates to make recommendations on the pilot program. Participating health care</p>	<p>Public Act 14-231, Section 7: Requires that in nursing facilities, Management Companies may provide services to manage the operations including the provision of care and services. If there has been a substantial failure to comply with the requirements or regulations adopted, the commissioner may require the nursing facility licensee and the nursing facility management service certificate holder to jointly submit a plan of correction.</p> <p>Public Act 14-95: Allows DSS to expand the state's "Small House Nursing Home" pilot</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>providers must be trained in how to fully inform patients about the benefits and risks of MOLST. The pilot program will end by 10/1/16 and the commissioner will report to the governor and public health committee.</p>	<p>program. A small house nursing home is an alternative nursing home facility consisting of one or more units designed and modeled as a private home with no more than 14 individuals in each unit. The pilot’s goals are to improve the quality of life for nursing home residents and provide nursing home care in a “home-like” rather than institutional living.</p> <p>Public Act 14-231: requires nursing homes to provide one-hour training in oral health and hygiene techniques to licensed and direct care staff and nurse’s aides who provide patient care. Staff must complete the training within the first year of employment and annually thereafter.</p>
<ul style="list-style-type: none"> ■ The Departments of Public Health and Social Services should work together to ensure consistency among their respective regulations. 	<p>DPH and DSS conduct a weekly call to discuss common issues and financial viability of long term care facilities.</p> <p>DPH and DSS also coordinate on the administration of medication by certified home health aides and risk in the community.</p>	
<ul style="list-style-type: none"> ■ Review licensing certification requirements and Probate Court protocols (currently there is no licensing for conservators or guardians) for training of community-based formal caregivers, conservators and guardians to assure that 	<p>DPH is developing a guidance document to EMS providers and agencies. This information will be distributed to applicable communities and associations.</p>	<p>Public Act 14-194: Establishes mandatory Alzheimer’s and dementia-specific training for a wide range of personnel, including emergency medical technicians (EMTs),</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
<p>the specialized needs of the individual, such as those with Alzheimer’s disease, are met and provide training where there are gaps.</p>		<p>probate judges, paid conservators, and protective services employees. It requires staff in Alzheimer's special care units hired on or after October 1, 2014 to complete the currently required initial Alzheimer's and dementia-specific training within the first 120 days of employment. Under current law, the training must be completed within six months of employment.</p>
<ul style="list-style-type: none"> ▪ Expand the scope of the Long-Term Care Ombudsman program to provide Ombudsman support to consumers receiving long-term services and supports regardless of setting in order to align the program with Medicaid LTSS rebalancing efforts. Additional appropriations to the Long-Term Care Ombudsman program would be necessary to expand beyond their current jurisdiction. 	<p>The DSS strategic rebalancing plan includes a strategy to incorporate Ombudsman into community LTSS infrastructure.</p>	<p>Public Act 13-234, Section 107: Requires the state ombudsman, beginning July 1, 2014, to personally, or through representatives of her office, implement and administer a pilot program serving home- and community-based care recipients in Hartford County.</p> <p>Senate Bill 1502, Sec. 371: Revises existing statute regarding implementation of the Community Ombudsman pilot program that serves home and community-based care recipients in Hartford County to specify that it be implemented and administered, within available appropriations.</p>
<p>Housing</p>		
<ul style="list-style-type: none"> ▪ Support programs that divert or transition individuals from nursing facilities or other institutions to community housing options. 	<p>Nurse Clinicians under the DMHAS Nursing Home Diversion and Transition Program are now cross-trained in diverting nursing home clients to the mental health waiver.</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>The Nursing Facilities Diversification program announced a second round of grants in May 2015. This program provides financial assistance to the owners of nursing facilities that are licensed by the Department of Public Health so that they can change or diversify their business model in a way that supports individuals on Medicaid who need Long Term Services and Supports (LTSS) living in the community. Owners proposed diversification plans must align with the State’s Strategic Rebalancing Plan: A Plan to Rebalance Long Term Services and Supports 2013-2015, and assure informed choice to residents living in their facility and contribute to reducing the total number of nursing facility beds statewide. Owners are expected to develop relationships and partner with stakeholders in the community including, but not limited to, town governance, town residents, nonprofit entities, and existing home and community-based services providers.</p> <p>The Strategic Plan focuses on community partnerships in the development of innovative housing plus support models.</p>	

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
<ul style="list-style-type: none"> Address the community housing needs of nursing facility residents who are returning to the community because they no longer need this level of care but have lost their community residence. 	<p>Accessibility modification programs for MFP and the general population continue to be provided by the Corporation for Independent Living.</p> <p>In 2014 and 2015, DOH provided a grant to the Corporation for Independent Living totaling \$1 million per year to continue accessibility modification programs for MFP and the general population.</p>	
<ul style="list-style-type: none"> Develop new housing alternatives for persons with serious and persistent mental illness who do not need nursing facility level of care. 	<p>DOH, in conjunction with the Interagency Committee on Supportive Housing and Homelessness, is providing \$25 million in capital funding for the construction and/or substantial rehabilitation of affordable housing for the chronically homeless with disabilities. The five projects that were awarded will result in the creation of 150 units of affordable and supportive housing.</p>	<p>Public Act 14-47: Provides funding to DOH to support 110 additional Rental Assistance Program (RAP) certificates for scattered site supportive housing for individuals with psychiatric disabilities. FY \$1,100,000.</p> <p>Public Act 14-217, Sec. 71: Current law permits the DMHAS commissioner, within available appropriations, to provide subsidies to people who receive DMHAS services and require supervised living arrangements. The bill specifies that such subsidies are for people who qualify for supportive housing under the state's permanent supportive housing initiative, which the department operates in collaboration with several other state agencies.</p> <p>Public Act 14-47: Provides funding to DOH of \$1.1 million to support Rental Assistance</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
		<p>Program (RAP) certificates for 110 units of scattered site supportive housing for individuals with psychiatric disabilities. Funding of \$1.1 million under the Department of Mental Health and Addiction Services will support the services related to these units.</p> <p>Public Act 14-47: Reduces funding by \$600,000 for the Money Follows the Person program to reflect savings due to slower than anticipated transition for individuals in the program. The savings will be repurposed to provide support services and rental assistance program (RAP) certificates for individuals with psychiatric disabilities.</p>
<ul style="list-style-type: none"> ▪ Support legislation that requires new homes to provide features to make it easier for individuals with mobility-impairments to live in and visit. 		<p>Public Act 14-98, Sec. 9i: Allocates \$6 million in bonding money to the Department of Rehabilitation Services to provide grants to older adults and persons with disabilities to make home modifications and purchase assisted technology so they can remain in their own homes and age in place.</p>
<ul style="list-style-type: none"> ▪ Continue the progressive State investment in the development of housing that is affordable and accessible for older adults and persons with disabilities. 	<p>In addition to the supportive housing initiative above, DOH investments continue to be for affordable housing for persons and families of low and moderate income. During FY 14, DOH committed \$70M and in FY 15 \$100M in capital funding for the development of affordable housing. DOH</p>	<p>Public Act 13-247 (HB 6706), Section 60, authorizes DSS, DMHAS, Corrections, OPM and the Judicial Branch’s Court Support Services Division to (1) develop a Plan to provide supportive housing services, including housing rental subsidies during FY 14 and FY 15 for an additional 160 individuals and</p>

RECOMMENDATIONS	ADMINISTRATIVE AND OTHER ACTIONS	LEGISLATIVE ACTIONS AND NEW FUNDING
	<p>continues to promote the inclusion of handicapped accessible/adaptable units in all of our projects, and continues to fund applications for capital financing to support affordable housing for the elderly, which includes persons and families over the age of 60 and the young disabled.</p> <p>DMHAS is part of an interagency collaborative that provides an additional 1100 units of permanent supportive housing, or housing that is dedicated to the homeless disabled population. DMHAS also has created innovative supportive housing models to individuals cycling between the homeless shelter system and the criminal just system as well as a program that provides supportive housing to those individuals discharging from an inpatient psychiatric setting. Currently DMHAS is collaborating with the Interagency Committee on Supportive Housing in the development of 53 additional units of permanent supportive housing through our fourth round of development. In addition, the Governor's biennial budget includes funding for an additional 150 units of supportive housing.</p>	<p>families who frequently use expensive state services and (2) enter into memoranda of understanding to reallocate, within existing appropriations, the necessary support and housing resource for this purpose.</p> <p>DOH and DMHAS are engaged in the Social Innovation Fund Housing Program which intends to house 160 homeless individuals that are also high users of Medicaid services. The elderly are eligible if they are deemed homeless and have high Medicaid costs. The goal of the program is to realize savings in Medicaid by providing permanent supportive housing.</p>
<ul style="list-style-type: none"> ▪ Encourage the growth and development of community-based service models that bring long- term services and 	<p>DOH is implementing the new 811 PRA funding, in coordination with DSS, DMHAS,</p>

<p>supports to housing residents. Work with the federal government to secure at-risk housing subsidy, preservation, and development funds.</p>	<p>DDS and CHFA. In March 2015 DOH, in coordination with DSS, DDS, DMHAS and CHFA, recently was awarded \$4.12 million in Section 811 project-based rental assistance over the next five years. This is a twenty year commitment of federal subsidies, of which the first award is intended to produce 150 units of affordable supportive housing. When implemented this program will be able to assist individuals discharged from a nursing home into an independent living situation with support services.</p>	
<p>Workforce</p>		
<p>Endorse the full recommendations of the Long-Term Services and Supports Workforce Development Strategic Plan.</p>	<p>The LTSS Strategic Plan includes the workforce development component for SFY16-18. Tactics include developing various types of trainings in partnership with community college systems, and partnering with communities by hosting workforce outreach collaboratives to assist with provider enrollment.</p>	

APPENDIX G.

State Long-Term Services and Supports Programs and Expenditures SFY 2014 – 2015

- I. Overview of State Agencies Providing Long-Term Services and Supports**
- II. State Long-Term Services and Supports Programs in Connecticut – SFY 2015**
- III. State Long-Term Services and Supports Program Expenditures in Connecticut – SFY 2015**

I. Overview of State Agencies Providing Long-Term Services and Supports

Department of Social Services (DSS): DSS provides a broad range of services to people who are elderly or have disabilities, families and individuals who need assistance in maintaining or achieving their full potential for self-direction, self-reliance, and independent living. It administers over 90 programs. By statute, it is the State agency responsible for administering a number of programs under federal legislation, including the Social Security Act (which includes Medicaid) and the Food Stamp Act. DSS administers the Connecticut Home Care Program for Elders (CHCPE), a portion of which is State-funded, the Connecticut Home Care Program for Adults with Disabilities that is also state-funded, and other programs such as the Personal Care Assistance (PCA) Waiver Program, the Acquired Brain Injury (ABI) Waiver Programs, the Katie Beckett Model Waiver Program, the Department of Developmental Services Home and Community Based Waiver Programs, the Department of Mental Health and Addiction Services Medicaid Waiver program, the Connecticut AIDS Drug Assistance Program and the Connecticut Pharmaceutical Assistance Contract to the Elderly (ConnPACE). DSS also received approval from the Centers for Medicare and Medicaid (CMS) for a 1915(i) State Plan Home and Community-Based Services option for individuals age 65 and older who are at risk of nursing home placement but not yet nursing facility level of care. In addition, DSS was recently approved by CMS to add the Community First Choice state plan option of home and community-based services to its array of options for community-based long-term services and supports.

Department of Developmental Services (DDS): DDS provides case management, residential habilitation, individualized supports, campus settings, day habilitation, prevocational services, supported employment, respite care, and family support to approximately 16,328 persons with intellectual disabilities and their families. As of June 2015, 63.6 percent of those people eligible to receive services from DDS were living in their own or their family home, 22.9 percent lived in public or private community living arrangements, 2.3 percent lived in community training homes, 3 percent lived in campus settings and 2.3 percent were in skilled nursing facilities. In addition to individuals with intellectual disabilities (ID), DDS has begun to serve 124 people on the Autism Spectrum who would not meet the criteria for ID. 92% of these individuals reside in their family home with 8% living in their own home.

Department of Mental Health and Addictions Services (DMHAS) serves as both the state's State Mental Health Authority (SMHA) and Single State Agency for addiction services (SSA). It is an independent state agency having statutory responsibility to promote and administer an integrated system of comprehensive behavioral health preventive, treatment, and rehabilitative services. The DMHAS mission is "to improve the quality of life of the people of Connecticut by providing an integrated network of comprehensive, effective, and efficient mental health and addiction services that foster self-sufficiency, dignity, and respect." Its primary purpose is to assist persons with mental health and/or substance use disorders to recover and sustain their health through delivery of high quality services that are person-centered, promote hope, attend to

trauma, improve overall health, and are anchored to a recovery-oriented system of care that is culturally competent and rooted in evidence-based practices.

To this end, DMHAS operates, funds, and coordinates inpatient and community-based behavioral health services for adults (18 and older) with serious substance use and/or mental health conditions as well as provides programs for individuals with special needs (e.g., AIDS/HIV, gambling, substance abusing pregnant women, etc.) and defined target populations (e.g., young adults, including those transitioning out of the DCF system, and those involved with the criminal justice system) including persons with serious mental illness residing in nursing homes, military personnel and their families, and persons who are homeless. DMHAS is responsible for the state's behavioral health general funds and SAMHSA block grant allocations, and manages the clinical aspects of the Medicaid Behavioral Health Services Partnership for adults. DMHAS directly operates three inpatient hospitals and contracts with community hospitals and one private psychiatric hospital for inpatient and ambulatory care. Department-operated inpatient hospitals provide psychiatric care and medically managed detoxification and residential rehabilitation services. DMHAS administers the mental health service system through a network of 13 Local Mental Health Authorities (LMHAs) statewide, six state-operated and seven non-profit, along with over 90 affiliated nonprofit community-based organizations. LMHAs are the sub-state administrative and direct care component for the delivery and coordination of mental health services across the state. They develop, maintain, and manage a comprehensive system of mental health treatment, rehabilitative services, and recovery support for designated local service.

Department of Housing (DOH): The Department of Housing strengthens and revitalizes communities by promoting affordable housing opportunities. The Department seeks to eliminate homelessness and to catalyze the creation and preservation of quality, affordable housing to meet the needs of all individuals and families statewide to ensure that Connecticut continues to be a great place to live and work.

The Department of Housing (DOH) works in concert with municipal leaders, public agencies, community groups, local housing authorities, and other housing developers in the planning and development of affordable homeownership and rental housing units, the preservation of existing multi-family housing developments, community revitalization and financial and other support for our most vulnerable residents through our funding and technical support programs. As the State's lead agency for all matters relating to housing, DOH provides leadership for all aspects of policy and planning relating to the development, redevelopment, preservation, maintenance and improvement of housing serving very low, low, and moderate income individuals and families. DOH is also responsible for overseeing compliance with applicable statutes, regulations and financial assistance agreements for funded activities through long-term program compliance monitoring.

Department of Transportation (DOT): (DOT) provides about \$160 million a year in subsidies to bus and paratransit systems throughout the state. The fixed route bus system provides discounted (half-fare) rides to seniors and people with disabilities. Out of a total of 39 million riders annually on the fixed-route system, about two million rides are

provided annually to elderly and disabled customers. DOT administers the Federal Section 5310 program, which provides vehicle grants to municipalities and non-profit organizations. Over 100 vehicles funded by this grant program are operating around the state. In addition, the federal Americans with Disabilities Act (ADA) requires that demand-responsive paratransit services be provided to pre-qualified individuals who are not able, due to their disability, to utilize the local fixed-route bus system. ADA paratransit services are available to origins and destinations within 3/4 mile of the local bus route and are operated during the same days and hours as the local bus service. The State currently spends over \$25 million annually to support ADA services, and provides over 850,000 rides annually. The DOT-subsidized bus and paratransit operations serve 107 towns in the state. The State Legislature appropriated \$3 million in fiscal 2012 and 2013 to a “State Matching Grant Program to Provide Demand Responsive Transportation to Seniors and People with Disabilities.” This program allows municipalities to apply for a portion of the funds, determined by a formula, and requires an equal match by the municipality. The Federal Transit Administration New Freedom Program provides grant funds for transportation related programs that go beyond the requirements of the Americans with Disabilities Act of 1990. These grants are made available through the DOT and must be derived from locally-coordinated human services transportation - public transit plan.

The Department of Public Health (DPH): The mission of DPH is to protect and improve the health and safety of the people of Connecticut. DPH is the state’s leader in public health policy and advocacy. The Department is a partner to local health departments for which it provides advocacy, training and certification, technical assistance, consultation, and specialty services such as risk assessment that are not available on the local level. Additionally, DPH establishes health priorities and evaluates the effectiveness of health initiatives. The agency also has regulatory functions which focus on the quality of services provided by licensed professionals, health care institutions, laboratories, ambulances, and environmental health entities. Resources are also dedicated to epidemiology, vital statistics, health education, and surveillance.

Department of Children and Families (DCF): DCF provides a variety of community-based and institutional services for children and adolescents with disabilities and their parents. The department's mandates include Prevention, Child Protection, Juvenile Justice Services and Behavioral Health. Services are provided through contracted providers as well as State operated facilities. DCF is part of the Behavioral Health Partnership, along with DSS and DMHAS, with the goal to provide access to a more complete, coordinated, and effective system of community-based behavioral health services and support.

Office of Protection and Advocacy for Persons with Disabilities (P&A): P&A is an independent State agency created to safeguard and advance the civil and human rights of people with disabilities. By providing various types and levels of advocacy assistance, P&A seeks to leave people with disabilities and their families better informed, equipped, and supported to advocate for themselves and others. During 2014, P&A provided information, referral, or short-term assistance to 3,447 people, while 639 individuals

received a more intensive level of advocacy representation. The Fatality Review Board for Persons with Disabilities (FRB) reviews the deaths of all persons receiving services from the Department of Developmental Services. There were 221 deaths reported and sixty-two reported deaths were subject to in-depth discussion, monitoring, investigation and/or review. The FRB also received and investigated three death notices from the Department of Mental Health and Addiction Services and three death notices from the Department of Correction. The P&A Abuse Investigation Division (AID) investigated or monitored 1,272 investigations into reports of suspected abuse or neglect of adults with mental retardation. Also, P&A staff provided training to over 1,600 individuals at 86 events on disability rights topics and disseminated information to more than 3,200 people. More than 10,000 P&A publications and program brochures were distributed. The P&A website is constantly updated and includes current news and a calendar of upcoming events; P&A program descriptions and agency publications; legislative updates; links to websites for disability rights and resources; and reports on developments in the field of disability rights. Last year, the P&A website had more than 148,200 hits for information and more than 52,200 publications were downloaded through the site. (www.ct.gov/opapd). P&A staff supported community based disability advocacy groups across Connecticut, providing training and technical assistance on organizational development issues and disability rights. The agency continued its support for African Caribbean American Parents of Children with Disabilities (AFCAMP), Padres Abriendo Puertas (PAP); ADAPT and the Americans with Disabilities Act Coalition of Connecticut.

Department of Rehabilitation Services (DORS): DORS receives both federal and state dollars to provide a broad array of services, equipment and supports to individuals with disabilities that promote independent living, community participation and employment. DORS implements these services and supports through a variety of programs. The Bureau of Rehabilitation Services (BRS) administers the Title I Vocational Rehabilitation and Title VI Supported Employment (SE) programs of the Rehabilitation Act of 1973, as amended. BRS services are provided to adults who have a mental or physical impairment that is an impediment to employment. Supports are individualized to each job seeker and may include services such as personal assistance for evaluation and training purposes. The Driver Training Program for Persons with Disabilities provides driver instruction for qualified permanent Connecticut residents who require specialized equipment to operate a motor vehicle. The BRS' Independent Living program provides comprehensive independent living services, through contracts with Connecticut's five community-based independent living centers. The Workers' Rehabilitation Program assists injured workers in a return to gainful employment in the most timely and cost effective manner possible while taking into account the needs of the individual. Deaf and Hard of Hearing Services (formerly the Commission on the Deaf and Hearing Impaired) works to advocate, strengthen and implement state policies affecting individuals who are deaf or hard of hearing. Services and supports include interpreting services for persons who are deaf and hard of hearing and counseling services and assistance to persons who are deaf and hard of hearing and their families. The Bureau of Disability Determination Services is charged with deciding eligibility for the Social Security Disability Insurance (SSDI) and Supplemental Security Insurance (SSI) programs. These programs provide cash benefits

to individuals who are unable to maintain employment due to the severity of their disabilities. The Bureau of Education and Services for the Blind (BESB) offers a comprehensive array of services to improve the independent living skills of adults and children who are legally blind or visually impaired. Services are customized to each consumer's specific situation and include vocational counseling, technology training, and teaching to improve activities of daily living, training in use of devices for safe travel, provision of low vision evaluations and aides, and self-advocacy training. Rehabilitation professionals are available to come to the homes, schools and places of employment of consumers, delivering specialized independent living, educational and vocational training. In addition, the agency Business Enterprises Program offers a unique opportunity for people who are blind to become entrepreneurs.

Department of Veterans' Affairs (DVA) – DVA provides health care, residential and rehabilitative services for veterans honorably discharged from the Armed Forces. An Adult Care Facility, operated by DVA, is licensed by the state DPH as a Chronic Disease Hospital and provides general medical care, Alzheimer's and related dementia care, end of life care, palliative care, long term care, rehabilitation, respite care, mental health and psychological counseling. It served 117 Veterans in SFY 2015. The Residential Facility is certified by the Federal Department of Veterans Affairs and served 222 veterans in SFY 2015. Veterans receive substance abuse treatment, social work services, educational and vocational rehabilitation, job skills development, self-enhancement workshops, employment assistance and transitional living opportunities.

Department on Aging (SDA) - The State Department on Aging, as the designated State Unit on Aging, ensures that Connecticut's older adults have access to the supportive services necessary to live with dignity, security, and independence. The Department is responsible for planning, developing, and administering a comprehensive and integrated service delivery system for older persons in Connecticut. The Department administers Older Americans Act programs for supportive services, in-home services, and congregate and home-delivered meals. It also administers programs that provide senior community employment, health insurance counseling, and respite care for caregivers. The Long-Term Care Ombudsman Program, administratively housed in the State Department on Aging, provides individual advocacy to residents of skilled nursing facilities, residential care homes and assisted living facilities. The State Ombudsman also advocates for systemic changes in policy and legislation in order to protect the health, safety, welfare and rights of individuals who reside in those settings. The Department works closely with the aging network partners to provide these services. Partners include Connecticut's five area agencies on aging, municipal agents for the elderly, senior centers, and many others who provide services to older adults.
