MEMORANDUM

Date: March 16th, 2022

To: Legislative Council President Dominique Baez

From: Mayor Lauren Garrett

CC: Legislative Council Members, File

RE: Fiscal Year 2023 Operating Budget

Dear Councilmembers,

It is my honor as Mayor of the Town of Hamden to present to you the Fiscal Year 2023 Operating Budget. The budget that I have submitted transparently and honestly represents what it costs to run the Town of Hamden. I have used revenues that can be supported with documentation. For the first time in a generation, pension, medical, and debt expenses are funded in full.

Many expenses were not previously accounted for honestly. Our tax collection rate has been set too high in past budgets. The town has never received 98.8% of property taxes. I have set the tax collection rate at 97.8% which aligns with actual collections. The previous mayor and council underfunded medical in the last budget. That expense is projected to run over budget this year and projections for next year have increased.

This budget builds the operations of the town so we can function as a municipality. Our Assessor's Office needs additional personnel in order to have a grand list that is up to date and accurately captures growth. Instability in the finance office has caused us to have late audits and fail to address audit findings. This budget addresses those systemic issues.

This is a budget that rights the financial ship of the town. This is the first budget proposed in decades without a structural deficit. We are funding positions that are critical to a functioning town and promote growth. It is my hope that as all of you see the town operating more efficiently, you will see the value in the work being done.

I appreciate the work that has gone into this budget from my staff, Department Heads, and most importantly the Finance Director and Deputy Finance Director. Their work represents hundreds of hours. This budget would not be possible without their collaboration.

I will continue to work with the council in providing all documentation and all the tools they need to make decisions during budget deliberations.

Respectfully submitted,

Laum gants

Mayor Lauren Garrett

	Animal Control
Activity Title	Animal Control
Mission Statement]
Program Description	Hamden is a municipality having a population of more than 25,000 people and is required by Connecticut General Statute 22-331 to employ a full-time municipal animal control officer and such assistants as deemed necessary to administer and enforce the laws relating to dogs or other domestic animals. Hamden employs one full-time animal control officer and one full-time assistant animal control officer to meet the service needs of Hamden. The Animal Control Officers (ACO's) are tasked with handling complaints regarding many different types of animals including dogs, cats, coyotes, foxes, turtles, horses, raccoons, skunks, and other various small animals. Dogs and cats generate the majority of complaints and therefore are the animals that are managed more than any other. Hamden relies on many other municipalities for all boarding arrangements for impounded animals. The Animal Control Officers have law enforcement powers contained within Chapters 435, and 436a of the Connecticut General Statutes.
Objective 1	To return all dogs and cats that are impounded to their rightful owner(s).
Objective 1	To return all dogs and cats that are impounded to their rightful owner(s).
Description	By advertising the descriptions of seized dogs and cats beyond what is required in the Connecticut General Statues to include working closely with outside pet finder and webbased sources.
Objective 2	To find suitable homes for all impounded, healthy and adoptable dogs and cats.
Description	By working closely with outside pet finder and internet-based sources in advertising pets available for adoption. This objective can be further met by boarding healthy and adoptable dogs and cats for as long as possible.
Objective 3	To hire and fund 1 full-time Assistant Animal Control Officer
Description	The department of Animal Control handled approximately 600 calls for service in calendar year 2021. The Animal Control Officers are also responsible for the cleaning and feeding of animals held at the North Haven Animal Shelter. The additional staffing level would provide the department with the ability to cover evenings and weekends, which would result in better delivery of services to the community and a decrease in overtime expenses.

Activity Title Administration	

Statement The Assessor's office is responsible for discovering, listing and valuing all real estate, motor vehicles, and personal property in Hamden. The department administers the Elderly and Disabled Credit program and all state and local tax exemption programs for the elderly, veterans, the blind and the disabled. In addition, it maintains an accurate program of real estate analysis to ensure that Hamden's net Grand List is properly equalized.

Objective 1	To assure taxpayers that each pays no more than his/her fair share of property tax.
Description	The Assessor's office will continue to review all three classes of property for inequities in assessment. Also, the department will continue to review and update tax maps and expand service to the public through the use of its computer software programs.

March 16, 2022

Mayor Garrett,

Quinnipiac University is grateful for its continued collaboration with the Town of Hamden and is proud to call Hamden home for the more than 9,000 active students and over 62,000 alumni connected to our university. As you know, we are planning the development of a new South Quad on the Mount Carmel Campus that will help QU continue to be future-focused and attract top talent to the university.

The development includes a new School of Business and central plant, a new general academic building, and a new 400+ bed residence hall as we now have a 3-year on-campus housing requirement. In our current project estimates, our construction manager has included a \$3,000,000 estimate for building permits associated with the development, which is revenue that would go directly to the Town of Hamden. Our work continues on the design of the buildings as we're in the early stages and we have been including Town Officials in our collaborative and transparent processes. We are committed to designs that meet the necessary requirements for the various Town approvals and hope to receive approval later this calendar year.

Thank you for your continued support of Quinnipiac University and our students.

Sincerely,

Bethany Zemba

Quinnipiac University

Community and Tout	il Services
Division	Community Services
Mission Statement	The Community Services department provides professional, front-line services and referrals to members of the Hamden community who are in need.
Program Description	Community Services provides educational, recreational and social services to residents of all ages and offers the support necessary to give residents the opportunity to function independently as productive members of the community. Through intensive case management services, the department meets the basic needs of families by providing them with fuel, food, shelter, emergency services, eviction prevention assistance, and utility shut-off prevention programs.
Objective 1	Provide basic needs to Hamden residents, including the elderly, in need food, shelter, fuel assistance, rental assistance. Support to residents with building code violations or relocation due to fire. Assist families in locating temporary and permanent housing when relocation is ordered by code enforcement officials.
Description	Provide food for individuals and families through the Hamden Food Bank. Provide temporary shelter, utility assistance and fuel assistance to avoid shut off or to reinstate service. Make referrals to other resources, as needed.
Objective 2	Case Management
Description	Assess client need, program eligibility and referral options for residents who are experiencing hardship, unemployed or homeless. Work with the homeless population by making referrals to day programs and shelter resources.
Objective 3	Fostering Self-Sufficiency, Independence, and Growth
Description	Helping clients obtain the skills necessary to promote better financial decision-making and healthy lifestyles. Objectives include nutrition and health activities to accompany the SWAP (Supporting Wellness at Pantries) food program, as well as budgeting, financial literacy, information for job-seekers, and examining barriers to housing.

Division	Youth Services
Mission Statement	The mission of Youth Services is to create and foster opportunities for all Hamden youth and their families to
	learn and grow in positive ways.
Program Docarintian	The Hamden Vaulb Carriers Day
	The Hamden Youth Services Bureau serves as a hub for children, youth and families to connect with services and programming available for Hamden residents through advocacy, resources and referrals. We collaborate with the Hamden Public Schools and a variety of organizations and providers to for consultation, enrichment, education and outreach. Prevention programming is planned based on our most recent data relevant to children, youth and their caregivers in Hamden. Direct Services include education in the Hamden Public Schools to enhance and complement the curriculum, volunteer and community service placement, school supplies closet for youth in need, free books for all reading levels, trainings and workshops in the community and public schools, community based events and summer youth employment and trsaining. Data collection, evaluation and strategic planning will continue for 2021-22.
Objective 1	Prevention
Description	There exists a need, as documented by prevention research, staff at Youth Services, school personnel, the Police department, parents and community members to educate continually our children and youth about the negative consequences of issues such as truancy, self harm, violence, teen pregnancy, substance abuse and other harmful behaviors. Programming for positive youth development is a keystone of Youth Service Bureaus throughout the State of Connecticut. These programs are needed in order to inform, educate, entertain and, most importantly, engage our young people. The need is evidenced by the SEARCH youth survey data, as we as parent, community and professional input.
Objective 2	Awareness
Description	Increase the community's awareness of issues relevant to our youth and their families through the use of press releases, fact sheets, program flyers and brochures, resource materials, manuals, directories, newsletters, workshops, website postings, facebook, twitter, etc. Our emphasis this year will be on increasing use of social media.
Objective 3	Community Outrooph
Onjective 3	Community Outreach
Description	Continue and expand accessible programming through key partnerships for all youth and their families throughout Hamden. This may include enrichment and cultural activities, festivals, intergenerational activities, athletics, arts, educational programming, etc. Areas of focus include homeless and un-stably housed youth, youth with special needs, invenile justice, regist and others and increase it.
	youth with special needs, juvenile justice, racial and ethnic and income disparities. Our emphasis this year will be to increase youth and parent voice

Town	of	Hamden.	Connecticut

Elderly Servi	ces
Activity Title	Administration
Mission Statement	The Miller Senior Center's mission is to improve the lives of Hamden older adults through services and opportunities which provide social interaction, recreation, social services, education, volunteerism, and community involvement.

Elderly Services

Program Description

The center provides sponsored activities, programs, special events and services to Hamden's elderly through the following departments: the administration of the Miller Senior Center, the Elderly Outreach Office, Elderly Nutrition Program (ENP), and the Senior Transportation Program through GNHTD. The center's administration offices provide the organizing and executing of programs and information to Hamden's seniors. It acts as the hub of the center by generating newsletters, organizing classes with volunteer instructors, answering daily correspondences, instructing participants, assisting with volunteers, conducting mini tours for families of seniors, meet and greet the public, develop and coordinate programming, & provide information on Town services, creating a monthly newsletter, etc. The Coordinator works with transit to identify issues or better ways to serve the Hamden seniors. The Coordinator also applies for and oversees the GNH Comm. Found. Grant (\$122K for 3yrs;11/11/21-11/2023). Generates the annual required report to enable the continuance of the funding. 100% of this grant funding goes to seniors in crisis. A total of \$32K has been awarded the first year. Assessments and referrals are handled by all staff members. The Elderly Outreach staff consists of three counselors who are crucial in the assisting elderly by connecting them with social services, such as, home visits, senior housing site visits, fuel/energy assistance, rent rebate, assessments for emergency funding & emergency food distribution. This department, along with the Coordinator, works with the Police, Fire/Health departments, and Elderly Protective Services, regarding seniors in crisis. The department provides support to seniors/community in understanding the vaccine appt. scheduling process and may participate in VALS support. The entire staff is distributing the testing kits and masks to the elderly population. **Currently, all services are administered contactless until further notice.

Objective 1

Continuity of the Elderly Nutrition program by box lunches until senior center cafés are able to open. Work with the health committee members to provide additional foods/snacks.

Elderly Services

Description

The Elderly Nutrition program feeds over 300 & more people monthly. The meals are delivered to the center by the state/federal Elderly Nutrition Program vendor and served to the attendees by volunteers with a Cafe Mgr overseeing the lunch room. Special programs / entertainment are added to the meal program to encourage attendance. In regards to the emergency food bank, the Elderly Outreach staff assesses Hamden seniors for food emergencies and also refers to the Keefe Center food bank. The senior emergency food bank receives supplies by local churches, organizations and individuals from Hamden. The department continues to work with Elderly Protective, Resident Care Associates, social workers, etc., in requests for immediate grocery items. During the pandemic, ENP meals are dispensed by driveby and few seniors are delivered. The staff refers to food banks for groceries.

Objective 2

To enhance relationships and receive support from new and existing healthcare organizations.

Description

The senior center has been working actively with the Americorp (was RSVP) program under the Agency on Aging SCC. The agency also uses the center to meet clients and helps the staff with processing volunteer applications in addition to finding out status of state/federal paperwork for seniors applying through DSS. The Program Mgr. for Americorp has been working with our Veterans group and assisting with the meetings. The Hamden Chamber's Health & Wellness Committee sponsors special events and helps with our annual picnic. In addition, the committee has sponsored large events for the seniors, ie, Dec. Holiday Run for 100 seniors. The coordinator is participating in meetings with other centers in addition to the meetings at CASCP and CAMAE to become informed and to exchange ideas or best practices. Also, the secretary and outreach are members of the Health & Wellness Committee, and Hamden Senior Wish promoting services and the sponsoring of programs. Due to the virus, special events have/will continue outside, such as, trunk or treat, Dec. holiday event, St. Paddys drive through.

Elderly Services

Objective 3

To focus on expanding services during the pandemic and the process of a reopening to senior programming.

Description

Programs function with volunteer or instructors charging a small fee. Approx. 150-200 seniors attend the different programs a day. During the pandemic exercise programs and smaller programs were held with safety protocols in place. The start of programs in 2022 are delayed due to high number of cases. When open to the public, scheduled exercise programs will continue with additional programming to start in Spring / Summer.

Objective 4

To continue the partnership with the VNA Community Services emphasizing preventive care and transitional care from hospitals or rehab and assist with health needs and to provide additional presentations along with new programming.

Description

Enhance existing wellness programs and introducing new ones and grow existing programs such as, Sitercise, Stronger Seniors Now, Exercise for Strengthening and laughing Yoga and support programs, such as the Parkinson's Support & Exercise Group, Daytime Bereavement Support Group and Caregiver Support Group. A Caregiver support group meets the fourth Tuesday of each month. The dept. promotes the bimonthly Wednesday Wellness Clinic for glucose, weight and blood pressure checks. The VNA will assist with special events to promote programs events/services. An annual VNA flu shot clinic was held in October outside with the Chamber's Senior Fall Festival. A help line is offered so staff can refer senior in need and to direct referrals. Classes and support groups are offered by Zoom. The VNA now offers hospice services and support to the families. The nursing staff receives the phone calls and generates program flyers while registering Hamden seniors. Additional programming will be presented to the Yale owners for approval.

Mission Statement	Develop and implement fiscal policies and procedures to facilitate the provision of essential and desired services at the lowest cost to taxpayers.
Program Description	The Finance department oversees the operations of the following divisions/offices: Tax Assessor, Tax Collector, Purchasing, Finances, Data Processing, and Risk Management. The primary processes of the department are payroll, accounts payable and receivable, financial reporting, cash management, budgeting, and the issuance and administration of debt.
Objective 1	Provide prompt and courteous service to both internal and external customers.
Description	The Finance department is the financial service center for Town government.
Objective 2	Reconcile accounts so that the auditor makes no reclassifications during the course of the audit.
Objective 3	Enhance the organization's understanding and use of MUNIS, the Town's financial management software and move to a Cloud Platform.
Objective 4	To ensure that the Town stays compliant with all necessary statutory requirements and filings that our required since the Town has sold Pension Obligation Bonds in February 2015.
Objective	To ensure that the Town stays compliant with all necessary statutory requirements and filings for the State of Connecticut Uniform Chart of Account upload and Maintenance of site.

.	Town of Hamden, Connecticut
	Fire
Activity Title	Administration (12501)
Mission Statement	"The mission of the Hamden Fire Department is to protect lives and property from fire and hazardous conditions through education, code enforcement, and effective emergency response. We will deliver first response medical care in a compassionate professional manner and treat all persons with dignity and respect. We will maintain the public's trust through teamwork, appreciation of diversity, efficiency and ethical decision making. Our most valuable assets are our firefighters as they strive for excellence in service to our community."
Risk Management Statement	"The Hamden Fire Department prioritizes human life, firefighter-safety, the conservation of property, and the natural environment. Risk is determined by a constant evaluation of every situation, based upon expertise, education, experience, and the resources provided to the department. Hamden firefighters may place themselves in positions of extreme personal risk, which may result in injury or death, in order to attempt the rescue of those who can be saved. The recovery of those who have perished, or the conservation of property, will only take place with due regard for the lives and health of our workforce."
Managing Risk	Fire Department funding is part of the overall risk management strategy for the Town of Hamden. Fire Department funding has a direct impact on staffing levels, equipment purchases, and is one of the main forces behind the Fire Department's ability to properly address required safety mandates and standards by governing agencies such as the National Fire Protection Association (NFPA), OSHA, NIOSH, NIST, and the DOT. In some cases, the standards of these agencies carry the weight of law and must be adhered to, and in others, they are defined as consensus standards based on science and research and the best practices in the industry. Two essential factors must be considered in the Town's funding assessment: (1) Risk to the community and their expectations of service, and (2) risk to the people the Town employs to respond to emergency calls, and their expectation that (you) as their employer, will adhere to the safety standards defined by the above-mentioned agencies.
Program Description	Accounts within this activity provide for daily administrative duties associated with the Fire Service I.e. payroll, accounting, record keeping, etc. The Fire Department operates five (5) career engine companies, one career ladder truck/aerial platform, two (2) paramedic rescue units and several specialty vehicles from five (5) career stations and one (1). A total of seven (7) stations in all. The Hamden Fire Department provides emergency and non-emergency services in fire suppression, EMS, rescue, inspection, prevention and code enforcement and public education.

Activity Title	Administration (12501)		
Objective 1	Provide exemplary emergency service to the community and meet all contractual and employer obligations described under the Municipal Employee Relations Act (MERA CONN. GEN. STAT. § 7-467, ET SEQ.) and ensure fiscally responsibility.		
Objective 2	To implement a realistic vehicle replacement program in recognition of the obsolescence of heavy equipment, staff and support vehicles, and remain compliant with DOT, OSHA, NIOSH, and NFPA standards.		
Objective 3	Through leadership and organizational structure, create and prepare Fire Department succession training for all employees. This will provided continuity of leadership service for planned and unplanned vacancies in command positions and operational leadership during large scale emergency events.

Activity Title	Building / Grounds Maintenance (12533)
Program Description	The Fire Department maintains five (5) fire stations for 24/7 use. Each station is staffed with 3 to 7 firefighters (depending on location). In addition to routine maintenance, the department does all "house" cleaning, snow removal and grounds maintenance. Supplies within this account are critical to maintain a clean and safe environment for both firefighters and the community.
Objective 1	Provide our firefighters with the tools and equipment necessary to perform the arduous and technical work of moderm all-hazard emergency responses in the Hamden community, in the safest possible manner, reducing the instances of employee injury.
Objective 2	Reduce the exposure to civilian and employee injury and prevent statuatory and OSHA violations through a consistent and fully funded maintenance program.

Activity Title	Radio Communications (12559)
Program Description	Radio communications within the Fire Service are vital to its operation. Firefighter safety, while operating within a structure or other life threatening situation, is dependent upon efficient and compliant communication equipment. System upgrades are continuous within the Fire Department. Items in this category assist in ensuring uninterrupted service to our radio system. Full funding of account #12559-0571 is necessary in order to complete repairs not covered by service contracts provided by the Purchasing Department.
Program Description	Remain current in the areas of communication technology and equipment in order to provide safety to both Firefighters and our community.
Objective 1	Provide reliable and up to date radio communications in order to ensure the safety of both Firefighters and the community.

	Fire
Activity Title	Vehicle Repairs Supplies/Maintenance (12564)
Objective 1	OBJECTIVE: To provide the tools, equipment, education and supplies necessary for our Staff to remain technologically current and to successfully complete their mission and daily maintenace shcedules for Fire Department vehicles and apparatus.
Description	OBJECTIVE: Fire apparatus repairs and diagnostics require highly trained individuals. In order to remain current with changing technology, our maintenance personnel need to attend dealer mandated training. This training insures that our apparatus remains safe and operational while with keeping vehicle warranties valid.
	OBJECTIVE: To meet and exceed OSHA Testing an Certification Compliance in the following areas: Truck Lift Testing, Ladder Testing, Hose Testing, Pump Testing, Aerial Testing, Breathing Air Certification, Breathing Air Equipment Maintenance.
	OBJECTIVE: To maintain budgetary funding for immediate emergency repair of apparatus.

Town of Hamden, Connecticut Fire **Activity Title** Public Fire Education (12568) Provide fire prevention safety training programs in order to maximize citizen safety. Objective 1

Fire Continuous Operations (12569) **Activity Title** For many years, Hamden's Volunteer Firefighters have been an invaluable resource as Program supplementary responders to the career staff of the Hamden Fire Department. The history of the Description Hamden Fire Department has its origins in the organization of fire districts and the formation of neighborhood volunteer companies to respond to fires in a timely way. NFPA and OSHA requirements on annual training topics and required training hours do not differentiate between career and volunteer members. Funding of this account allows the Fire Department to maintain emergency equipment to meet the HFD requirements for safe performance of their duties. Program will restart based on the COVID-19 pandemic. Objective Training and equipment for volunteer firefighters. Maintaining PPE, tools, equipment, and supplies to HFD members who meet departmental Objective training requirements.

Description	Division of our department. We currently operate with two (2) Paramedic Rescue vehicles providing Advanced Life Support (ALS) service to the Town of Hamden, and (1) Paramedic Training Officer. In addition to our two Paramedic Rescue units, all department vehicles including Engines, Trucks & Staff, are equipped with Basic Life Support (BLS) supplies and Automated External Defibrillators (AEDs). All personnel are trained and certified to provide BLS care and to stabilize a patient until a Paramedic unit and/or ambulance arrives. Our goal is to provide the citizens of Hamden with quality service. To reach this goal we must continually train and provide our personnel with the most advanced technology available to maintain the highest standard of care. EMS responses account for approximately 64% - 68% of our department's annual call volume. EMS falls under numerous regulations and mandates from the State of Connecticut Department of Public Health, OSHA, and local medical control through the Yale New Haven Hospital Center for EMS Program. *Note that our area Hospitals do not provide medical supplies and equipment to our EMS services. All items used to provide patient care are funded through the Town of Hamden's operating budget.
Objective 1	To provide the highest level of Advance Life Support (ALS) emergency medical care to the residents and visitors to the Town of Hamden.
Objective 2	To remain in compliance with the CT Department of Public Health and Yale New Haven Center for EMS policies, procedures, and standards for emergency medical care in the field; and to train and equip the Hamden Fire Department accordingly.

	Fire
Activity Title	Fire Suppression (12571)
Program	
Description	This account addresses the living quarters, upkeep and needs of our Firefighters. Unlike other Town departments, our Firefighters "live 24/7" in their assigned fire stations and deserve a neat, clean and healthy working environment. Some line items within this activity include furniture, appliances and electronics which must be replaced periodically.
Objective 1	Provide supplies, equipment and all other necessary items necessary to sustain clean
	and livable quarters for our Firefighters.

	Fire
Activity Title	Fire Marshal - Prevention (12572)
Program Description	The Fire Marshal's duties include meeting the statutory requirements set forth by Connecticut General Statues Title 29, Chapter 541. On a daily basis, life safety/fire hazard concerns are reported to this office by the public, municipal employees, other departments and our fire personnel. All issues are investigated and compliance is either gained through repeat inspections or violation notices, or the information is turned over to the court system. To eliminate hazards in new or existing structures, this office conducts plan reviews prior to construction or occupancy. Plan review ensures the public's safety by ensuring that fire code requirements are met prior to construction or occupancy. Reviewing building/renovation plans continues to be a major responsibility, especially with the increase in multiple construction projects in Hamden. The office of the Fire Marshal works to educate the public regarding fire safety and prevention in order to maximize community awareness.
Objective 1	Upgrade the skills of the Fire Marshal's Staff through both mandatory and optional classes/seminars.
Objective 2	Inspect all high risk and multiple family dwellings on an annual basis for Life-Safety and Fire Code Compliance
Objective 3	Annually review community risk reduction priorities for the entire town and each unique Fire District.

Information Technology

Mission Statement	The Information Technology Division reports to the Mayor's Office. The mission is to provide
	innovative technology solutions that support Hamden's departments in delivering quality services
	to the community.

The purpose of the Information Technology Department is to champion an inspiring and forward-leaning vision for technology that positions the Town of Hamden as a global leader in technology innovation; to provide a broad range of high-quality technology-related solutions to employees, departments, council members, and the community in order for each to meet their respective goals; to support and continuously improve essential technology infrastructure for enabling the day-to-day operations of the Town; and to create and maintain an exciting workplace for the information technology department team that inspires high-performance and provides career growth opportunities.

Dept Description	Information Technology's vision statement is, "to build and enable a leading smart and digital
	city. "A digital city broadly adopts innovative Internet-based technologies to enable quality
	services and processes between city employees, citizens, visitors and businesses. Being smart
	means using these same digital city capabilities in an intelligent manner, with integrated
	technology and active citizen participation. Beginning in Fiscal Year 2015, the Information
	Technology Department is embarking on a multi-year journey to transform itself into being a
	provider of higher-value information technology solutions and make steady progress towards
	building a leading digital city.

Goal 1	Design and implement high-priority digital capabilities for Town staff, residents, visitors, and local businesses.
Objective 1	Develop and "pilot" new services that will increase the community's access to online self- services.
Objective 2	Maintain a governance model and roadmap for mobile application deployment to ensure quality and valuable mobile capabilities are deployed to our community.
Objective 3	Deploy and maintain platforms and processes for supporting best-in-class open and participative government to enrich our democracy.
Objective 4	Maintain an ongoing program of civic innovation activities to be ahead of the curve in government technology and include broad participation from innovators in the public and private sectors.

	Information Technology
Goal 2	Develop and execute an IT governance model.
Objective 1	Design, implement, and measure a citywide IT governance process to ensure alignment
	between technology priorities, project risks, City goals, and available funds.
Objective 2	Maintain and keep current an accurate 5-year IT roadmap.
Objective 3	Create appropriate business intelligence solutions for departments.
Goal 3	Standardize and enhance IT service delivery.
Objective 1	Organize IT service delivery around the principles of the Information Technology Infrastructure
	Library (ITIL)in order to provide high quality, consistent, and efficient IT services.
Objective 2	Establish and maintain division processes, staff responsibilities, and performance measures.
Objective 3	Execute appropriate training for IT staff to support established processes.
Objective 4	Determine a long-term staffing strategy.
Objective 5	Maintain an actionable IT dashboard.
Objective 6	Manage a program to provide a career path and learning opportunities for the Town's technology
	staff.
Goal 4	Upgrade and enhance technology infrastructure, communications systems, and information
	security capabilities.
Objective 1	Upgrade our data center with emphasis on a "virtualization-first" approach to lower cost and
	support needs.
Objective 2	Decommission all unnecessary systems and rationalize core services with a focus on software-
i	as-a-service.
Objective 3	Maintain and improve the confidentiality, integrity, and availability of information across the City's
	system.
Objective 4	Create and execute an information security strategy.
Objective 5	Ensure a fully-tested disaster recovery and continuity program for a core set of Town systems.
Goal 5	Create a socially-responsible and "Green" IT Infrastructure
Objective 1	Utilize Energy Saving Virtualization Technology wherever possible in Town Datacenters
Objective 2	Utilize Energy Saving Thin Clients instead of full computers wherever possible throughout the
	Town
Objective 3	Migrate all Datacenter storage from spinning disk to Flash based solutions

The library is leading the way to diminish the digital divide and part of doing so is offering databases that grow personal economies. We look to add six new digital offerings to our digital library. These range from helping small businesses create and implement business plans to DIV instruction for mechanical repair to academic and professional interactive test preparation/credential to entrepreneurial development of arts and crafts to personal investment instruction. Costs for all materials increase each year. Average price of hardcover books is \$29.02. The demand for digitally available materials [books, periodicals, music, movies, and comics] e-books, web-based research subscriptions, and DVDs has increased with pandemic. Our digitall library is among the highest used in the state. We feel this trend will continue as we transition back into a post-pandemic world. As residents look to their public library system for affordable access to all the materials they need, the library must continue to step up its efforts for all residents.	250,000

Personnel / Civil Service

The Personnel/Civil Service Department is responsible for the development, coordination and execution of Personnel policies, practices and procedures; the development and implementation of all recruitment, hiring and promotions for all civil service positions for both the Town and the Board of Education. The Personnel Department is also responsible for the recruitment and filling of all non-classified positions outside of Civil Service for the Town of Hamden. The Personnel Department provides counsel and advise to all Town departments in the areas of employee behavior, performance problems and performance management. The Personnel Department is responsible for the creation and implementation of training and professional development opportunities to meet identified needs and the administration and facilitation of all personnel actions for Town employees from point of hire to separation including upgrades, reclassification, termination or retirement. The Personnel Department administers the Life Insurance and Health Insurance benefits for all 485 Town employees plus their covered dependents, and all 720 retirees and their covered dependents. In addition, the Personnel Department administers the Town's Pension fund including calculating retirement benefits for all Town and Board of Education employees, return of pension contributions and rollover of pension funds for all eligible employees and retirees in the Town Plan. The Personnel Department is responsible for the administration of the Town's Employee Assistance Programs; the administration of the Town's Drug and Alcohol Testing Program for Town employees who hold a Commercial driver's license. The Personnel Department is responsible for the execution, management and maintenance of all Town employee personnel records and files. The Personnel/Civil Service Department currently consists of the Personnel Director/Executive Secretary to the Civil Service Commission; a Human Resources Officer; an Administrative Secretary and a Benefits Technician. The Personnel Director represents the Town in all labor negotiations sessions, municipal prohibited practice complaints before the State Board of Labor Relations, grievance hearings before the State Board of Mediation and Arbitration, and unemployment hearings before the State Employment Division. The Personnel Director also works directly with the Town's Risk Manager with regard Workers' Compensation related matters including Heart & Hypertension.

Program
Description

To actively recruit and hire the most qualified applicants for all Town of Hamden vacancies to ensure that the Town employs and retains the most qualified employees ensuring the delivery of the best possible services to the taxpayers of Hamden.

Objective 1

	Town of Hamden, Connecticut
	Personnel / Civil Service
Description	The Personnel Department serves as staff and adviser to the Civil Service Commission which involves responsibility for the testing and recruitment of all candidates employed in the Town's classified service, in accordance with Affirmative Action and Equal Employment Opportunity objectives. The Civil Service Commission administrative duties include; setting meeting agendas; reviewing applications for compliance with minimum qualification provisions; scheduling and proctoring civil service examinations; certifying eligibility lists; reviewing and updating job descriptions; recording meeting minutes; compiling correspondence and reports to the commission; consulting with Department Heads and ensuring that vacancies are filled with qualified candidates in a timely fashion. The hiring process is comprised of recruitment, screening and testing, and selection of qualified applicants to fill vacant positions. The process is designed to include the following key compenents: clear, concise job descriptions that specifically detail required skills, abilities, education and experience; an effective application screening mechanism; job appropriate testing; and a fair and flexible rating and selection system. The untimate goal is to develop more appropriate job descriptions, better definitions of the skills, abilities, education and experience required for each, specific position and screening and testing methods individually tailored to the specific job so as to secure the most qualified candidate.
Objective 2	Administer the Town of Hamden Municipal Employee Retirement Plan and the Connecticut Municipal Employee Retirement System (CMERS), and provide retiring and retired employees with accurate information regarding their pension benefits.
Description	The Personnel Department serves as staff and adviser to the Hamden Employees' Retirement Board. Administrative responsibilities include preparing agenda's for monthly Retirement Board meetings; recording minutes and processing bill payment for the Board. The Personnel Department calculates retirement benefits and arranges for payment of benefits to retiring employees; sets up Independent Medical Examinations for employees requesting disability retirements; develops census data for actuarial studies; provides information to employees and retirees regarding plan benefits and administration. Maintains accurate records of retiree and beneficiary benefits. The Personnel Department pays burial allowances and life insurance to retirees and their beneficiaries.
Objective 3	Effectively negotiate all collective bargaining agreements between the Town of Hamden and the Unions, within guidelines outlined by the Mayor. To negotiate in good faith and pursue any and all cost saving measures for the Town during the collective bargaining process.
	process.

Planning and Zoning

Mission Statement

Understanding the history of land use patterns in Hamden is a critical component of effective planning for Hamden's environmental and economic future. The Planning & Zoning Office is responsible for ensuring appropriate development and adaptation to changes of the built environment as the 21st century proceeds. Equally important is the role of the Office in protecting Hamden's natural resources, including open space, wetlands, watercourses and coastal management areas. Hamden's area measures 33 square miles and its population totals over 60,000. It is the fourteenth largest municipality in the State of Connecticut. The responsibilities of this department include processing applications for land use in the town and overseeing the following endeavors: the Planning & Zoning Commission, the Zoning Board of Appeals, the Inland Wetland and Water Course Commission, the Natural Resources and Open Space Commission, the Farmington Canal Commission, the Housing Appeals Board, the Development Team, and anti-blight and property maintenance. Other responsibilities include updating and enforcing the Town's zoning regulations, inland wetland and water course regulations, subdivision regulations, aquifer protection regulations, FEMA maps, flood plain regulations, Village District regulations and Design District regulations. In addition, the Planning & Zoning Office oversees Environmental Review Team activity, Coastal Area Management, aquifer protection, lot line revisions, and "simple splits." It reviews and makes recommendations for all purchases and sales of municipal land as well as municipal improvements, as required under C.G.S. 8-24, assigns street addresses, issues administrative approvals, such as zoning permits and minor amendments to special permits, student housing applications and addresses other "Town/Gown" issues. Professional staff are frequently involved with ad hoc committees for special projects such as Newhall remediation, construction of new civic buildings, (e.g., schools and emergency facilities), and traffic calming.

Activity Title	Armory
Mission Statement	The Hamden Police Department is composed of individuals who work cohesively to preserve the peace, deter and prevent crime, apprehend offenders, pursue justice for victims, promote traffic safety, and educate the public. We remain committed to expanding our diverse, professional workforce through bias free recruitment, hiring and promotion. The Department fosters and preserves the public trust through community-oriented policing strategies.
Program Description	The armory staff of the Hamden Police Department is responsible for providing resources, services and support in the areas of officer safety and law enforcement equipment. This equipment includes firearms and less lethal options including electronic control weapons, batons and chemical agents. The primary functions of the armory staff include development and implementation of course curriculum to comply with state mandated certification requirements, including coordinating and scheduling related training events with other bureaus. The armory staff is tasked with ensuring that equipment is properly maintained. Additionally, they seek to be able to repair and service much of the department's equipment to keep costs down.
Objective 1	To provide our sworn personnel with the highest level of firearms training in an environmentally conscious manner.

Mission Statement	The Hamden Police Department is composed of individuals who work cohesively to preserve the peace, deter and prevent crime, apprehend offenders, pursue justice for victims, promote traffic safety, and educate the public. We remain committed to expanding our diverse, professional workforce through bias free recruitment, hiring and promotion. The Department fosters and preserves the public trust through community-oriented policing strategies.
Program Description	The Support Services Bureau is primarily responsible for providing support for all Department field operational personnel. This includes development and management of the department's operating budget; maintaining all property and evidence seized during police investigations; storing and maintaining all Department records and documents; managing all Department communication systems through the Central Communications Division; and establishment of Department goals and objectives to provide the most cost effective and professional delivery of law enforcement services.
Objective 1	To manage the police department within the approved operating budget, while delivering the most effective and efficient police services to our residents, business owners and visitors.
Description	Monitoring daily expenditures and limiting non-essential expenses by prudently assigning personnel, while complying with collective bargaining agreements, and providing strict management of incidents and events that potentially incur overtime.
Objective 2	To reduce and prevent crime through crime prevention education and instruction delivered to our residents, business owners and visitors.

Description

The Department's Community Liaison Unit manages the delivery of crime prevention and community outreach services. The Department continues to participate in a variety of community and youth events including the annual Halloween party, Holiday Toy Drive, Food Truck Festivals, Farmers Markets, Silver Bells Festival, YMCA Summer Camps and After School Programs, Shop with a Cop, Brooksvale Fall Festival, National Night Out, as well as at community block watch and civic association meetings. This unit is also responsible for managing crime prevention programs that include personal and internet safety, as well as resident/business security surveys upon request. These programs necessitate the need for literature and equipment associated with

subject material. Participation in some events have been limited due to Covid-19.

Objective 3	To maintain the Police Explorers Program that was established in 2014.
Description	The department established a Police Explorer Program, identified as Post 290, in 2014 under the Boy Scouts of America and Northeast Regional Law Enforcement Education Association (NERLEEA) that targets young adults in the 14-21 age group with an opportunity to learn about and consider a career in police work, while also focusing on the value of higher education, self-discipline and respect for authority. The program includes approximately 25 Explorers, and is managed and supervised by Post Advisors. The Explorers meet weekly and receive classroom instruction and participate in practical exercises on police-related topics, such as motor vehicle stops, DUI, juvenile laws, computer crime, and cultural awareness, to name a few. In addition to weekly meetings, we anticipate that our Explorers will assist our department at events including road races, festivals, concerts, and ceremonies, among others, as well as at community awareness programs. This program requires funding to cover costs related to uniforms, equipment, annual registration fees, competitions and classroom materials. The Program was postponed last year due to the Covid-19 pandemic.
Objective 4	To fund the expenses needed for the Citizen's Police Academy that is held bi-annually in the spring and fall.

	Town of Hamden, Connecticut
	Police
Activity Title	Support Services Bureau
	The department sponsors a Citizen's Police Academy that is structured and intended to educate and teach members of the community about police practices and procedures, department structure and functions, and day-to-day operations. We believe that informed and educated stakeholders are more supportive of their police officers, and also more influential within their own eighborhoods and communities. Increased community rapport, trust, and fellowship with department personnel are additional benefits expected to be realized from this endeavor. Academy classes are held once a week for 12 weeks where classroom instruction is provided on police-related topics such as motor vehicle stops, crime prevention, police technology, DUI, juvenile laws, use of force, CPR, patrol procedures, firearm safety, computer crimes and Internet safety, and cultural awareness, to name a few. Practical exercises are part of the instruction as well. This program requires funding to cover costs related to classroom and educational materials, as well as equipment. Over the last couple of years, the program has been praised by participants and allowed the department the opportunity to develop new and lasting relationships within the community. The Program was postponed last year due to the Covid-19 pandemic.
Objective 5	To sustain the Street Outreach Worker Program (SOWP), which is currently funded.
	The Town contracted with Connecticut Violence Intervention Program for a Street Outreach Worker Program (SOWP). This program utilizes a "Public Health" risk reduction model with the goal of decreasing violence among teens and young adults. The SOWP employs several best practice strategies including: 1) outreach and engagement of youth at high risk of gun violence; maintaining a presence in neighborhoods where youth gun violence occurs and intervening in potentially violent situations to head off violence; preventing retaliation for community violence be offering nonviolent solutions and having a presence at hospitals following shootings; 3) establishing and using a network of social service referrals to provide assistance at all times to those in need; 4) creating partnerships with the Town, community, schools, law enforcement, hospitals, faith-based and service provider organizations to help create a comprehensive

ponenig strategies.
The prevalence of technology in our society has reached a point where crimes, including harassment, identity theft, threatening and fraud, that were historically investigated by frontline personnel must now be investigated by our Computer Crimes Unit (CCU) due to the frequency of these crimes involving the use of electronic mail, texting and multimedia messaging service. The devices used to facilitate these types of communication require forensic examination and evidence recovery by our (CCU). The general public has come to expect the department to be fully equipped and staffed to handle all facets of computer crime investigations.
To effectively and efficiently manage the volume of investigations and forensic examinations conducted by the (CCU), while meeting the ever increasing advances and use in technology as it relates to the law enforcement profession.
Technological advances in our society have increased the demand and need for law enforcement to conduct more complex investigations, specifically in crimes facilitated through computers, cellular telephones and other technologically advanced equipment. The Computer Crimes Unit (CCU) conducts these investigations that include the crimes of child pornography, fraud, identity theft, harassment, threatening and any other criminal violations facilitated by the use of computers and the Internet.

Mission Statement	The Hamden Police Department is composed of individuals who work cohesively to preserve the peace, deter and prevent crime, apprehend offenders, pursue justice for victims, promote traffic safety, and educate the public. We remain committed to expanding our diverse, professional workforce through bias free recruitment, hiring and promotion. The Department fosters and preserves the public trust through community-oriented policing strategies.
Program Description	The Training Division provides a comprehensive police education program designed to meet and exceed state mandated training requirements in an ever-increasing array of topic areas. One of the largest risks for a municipality is a civil lawsuit stemming from allegations of failure to train its police officers in accordance with best practices, industry standards and the law. Our department believes that our thorough training program has mitigated such civil liability claims. In addition to monthly in-service training, the Training Division provides classroom instruction and field training for recruits, crossing guards and dispatchers. The Training Division also coordinates assignment to external training classes offered by the State of Connecticut, other law enforcement agencies and education institutions. This division also acts as the department's quartermaster in the management and distribution of uniforms and equipment assigned to personnel. In FY 2020-2021, the department acquired online virtual training (Lexipol) for the entire department in response to Covid-19 issues, and as a means to provide a more cost effective training method.
Objective 1	To continue to provide mandated police training instruction in accordance with Connecticut General Statutes, specifically 7-294a, 7-294d, 7-294e, 7-294f, 7-294g, 7-294h, 7-294h, 7-294m, 7-294o, 7-294q, 7-294r, 7-294s, 7-294bb, and 7-294cc, in addition to POST mandates. This also includes training requirements of the Police Accountability Act.

Objective 2	To provide personnel with specialized training based on job responsibilities and assignment.
Description	The department provides additional, specialized training to personnel throughout the year in topics such as, but not limited to, firearms; electronic control weapons; trauma informed sexual assault investigation, body-worn recording equipment; fair and impartial policing, defensive tactics, basic, intermediate and advanced crime scene processing; DUI; motor vehicle accident reconstruction; narcotics and vice investigations; emergency medical dispatch (EMD); de-escalation tactics; computer crimes; basic, intermediate and advanced interview and interrogation; Emergency Services Unit (ESU); as well as management and executive level training courses. The department makes this training available through various current and relevant law enforcement training opportunities and offers this specialty training based upon personnel assignment and job duties.
Objective 3	To continue to provide quality uniforms and equipment for all police personnel, consistent with industry standards.
Description	The Department strives to equip all of our sworn personnel and crossing guards with the highest quality uniforms beyond what is required by their respective Collective Bargaining Agreements. The police department is a structured organization and its rules and regulations require our personnel to appear neat, orderly and uniformed. With an emphasis on the importance of this objective, the department will continue to present itself with a professional image to the public.

		VEHICLE REPLACEMENT	0	113,220	113,220	29,481	113,220	160,473	Our fleet of marked and unmarked vehicles, many that are operated 24 hours per day, 7 days a week are in need of replacement. Through past experience and evaluation, we have determined that police vehicles that reach 75,000 miles and higher tend to be in constant need of repair and are less reliable in the field. Reliable vehicles are necessary and critical for the department to deliver appropriate, safe and quality police service. Our vehicle fleet was not upgraded for 5 years. Last year we began the process of upgrading our fleet by purchasing (lease to own program 10 vehicles). This year we plan to purchase/lease to own 5 new unmarked vehicles, We have approximately 22 patrol vehicles with an average of 110,000 miles per vehicle. The department is looking at a 5 year lease/ to own program which will include routine maintenance and service. This will be a recurring cost for the next 5 years for the Town to obtain 15 fully marked and unmarked equipped vehicles, to include in-car camera systems that are mandated in accordance with the Police Accountability Act. Financing will be completed by the Purchasing & Finance departments. The marked police	113,22

Public Works and Parks Department

Mission Statement

The Town of Hamden's Public Works mission is to improve the overall quality of life in Hamden, insuring a prosperous and healthy place to live and work for the present and future residents, by providing effective maintenance and management of all Town infrastructure, vehicles, and public assets. The mission is supported through the Streets Division, Waterways & Sanitation Division, Trees & Parks Division, Building Division, and the Vehicle Maintenance Division.

Program Description

The Public Works/Parks Department is managed by the Director of Public Works comprised of 79 full-time employees, assigned to 6 divisions:

Streets Division

Provides daily delivery of services to support maintaining and improving the 240 miles of Streets and Right-of-Way. Offers safe and reliable operations of all bridge systems for safe usage by vehicles and pedestrians. Ensuring that ROW follow Town Ordinances as it pertains to sidewalks, snow removal, signage, civil uses and safety.

Sanitation Division

Provides efficient collection of household waste including mixed solid waste, single-stream recyclables and seasonal waste thereby promoting clean and healthy neighborhoods. It also maintains over 6,000 catch basins, the Transfer Station, refuse collection, drainage, and waterways.

Trees/Parks Division

All town owned trees are preserved and planted by this division, ensuring unsafe branches and bushes are maintained correctly. The Parks Maintainers are responsible for all town parks and athletic fields, with the exception of the High School and Middle Schools, but does include the maintenance of 10 miles of the Farmington Canal Linear Trail and Brooksvale Park that covers over 500 acres of farm land.

Buildings Division

Seventeen Town Buildings are maintained (Custodial, Electricical, Plumbing, Tradesmen, Painting) and managed by this division including including the Police Department, memorial Town Hall, The Government Center, Keefew Community Centger, all Libraries, and Fire Stations.

Vehicle Maintenance Division

All town owned vehicles and pieces of equipment, several hundred in quantity (except for the Fire Department Vehicles), are maintained and kept "mission ready" by this Division.

	Town of Hamden, Connecticut Tax Collector
	Tax Conector
Activity Title	Property Tax Collection
Mission Statemen	The mission of the Tax Collector is to collect the highest possible percentage of current taxes and back taxes due to the Town of Hamden utilizing collection procedures allowed by State Statute.
Program	
Description	Tax bills are mailed in June for collection in July & January, supplemental MV bills are mailed in December and collected in January. Past due bills are mailed quarterly, statements and marshal warrants are prepared regularly. Collection agency services are utilized for older motor vehicle taxes. Outside attorneys process foreclosure cases on a contingency basis at no cost to the town. Tax office verification is required for all building, health, lottery and liquor permits. The option of paying online by credit/debit card or by electronic check is available to taxpayers for a fee.
Objective 1	The Tax Collector must meet the revenue projections set by the Legislative Council in order to preserve the fiscal integrity of the Town of Hamden.
Description	This requires well planned and executed collection policies and procedures in conjunction with very strong administrative oversight.
Objective 2	The Tax Collector must collect a significant percentage of prior year taxes.
Description	This is accomplished by the implementation of aggressive collection programs that include, but are not limited to, past due billings, demand letters, marshal warrants, foreclosure actions and the use of collection agencies. These programs must be closely monitored by the Tax Collector to assure strict adherence to State Statutes.
Objective 3	To work with the taxpayers of the Town of Hamden in an efficient, effective, yet compassionate manner in order to meet our revenue goals and at the same time treat all taxpayers with dignity and respect.
Description	The Tax Collector is at all times willing to work with taxpayers in developing a payment process that complies with State Statutes and at the same time enables the taxpayer to meet their tax obligations in a timely manner.

Town Clerk

The Town Clerk, a resident elector of the town, is elected for a term of two years and biennially thereafter. In addition to the Town Clerk, staffing consists of three Assistant Town Clerks, one Land Records Technician, one Vital Records Clerk, and a part-time Counter Clerk.

The Town Clerk supervises all Board and Commission Clerks (except land use commissions) and oversees the expenditure budget of these boards and commissions.

Mission Statement

To provide technical information and assistance to title searchers, attorneys and members of the public. Duties of the office are primarily dictated by Connecticut's General Statutes.

They include, but are not limited to, the following:

Processing, recording and micro-scanning land records in a daybook and general indices;

Entering and retrieving information in an electronic filing system by remote computer terminal;

Transmitting sales ratio information to the State Department of Revenue Services:

Collecting local and state conveyance taxes for both the Town of Hamden and the State of Connecticut,

Other duties include:

Processing of land maps:

Certificates of trade names and of notary public, liquor permits

Filing of discharge papers for veterans of the US military, and issuance of sporting and dog licenses.

Election duties including issuing, receiving and processing of absentee ballots; overseeing multiple duties for general and special elections; registering voters; administering the oath of office to the Town's guardian (police and fire) employees when newly hired and to newly elected public officials, as well as to appointees to the Town's boards and commissions. Provide the services of a notary public. Post agendas for commission meetings; file and maintain minutes of Hamden's public meetings, as mandated by the State of Connecticut's Public Records Administrator and by state regulations regarding Freedom of Information. Duties of Hamden's Registrar of Vital Statistics include issuing marriage licenses; birth and death certificates; cremation, burial and dis-internment permits; recording and indexing these vital records; and reporting surcharge fees to the State of Connecticut. The department prepares monthly statistical reports for the Town of Hamden, the State Department of Environmental Protection, the Departments of Public Health and Agriculture, the State Treasurer, Department of Administrative Services, and the Connecticut State Library. The office issues canine licenses in a computerized program. Finally, the Town Clerk is required to attend statemandated seminars and coursework to keep abreast of ever-changing legislation and election laws.

Objective 1

To provide the best quality of service to the citizens of the Town of Hamden.

As new legislation is passed or present legislation is amended, it is the Town Clerk's duty to institute new procedures and adjust those already in place. As state employees continue to decrease, additional mandates have been passed down to the local Town Clerk by the State of Connecticut.

Our objective is to comply in instituting and amending procedures in a timely manner so that we may continue to serve the public, the town and the state in as efficient a manner as possible.

Launch "What happens in the Town Clerk's Office Campaign" - Educate the public about absentee ballot process, Trade names, Marriage Description licenses, Dog Permits etc.

Objective 2 To continue the restoration, preservation, creation, security microfilming, scanning and maintenance of Hamden's permanent records.

Town Clerk

A continuing program for the restoration of older volumes, reduction of certain volumes of land records, documentation of vital records and maps is constantly monitored. Security microfilming of permanent records is statutory, and capital projects and state grants are being utilized to perform these important tasks. Security microfilming of all vital records, land documentation and maps and all other records is imperative in a post 9-11 world. Since the oldest are irreplaceable, the Town of Hamden would be liable for such a loss.

Description | We continue to lead document retention process for several departments.

Objective 3 To bring as much technology into the Town Clerk's office as staffing, time and money will allow.

In this new fiscal year, we hope to achieve the following projects: Updated computerized index of Hamden's land record maps, and continued work on the computerized listing of Hamden's veterans' discharge papers and cards, Trade names, Labor contracts, Boards and Commissions minutes and agendas.

We are in the process of changing our Public printing process from Continental printing to existing functionality available via the Avenu. This will allow us to keep 100% of the revenue from copies printed. However, we will be responsible for paper, toner (added expense).

Description | We are in the process of launching an online application to request copies of Vitals.

	Town of Hamden, Connecticut
	Traffic
Program Description	The Traffic Department is responsible for all of the safe and efficient operation of the extensive and numerous transportation networks operating throughout Hamden. The Traffic Department is responsible for both guidance and for the work plans of the Traffic Signals and Traffic Maintenance. They are responsible for many aspects of transportation safety; project review, project initiation and project management. For example, this division reviews traffic engineering studies to ensure compliance with town regulations and/or if the effect of the new development will require adjustments to the traffic control system. They maintain and review crash records for potential system improvements. On a daily basis this division is responsible for implementation of the "safe routes for all" policies of the department. Two employees (1 supervisor, 1 technician) maintain, repair and install various street signs (stop, yield, curve, turning lanes, street signs, etc.) and all other traffic control devices. The installation of roadway pavement markings (double yellow lines, shoulder lines, sharrows, etc.,) are implemented by the Traffic Department to ensure safe travels for all roadway users. This division is also responsible for the installation, maintenance and cleaning of all the public bus shelters in town but not the operation of the bus system itself. All town Traffic Signals are installed, repaired and maintained by this department. Large projects of new traffic signal and intersections involve outside contractors and are overseen by the Traffic Department. They currently have 5 newly completed intersections in town and another recently completed project with 7 traffic intersections that are connected by fiber optics to the central office (smart traffic signals). The Department manages and maintains the operation of approximately 85 plus signalized intersections, both camera detection and closed loop systems. Also an estimated 10,000 traffic control signs and an estimated 5,000 street identification signs. The Department
Objective 1	To maintain the highest level of public service in the delivery of efficient and effective traffic control initiatives.
Description	By applying safety solutions to the management of traffic and pedestrian movement, while respecting the Manual on Uniform Traffic Control Devices and any other applicable local and state laws as they apply to traffic regulations.
Objective 2 Description	To hire a part time Sign Maintainer to assist in the day to day operation. The additional staffing level would provide the department with the ability to install, repair, and test the traffic control signs, markings and control devices throughout the town. Most of the repair/installation services require the need for at least 2 people and in many instances 3 are needed to safely complete the projects. The town has engaged in a number of traffic calming studies resulting in multiple recommendations that include the installation of additional signage and roadway markings. The additional staffing would allow the department to move forward with the recommended improvements.
