STATE OF CONNECTICUT

OFFICE OF POLICY AND MANAGEMENT

TO: Members of the Municipal Finance Advisory Commission

FROM: Kimberly Kennison, Executive Finance Officer

DATE: September 1, 2020

SUBJECT: Agenda for MFAC Telephonic Meeting – Wednesday, September 16, 2020

As you may recall, we had informed you that the July 29, 2020 meeting of the Municipal Finance Advisory Commission (MFAC) was to be re-scheduled to a later date. <u>Please be advised that the re-scheduled meeting of the MFAC will be held on Wednesday, September 16, 2020.</u> This will be a telephonic meeting and is scheduled to begin at 10:00 a.m. Information for attending the meeting telephonically is as follows:

Call-In Instructions:

Meeting participants may use the following telephone number and access code:

Telephone Number: 860-840-2075 Meeting Access Code: 475 945 406#

The Agenda is as follows:

- 1. Call to order
- 2. Approval of the minutes to the May 27, 2020 meeting
- 3. City of Derby Presentation Update on current fiscal condition and fiscal recovery plan
- 4. Town of Hamden Presentation Update on current fiscal condition and fiscal recovery plan
- 5. Other business

Please contact Lori Stevenson at lori.stevenson@ct.gov for any questions you may have.

OFFICE OF POLICY AND MANAGEMENT

DRAFT MINUTES

MUNICIPAL FINANCE ADVISORY COMMISSION

REGULAR MEETING

WEDNESDAY, MAY 27, 2020

Meeting Location: Telephonic Meeting

Date/Time: May 27, 2020, 10:00 A.M.

Members Present: Chair, Ms. Kathleen Clarke Buch

Mr. Douglas Gillette Ms. Kimberly Kennison Mr. Michael LeBlanc Mr. John Schuyler

Ms. Rebecca A. Sielman (in attendance until 11:00 a.m.)

Ms. Diane Waldron

Members Absent: None

Others Present: Julian Freund, OPM Staff

Jean Gula, OPM Staff

William Plummer, OPM Staff Morgan Rice, OPM Staff

Richard Ives, First Selectman, Town of Brooklyn Stephanie Levin, Finance Director, Town of Brooklyn Tiffany Pignatro, Finance Director, Town of Ellington Ann Marie Rheault, Finance Director, Town of Plymouth

Sean O'Grady, Auditor, King, King & Associates

1. Introduction/Call to order

The meeting was called to order at 10:03 a.m. by Commission Chair Buch.

2. Approval of the Minutes to the January 22, 2020 Meeting

The minutes of the January 22, 2020 meeting were unanimously approved, with abstentions from Commissioners Buch, Sielman, and Waldron.

3. Town of Brooklyn – Results of the June 30, 2019 Audit Report including restatements and reclassifications / Update on Corrective Action Plan to address audit findings from the June 30, 2019 audit / Other fiscal related matters

First Selectman Ives and Finance Director Stephanie Levin introduced themselves. Ms. Levin provided an update on the steps that have been take to date to correct the audit findings from the June 30, 2019 audit report. She indicated that the goal of the Town is to submit the June 30, 2020 audit report by the December 31, 2020 due date. Several questions were posed to the Town regarding whether the Town is able to produce monthly financial reports, information on the budget for FY 2020-21, and the effects that COVID-19 is having on the finances of the Town and the services provided by the Town. First Selectman Ives indicated that the Town levies taxes on a quarterly basis and there has been no noticeable impact from COVID-19 on tax collections to date.

Commission Chair Buch asked the town's auditor, Sean O'Grady of King, King, & Associates, to address the restatements indicated in the June 30, 2019 audit report. Mr. O'Grady provided information on the restatements. Commissioner LeBlanc noted that the July 1, 2018 fund balance restatement for the General Fund resulted in a significant reduction to fund balance of close to \$1.0 million, fortunately for the Town the 2018-19 surplus of approximately \$450,000 helped to restore a portion of the reduction in fund balance due to the restatement. A number of additional questions regarding the restatements were posed by Commissioners. Commissioners requested that additional details to delineate the specific reasons for the fund balance restatement and the restatement amounts should be provided to the Commission by the Town's auditor. Mr. O'Grady agreed to provide the written information.

Several additional questions were posed to the Town regarding its corrective action plan to address the audit findings from the June 30, 2019 audit. The Town indicated that it was working on implementing several elements of its intended corrective actions. Commissioners indicated that it would be seeking further updates on the corrective action plan for the July 29th Commission meeting.

Commissioners indicated their appreciation for the Town's presentation at today's meeting.

4. Town of Ellington – Status of Outstanding June 30, 2019 Audit Report / Update on Corrective Action on Audit Findings from the June 30, 2018 Audit / Other fiscal related matters

Commissioner Gillette stated for the record that his firm serves as Bond Counsel to the Town of Ellington.

Ms. Tiffany Pignataro, the new finance director of Ellington, updated the Commission on the status of the June 30, 2019 audit submission. She indicated that draft financial statements are expected by the second week of June and the audit report is expected to be issued by the 3rd week in June. A new audit firm has been retained for the June 30, 2020 audit and the Town expects to issue the report by the December 31, 2020 due date.

Commissioner Buch inquired with the Town on the status of the audit report findings included in the June 30, 2018 audit report. Ms. Pignataro provided an update on the two audit findings from the 2018 report. Ms. Pignataro also updated the Commission on the Town's intent to change its current accounting system due to deficiencies in the current system that is being used on the Town side.

Commissioner Kennison requested an update on the effects of COVID-19 on the Town's operations and finances. Ms. Pignataro provided a brief update.

5. Town of Plymouth - Discussion

Commissioner Sielman stated for the record that her firm provides actuarial services for the Town of Plymouth.

Ms. Ann Marie Rheault, Finance Director of the Town of Plymouth introduced herself to Commissioners and provided an update on the Town's finances, including how COVID-19 has affected the Town's operations and finances. The Town's 2020-21 budget was recently adopted without a mill rate increase as the Town was attempting to alleviate any further burdens on town residents due to COVID-19 impacts. Ms. Rheault indicated that a significant amount of the Town's tax collections are derived from escrow payments and the Town does not believe there will be any significant effect to the July collections due to COVID-19. The Town's tax collector is somewhat more concerned regarding the January 2021 collections.

Commission Chair Buch indicated that the Town was definitely on the right track in terms of its finances and improved internal controls. She would want to view the results of the June 30, 2020 audit to fully evaluate the Town's continuation on its improved fiscal and operational activities. Commissioner Gillette inquired on the Town's staffing in its finance office and whether the appropriate amounts have been budgeted to address any staffing needs as this was an area of concern in earlier years. Ms. Rheault indicated it was her belief that the FY 2020-21 budget does reflect the staffing needed in her office. Commissioner Waldron congratulated Ms. Rheault on the improvements made by the Town over the past several years. Commissioners indicated their appreciation with the Town's presentation at today's meeting.

6. Outstanding June 30, 2019 municipal audit reports

Mr. Plummer referred Commissioners to the June 30, 2019 outstanding municipal audit reports document that was earlier provided to Commissioners for today's meeting. He indicated that to the best of his knowledge the delays in the submission of the audit reports were not a result of COVID-19 impacts and that many of the municipalities on the list have been ones that have submitted late audit reports in the past.

7. Tiers Status Report

Commissioner Kennison provided an update on the April 2020 Tiers Report including a description of the identifiers used in the report and the municipalities that were eligible for tier designation. She indicated that her office met with or offered to meet

with certain municipalities that were new to the tiers eligibility list before finalizing the report. Feedback from municipalities that she and her staff met with were valuable and some of their concerns were addressed in the final version of the report.

8. Financial Reporting and Fiscal Health Monitoring System Project

Commissioner Kennison indicated that she, Julian Freund and Bill Plummer made a presentation at the CTCPA conference held in May. She referenced the PowerPoint presentation that was provided to the Commission earlier and that was used in the May presentation at the CTCPA conference.

Bill Plummer provided a description of the current process in use to collect and produce municipal fiscal indicators and other reports and the new process under development which would result in a more automated process and allow OPM staff additional time for data analysis. OPM staff would continue to conduct a limited amount of quality control review of each municipality's data submission.

Commissioner Kennison indicated that OPM is also seeking to use the same system that will be used by municipalities to submit their financial audit report information to OPM to also collect the information OPM seeks from municipalities to comply with their uniform chart of accounts reporting. She went on to provide further information on the integrated approach that OPM is developing regarding data collection, data reporting and data analysis which will support the work of the Municipal Finance Advisory Commission, the Municipal Accountability Review Board, OPM and other state and municipal stakeholders. The enhanced data to be presented will continue to be useful to municipal taxpayers interested in the finances of their local governments.

9. Other Business

No other business.

10. Adjourned.

The meeting was adjourned at 11:13 a.m.

Respectfully submitted,

Douglas W. Gillette Commission Secretary City of Derby

1 Elizabeth Street

City Hall

Derby, Connecticut 06418

September 11, 2020

Attention Members of the Municipal Finance Advisory Commission:

The City of Derby has had a number of difficult fiscal years, starting in the FYE2017. We, as a City, recognize that an error in how the City budgeted for the Education Alliance grant that year is at the root of our challenges. Upon this error being carried over for two fiscal years, immediate aggressive action was taken to develop and adopt an aggressive recovery plan.

The City is proud of the Eight Point Recovery Plan that was developed to place the City on solid financial footings in three (3) years. This Plan was presented to both the financial body of the City and the legislative body of the City all agreed to and support the Plan.

In addition to the local boards, this Eight Point Recovery Plan was presented to the Bond Rating Agency, Standard and Poor's, and are currently rated A+. This rating, with a negative Fund Balance, is impressive and reflects their confidence in the Recovery Plan.

The City is committed to taking the remaining issues head on. This includes addressing, once and for all, the Findings noted in the audit, and implementing the applicable Corrective Actions. The current administration and both the fiscal and legislative boards are in full support of these measures.

I am attaching a number of documents for your review. We will also be forwarding our presentation in advance of our September 16th meeting. The City of Derby volunteered to present our story to you and your commission because we have a good story to share and are excited about what tomorrow holds for the City of Derby.

Sincerely,

Keith A. McLiverty

Interim Finance Director

City of Derby

Derby, Connecticut 06418

September 11, 2020

Attention Members of the Municipal Finance Advisory Commission:

Documents for Your Review:

- 1) Revenue and Expenditure Summary-7/1/19 to 6/30/2020
- 2) Revenue and Expenditure Summary- 7/1/20 to 6/30/2021
- 3) Findings and Corrective Actions- 6/20/2019 Audit
- 4) Eight Point Recovery Plan
- 5) Standard and Poor Rating Report 2015
- 6) Standard and Poor Rating Report 2018
- 7) Standard and Poor Rating Report 2019
- 8) Year to Date Update on Eight Point Plan

The following individuals are expected to participate in our call on 9/16/2020 at 10AM:

Mayor Dziekan, Andrew Baklik (Chief of Staff), Keith McLiverty (Interim Finance Director), Barry Bernarbe (Financial Advisor- Pheonix Advisors), John Accavallo (Auditor), Rich Synch (Actuary).

Sincerely

Keith McLiverty

City of Derby, CT

Municipal Finance Advisory Commission Final Presentation September 16,2020

How Did We Get Here?

- BOAT adopted budget utilizing revenue figures that double counted State funds 2X (FY16-17, FY17-18 and FY18-19)
- Revenue for Formula Grants were over estimated (FY16-17 and FY17-18 and FY18-19)
- Due to issues with cut-off dates for expenditures- BOE A/P reversed by auditor to previous year (17-18) resulting in restating FB
- Medical costs exceed budget by \$1M (FY17-18)

Eight Point Recovery Plan

- 1) Debt Restructuring
- 2) Sale of Assets
- 3) Mil Rate Increase
- 4) Adjust Long Term Costs
- 5) Tax Sale
- 6) Structured Organizational Changes
- 7) Grand List Growth
- 8) Fund Balance Replenishment as % of Revenue

1) Debt Restructuring

- Restructuring/refinancing all non-sewer debt for FY19-20 and FY20-21
- FY19-20 Operating Budget includes amount in taxes, funds go directly to Fund Balance Replenishment
- FY19-20 = \$1.5M
- FY20-21 = \$1.5M

2) Sale of Assets

- City selling assets/properties that are city owned and not part of city use
- IE- VARCA Property- \$450,000
- Commerce Park \$350,000
- Vacant Residential Properties (add to Tax Rolls and zone restricted)

3) Mil Rate Increase

- BOAT (Board of Apportionment and Taxation) approved a 2.5 mil increase for FY19-20
- Increase equals a 6.35%
- No Mil increase over the last three fiscal years
- CPI increased 6.5% in same period
- Recognition of budget issue relative to revenue overstatement
- BOAT (Board of Apportionment and Taxation) approved a 2.0 mil increase for FY20-21

4) Adjust Long Term Costs

- Current Defined Benefit Pension Plan at 86% funding level
- Annual Contribution of \$740K adjusted in FY18-19 and FY19-20 to \$200K
- Delta directed to Fund Balance Replenishment
- \$540K in FY 18-19, \$540K in 19-20
- Current performance- plan will still remain in low 80% funding level
- 2% adjustment for each \$540K
- \$60K additional contribution for 10yr

5) Tax Sale

- Legislative body approved administration to proceed with next steps in conducting Tax Sale
- City reserves the right to select eligible taxes
- All payment plans would be honored
- Some delinquent taxes will remain on the books
- Estimated value \$1M (would go directly to Fund Balance Replenishment if executed)

6) Structured Organizational Changes

- Complete review, assignment and execution of auditors findings and recommendations
- Additional staff budgeted for segregation of duties and timely reconciliation
- Additional oversight of BOE operating budget and grants
- Double Entry Accounting (BOE and City)
- Adjusting roles and responsibilities

Agreed Upon Procedures (7/19)

- A review was performed by the independent auditor of the procedures and associated findings, and responsible departments, that were contributing factors to the restatement of the fund balance are as follows:
- 1. Review the internal control deficiencies as reported in the Schedule of Findings and Questioned Costs as reported in our separate report issued on the City's Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards dated March 22, 2019.
- 2. Identify the findings that caused the restatement of general fund balance and fund deficiency.
- 3. Identify the party or parties required to make the correction

7) Grand List Growth

- Working to shift tax burden from home owners to commercial base by growing commercial base
- IE- Main Street Development
- Fuel Cell
- Sale of VARCA
- Route 34 Main Street Widening Project
- Zone Text Changes (N and S Side of Main St)
- Additional 14 acres owned by the City, left to sell and develop

Fund Balance Replenishment

- BOAT has a policy on Fund Balance levels
- BOAT to modify and update Fund Balance Replenishment Policy
- New Policy- 10-15% of Expenditures
- Incremental steps to replenishment
- Identified Fund Balance Replenishment steps result in approx \$3.4M going directly to FB over next 12-16 months

Summary of Fund Balance Replenishment

- FY19-20= \$1.5M, FY20-21 = \$1.5M
- Sale of Assets = \$400K (FY19-20)
- Tax Sale (est) = \$400K (FY20-21)
- TOTAL = \$3.40M (est) (w/o Grand List Growth)
- TOTAL = \$3.85M (est) (w/ Tax Sale)
- NOTE: FB of -\$2.5M (as of 6/18),-\$1.7M (as of 6/19), and Est + \$400K-\$800K+ (6/30/20), and Est positive \$1.6M-\$1.9M (6/30/21)

Continued Focus On Success

- Pay As You Go Capital Plan
- Funding Long Term Liabilities
- Tax Collections Remain Above 98%
- Growing Commercial Tax Base
- Conservative Budgeting
- Working Relationship with BOE (Alliance)
- Replenish Fund Balance

Main Street Development Estimates

- Estimated unit value= \$90k
- Estimated number of units= 379
- Estimated Value = \$34M
- @ 70% value= \$23.8M
- Estimated NEW tax revenue= \$997K

US\$11.67 mil federally taxable GO bnds ser 2019B due 08/01/2036				
Long Term Rating	A+/Stable	New		
Derby GO				
Long Term Rating	A+/Stable	Downgraded		

Rationale

S&P Global Ratings lowered its rating on Derby, Conn.'s general obligation (GO) debt to 'A+' from 'AA-'. At the same time, we assigned our 'A+' rating to the city's series 2019 series A and B GO bonds. The outlook is stable.

The rating action reflects our view of the city's reduction and restatement of fiscal 2017's available fund balance from \$1.2 million to a negative \$1.4 million and subsequent weak budgetary performance in fiscal 2018. The change in fund balance was due to several factors, including over-budgeting of revenues, lack of certain internal controls, and understatement of prior-year expenditures that were not fully realized and accounted for until fiscal 2018. While we understand management has begun to take corrective actions to rebuild the city's fund balance position, which we believe provides stability to the rating, we believe these measures are one-time adjustments necessary to avoid further financial deterioration and are characteristics of distressed communities. In addition, we also believe the budgetary environment will remain challenged. Supporting the rating, however, is the city's very strong liquidity and debt and contingent liability profile, coupled with a stable local economy.

Derby's full faith and credit pledge, payable from the levy of an unlimited ad valorem tax on all taxable property in the city, secures the series 2019 bonds. We understand officials plan to use series B proceeds and a portion of series A proceeds to refund a portion of the city's GO debt and restructure all nonsewer-related debt payments for fiscal years 2020 and 2021 totaling \$1.8 million and \$1.5 million, respectively. We understand the refunding bonds will contain an extension of maturity and the savings achieved in fiscal years 2020 and 2021 will be used toward the replenishment of Derby's fund balance. The remainder of series A bond proceeds will be used to permanently finance the city's existing short-term debt.

The long-term rating reflects our view of Derby's:

- Weak budgetary performance, with operating deficits in the general fund and at the total governmental fund level in fiscal 2017 and 2018;
- Very weak budgetary flexibility, with an available fund balance in fiscal 2018 of negative 4.9% of operating expenditures that is also low on a nominal basis at negative \$2.5 million, as well as limited capacity to raise revenues due to consistent and ongoing political resistance;

- Adequate management, with standard financial policies and practices under our Financial Management Assessment (FMA) methodology;
- Strong economy, with access to a broad and diverse metropolitan statistical area (MSA);
- Very strong liquidity, with total government available cash at 9.3% of total governmental fund expenditures and 2.3x governmental debt service, and access to external liquidity we consider strong;
- Very strong debt and contingent liability position, with debt service carrying charges at 4.0% of expenditures and net direct debt that is 37.1% of total governmental fund revenue, as well as low overall net debt at less than 3% of market value; and
- Strong institutional framework score.

Weak budgetary performance

Derby's budgetary performance is weak, in our opinion. The city had operating deficits of negative 4.6% of expenditures in the general fund and negative 4.3% across all governmental funds in fiscal 2018.

Fiscal 2018 results include adjustments for one-time capital expenditures paid for with bond proceeds. Additionally, we adjusted for the city's deferred pension payments, which in fiscal 2016 amounted to \$431,000.

The city has consistently experienced general fund deficits over the past five years. According to officials, the general fund deficits in fiscal years 2017 and 2018 were primarily due to the culmination of several factors. One of these included the double-counting of state revenues, particularly education cost-sharing grants for alliance districts, in the budgets between fiscal years 2017 and 2019, which as a result, led to significantly lower-than-budgeted revenues. The city also overestimated other certain state formula-based grants in fiscal years 2017 and 2018. In addition, health insurance costs were over budget by about \$1 million as a result of the city switching to a new health plan which substantially increased employee medical claims in the last quarter of the fiscal year. Finally, the fiscal 2017 fund balance was also restated in the fiscal 2018 audit as a result of school department expenditures being understated in prior years and not previously fully accounted for. We also note the city's fiscal 2018 audit contains certain material weakness findings with regard to reporting and internal controls, which it has begun to address, according to management.

As of result of all this, Derby is taking several measures to rebuild its fund balance and better align revenues and expenditures. As part of this refunding, the city will be restructuring its fiscal year 2020 and 2021 principal payments of \$1.8 million and \$1.5 million, respectively, and extending them into future years and using the savings toward the rebuilding of its fund balance. Management is also planning to sell city-owned assets and properties that are not being used during this fiscal year, which is expected to net a minimum \$450,000 or more, which will also be directed toward its fund balance. Other steps include initiating a tax sale, which is expected to net about \$1 million, deferring pension contributions in fiscal years 2019 and 2020 and applying the savings--currently estimated at about \$540,000 annually--toward the budget, and increasing taxes. Officials indicate the city has already begun to realize the effects of some of these measures and accrued some of the savings in its fiscal 2019 finances. On a budgetary basis, Derby ended fiscal 2019 with a \$1.2 million general fund drawdown. Including the sale of assets, deferral of pension contributions, tax sale, and additional amounts budgeted for fund balance replenishment, which management expects will be reflected in the final audit, the city estimates to have ended fiscal 2019 with a \$2.2 million general fund surplus.

While we understand these measures will help improve fund balance levels, we also believe these measures are indicative of a distressed community whose budgetary environment will remain challenged over the next few years.

The fiscal 2020 budget is balanced and totals \$44.5 million, which represents a 4% increase over the prior year. As part of its efforts to better align revenues and expenditures, the city increased its mill rate by 2.5 mills, or 6.35%, over the prior year, which it had not done in the last three years. In addition, it has been addressing its material findings by improving its internal controls and instituting organization changes. This includes assigning additional staff for segregation of financial duties and timely reconciliation, providing more oversight of school department budget and grants, and implementing double-entry accounting standards for city and school department finances, as well as adjusting certain roles and responsibilities. Management also indicates it has also budgeted more conservatively with regard to state aid and does not expect any significant increases in health insurance costs in fiscal 2020. Property taxes account for 57% of general fund revenues, followed by intergovernmental revenue at 35%. Tax collections have averaged 99% over the past three years.

While we believe Derby is taking positive steps to restore its fund balance levels and modify its budgetary assumptions, we believe many of these measures are one-time in nature meant to address its current financial position. In addition, due to its history of posting negative financial operations over the last several years and our belief that the budgetary environment will remain challenged, we expect its budgetary performance will remain weak. However, we also believe its budgetary performance could improve to adequate levels if the city were to maintain consistent positive financial operations by properly aligning revenues and expenditures and mitigating the use of one-time adjustments to achieve balance results.

Very weak budgetary flexibility

Derby's budgetary flexibility is very weak, in our view, with an available fund balance in fiscal 2018 of negative 4.9% of operating expenditures. In addition, the city's reserves are low on a nominal basis at negative \$2.5 million, which we view as vulnerably low and a negative credit factor. Impairing budgetary flexibility, in our view, is a limited capacity to raise revenues due to consistent and ongoing political resistance.

The city's budgetary flexibility is now very weak as a result of its negative financial operations in fiscal years 2017 and 2018 and restatement of fund balance. For fiscal 2019, on a budgetary basis, it estimates its fund balance to be at about negative \$3.8 million. However, this does not include the sale of assets, deferral of pension contributions, tax sales, and funds toward its fund balance replenishment, which officials indicate will all be accrued and accounted for in the fiscal 2019 audit. With these funds included, the city estimates the fiscal 2019 audit will reflect a fund balance position of negative \$1.6 million, or approximately negative 3.7% of budgeted expenditures.

With the debt restructuring, budgeted fund balance replenishment funds totaling about \$500,000, and savings of \$540,000 from deferral of pension contribution, the city expects its available reserves to improve to \$1.2 million during fiscal 2020. In addition, it expects its fund balance levels to improve by another \$2 million by fiscal year-end 2021 to \$3.2 million.

Our view of the city's budgetary flexibility is also limited by its unwillingness to consistently raise sufficient revenues to match expenditures to mitigate any fund balance drawdowns. As a result, we expect budgetary flexibility to remain very weak during our outlook period. However, if the city were to succeed in rebuilding its fund balance position,

continue to raise the necessary revenues to cover expenses, and consistently improve reserve levels through positive financial operations without the use of one-time measures, our view of its budgetary flexibility could change.

Adequate management

We view the city's management as adequate, with standard financial policies and practices under our FMA methodology, indicating the finance department maintains adequate policies in some, but not all, key areas.

The city uses a form of zero-based budgeting, which management implemented to ensure expenditures and expenditure growth are examined annually. However, we believe its revenue and expenditure assumptions have been optimistic in the past and the city has not accurately accounted for some of its revenues and expenditures, including its school-related ones.

It has monthly meetings with the Board of Apportionment and Taxation, and has procedures in place for reviewing and amending the budget based on updated information and actual performance. It also maintains a five-year capital improvement plan that it updates annually, and which is linked to the operating budget. Derby's investments adhere to state guidelines, and the city maintains a basic debt management policy that the board adopted. It also maintains an adopted fund balance policy to keep reserves between 5% and 10% of expenditures. We note that Derby is below its fund balance policy and we do not expect it to be in compliance during the two-year outlook period.

Strong economy

We consider Derby's economy strong. The city, with an estimated population of 12,816, is in New Haven County, about nine miles west of New Haven. It is in the New Haven-Milford MSA, which we consider to be broad and diverse. The city has a projected per capita effective buying income of 98.3% of the national level and per capita market value of \$80,657. Overall, market value grew by 0.9% over the past year to \$1.0 billion in 2020. The county unemployment rate was 4.4% in 2018.

Derby's proximity to New Haven provides residents with employment opportunities. Although a majority of the city's tax base is residential, making up 68% of the grand list, it maintains a notable commercial and industrial presence, which consists of a combined 14% of the total tax base. The tax base remains diverse with the leading taxpayer accounting for 10.4% of the grand list. Some of Derby's largest employer (excluding city government) include Griffin Hospital (1,200), Home Depot (125), and Wal-Mart (125).

We expect that Derby will see incremental growth in its tax base. To facilitate redevelopment, officials acquired land adjacent to Main St. (Route 34) in expectation of the road-widening project completion in 2019. Management expects that development will include residential and commercial properties on approximately 40 acres and spur economic growth downtown. Currently, a 379-unit, mixed-use building one block from the train station is under development. Management is also working to redevelop existing properties throughout the city. In addition, a new fuel cell facility is being developed, which is expected to create new jobs and help grow the tax base. Officials expect these and other projects currently underway will help increase revenues and expand the tax base.

Despite the anticipated new growth along Route 34 and other ongoing projects, we do not expect substantial improvements in wealth and income metrics within the two-year outlook horizon. We expect that these metrics will remain relatively stable during that time, and that the city's access to the New Haven MSA will further stabilize the

economy. We thus expect Derby's economy to remain strong through the outlook period.

Very strong liquidity

In our opinion, Derby's liquidity is very strong, with total government available cash at 9.3% of total governmental fund expenditures and 2.3x governmental debt service in 2018. In our view, the city has strong access to external liquidity if necessary.

The city has demonstrated strong market access by issuing GO bonds within the past several years. In addition, management is not aggressive in its use of investments. The city does maintain a bank loan with Webster Bank N.A currently totaling \$1.1 million, which it will be refunding with this issuance. We note that the city's direct bank loan does contain acceleration provisions, but given their remoteness, we do not expect the direct loan to affect liquidity. The city has also not issued any cash-flow-related notes or tax anticipation notes and does not expect to do so. As a result, we expect its liquidity profile to remain very strong.

Very strong debt and contingent liability profile

In our view, Derby's debt and contingent liability profile is very strong. Total governmental fund debt service is 4.0% of total governmental fund expenditures, and net direct debt is 37.1% of total governmental fund revenue. Overall net debt is low at 1.8% of market value, which is, in our view, a positive credit factor.

Following this issuance, the city has approximately \$35.8 million in total direct debt, including long-term capital leases and debt held in the water pollution control authority fund, which we view as fully self-supporting. Management does not anticipate issuing any new-money debt within the next two-to-three years.

Derby's combined required pension and actual other postemployment benefit (OPEB) contributions totaled 4.8% of total governmental fund expenditures in 2018. Of that amount, 3.0% represented required contributions to pension obligations, and 1.7% represented OPEB payments. The city made 73% of its annual required pension contribution in 2018.

Derby is the administrator of a single-employer defined-benefit pension plan (the City Public Employee Retirement System), which covers city employees not covered by state-administered systems. Using a 7.0% discount rate, the city reports a net pension liability of \$3 million and a funded ratio of 83.8% as of fiscal 2018. It has historically underfunded its pension required contribution, which we adjusted for in budgetary performance. Management also expects to underfund its actuarially determined contribution in fiscal years 2019 and 2020 and apply the savings toward the city's fund balance.

Additionally, the city contributes to the Connecticut's Municipal Employees Retirement System (MERS), a defined-benefit pension plan offered by the state for municipal employees in participating municipalities. Derby reported a MERS proportionate net pension liability of \$2.9 million at June 30. 2018. The system is 93% funded, measured using an 8.0% discount rate as of fiscal 2018, which we note is higher than average. The state has reduced the discount rate in fiscal 2019 to 7%. While view reducing the rate of return as a positive, we believe this will result in higher pension contributions for the city.

The city also provides OPEBs in the form of health and life insurance to eligible retirees. It does not maintain a trust to pre-fund benefits. Its unfunded actuarial accrued liability was \$29.6 million, as of June 30, 2018.

Although we acknowledge the city has not been fully funding its annually required contribution (ARC) for the city plan, we note the pension plan is well funded at 83%, and costs remain manageable. However, we could view these factors negatively if funding substantially decreases, costs begin to accelerate as a percentage of expenditures, and management continues to defer pension payments. While we do not anticipate budgetary pressure from pensions or OPEBs in the near term, should the city continue to underfund the ARC or if MERS assumptions are not met, we expect that its costs will rise, potentially pressuring the budget.

Strong institutional framework

The institutional framework score for Connecticut municipalities is strong.

Outlook

The stable outlook reflects S&P Global Ratings' opinion of Derby's plan and willingness to make the necessary revenue and expenditure adjustments, albeit through several one-time measures, to restore available reserves to positive levels. In addition, we believe the changes it is instituting in its financial management operations and raising the necessary revenues after three years of no tax increase, support our view that it should begin to realize positive financial results and increase reserves in fiscal 2020. Therefore, we do not expect to change the rating within the two-year outlook horizon.

Downside scenario

Should the city prove unsuccessful in rebuilding its fund balance to positive levels over the next two years and continue to experience reductions in available reserves as a result of negative financial operations and misalignment of revenues and expenditures, we could lower the rating.

Upside scenario

If the city were to maintain consistent positive financial performance without the use of one-time adjustments or sources, leading to improvements in reserves levels while maintaining conservative budgetary assumptions, we could raise the rating.

Summary:

Derby, Connecticut; General Obligation; Note

Credit Profile				
US\$12.67 mil GO bnds ser 2018 due 10/15/2038				
Long Term Rating	AA-/Stable	New		
US\$5.45 mil GO BANs due 10/24/2019				
Short Term Rating	SP-1+	New		
Derby GO				
Long Term Rating	AA-/Stable	Affirmed		

Rationale

S&P Global Ratings assigned its 'AA-' long-term rating to Derby, Conn.'s issue of 2018 general obligation (GO) bonds. At the same time, we affirmed our 'AA-' long-term rating on the city's existing GO debt. The outlook is stable.

Additionally, we assigned our 'SP-1+' short-term rating to the city's 2018 GO bond anticipation notes (BANs). The short-term rating reflects our criteria for evaluating and rating BANs. In our view, Derby maintains a very strong capacity to pay principal and interest when the notes come due. We view the city's market risk profile as low because it has strong legal authority to issue long-term debt to take out the notes and is a frequent debt issuer that regularly provides ongoing disclosure to market participants.

Derby's full faith and credit pledge, payable from the levy of an unlimited-ad valorem tax on all taxable property in the town secures the series 2018 bonds and notes.

We understand that officials intend to use proceeds from the series 2018 bonds to funding for various capital improvement projects, including school, sewer and road improvements.

The long-term rating reflects our opinion of the following factors for Derby, including its:

- · Adequate economy, with access to a broad and diverse metropolitan statistical area (MSA);
- Adequate management, with standard financial policies and practices under our Financial Management Assessment (FMA) methodology;
- Strong budgetary performance, with balanced operating results in the general fund and at the total governmental fund level in fiscal 2017;
- Weak budgetary flexibility, with an available fund balance in fiscal 2017 of 2.3% of operating expenditures;
- Very strong liquidity, with total government available cash at 11.8% of total governmental fund expenditures and 2.9x governmental debt service, and access to external liquidity we consider strong;
- Very strong debt and contingent liability position, with debt service carrying charges at 4.0% of expenditures and net direct debt that is 57.0% of total governmental fund revenue, as well as low overall net debt at less than 3% of

market value; and

• Strong institutional framework score.

Adequate economy

We consider Derby's economy adequate. The city, with an estimated population of 12,854, is in New Haven County in the New Haven-Milford MSA, which we consider to be broad and diverse. It has a projected per capita effective buying income of 106.1% of the national level and per capita market value of \$79,890. Overall, market value was stable over the past year at \$1.0 billion in 2019. The county unemployment rate was 5.0% in 2017.

We expect that Derby will see incremental growth in its tax base. To facilitate redevelopment, officials acquired land adjacent to Main St. (Route 34) in expectation of the road widening project completion in 2019. Management expects that development will include residential and commercial properties on approximately 40 acres. The state is expected to clear additional vacant buildings by the end of this calendar year to proceed with the road project. Currently, a 400-unit, mixed-use building one-block from the train station is under development. Management is also working to redevelop existing properties throughout the city.

Despite the anticipated new growth along Route 34, we do not expect substantial improvements in wealth and income metrics within the two-year outlook horizon. We expect that these metrics will remain relatively stable during that time, and that the city's access to the New Haven MSA will further stabilize the economy. We thus expect Derby's economy to remain strong through the outlook period.

Adequate management

We view the city's management as adequate, with standard financial policies and practices under our FMA methodology, indicating the finance department maintains adequate policies in some, but not all, key areas.

The city uses a form of zero-based budgeting, which management implemented to ensure expenditures and expenditure growth are examined annually. It has monthly meetings with the Board of Apportionment and Taxation, and has procedures in place for reviewing and amending the budget based on updated information and actual performance. It also maintains a five-year capital improvement plan that it updates annually, and which is linked to the operating budget. Derby's investments adhere to state guidelines, and the city maintains a basic debt management policy that the board adopted. It also maintains an adopted fund balance policy to keep reserves between 5% and 10% of expenditures. We note that Derby is below its fund balance policy and we do not expect it to be in compliance during the two-year outlook period.

Strong budgetary performance

Derby's budgetary performance is strong, in our opinion. The city had balanced operating results of negative 0.4% of expenditures in the general fund and negative 0.1% across all governmental funds in fiscal 2017.

For analytical consistency, we have adjusted for the use of bond proceeds for capital projects across all governmental funds. Additionally, we adjusted for the city's deferred pension payments, which in fiscal 2016 amounted to \$397,000.

Derby's operating results improved in fiscal 2017, owing primarily to a reduction in health insurance claims, along with positive variances in revenues and expenditures. Management made an effort in fiscal 2017 to examine all

expenditures and reduce costs wherever possible. We expect it will continue to do so.

Derby was held harmless in fiscal 2018 once the state adopted a budget. It anticipates receiving the entirety of the grant funding it had budgeted for in fiscal 2018. Management reports that local revenues are approximately \$1.1 million greater than budgeted, but unanticipated costs related to an economic development project will reduce the year-end general fund surplus to approximately \$400,000.

Management continues to examine ways to reduce costs, including partnering with neighboring communities to reduce service redundancies, to ensure budgetary balance. To this end, Derby is continuing to work toward regionalization of services. Additionally, the 2019 budget included a \$200,000 line item dedicated to adding to available fund balance, which would increase budgetary flexibility. We expect management to continue to closely monitor revenue and expenditure variances and make adjustments accordingly, leading to at least balanced operating results. Consequently, we expect that Derby will have strong budgetary performance over the next two years.

Weak budgetary flexibility

Derby's budgetary flexibility is weak, in our view, with an available fund balance in fiscal 2017 of 2.3% of operating expenditures, or \$1.2 million.

Derby's fund balance declined to current audited levels of \$1.2 million from \$2.1 million (4.7% of expenditures) in fiscal 2015 and \$2.7 million (6.3%) in fiscal 2014. We expect management will continue to incrementally add to reserves to restore fund balance over the next few years. Given current projections for fiscal 2018 and our expectation of at least balanced results in fiscal 2019, with a dedicated \$200,000 line-item addition to reserves, we expect that fund balance could increase to approximately \$1.8 million, a level we would continue to view as weak. Consequently, we believe our view of Derby's budgetary flexibility will remain unchanged over the outlook period.

Very strong liquidity

In our opinion, Derby's liquidity is very strong, with total government available cash at 11.8% of total governmental fund expenditures and 2.9x governmental debt service in 2017. In our view, the city has strong access to external liquidity if necessary.

The city has demonstrated strong market access by issuing GO bonds within the past several years. In addition, management is not aggressive in its use of investments. We note that the city's direct bank loan does contain acceleration provisions, but given their remoteness, we do not expect the direct loan to affect liquidity. Therefore, we believe liquidity will remain very strong since there is no significant deterioration of cash balances planned or expected.

Very strong debt and contingent liability profile

In our view, Derby's debt and contingent liability profile is very strong. Total governmental fund debt service is 4.0% of total governmental fund expenditures, and net direct debt is 57.0% of total governmental fund revenue. Overall net debt is low at 2.9% of market value, which is, in our view, a positive credit factor.

Following this issuance, the city has approximately \$30 million in total direct debt, including long-term capital leases and debt held in the water pollution control authority fund, which we view as fully self-supporting. Management does not anticipate issuing any new-money debt within the next two-to-three years.

Derby's combined required pension and actual other postemployment benefit (OPEB) contributions totaled 4.8% of total governmental fund expenditures in 2017. Of that amount, 3.1% represented required contributions to pension obligations, and 1.7% represented OPEB payments. The city made 75% of its annual required pension contribution in 2017.

Derby is the administrator of a single-employer defined-benefit pension plan (the City Public Employee Retirement System), which covers city employees not covered by state-administered systems. Using a 7.0% discount rate, the city reports a net pension liability of \$5.5 million and a funded ratio of 73%. It has historically underfunded its pension required contribution, which we adjusted for in budgetary performance.

Additionally, the city contributes to the Connecticut's Municipal Employees Retirement System (MERS), a defined-benefit pension plan offered by the state for municipal employees in participating municipalities. Derby reports a MERS proportionate net pension liability of \$3.5 million. The system is 93% funded, measured using an 8.0% discount rate, which we note is higher than average.

The city also provides OPEBs in the form of health and life insurance to eligible retirees. It does not maintain a trust to pre-fund benefits. Its unfunded actuarial accrued liability is \$26 million, as of the July 1, 2014 valuation, which is the most recent.

Although we acknowledge the city has not been fully funding its annually required contribution (ARC) for the city plan, we note the pension plan is somewhat well funded at 73%, and costs remain manageable. However, we could view these factors negatively in the future if funding substantially decreases, costs begin to accelerate as a percentage of expenditures, and management continues to defer pension payments. We also note that the higher-than-average discount rate for the MERS plan may be underestimating liabilities, resulting in lowered contributions and total assets. While we do not anticipate budgetary pressure from pension or OPEBs in the near term, should the city continue to underfund the ARC, or if MERS assumptions are not met, we expect that its costs will rise, potentially pressuring the budget.

Strong institutional framework

The institutional framework score for Connecticut municipalities is strong.

Outlook

The stable outlook reflects our view that management will report at least balanced operating results in fiscal 2018, and will address expenditures in a meaningful way while restoring fund balance over the next several years. The relatively stable economy and low debt carrying charge provide additional stability. We do not anticipate changing the rating in the two-year outlook period.

Upside scenario

Should management achieve several years of at least adequate budgetary performance, while meaningfully increasing financial reserves to bring the city back into compliance with its stated reserve policy, while also fully funding the pension required contribution over multiple years, and all else being equal, we could raise the rating.

Downside scenario

If budgetary performance were to remain weak, leading to a further decline in reserves, or if retirement related costs were to begin to pressure the budget, we could lower the rating.

City of Derby

1 Elizabeth Street

City Hall

Derby, Connecticut 06418

Bond Rating History

- 2003 -S&P assigned an initial rating of A+
- 2006 S&P affirmed rating of A+
- 2009 S&P upgraded the City from A+ to AA-
- 2015 S&P upgraded the City AA- to AA
- 2018 S&P downgraded the City from AA to AA-
- 2019 S&P downgraded the City from AA- to A+

I. FY18-19 FINANCIAL STATEMENT FINDINGS AND CORRECTIVE ACTIONS

The City recognizes that a number of Findings have been present year after year, and that some of the Corrective Actions should have been implemented sooner than at this time. While the public sector continues to face the challenges of economic growth an doing more with less, the City of Derby is committed to addressing each of the Findings within the next three months with Corrective Actions implemented for each.

*19-1 Double-Entry Accounting System

Finding: The City does not use double-entry accounting for all funds.

Criteria: The use of a double-entry accounting software system, including the preparation of a

balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting for all Special Revenue Funds, Fiduciary Funds and its long-term debt and fixed

assets.

Condition: The City does not maintain a double-entry accounting system or process a general ledger

utilizing an accounting software system for all Special Revenue Funds, Fiduciary Funds and

its long-term debt and fixed assets.

Cause: The financial activity is maintained annually on ledger sheets for most of these funds and for

others the only sources of documentation are canceled checks and bank statements

Effect: The City does not have the ability to detect accounting errors, provide the basis for monthly

account and ledger reconciliations, and prepare meaningful financial reports.

Recommendation: We recommend that the City adopt a general ledger accounting software system for all funds

and activities, including federal and state financial assistance funds. The use of a double-entry accounting software system, including the preparation of a balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting. The Chart of Accounts, developed for the General Fund, should be utilized for the other funds of the City to ensure consistency with account names and numbers and to develop an internal reporting package.

Corrective Action: The City agrees with the recommendation above, while the necessary steps were not taken in

prior years to utilize a general ledger software for all funds and activities, in the 4th QTR of FYE20, and first QTR of FYE21, a general ledger double accounting software has been utilized for most activities and funds. This finding will be addressed in full by November

2020.

*19-2 Bank Reconciliations and Approval of Bank Reconciliations

Finding: Bank reconciliations were not formally prepared during the year for general fund checking

accounts.

Criteria: The Finance Department should be preparing the bank reconciliations and the Finance

Director should formally approve the bank reconciliations on all City bank accounts.

Cause: Lack of formal procedures.

Effect: Possible material errors could occur and not be detected timely.

Recommendation: We recommend that all bank reconciliations be prepared by the Finance department within a

reasonable period of time after the month end. These reconciliations should then be

reviewed by the comptroller for accuracy and completeness.

Corrective Action: It was determined that despite having inadequate man-power within the Finance department,

a redistribution of the available man-power would result in addressing this recommendation. The available staff were assigned tasks that has resulted in timely reconciliation of accounts. In addition the Finance Director now approves all reconciliations performed by the various

departments within the City. This was effective 4th Qtr 2020.

*19-3 Availability of financial information

Finding: During the audit process, information from various departments related to numerous audit

schedules and related information was unavailable in a timely manner. The City's audit for the year ended June 30, 2019 did not start until November 2019. In addition, some schedules and required information were not available for audit until January 2020 and later.

Criteria: Information related to financial statements should be presented at the close of the fiscal year

or at a reasonable time thereafter.

Cause: Lack of year-end closing procedures.

Effect: The timely availability of information related to the financial statements has delayed the

completion of the audited financial statements and other submissions that rely upon the

audited financial statements.

Recommendation: The preparation of information relative to the financial statements in accordance with the

City of Derby, Connecticut's reporting requirements should be provided in a timely manner. Schedules, reports and other financial information related to the City's financial condition as a whole should be maintained monthly throughout the year, forwarded to the Finance Department when that information becomes available and reconciled to the books and records of the City. A review of the financial statements should be done by accounting

personnel to determine that all schedules and records are provided timely.

Corrective Action: Effective the Audit for the FY19-20, the Finance Department conducted a pre-audit meeting

with the Auditor, and each Department was given their assigned tasks and the documentation that is required to be gathered and submitted. An electronic tracking system is being utilized for all required information to be submitted electronically. This gives us real time access to what has been submitted and what is remaining. In addition, prior to submittal, all information is being reviewed by the Finance department to ensure it is

complete and any outstanding information is pursued.

*19-4 WPCA Purchase Order Approval Process

Finding: The bookkeeper performed recordkeeping, custodial and approval functions.

Criteria: The WPCA should have adequate segregation of duties and responsibilities in order to

assure the safeguarding of assets and the proper preparation of financial statements.

Cause: The WPCA (Agency) did not have adequate segregation of duties and responsibilities in

order to assure the safeguarding of assets and the proper preparation of financial statements. Certain functions, such as receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks, to provide the necessary checks and balances of the Agency's internal control, are performed by the same individual. This lack of segregation of duties results in inadequate

financial control over the operation of the Agency.

Effect: Lack of segregation of duties may lead to errors, or improprieties could occur and go

undetected.

Recommendation: We recommend that the WPCA consider assigning additional personnel, independent of the

accounting function, to duties such as, receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks to provide the necessary checks and balances of the Agency's internal control. Consideration should also be given to utilizing the cash receipts procedure and the purchase order and cash disbursement process of the WPCA to compensate for the lack of

personnel and segregation of duties in this Agency.

Corrective Action: While the WPCA and the City face the same challenges as other public entities, where

adding staff is not always possible, the above recommendation is being addressed utilizing the staff in place, with additional approvals and oversight built in to the process. The WPCA will be hiring a bookkeeper, filling a current vacancy. In addition, the approval of purchase order and check registers will be reviewed by the Chairman, and the Finance Committee. As well, the Finance Director will review all reconciliations on a monthly basis. In addition the WPCA will be using the purchase order system in place for the City, and the encumbrance

process.

*19-5 Accounts Payable Cut-off-Board of Education

Finding: The Board of Education's accounts payable were not properly recorded at year end on the

City's general ledger.

Criteria: Expenditures should be accrued when incurred in accordance with accounting principles

generally accepted in the United States of America.

Cause: Lack of monthly reconciliations with the City and Board Education ledgers.

Effect: Account payable and accrued payroll in the amount of \$3,028,308 were incurred as of June

30, 2018 and were not properly recorded.

Recommendation: We recommend that accounts payable and accrued payroll be recorded when incurred on a

monthly basis. A reconciliation with the City's general ledger and the Board of Education ledger should be done on a monthly basis to ensure that liabilities and expenditures are

properly recorded.

Corrective Action: The Board of Education has committed to adhering to a firm cut-off date, effective

immediately the cut-off date is 9/15/2020. Going forward the cut-off will be 8/31. In addition, the City and the Board of Education will record accounts payable and accrued payroll, when incurred, on a monthly basis with detailed reports provided by the Board of Education to the City. Further, a reconciliation of the City's general ledger and the Board of Education ledger will be done on a monthly basis to ensure that liabilities and expenditures

are properly recorded. This began in March of 2020.

*19-6 Reconciliation of City and Board of Education Accounts

Finding: The Board of Education cash, accounts receivable, accounts payable, income and

expenditures and City corresponding accounts were not reconciled at year end. In addition, there were several instances of netting of revenues against expenditures in the Board of

Education expenditures.

Criteria: A formal reconciliation should be performed on a monthly basis to ensure agreement of the

City's general ledger accounts with the Board of Education records.

Cause: No formal reconciliation process is being performed between the City and Board of

Education on a monthly basis.

Effect: The Board of Education overspent their operating budget by \$491,440. The Board of

Education also netted various revenues of \$256,669 during the year of which \$100,489 were

not received until the subsequent period.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash,

accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditure ledgers that are already being utilized to have a complete self-balancing set of accounts. This will assist to quickly identify variances. That information should be timely shared between the City and Board of Education to ensure that both the City and Board of Education ledgers are in agreement. Expenditures should be reported at gross amounts and any amounts received should be communicated to the City so those receipts can be properly classified and recorded. Various refunds that take place after the fiscal year for the previous fiscal year's expenditures that were incurred and paid by the City

should be returned to the City.

Corrective Action: The Board of Education has installed a new general ledger package (Tyler Technologies

Infinite Visions) that provides double entry accounting to reconcile cash, accounts receivable and accounts payable. This, in addition to income and expenditure ledgers that are already being utilized, will provide a complete, self-balancing set of accounts. Information will be timely shared between the City and Board of Education to ensure that both the City and Board of Education ledgers are in agreement. The sharing of ledgers has

begun effective 8/1/2020.

*19-7 Cash Account Activity- General Fund Operating, Board of Education and Self Insurance Accounts

Finding: Various cash accounts had activity that was found not to be recorded or recorded in net

amounts.

Criteria: All cash activity should be recorded in the City's general ledger.

Cause: Lack of policies and procedures.

Effect: Cash accounts were contained significant errors that were not corrected by the Finance

Department timely.

Recommendation: We recommend that all cash transactions be reflected in the general ledger and that

> transactions are reported at their gross amounts. In addition, accounts that have separate bank statements have separate general ledger accounts. All cash accounts should be

reconciled monthly and reviewed by the comptroller.

The lack of monthly reconciliation being performed by the Finance Department timely was Corrective Action:

easily correctable. The Finance Department has begun performing reconciliations within 30 days of the close of the prior month. This began in February of 2020, and has been working efficiently and effectively. This has become part of the monthly close and part of the Finance Department's draft procedure manual currently being finalized. The Board of Education and the City will record transactions in the general ledger based on the exact expenditures. In addition, accounts that have separate bank statements (that are reconciled

monthly) now have separate general ledger accounts.

*19-8 Budgeting

Finding: The City significantly overestimated grant revenues in the original budget.

Criteria: The ECS-Alliance grant was budgeted as City revenue and did not have an off-setting

> appropriation. This resulted in a revenue shortfall of \$1,218,472. The Educational Cost Sharing Grant was budgeted for \$8,084,162 but only \$6,911,831 was actually paid by the

State of Connecticut leaving a \$1,172,331 shortfall.

Cause: The final budget was not adjusted/corrected during the year.

Effect: Approximately \$2,390,803 in grant monies were anticipated that was not received.

Recommendation: We recommend that the City establish a separate special revenue fund for the educational

> grants. The grants monies should be remitted to the Board of Education within a reasonable period of time when received by the City. In addition, the Board of Education should present the City with a detailed budget reporting all the anticipated revenue with the total

budgeted expenditures at a gross amount in order to avoid double counting of revenues.

A separate bank account, under the control of the Board of Education, has been opened Corrective Action:

where a majority of the grant funds are direct-deposited by CSDE. Other grant funds (e.g., excess cost, Alliance grant funds and a few other minor grant awards) are deposited by CSDE directly to the City operating account - those grants monies, as has been past practice, will be remitted to the Board of Education within 30 days of receipt and posting. The Board of Education will provide the City the required, detailed reports. The Special Revenue Fund was established effective 7/1/2020.

Regarding the budget overstatement, and not having an off-setting expense, this was the result of an error in the budget process and within in the finance department coupled with the budget process not being centralized and vetted through a number of checks and balances. This has since been corrected, both making up for the shortfall and in the budgeting process.

*19-9 Encumbrance System

Finding: The City departments are not fully utilizing the encumbrance system.

Criteria: The City's formal purchase order encumbrance system should be monitored to control its

appropriation expenditures.

Condition: The City has a formal purchase order encumbrance system in place to monitor and control

its appropriation expenditures. However, it appears that not all departments are fully utilizing the encumbrance system, and in some cases, purchase orders are dated subsequent

to the invoice and check date.

Cause: Lack of monitoring of the purchase order system.

Effect: Purchase orders are not used on a timely basis and encumbrances are not placed on

appropriation accounts.

Recommendation: For a fully effective purchase order system, all purchase orders should be prepared and

approved prior to the actual date of ordering the goods or services. When this process is being utilized, appropriation expenditures, which may be over expended, will be flagged

prior to any over expenditure.

Corrective Action: The City, effective 7/1/202, has begun utilizing the Encumbrance system, and by the end of

September, will be fully utilizing the encumbrance system. The department heads were

initially resistant but now see the benefit of the encumbrance system to all.

*19-10 Special Assessments/Collection Efforts

Finding: Special Assessments are not actively collected.

Criteria: Special assessments for sewer and water are past due and there should be active collection in

effect to reduce the amount of outstanding assessments.

Condition: The special assessments for sewer and water are past due and there are no active collection

activities in effect to reduce the amount of outstanding assessments. In some cases, there is no information in the tax collector's office that states that the sewer and water hookup was

made on certain properties.

Cause: Lack of formal collection activity.

Effect: Special assessments for sewer and water are not currently being collected.

Recommendation: We recommend that the City authorize legal counsel to investigate ways to enforce the

collection of these past due assessments or obtain authorization for the City to write these

assessments off as uncollectible.

Corrective Action: The Finance Director had requested corp counsel to either collect said assessments or write

them off. This will be resolved by 9/20/2020.

*19-11 Interfund Transfers

Finding: Interfund balances are not repaid timely.

Criteria: Interfund transfers had been made by the City primarily between projects in the Capital

Projects funds and Enterprise Funds should be repaid on a timely basis.

Condition: Interfund transfers have been made by the City primarily between projects in the Capital

Projects funds and Enterprise Funds. In some cases, the transfers were not repaid when the

funds were available and interfund balances are outstanding at the balance sheet date.

Cause: No timely repayment procedures have been established.

Effect: Interfund transfers are outstanding for extended periods of time.

Recommendation: We recommend that all interfund transfers be repaid as soon as the funds become available

and transfers be properly authorized by the appropriate board before being made.

Corrective Action: This goes back to the early 2000's, and this is not the current practice. For future transfer

between funds, approval from the appropriate board will be sort.

*19-12 Compensated Absences-City

Finding: There is no formal reconciliation of compensated absences.

Criteria: The City should established a policy of reconciling, on a regular basis or at year end, the

departmental employees days for vacation, sick or personal leave to the payroll records.

Condition: Individual departments currently maintain compensated absence records for their

departmental employees entitled to compensated absences as dictated by various union

bargaining agreements

Cause: Individual departments currently maintain compensated absence records.

Effect: Lack of consistency of reporting compensated absences.

Recommendation: We recommend that the City establish a procedure for maintaining centralized records

related to available used and unused vacation, sick and personal leave days to properly evaluate the liability for compensated absences. This process should include a summary of the bargaining agreement provisions related to the various employee categorizes to be used by the individuals who are summarizing the compensated absence data. This centralized record should be related to the employee history files as generated from the payroll system

and should be reconciled to departmental records quarterly or semi-annually.

Corrective Action: The City has begun tracking compensated absence in a centralized area- Payroll.

*19-13 Parking Authority

Finding: Parking ticket revenues are not recorded on an accrual basis.

Criteria: The revenue from the parking tickets should be recorded on the general ledger when they are

issued (accrual basis).

Condition: While the parking ticket system put in place in January of 1999 on a computerized parking

ticket system appears to be working properly, the revenue from the parking tickets is not being recorded on the general ledger until the tickets are paid (cash basis) instead of when they are issued (accrual basis). Parking tickets deemed uncollectible are not being written off nor is there a formal procedure for the acting director to authorize such write-offs, although in some cases, the acting director alone is authorizing corrections and write-offs.

Cause: Lack of understanding by the bookkeeper.

Effect: Untimely recording of revenues from parking tickets.

Recommendation: We recommend that the City of Derby consider assigning additional personnel, independent

of the accounting function to duties such as receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks, to provide the necessary checks and balances of the internal control system. Consideration should also be given to utilizing the cash receipts procedure of the General Fund of the City of Derby to compensate for the lack of personnel and segregation of duties in this Division. We also recommend that all checks be issued to an individual or a company as opposed to cash as the payee and that for all subcontractors paid in excess of

\$600, that the appropriate 1099s be filed with the Internal Revenue Service.

Corrective Action: The City has begun to utilize additional personnel to review bank reconciliations, assigning

additional signers on issued checks. Beginning FY20-21, the Parking Authority will be set up in the General Ledger and utilize the ledger for all activity. This includes the

encumbrance system and ensuring that 1099s are issued when required.

*19-14 Revenues Classification

Finding: Revenues were not properly recorded in their respective general ledger accounts

Criteria: Revenues should be classified in their budgeted general ledger accounts.

Cause: There is no review of the revenue accounts done on a regular basis.

Effect: Audit adjustments of \$3,169,201 were proposed to reclassify grant revenues. Improper

assumptions can be made for budgeting revenues in future periods.

Recommendation: We recommend a review of the miscellaneous, grant and deferred revenue accounts prior to

internal and external reporting of financial information.

Corrective Action: The City has implemented a process where any revenue that is not initially recognized upon

its receipt is held before just posting it to Misc Revenue. In addition, during the monthly reconciliation, a review of Misc Revenue is performed and if needed, they are reclassified ot

the proper revenue line.

*19-15 Accounts Receivable Cut-off

Finding: Accounts Receivable were not recorded at year end.

Criteria: Revenues should be recognized in the accounting period in which they become available and

measurable.

Cause: No review process of grants receivable at year end and improper coding of revenues during

the year.

Effect: \$800,011 of accounts receivable in the general fund were not properly recorded at June 30,

2019.

Recommendation: We recommend that revenues be recognized in the accounting period in which they become

available and measurable.

Corrective Action: The City agrees with this Recommendation, and is being addressed with timely

reconciliations.

*19-16 Comingling of Funds

Finding: The Board of Education maintains one cash account for operations and grant. The

comingling of operational and grant monies makes it difficult if not impossible to reconcile

with the City.

Criteria: A separate bank account should be maintained for grant income and expenditures in order to

properly track inflows and outflows of grant monies. Assets such as grants receivable and liabilities such as deferred inflows and accounts payable should also be recorded and

reconciled on a monthly basis.

Cause: Improper classification of grant funds.

Effect: Significant errors can occur and not be timely detected. Also see finding 19-05 and 19-06.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash,

accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditures for educational grants. In addition, we recommend moving the grant accounting from the General Fund to a Special Revenue Fund where it is better

classified.

Corrective Action: The Board of Education will utilize the newly-implemented (as of 7/1/20) Infinite Visions

general ledger system to reconcile cash, accounts receivable and accounts payable - this in addition to the existing income and expenditures ledgers/reporting for educational grants. A separate bank account, under the control of The Board of Education, was opened in 12/19

where a majority of the grant funds are direct-deposited by CSDE.

*19-17 Federal and State Single Audit Schedules

Finding: The Finance Department did not prepare a schedule of expenditures of federal awards and

state financial assistance for the year ended June 30, 2019. These schedules are derived from federal and state grant awards received by the General Government and the Board of Education of the City. The Board of Education grant awards primarily are passed through the State Department of Education, while the City receives their grants primarily through the State Department of Housing and Urban Development, the State Department of Health and Human Resources, the State Department of Agriculture and the Office of Policy and Management. The preparation of these schedules of expenditures has, in the past, been made by the auditors, including decision making concerning the federal CFDA number, the pass-through entity number and the amount of federal and state expenditures incurred by the City for the fiscal year. The auditor then reports on the Schedules of Expenditures of Federal and State Financial Assistance and renders his opinion with respect to the

compliance with laws, regulations, contracts and grants and with the City's internal control

over compliance with requirements of the laws, regulations, contracts and grants.

Criteria: The schedules of federal awards and state financial assistance are required to be prepared by

the City.

Cause: Lack of a staff member assigned to identify and obtain grant revenue and prepare the

appropriate federal and state financial schedules.

Effect: The auditor is preparing these schedules and auditing them.

Recommendation: We recommend that the Finance Department and/or the Board of Education annually

prepare the Schedule of Expenditures of Federal Awards and State Financial Assistance to be presented to the auditor for audit. The auditor can then render an opinion with respect to compliance with and internal control over compliance with laws, regulations, contracts and grants. This will provide the proper segregation of responsibilities over the preparation of

the schedules and the rendering of an opinion of these schedules.

Corrective Action: The City has been authorized to hire additional support in the area of accounting and

bookkeeping. Between the prior corrective actions being implemented, and the additional staffing and both the City and Board of Education reconciling timely, the preparations of the necessary Schedules will be addressed. This will be effective for FYE20 and FYE21.

*19-18 Community Development Agency

Finding: The bookkeeper performs recordkeeping, custodial and approval functions.

Criteria: The Community Development Agency should have adequate segregation of duties and

responsibilities in order to assure the safeguarding of assets and the proper preparation of

financial statements.

Cause: The Community Development Agency (Agency) does not have adequate segregation of

duties and responsibilities in order to assure the safeguarding of assets and the proper preparation of financial statements. Certain functions, such as receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks, to provide the necessary checks and balances of the Agency's internal control, are performed by the same individual. This lack of segregation of duties results in inadequate financial control over the operation of the Agency. Additionally, certain administrative expenses (wages, payroll taxes etc.) and the corresponding appropriation (revenue), paid by the City of Derby's General Fund, are not being timely

recorded on the books of the Agency.

Effect: Lack of segregation of duties may lead to errors, or improprieties could occur and go

undetected.

Recommendation: We recommend that the City consider assigning additional personnel, independent of the

accounting function, to duties such as, receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks to provide the necessary checks and balances of the Agency's internal control. Consideration should also be given to utilizing the cash receipts procedure and the purchase order and cash disbursement process of the General Fund of the City of Derby to compensate for the lack of personnel and segregation of duties in this Agency. Additionally, procedures should be established to timely allocate and record certain administrative expenses on the books and records of the Agency to specific funds received for Community

Development and various grant purposes.

Corrective Action: The City has already added additional oversight and additional signers to all activity within

the Community Development area. Effective FY20-21, the City will be placing all Community activity on the General Ledger system, which will include monthly

reconciliation and segregation of duties.

^{*} indicates that these findings are repeated from the previous year.

Guiding Successful People

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Honorable Mayor, Members of the Board of Alderman and Members of the Board of Apportionment and Taxation City of Derby, Connecticut

We have performed the procedures enumerated below, which were agreed to by, on Schedule of Findings and Questioned Costs as reported in our separate report for the City of Derby, Connecticut as of June 30, 2018 on the City's Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards dated March 22, 2019. City of Derby, Connecticut's management is responsible for the City's internal control over financial reporting and on compliance. The sufficiency of these procedures is solely the responsibility of City of Derby, Connecticut. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

- 1. Review the internal control deficiencies as reported in the Schedule of Findings and Questioned Costs as reported in our separate report issued on the City's Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards dated March 22, 2019.
- 2. Identify the findings that caused the restatement of general fund balance and fund deficiency.
- 3. Identify the party or parties required to make the correction

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an audit or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the effectiveness of City of Derby, Connecticut's internal controls over financial reporting and on compliance. Accordingly, we do not express such an opinions or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely limited to the above procedures and is only a summary of the Schedule of Findings and Questioned Costs issued in our separate report on the City's Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards dated March 22, 2019 and **should be** read in conjunction with that aforementioned report. Accordingly, this communication is not suitable for any other purpose.

MAWC. LLC Shelton, Connecticut July 8, 2019

I. FINANCIAL STATEMENT FINDINGS SUMMARY

Below is a summary of significant deficiencies that should be addressed as soon as possible. A full listing of findings follows this summary and exhibits. The significant deficiencies repeated from the prior years are marked with an asterisk.

*18-1 Double-Entry Accounting System

Finding/Effect: The City does not use double-entry accounting for all funds.

Criteria: The use of a double-entry accounting software system, including the preparation of a

balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting for all Special Revenue Funds, Fiduciary Funds and its long-term debt and fixed

assets.

Recommendation: We recommend that the City adopt a general ledger accounting software system for all funds

and activities, including federal and state financial assistance funds.

What needs to be

done first? A review of the financial statements and all the individual fund trial balances needs to be

maintained and kept in the Finance Director's office. All accounting should be processed utilizing an accounting package with a full set of balancing accounts by the Finance Director or under the supervision of the Finance Director. See City's Charter Sec. 33. See Exhibit A. The Board of Education's Business Manager should also utilize a set of self-balancing accounts for the operating and grant funds. Both should meet on a monthly basis to reconcile information and close the books monthly within a reasonable time after month's

end.

Responsible

Party or Parties: The Finance Director is responsible for the overall accounting of the City as a whole. See

Exhibit A of the City's Charter Sec. 33. The Business Manager is responsible for the

accounting of the funds maintained by the Board of Education.

*18-2 Bank Reconciliations and Approval of Bank Reconciliations

Finding/Effect: Bank reconciliations were not formally prepared during the year for general fund checking

accounts.

Criteria: The Finance Department should be preparing the bank reconciliations and the Finance

Director should formally approve the bank reconciliations on all City bank accounts.

Recommendation: We recommend that all bank reconciliations be prepared by the Finance department within a

reasonable period of time after the month end. These reconciliations should then be

reviewed by the Finance Director for accuracy and completeness. All accounting should be processed utilizing an accounting package with a full set of set balancing accounts by the Finance Director or under the supervision of the Finance Director.

What needs to be

done first? All funds should be established utilizing double entry accounting (See finding 18-1). All the

bank reconciliations should be reviewed or performed in the Finance Director's office timely. This includes the all the bank accounts reported in the financial statements of the City. (i.e. Board of Education and Capital Project Funds) The Finance Director can not

perform his duties without all the financial information.

Responsible

Party or Parties: The Finance Director is responsible for the overall accounting of the City as a whole.

See Exhibit A of the City's Charter Sec. 33. The Business Manager is responsible for the

accounting of the funds maintained by the Board of Education.

*18-5 Accounts Payable Cut-off-Board of Education

Finding/Effect: The Board of Education's accounts payable were not properly recorded at year end on the

City's general ledger. Account payable and accrued payroll in the amount of \$3,107,786

were incurred as of June 30, 2018 and were not properly recorded.

Criteria: Expenditures should be accrued when incurred in accordance with accounting principles

generally accepted in the United States of America.

Recommendation: We recommend that accounts payable and accrued payroll be recorded when incurred on a

monthly basis. A reconciliation with the City's general ledger and the Board of Education ledger should be done on a monthly basis to ensure that liabilities and expenditures are

properly recorded.

What needs to be

done first? All funds should be established utilizing double entry accounting (See finding 18-1).

Reports should be at months end and reconciled to detailed listings. Providing inaccurate open purchase order reports has a significant effect on the financial statements. Accounts payable and purchase orders should also be paid or lapse within a reasonable time after year end and the surplus, if any returned to the City's general fund. The Finance Director can not

perform his duties without all the financial information.

Responsible

Party or Parties: The Finance Director is responsible for the overall accounting of the City as a whole. See

Exhibit A of the City's Charter Sec. 33. The Business Manager is responsible for the

accounting of the funds maintained by the Board of Education. See Exhibit B.

18-6 Reconciliation of City and Board of Education

Finding/Effect: The Board of Education and City were not reconciled at year end. A prior period

adjustment of \$2,634,603 was recorded as a reduction of the general fund balance.

Criteria: A formal reconciliation should be performed on a monthly basis to ensure agreement of the

City's general ledger accounts with the Board of Education records.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash,

accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditure ledgers that are already being utilized to have a complete self-balancing set of accounts. This will assist to quickly identify variances. That information should be timely shared between the City and Board of Education to ensure that both the

City and Board of Education ledgers are in agreement.

What needs to be done first?

All funds should be established utilizing double entry accounting (See finding 18-1). Next the Board of Education should submit a detailed listing of payment vouchers that are required to be made to the City by payee and source of funds. The cash transferred to the Board of Education bank accounts should agree with each individual voucher. This will make it easier for the City to Reconcile with the Board of Education. The Finance Director and Business Manager should meet on a monthly basis to reconcile the City's general ledger to the Board of Education accounts and outflows and close the books monthly within a

reasonable time after month's end.

Responsible

Party or Parties: The Finance Director is responsible for the overall accounting of the City as a whole. See

Exhibit A of the City's Charter Sec. 33. The Business Manager is responsible for the

accounting of the funds maintained by the Board of Education. See Exhibit B.

18-8 Budgeting

Finding/Effect: The City significantly overestimated grant revenues in the original budget. Approximately

\$909,911 in grant monies were anticipated that was not received. The actual amount of the ECS-Alliance grant received during the fiscal year ended June 30, 2018 was \$1,036,699.

These monies were paid to the Board of Education in the following fiscal year.

Criteria: The ECS-Alliance grant was budgeted as City revenue and did not have an off-setting

appropriation. This resulted in a revenue shortfall of \$1,241,153. The Educational Cost Sharing Grant was budgeted for \$7,624,231 but only \$6,857,372 was actually paid by the State of Connecticut leaving a \$766,859 shortfall. The Private Colleges and Hospital Grant was budgeted for \$833,361 and \$690,309 was actually paid by the State of Connecticut leaving a \$143,053 shortfall. In addition, the ECS-Alliance grant monies that were received in the 2017-2018 fiscal year were not remitted to the Board of Education until subsequent to

June 30, 2018.

Recommendation: We recommend that the City establish a separate special revenue fund for the educational

grants. The grants monies should be remitted to the Board of Education within a reasonable

period of time when received by the City.

What needs to be

done first? Budgeting should be performed with every department presenting a detailed budget for their

anticipated appropriation. Within the detailed budget should be various reasonable assumptions where each appropriation is derived. All departments should utilize similar assumptions and formats where possible. Each department should also have anticipated revenues, such as grants and charges for services, to arrive at a net department cost to be taxed. The department heads, including the Board of Education, should submit the detail of these calculations should be submitted to the Board of Apportionment and Taxation for their review in accordance with the City's charter. In addition, the regular monthly reporting submitted to the Board of Apportionment needs to timely and accurate (See Finding 18-1,

18-2, 18-5, 18-6) to show significant variances to make informed decisions.

Responsible

Party or Parties: Each individual department heads, Finance Director, Board of Apportionment and Taxation,

Superintendent of School and Business Manager are responsible for their respective budgets.

See Exhibit A Sec 28 and Exhibit C of the CGS section 10-222.

18-16 Comingling of Funds

Finding/Effect: The Board of Education maintains one cash account for operations and grant. The

comingling of operational and grant monies makes it difficult if not impossible to reconcile

with the City. Significant errors can occur and not be timely detected.

Criteria: A separate bank account should be maintained for grant income and expenditures in order to

properly track inflows and outflows of grant monies. Assets such as grants receivable and liabilities such as deferred inflows and accounts payable should also be recorded and

reconciled on a monthly basis.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash,

accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditures for educational grants. In addition, we recommend moving the grant accounting from the General Fund to a Special Revenue Fund where it is better

classified.

What needs to be

done first? All funds should be established utilizing double entry accounting (See finding 18-1, 18-5,

18-6). Separate bank accounts bank account should be set up and maintained by funding source. This allows operational and grant monies to be accounted for with ease. This step

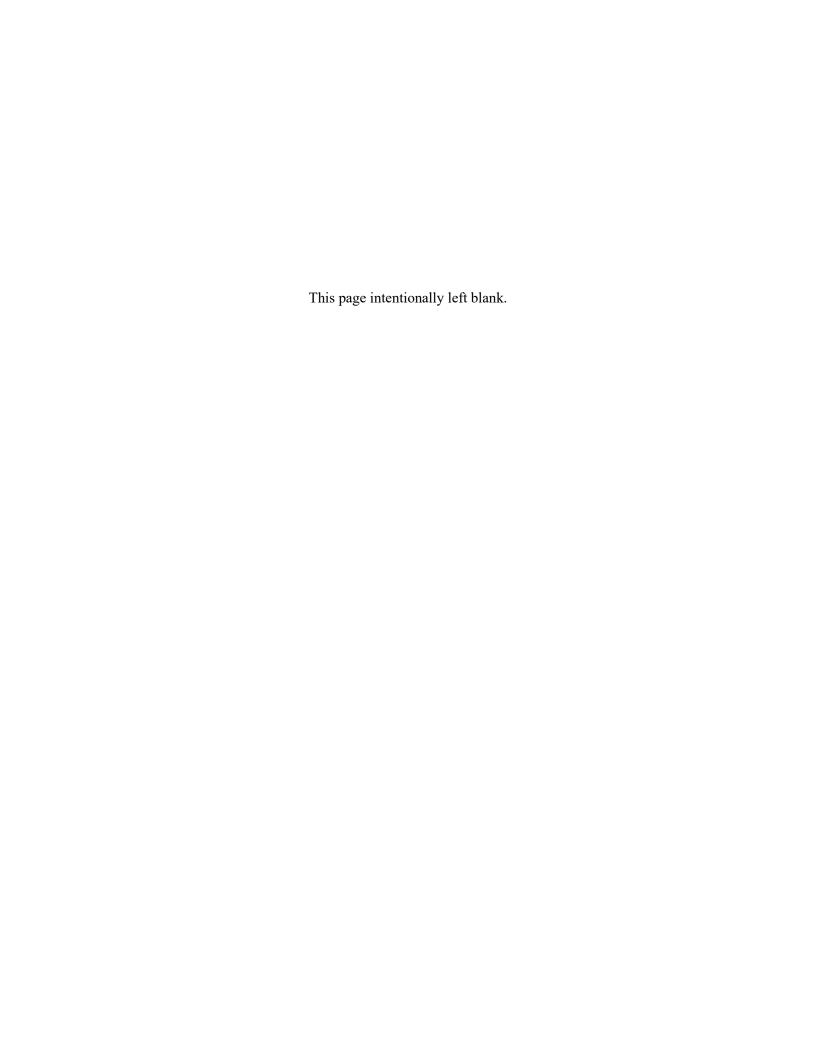

should be done in conjunction with the aforementioned findings.

Responsible

Party or Parties: The Business Manager is responsible for the accounting of the funds maintained by the.

Board of Education.

the city; and such powers and duties which, on the effective date of this Charter were conferred by law. The form of all ordinances shall be as follows: "Be it ordained by the Board of Aldermen/Alderwomen of the City of Derby." No such ordinance shall take effect until the same has been published as may be required by, Connecticut General Statutes §7-157, as the same may be amended from time to time.

Board of Apportionment and Taxation.

Sec. 27. Generally.

The Board of Apportionment and Taxation shall consist of ten members who shall be elected and hold office as hereinafter provided. The Mayor of said city shall, ex officio, be a member of said Board of Apportionment and Taxation and shall preside at the meetings of the Board. Said Board shall elect one of its members as Chairperson to act in the absence of the Mayor. Seven members of the Board, exclusive of the Mayor, shall constitute a quorum, and the concurrence of seven votes shall be necessary for the transaction of business. The meetings of said Board shall be called by the Town/City Clerk on request of the Mayor or, in his/her absence, on request of the Chairperson of the Board. The Town/City Clerk shall be Clerk of said Board and shall make and keep true records of all the votes and proceedings of said Board, which shall at all reasonable times be open to public inspection and be preserved with the records of the city. No more than six persons of the ten persons elected as members of the Board of Apportionment and Taxation shall belong to the same political party. In such election, the winners shall be determined as under existing law with the following exception: The Town/City Clerk shall prepare a list of the candidates ranked from top to bottom according to the number of votes each receives; when the number of members of any one political party who would be elected exceeds six, only the candidates of such political party with the highest number of votes up to the limit of such maximum of six members shall be elected, and the names of the remaining candidates of such · political party shall be stricken from the list. The remaining four members of said Board shall be elected from the next highest ranking candidates remaining on said list. Nothing contained herein shall be construed so as to prevent any elector from writing upon the ballot, in the space provided by law, the name of any person for such office.

Sec. 28. Powers and duties.

Said Board shall have authority to require different city officers to furnish all the information which they may possess and to exhibit all books, contracts, reports, papers and documents in their respective departments or in their possession requisite, in the opinion of said Board, to enable it to discharge the duties imposed upon it by this act. Said Board shall lay such taxes as may be required upon the grand list of the city which shall have been made according to law next before the laying of such tax. Each Board of the city government and each officer of the city under whose control money is expended shall, on or before the first day of April in each year, submit to said Board an estimate of the amount of money required by such Board or such officer for the next ensuing year, giving details as far as practicable, Said Board, at a meeting thereof to be held in May in each year, shall prepare an estimate of the amounts required by each department of the city government for the ensuing year, giving particulars as far as possible, and recommending appropriations for all the city expenses for said year and shall cause such estimates forthwith to be published in a newspaper published in New Haven County and having a circulation in said city. Said Board shall hold a meeting in May in each year, and may adjourn the same from time to time to a day not later than the last business day of May and at said meeting or any adjournment thereof, it shall hear all parties who may desire to be heard relative to any alterations in such estimates and appropriations, and may make any alterations in such estimates and appropriations, and may make such additional appropriations as it shall deem proper. Said Board, having made such alterations as it may determine, shall prepare a statement of appropriations and tax rates which it proposes to make and levy. Said Board is authorized to make appropriations and lay taxes for all city purposes and for all other purposes required by law and may fix the time when any tax laid by it shall become due and payable. The Board of Apportionment and Taxation shall have no authority to make appropriations in excess of the revenues of the city for any year, and in no case shall the expenses of the city exceed its revenue for any year, except in cases and for purposes for which the city is authorized by special act of the General Assembly to issue bonds and when bonds are in fact so issued.

No money other than that appropriated as aforesaid shall be expended for any purpose unless a special appropriation therefor shall first be approved by seven votes taken by yeas and nays of the members thereof but said Board shall have no authority to make any such special appropriation unless the unappropriated revenues of the city are

for which such official is charged; and in case any official of said city shall contract any debt or obligation in the name of the city in excess of the appropriation made to be expended by such official, such official shall be liable upon his/her bond for the excess beyond the appropriation properly applicable thereto, and said city shall not in any case be liable for such excess.

Finance Director

Sec. 32. Generally.

The Mayor shall appoint a Finance Director, subject to the approval of the Board of Aldermen/Alderwomen. The Finance Director shall be paid an annual salary that is appropriate based upon qualifications, experience and performance, as adopted by the Board of Aldermen/Alderwomen. At a minimum, the Finance Director shall possess the following qualifications:

- (a). A bachelor's of science degree in the field of business, accounting, finance or such other related field, and either (1) at least seven years' experience in the field of finance or (2) at least five years' experience as a licensed Certified Public Accountant; or
- (b). A master's degree in business administration or such other related field, and at least five years' experience in the field of finance;

The Mayor may appoint an Assistant Finance Clerk who shall assist the Finance Director, and at the request of the Finance Director, perform the duties and exercise the authority of the Finance Director. In case of a vacancy in the office of the Finance Director, the Assistant Finance Clerk shall perform all necessary duties as the Finance Director until the Mayor shall fill such vacancy.

Sec. 33. Duties in General

The Finance Director shall be the chief fiscal officer of the City, and the head of the Finance Department. The Finance Director shall keep, in books provided for that purpose, accounts of each of the city departments with such city officers as may be designated by the Mayor, and such other accounts as the ordinances may provide for. Said Finance Director shall prescribe the form of all accounts and shall keep a separate account of each item of the appropriations and shall require all orders to state

specifically against which appropriations the order is drawn. Said Finance Director shall not allow any appropriation to be overdrawn or any appropriations for any other object or purpose to be drawn upon for one object or purpose or by any department other than that for which the appropriation was made. No order shall be issued unless sufficient funds to pay the same shall be in the treasury. If said Finance Director shall draw any order in payment of any bill, contract or claim in excess of the appropriation properly made therefor, the city shall not be liable for such excess but said Finance Director shall be personally liable therefor, and the sureties upon said Finance Director's bond shall be liable therefor to the amount of said Finance Director's bond.

Sec. 34. Responsibility for processing claims, etc., against city.

Each claim or account against the city shall be verified by the oath or affirmation of the claimant or his/her/its authorized agent, if required by the Finance Director, and also certified to be correct and due by the officer or Board by whom or under whose authority the same was contracted if contracted under the authority of any officer or Board. Such claim or account shall then be transmitted to the City/ Town Clerk who shall submit the same to the Finance Director. The Finance Director shall carefully examine the same and upon finding it correct, said Finance Director shall so certify and submit the same to the Finance Committee for approval. No bill shall be paid until approved by the Finance Committee in writing. If any claimant shall be indebted to the city, the Finance Director shall report such indebtedness to said Committee, together with the claim. Said Finance Director shall number the several claims when approved by the Finance Committee and enter them in books kept by said Finance Director for that purpose, and when any such claim shall have been so numbered and entered, the Finance Director shall draw said Finance Director's order on the Treasurer for the amount due and prepare a receipt in accordance therewith. No order shall be issued or delivered in payment of any claim until the same has been countersigned by the Mayor and by Finance Director or, in said Finance Director's absence, inability or at said Finance Director's request, by the President of the Board of Aldermen/Alderwomen, provided, in case of any interest for which the city is legally liable upon its bonds, the Finance Director may draw said Finance Director's order upon the Treasurer for the amount thereof, upon which order when countersigned by the Mayor, such interest shall be paid. When the identity of any claimant is doubtful; such claimant may be required to make oath or affirmation or furnish other evidence satisfactory to the Finance Director

that said claimant is the person or the legal representative of the person in whose favor such claim is made.

Sec. 35. Monthly financial report.

The Finance Director shall keep a correct account, under the supervision of the Mayor, of all receipts, and expenditures of the city during each fiscal year in proper books of account, arranged in such manner and under such heads or departments as to exhibit accurately and completely the financial condition of the several departments of the city, and said Finance Director shall report monthly to the Mayor the amount expended up to the period of such report by each head or department.

Health.

Sec. 36.

The Director of Health shall exercise within said city all the authority and shall be subject to all the duties conferred upon and required of Town/City Health Officers, Boards of Health or Health Committees of Towns/Cities. The compensation of such Director of Health shall be such reasonable amount as may be allowed by the Board of Aldermen/Alderwomen for his/her services and expenses. Pursuant to the Connecticut General Statutes, as the same may be amended from time to time, the City may enter into a health district which shall act as the City's Department of Health, and its Director shall act as the City's Director of Health.

Tax Collector.

Sec. 37. Generally.

The Tax Collector of said city shall hold his/her office until the first Monday in January, following the next biennial city election and until his/her successor shall be appointed and shall have qualified. He/She shall have all the authority and be subject to all the duties imposed by law on the Tax Collectors of towns/cities, and as soon as any tax shall have become due and payable, he/she shall collect such tax forthwith by authority of the provisions of as set forth in Connecticut General Statutes as the same may be amended from time to time and shall, within eighteen months after each unpaid tax, or the first installment thereof in case installment payments shall have been authorized, shall have become due and payable, exclusive of each lawful abatement which shall have been made under the provisions of the Connecticut General Statutes and amendments thereto,

Final Corrected

requiring any student enrolled in grades kindergarten to twelve, inclusive, to engage in physical activity as a form of discipline during the regular school day. For purposes of this section, "school employee" means (1) a teacher, substitute teacher, school administrator, school superintendent, guidance counselor, school counselor, psychologist, social worker, nurse, physician, school paraprofessional or coach employed by a local or regional board of education or working in a public elementary, middle or high school; or (2) any other individual who, in the performance of his or her duties, has regular contact with students and who provides services to or on behalf of students enrolled in a public elementary, middle or high school, pursuant to a contract with the local or regional board of education.

(P.A. 13-173, S. 3; P.A. 18-15, S. 7.)

History: P.A. 13-173 effective July 1, 2013; P.A. 18-15 added "school counselor", effective July 1, 2018.

(Return to Chapter (Return to Table of Contents) List of Chapters) List of Titles)

Sec. 10-221v. Confidential rapid response team re suspected abuse or neglect. Not later than January 1, 2016, each local and regional board of education shall establish a confidential rapid response team to coordinate with the Department of Children and Families to (1) ensure prompt reporting of suspected abuse or neglect, as described in section 46b-120, or sexual assault pursuant to the provisions of section 53a-70, 53a-70a, 53a-72a, 53a-72b or 53a-73a against a victim, as described in subdivision (2) of subsection (a) of section 17a-101a, and (2) provide immediate access to information and individuals relevant to the department's investigation. The confidential rapid response team shall consist of a teacher and the superintendent employed by the board of education, a local police officer and any other person the board of education deems appropriate. The department, along with the multidisciplinary team established pursuant to section 17a-106a, shall take immediate action to investigate and address each report of child abuse or neglect reported in any school.

Sec. 10-222. Appropriations and budget. Each local board of education shall prepare an itemized estimate of the cost of maintenance of public schools for the ensuing year and shall submit such estimate to the board of finance in each town or city having a board of finance, to the board of selectmen in each town having no board of finance or otherwise to the authority making appropriations for the school district, not later than two months preceding the annual meeting at which appropriations are to be made. The board or authority that receives such estimate shall, not later than ten days after the date the board of education submits such estimate, make spending recommendations and suggestions to such board of education as to how such board of education may consolidate noneducational services and realize financial efficiencies. Such board of education may accept or reject the suggestions of the board of finance, board of selectmen or appropriating authority and shall provide the board of finance, board of selectmen or appropriating authority with a written explanation of the reason for any rejection. The money appropriated by any municipality for the maintenance of public schools shall be expended by and in the discretion of the board of education. Except as provided in this subsection, any such board may transfer any unexpended or uncontracted-for portion of any appropriation for school purposes to any other item of such itemized estimate. Boards may, by adopting policies and procedures, authorize designated personnel to make limited transfers under emergency circumstances if the urgent need for the transfer prevents the board from meeting in a timely fashion to consider such transfer. All transfers made in such instances shall be announced at the next regularly scheduled meeting of the board and a written explanation of such transfer shall be provided to the legislative body of the municipality or, in a municipality where the legislative body is a town meeting, to the board of selectmen. Expenditures by the board of education shall not exceed the appropriation made by the municipality, with such money as may be received from other sources for school purposes. If any occasion arises whereby additional funds are needed by such board, the chairman of such board shall notify the board of finance, board of selectmen or appropriating authority, as the case may be, and shall submit a request for additional funds in the same manner as is provided for departments, boards or agencies of the municipality and no additional funds shall be expended unless such supplemental appropriation shall be granted and no supplemental expenditures shall be made in excess of those granted through the appropriating authority. The annual report of the board of education shall, in accordance with section 10-224, include a summary showing (1) the total cost of the maintenance of schools, (2) the amount received from the state and other sources for the maintenance of schools, and (3) the net cost to the municipality of the maintenance of schools. For purposes of this subsection, "meeting" means a meeting, as defined in section 1-200, and "itemized estimate" means an estimate in which broad budgetary categories including, but not limited to, salaries, fringe benefits, utilities, supplies and grounds maintenance are divided into one or more line items.

(1949 Rev., S. 1480; P.A. 78-218, S. 147; P.A. 82-217; P.A. 84-484, S. 1, 2; P.A. 98-141, S. 1, 2; P.A. 12-116, S. 16; P.A. 13-60, S. 1.)

History: P.A. 78-218 simplified phraseology by specifying applicability of provisions to local boards, substituting "municipality" for "city, town or school district" and making other technical changes; P.A. 82-217 inserted provisions relating to supplemental appropriations; P.A. 84-484 inserted Subsec. indicator and added new Subsec. (b) re development of a financial information system to assist boards of education in reporting budget data; (Revisor's note: In 1995 the Revisors editorially substituted the numeric indicators (1), (2) and (3) for (a), (b) and (c) at the end of Subsec. (a) for consistency with statutory usage); P.A. 98-141 amended Subsec. (a) to add provisions re limited transfers in emergency circumstances and to define "meeting", effective July 1, 1998; P.A. 12-116 deleted former Subsec. (b) re financial information system and made a conforming change, effective May 14, 2012; P.A. 13-60 added provisions authorizing board or authority to make spending recommendations, requiring board of education to provide written explanation of reasons for rejection of recommendations and for transfers of funds and defining "itemized estimate".

Cited. 115 C. 158. Estimates should be itemized so as to indicate whether or not proposed expenditures are for purposes as to which board of education has duty or independent discretion. 127 C. 351. Under section and provisions of charter, Bridgeport board of education has full discretion as to expenditures of money appropriated for school purposes. 133 C. 415. If board of finance properly exercises its discretion and budget is approved by town, board of education has no power to exceed appropriations made. 138 C. 521. Board of finance cannot place funds for school purposes in general government budget to be paid to school board on happening of certain contingencies. 151 C. 1. Cited. 152 C. 568; 162 C. 393; 163 C. 537; 174 C. 522; 182 C. 253; 217 C. 110; 228 C. 699.

III. FINANCIAL STATEMENT FINDINGS

Our separate report issued on the City's Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards dated March 22, 2019 identified the following findings:

*18-1 Double-Entry Accounting System

Finding: The City does not use double-entry accounting for all funds.

Criteria: The use of a double-entry accounting software system, including the preparation of a

balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting for all Special Revenue Funds, Fiduciary Funds and its long-term debt and fixed

assets.

Condition: The City does not maintain a double-entry accounting system or process a general ledger

utilizing an accounting software system for all Special Revenue Funds, Fiduciary Funds and

its long-term debt and fixed assets.

Cause: The financial activity is maintained annually on ledger sheets for most of these funds and for

others the only sources of documentation are canceled checks and bank statements

Effect: The City does not have the ability to detect accounting errors, provide the basis for monthly

account and ledger reconciliations, and prepare meaningful financial reports.

Recommendation: We recommend that the City adopt a general ledger accounting software system for all funds

and activities, including federal and state financial assistance funds. The use of a double-entry accounting software system, including the preparation of a balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting. The Chart of Accounts, developed for the General Fund, should be utilized for the other funds of the City to ensure consistency with account names and numbers and to develop an internal reporting package.

*18-2 Bank Reconciliations and Approval of Bank Reconciliations

Finding: Bank reconciliations were not formally prepared during the year for general fund checking

accounts.

Criteria: The Finance Department should be preparing the bank reconciliations and the Finance

Director should formally approve the bank reconciliations on all City bank accounts.

Cause: Lack of formal procedures.

Effect: Possible material errors could occur and not be detected timely.

Recommendation: We recommend that all bank reconciliations be prepared by the Finance department within a

reasonable period of time after the month end. These reconciliations should then be

reviewed by the Finance Director for accuracy and completeness.

*18-3 Availability of financial information

Finding: During the audit process, information from various departments related to numerous audit

schedules and related information was unavailable in a timely manner. The City's audit for the year ended June 30, 2018 did not start until October 2018. In addition, some schedules

and required information were not available for audit until March 2019.

Criteria: Information related to financial statements should be presented at the close of the fiscal year

or at a reasonable time thereafter.

Cause: Lack of year-end closing procedures.

Effect: The timely availability of information related to the financial statements has delayed the

completion of the audited financial statements and other submissions that rely upon the

audited financial statements.

Recommendation: The preparation of information relative to the financial statements in accordance with the

City of Derby, Connecticut's reporting requirements should be provided in a timely manner. Schedules, reports and other financial information related to the City's financial condition as a whole should be maintained monthly throughout the year, forwarded to the Finance Department when that information becomes available and reconciled to the books and records of the City. A review of the financial statements should be done by accounting

personnel to determine that all schedules and records are provided timely.

*18-4 WPCA Purchase Order Approval Process

Finding: The bookkeeper performed recordkeeping, custodial and approval functions.

Criteria: The WPCA should have adequate segregation of duties and responsibilities in order to

assure the safeguarding of assets and the proper preparation of financial statements.

Cause: The WPCA (Agency) did not have adequate segregation of duties and responsibilities in

order to assure the safeguarding of assets and the proper preparation of financial statements. Certain functions, such as receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks, to provide the necessary checks and balances of the Agency's internal control, are performed by the same individual. This lack of segregation of duties results in inadequate

financial control over the operation of the Agency.

Effect: Lack of segregation of duties may lead to errors, or improprieties could occur and go

undetected.

Recommendation: We recommend that the WPCA consider assigning additional personnel, independent of the

accounting function, to duties such as, receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks to provide the necessary checks and balances of the Agency's internal control. Consideration should also be given to utilizing the cash receipts procedure and the purchase order and cash disbursement process of the WPCA to compensate for the lack of

personnel and segregation of duties in this Agency.

*18-5 Accounts Payable Cut-off-Board of Education

Finding: The Board of Education's accounts payable were not properly recorded at year end on the

City's general ledger.

Criteria: Expenditures should be accrued when incurred in accordance with accounting principles

generally accepted in the United States of America.

Cause: Lack of monthly reconciliations with the City and Board Education ledgers.

Effect: Account payable and accrued payroll in the amount of \$3,107,786 were incurred as of June

30, 2018 and were not properly recorded.

Recommendation: We recommend that accounts payable and accrued payroll be recorded when incurred on a

monthly basis. A reconciliation with the City's general ledger and the Board of Education ledger should be done on a monthly basis to ensure that liabilities and expenditures are

properly recorded.

18-6 Reconciliation of City and Board of Education

Finding: The Board of Education and City were not reconciled at year end.

Criteria: A formal reconciliation should be performed on a monthly basis to ensure agreement of the

City's general ledger accounts with the Board of Education records.

Cause: No formal reconciliation process is being performed between the City and Board of

Education on a monthly basis.

Effect: A prior period adjustment of \$2,634,603 was recorded as a reduction of the general fund

balance.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash,

accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditure ledgers that are already being utilized to have a complete selfbalancing set of accounts. This will assist to quickly identify variances. That information should be timely shared between the City and Board of Education to ensure that both the

City and Board of Education ledgers are in agreement.

*18-7 Cash Account Activity- General Fund Operating, Board of Education and Self Insurance Accounts

Finding: Various cash accounts had activity that was found not to be recorded in net

amounts.

Criteria: All cash activity should be recorded in the City's general ledger.

Cause: Lack of policies and procedures.

Effect: Cash accounts were contained significant errors that were not corrected by the Finance

Department timely.

Recommendation: We recommend that all cash transactions be reflected in the general ledger and that

transactions are reported at their gross amounts. In addition, accounts that have separate bank statements have separate general ledger accounts. All cash accounts should be

reconciled monthly and reviewed by the Finance Director.

18-8 Budgeting

Finding: The City significantly overestimated grant revenues in the original budget.

Criteria: The ECS-Alliance grant was budgeted as City revenue and did not have an off-setting

appropriation. This resulted in a revenue shortfall of \$1,241,153. The Educational Cost Sharing Grant was budgeted for \$7,624,231 but only \$6,857,372 was actually paid by the State of Connecticut leaving a \$766,859 shortfall. The Private Colleges and Hospital Grant was budgeted for \$833,361 and \$690,309 was actually paid by the State of Connecticut

leaving a \$143,053 shortfall. In addition, the ECS-Alliance grant monies that were received in the 2017-2018 fiscal year were not remitted to the Board of Education until subsequent to June 30, 2018.

Cause: The final budget was not adjusted/corrected during the year.

Effect: Approximately \$909,911 in grant monies were anticipated that was not received. The actual

amount of the ECS-Alliance grant received during the fiscal year ended June 30, 2018 was \$1,036,699. These monies were paid to the Board of Education in the following fiscal year.

Recommendation: We recommend that the City establish a separate special revenue fund for the educational

grants. The grants monies should be remitted to the Board of Education within a reasonable

period of time when received by the City.

*18-9 Encumbrance System

Finding: The City departments are not fully utilizing the encumbrance system.

Criteria: The City's formal purchase order encumbrance system should be monitored to control its

appropriation expenditures.

Condition: The City has a formal purchase order encumbrance system in place to monitor and control

its appropriation expenditures. However, it appears that not all departments are fully utilizing the encumbrance system, and in some cases, purchase orders are dated subsequent

to the invoice and check date.

Cause: Lack of monitoring of the purchase order system.

Effect: Purchase orders are not used on a timely basis and encumbrances are not placed on

appropriation accounts.

Recommendation: For a fully effective purchase order system, all purchase orders should be prepared and

approved prior to the actual date of ordering the goods or services. When this process is being utilized, appropriation expenditures, which may be over expended, will be flagged

prior to any over expenditure.

*18-10 Special Assessments/Collection Efforts

Finding: Special Assessments are not actively collected.

Criteria: Special assessments for sewer and water are past due and there should be active collection in

effect to reduce the amount of outstanding assessments.

Condition: The special assessments for sewer and water are past due and there are no active collection

activities in effect to reduce the amount of outstanding assessments. In some cases, there is no information in the tax collector's office that states that the sewer and water hookup was

made on certain properties.

Cause: Lack of formal collection activity.

Effect: Special assessments for sewer and water are not currently being collected.

Recommendation: We recommend that the City authorize legal counsel to investigate ways to enforce the

collection of these past due assessments or obtain authorization for the City to write these

assessments off as uncollectible.

*18-11 Interfund Transfers

Finding: Interfund balances are not repaid timely.

Criteria: Interfund transfers had been made by the City primarily between projects in the Capital

Projects funds and Enterprise Funds should be repaid on a timely basis.

Condition: Interfund transfers have been made by the City primarily between projects in the Capital

Projects funds and Enterprise Funds. In some cases, the transfers were not repaid when the

funds were available and interfund balances are outstanding at the balance sheet date.

Cause: No timely repayment procedures have been established.

Effect: Interfund transfers are outstanding for extended periods of time.

Recommendation: We recommend that all interfund transfers be repaid as soon as the funds become available

and transfers be properly authorized by the appropriate board before being made.

*18-12 Compensated Absences-City

Finding: There is no formal reconciliation of compensated absences.

Criteria: The City should established a policy of reconciling, on a regular basis or at year end, the

departmental employees days for vacation, sick or personal leave to the payroll records.

Condition: Individual departments currently maintain compensated absence records for their

departmental employees entitled to compensated absences as dictated by various union

bargaining agreements

Cause: Individual departments currently maintain compensated absence records.

Effect: Lack of consistency of reporting compensated absences.

Recommendation: We recommend that the City establish a procedure for maintaining centralized records

related to available used and unused vacation, sick and personal leave days to properly

evaluate the liability for compensated absences. This process should include a summary of the bargaining agreement provisions related to the various employee categorizes to be used by the individuals who are summarizing the compensated absence data. This centralized record should be related to the employee history files as generated from the payroll system and should be reconciled to departmental records quarterly or semi-annually.

*18-13 Parking Authority

Finding: Parking ticket revenues are not recorded on an accrual basis.

Criteria: The revenue from the parking tickets should be recorded on the general ledger when they are

issued (accrual basis).

Condition: While the parking ticket system put in place in January of 1999 on a computerized parking

ticket system appears to be working properly, the revenue from the parking tickets is not being recorded on the general ledger until the tickets are paid (cash basis) instead of when they are issued (accrual basis). Parking tickets deemed uncollectible are not being written off nor is there a formal procedure for the acting director to authorize such write-offs, although in some cases, the acting director alone is authorizing corrections and write-offs.

Cause: Lack of understanding by the bookkeeper.

Effect: Untimely recording of revenues from parking tickets.

Recommendation: We recommend that the City of Derby consider assigning additional personnel, independent

of the accounting function to duties such as receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks, to provide the necessary checks and balances of the internal control system. Consideration should also be given to utilizing the cash receipts procedure of the General Fund of the City of Derby to compensate for the lack of personnel and segregation of duties in this Division. We also recommend that all checks be issued to an individual or a company as opposed to cash as the payee and that for all subcontractors paid in excess of \$600, that the appropriate 1099s be filed with the Internal Revenue Service.

*18-14 Revenues Classification

Finding: Revenues were not properly recorded in their respective general ledger accounts

Criteria: Revenues should be classified in their budgeted general ledger accounts.

Cause: There is no review of the revenue accounts done on a regular basis.

Effect: Audit adjustments of \$2,341,878 were proposed to reclassify grant revenues. Improper

assumptions can be made for budgeting revenues in future periods.

Recommendation: We recommend a review of the miscellaneous, grant and deferred revenue accounts prior to

internal and external reporting of financial information.

*18-15 Accounts Receivable Cut-off

Finding: Accounts Receivable were not recorded at year end.

Criteria: Revenues should be recognized in the accounting period in which they become available and

measurable.

Cause: No review process of grants receivable at year end and improper coding of revenues during

the year.

Effect: \$297,511 of accounts receivable in the general fund were not properly recorded at June 30,

2018.

Recommendation: We recommend that revenues be recognized in the accounting period in which they become

available and measurable.

18-16 Comingling of Funds

Finding: The Board of Education maintains one cash account for operations and grant. The

comingling of operational and grant monies makes it difficult if not impossible to reconcile

with the City.

Criteria: A separate bank account should be maintained for grant income and expenditures in order to

properly track inflows and outflows of grant monies. Assets such as grants receivable and liabilities such as deferred inflows and accounts payable should also be recorded and

reconciled on a monthly basis.

Cause: Improper classification of grant funds.

Effect: Significant errors can occur and not be timely detected. Also see finding 18-05 and 18-06.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash,

accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditures for educational grants. In addition, we recommend moving the grant accounting from the General Fund to a Special Revenue Fund where it is

better classified.

*18-17 Federal and State Single Audit Schedules

Finding: The Finance Department did not prepare a schedule of expenditures of federal awards and

state financial assistance for the year ended June 30, 2018. These schedules are derived from federal and state grant awards received by the General Government and the Board of Education of the City. The Board of Education grant awards primarily are passed through

the State Department of Education, while the City receives their grants primarily through the State Department of Housing and Urban Development, the State Department of Health and Human Resources, the State Department of Agriculture and the Office of Policy and Management. The preparation of these schedules of expenditures has, in the past, been made by the auditors, including decision making concerning the federal CFDA number, the pass-through entity number and the amount of federal and state expenditures incurred by the City for the fiscal year. The auditor then reports on the Schedules of Expenditures of Federal and State Financial Assistance and renders his opinion with respect to the compliance with laws, regulations, contracts and grants and with the City's internal control over compliance with requirements of the laws, regulations, contracts and grants.

Criteria: The schedules of federal awards and state financial assistance are required to be prepared by

the City.

Cause: Lack of a staff member assigned to identify and obtain grant revenue and prepare the

appropriate federal and state financial schedules.

Effect: The auditor is preparing these schedules and auditing them.

Recommendation: We recommend that the Finance Department and/or the Board of Education annually

prepare the Schedule of Expenditures of Federal Awards and State Financial Assistance to be presented to the auditor for audit. The auditor can then render an opinion with respect to compliance with and internal control over compliance with laws, regulations, contracts and grants. This will provide the proper segregation of responsibilities over the preparation of

the schedules and the rendering of an opinion of these schedules.

*18-18 Community Development Agency

Finding: The bookkeeper performs recordkeeping, custodial and approval functions.

Criteria: The Community Development Agency should have adequate segregation of duties and

responsibilities in order to assure the safeguarding of assets and the proper preparation of

financial statements.

Cause: The Community Development Agency (Agency) does not have adequate segregation of

duties and responsibilities in order to assure the safeguarding of assets and the proper preparation of financial statements. Certain functions, such as receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks, to provide the necessary checks and balances of the Agency's internal control, are performed by the same individual. This lack of segregation of duties results in inadequate financial control over the operation of the Agency. Additionally, certain administrative expenses (wages, payroll taxes etc.) and the corresponding appropriation (revenue), paid by the City of Derby's General Fund, are not being timely

recorded on the books of the Agency.

Effect: Lack of segregation of duties may lead to errors, or improprieties could occur and go

undetected.

Recommendation:

We recommend that the City consider assigning additional personnel, independent of the accounting function, to duties such as, receipt and listing of checks, preparation and review of bank reconciliations, approval of purchase orders and invoices and signing and distribution of checks to provide the necessary checks and balances of the Agency's internal control. Consideration should also be given to utilizing the cash receipts procedure and the purchase order and cash disbursement process of the General Fund of the City of Derby to compensate for the lack of personnel and segregation of duties in this Agency. Additionally, procedures should be established to timely allocate and record certain administrative expenses on the books and records of the Agency to specific funds received for Community Development and various grant purposes.

^{*} indicates that these findings are repeated from the previous year.
