### STATE OF CONNECTICUT MUNICIPAL ACCOUNTABILITY REVIEW BOARD (MARB)

### REGULAR MEETING NOTICE AND AGENDA Hartford Subcommittee of the MARB

### Meeting Date and Time: Thursday, July 23, 2020 10:00 AM - 12:00 PM

Meeting Location: This meeting will be telephonic only. Meeting materials may be accessed at the following website: <u>https://portal.ct.gov/OPM/Marb/West-Haven-Committee-Meetings-and-Materials</u>

Call-In Instructions: Meeting participants may use the following telephone number and access code

<u>Telephone Number</u>: (860) 840-2075

Meeting ID: 787-043-799

#### Agenda

- I. Call to Order & Opening Remarks
- II. Approval of Minutes:
  - a. June 25, 2020 regular meeting
- III. Review and Discussion: 5-Year Plan Efficiencies and Mitigation Measures
- IV. Update: Corrective Action Plan re: FY 2019 Audit
  - a. City
  - b. Board of Education
- V. Update: Status of Board of Education RFP for Special Education Study
- VI. Update: FY 2021 Board of Education Budget
- VII. Other Related Business
- VIII. Adjourn

### DRAFT

### STATE OF CONNECTICUT MUNICIPAL ACCOUNTABILITY REVIEW BOARD (MARB)

### REGULAR MEETING MINUTES Hartford Subcommittee of the MARB

### Meeting Date and Time: Thursday, June 25, 2020 10:00 AM - 12:00 PM

Meeting Location: This was a telephonic meeting. Meeting materials may be accessed at the following website: <u>https://portal.ct.gov/OPM/Marb/West-Haven-Committee-Meetings-and-Materials</u>

### Call-In Instructions:

Telephone Number: (860) 840-2075

Meeting ID: 217 645 216

**Members in Attendance:** Kimberly Kennison (OPM Secretary designee), Christine Shaw (State Treasurer designee), Mark Waxenberg, Robert White, David Biller, Matthew Brokman

City Officials in Attendance: Mayor Bronin, Jolita Lazauskas, Robert Dakers, Clarence Zachery, Leigh Ann Ralls

**OPM Staff in Attendance:** Bill Plummer, Julian Freund

I. Call to Order & Opening Remarks

The meeting was called to order at 10:06 AM.

II. Approval of Minutes: May 7, 2020 regular meeting

A motion was made by Ms. Shaw, with a second by Mr. White, to approve the minutes of the May 7, 2020 subcommittee meeting. The motion passed unanimously.

III. Review and Discussion: Plans for closing projected budget gaps

Mayor Bronin provided an overview of the City's plan for closing projected budget gaps in the 5-Year forecast. Mr. Dakers presented the handouts describing efficiencies and other mitigation measures. Mayor Bronin noted that, although the forecasted budgets projected gaps of roughly \$4.8 million per year in the out-years, the City looked for efficiencies and mitigating measures beyond that amount because the gaps do not reflect the potential impact of future bargaining unit negotiations. The Mayor indicated that reductions to capital expenditures may be necessary in future years to close budget gaps. Members discussed funding levels for capital projects and the impact of further reductions. A full analysis of the impact of deferred maintenance has not been conducted, but the City indicated it could provide an analysis of capital funding levels as compared to reported depreciation expense. Members also asked about the list of potential revenue enhancements and the need for legislative action to realize them.

IV. Review and Discussion: Analysis of FY 2021 full-time staffing

Mr. Dakers presented documents providing details on current staff vacancies, plans for filling vacant positions, and attrition assumptions in the FY2021 budget. The total value in salaries of the 141 current vacancies is approximately \$9.14 million. The FY 2021 budget assumes about \$2.5 million in attrition. Among the plans for filling current vacancies, a class of 12 police officers is planned to start police academy in January 2021 and another 15 in April 2021. Mayor Bronin explained that although all positions are critical, the City prioritizes the most critical positions to fill first.

V. Update: Corrective Action Plan re: FY 2019 Audit

Ms. Ralls provided a brief update on the status of laptop replacements and phased work being completed on an IT audit. Ms. Shaw asked about the City's progress in continuity of operations planning. Ms. Ralls indicated that portion of the IT plan will be covered in an upcoming phase. Mr. Zachery was not present during this portion of the meeting to provide an update on Board of Education findings. At subsequent meetings, the Subcommittee will be provided with written updates on the corrective action plan, including IT related items, from the City and Board of Education.

VI. Other Related Business

None.

VII. Adjourn The meeting adjourned at 11:10 AM.

### MEMORANDUM

TO:	Members of the MARB Hartford Subcommittee Robert Dakers
FROM:	Robert Dakers, Interim Director, Office of Management, Budget and Grants
SUBJECT:	Information Requests-Tax Exempt Properties; Municipal Revenue Diversification
DATE:	July 21, 2020

The subcommittee has requested additional information regarding the value of tax exempt property in the City and more discussion regarding PILOT and other revenue diversification initiatives presented at your last meeting in regard to the City's Five-Year Plan.

### Data on Tax Exempt Property in Hartford

One of the City's challenges is that over 50 percent of its Grand List is non-taxable. This compares to a statewide average of 14.3 percent. These tax exempt properties largely involve facilities or entities serving our entire region or state. Attached is a summary of the non-City owned portions of the tax-exempt properties, which values reflect the value of the real property of these entities. As indicated in the summary, the largest categories of tax exempt properties include hospitals, State, colleges, quasi-public governmental agencies and charitable organizations. A detailed listing of each of the properties in these large categories of properties is also provided in the Attachment.

In regard to State Payment in Lieu of Taxes (PILOT) payments to municipalities, the statutory formulas provide for a reimbursement of 77 percent of lost property tax revenues for colleges and hospitals and 45 percent for State-owned property. Traditionally, the State has not appropriated the full amount to fund these formulas and has prorated payments to equal the amount budgeted. For Fiscal Year 2020-21, the General Assembly paid according to a payment list in the statute instead of by the formula. For fiscal year 2020-21, the State's budgeted PILOT payments for State properties and colleges and hospitals are estimated to equal approximately 29 percent of the formula amounts and 18 percent of the lost revenues on these properties.

As indicated, another major category of tax exempt properties is quasi-public governmental entities, including the Metropolitan District Commission, the Materials Innovation and Recycling Authority (MIRA) and the Connecticut Resource Recovery Authority. Another large category of tax exempt properties are charitable organizations. A number of these non-profit entities are the primary provider of State funded social services in our region and state.

### **Revenue Diversification Proposals**

The City's revenue diversification proposals in the plan to close the remaining gaps in the Five-Year Plan included increasing or expanding the PILOT payments for the properties of tax exempt properties and expanding local revenue options. As suggested at the last subcommittee meeting, the approach could be to provide distressed and other municipalities, perhaps in conjunction with the MARB, with these resources, tools and options needed to address their fiscal challenges. These options could include:

- Increasing existing State PILOT payments to at least their statutory level or requiring tax exempt entities to make payments on all or some of the difference.
- Expand the State PILOT programs to include quasi-governmental agencies, including the provision requiring such entities to pay some or all of the lost revenues not reimbursed by the State.
- Expand the State PILOT Program to include non-profit social service entities whose primary funding source is the State.
- Require certain entities exempt from the property tax to pay for specific municipal services (e.g. police, fire, public works) or Service-in-Lieu-of-Taxes (SILOTs) payments to provide for these noneducation related services. The City does have a PILOT agreement with MIRA in the amount of \$1.5 million annually and with Church Homes (a charitable organization) for about \$131,000 per year and Trinity College for \$20,000 per year. The two latter payments appear related to settlement of tax appeal cases many years ago.
- Create a local tax option for, or statewide sharing of, certain State taxes, including sales and other taxes. Examples of the State sharing such taxes with municipalities include meals and room occupancy taxes.
- Authorize other local revenue options, such as permitting municipalities to require ongoing fees for the privilege of placing company infrastructure in the public right of way. Such fees, often called franchise fees, could be charged for electricity, natural gas, telephone, water, sewer, and cable TV infrastructure. According to a 2017 CCM report, most states permit these fees, with the national average of revenues received being 2.2 percent of local tax revenue.

The City looks forward to reviewing and discussing this information with you as part of our ongoing work together to further strengthen Hartford's financial position.

### Attachment

Cc: Mayor Luke Bronin

#### City of Hartford Investments in Fixed Assets Compared to Depreciation: Last 3 Years from City CAFR

During the June 25, 2020 MARB subcommittee call, the City was asked to look at the net investment in fixed assets to ensure that the City's investment in assets exceeds the annual depreciation expense

The City summarized the data off of Note 6 in the CAFR for the last 3 years. As can be seen below, the City's investment in assets exceeds the annual depreciation expense. Also included is Construction in Progress indicating the ongoing investment in assets that are not yet in service but will eventually be transferred into fixed assets once completed.

Please let us know if you need any additional information in this regard.

Governmental/Business Type activities (in 000's)	6/30/2017	6/30/2018	6/30/2019
Construction in Progress	215,207	171,784	172,951
Asset Additions/Transfers In from CIP	194,771	88,041	118,477
Disposals	(2,037)	23	(13,529)
Net Increase to Assets	192,734	88,064	104,948
Annual Depreciation Expense	(44,756)	(46,174)	(34,802)
Net Investment in Total Fixed Assets	147,978	41,890	70,146

### **City of Hartford Status Update Re:**

### City and BOE Findings and Recommendations in BlumShapiro's 2018 Review of IT Controls

July 20, 2020

**NOTE:** The City of Hartford – Metro Hartford Innovation Services (MHIS) has contracted with JANUS Software, Inc. (d/b/a Associates, Inc. - JANUS), on 11/19 to perform a comprehensive information security assessment of its information security posture in order to measure the effectiveness of existing technical security controls and practices and determine whether technical vulnerabilities exist in its information systems. Phase I of the assessment will include Janus' findings and recommendations regarding the City's security posture, while Phase II will involve implementation of the recommendation changes, with Janus to provide implementation support to MHIS. The implementation work is to commence on 7/13/20. The timeframe for the implementation of the Janus recommendations is three to six months.

	FINDING	RECOMMENDATION	STATUS
1.	User ID and Password Controls Could Be Improved	Implement Additional User ID Access Controls	Previously closed by BlumShapiro. Update previously supplied.
2.	Password Controls for Key Applications (QDS, etc) Need to Be Strengthened	Implement Strong Password Protection for All Key Applications	Previously closed by BlumShapiro. Update previously supplied.
3.	Laptop Computers Need to Be Secured	Develop A Laptop Security Program	There are a total of 164 laptops citywide that are managed by MHIS (excluding police and fire, the have their own IT staff and are following CJIS requirements). To date, 25% of the laptops before the pandemic and many employees began working remotely were encrypted. We will not be able to continue the encryption until all employee are back onsite.
4.	Server 2000 and 2003 No Longer Supported	Upgrade to Supported Network Operating Systems	Previously closed by BlumShapiro. The Windows 2000\2003 servers were decommissioned and replaced a new Windows 2019 virtual server in 2019
5.	Windows 7 Approaching End of Support	Upgrade Older Workstations to A Supported Version of Windows	<b>Previously closed by BlumShapiro.</b> All staff computers have been upgraded to Windows 10. MHIS does not provide desktop support for Police and Fire. They have their own IT staff who handle desktop support and upgrades.
6.	Windows Server 2008 Approaching End of Support	Plan to Upgrade to Supported Network Operating Systems	Previously closed by BlumShapiro. The Windows 2008 servers and SQL 2008 servers were upgraded to virtual Windows 2016\2019 in the year 2019.
7.	Software Procurement Process Needs to be Enhanced	Create a Software Procurement Policy/Procedure	<b>Previously closed by Blum Shapiro</b> . MHIS continues to work on modifications in consultation with the Procurement Division in the Finance Department. A draft of these should be completed by 10/30/20.
8.	SOC-1 and SOC-2 Reports for Cloud Applications	Obtain and Review SOC Reports for All Cloud Applications	<b>Previously closed by BlumShapiro.</b> The SOC-1/SOC-2 reports for Microsoft and Tyler have been reviewed by MHIS and have been reviewed at the federal level.
9.	Information Systems Policies & Procedures Are Not Complete	Develop & Enhance Technology and Operational Policies and Procedures	A review of policies and procedures was part of the Phase I security assessment by Janus, with enhanced and revised policies and procedures to be developed in Phase II. These should be completed by 12/31/2020.
	A Documented Disaster Recovery Plan is Not Complete	Develop and Test a Comprehensive Disaster Recovery Plan	Phase II includes Disaster Recovery and incident response. MHIS will be meeting with all department heads to discuss their Disaster Recovery plans for their departments. The plan is to have a citywide DR\BC plan and a citywide Incident Response Plan by 12/1/20
11.	Implement On-Going Cybersecurity Training	Institute a Comprehensive Cybersecurity Training Program	Previously closed by BlumShapiro. Cyber training was purchased in June.

### Zachery, Clarence

From: Sent: To: Cc: Subject: Markoski, Tom <Tom.Markoski@ct.gov> Monday, June 29, 2020 12:44 PM Zachery, Clarence Colman, Maureen RE: URGENT...FW: Hartford's Fiscal Year 2018-2019 Audit Report

Good morning and thank you for your response.

While the City of Hartford's 2018/19 audit was without findings, we do follow up on management letter comments that are related to the Board of Education. We want to ensure that any weaknesses the auditor points out are resolved before they result in a more significant finding. We appreciate your steps to resolving this within your department.

Thank you again and hope you stay safe and well.

Tom Markoski

From: Zachery, Clarence <Clarence.Zachery@hartfordschools.org> Sent: Monday, June 29, 2020 12:10 PM To: Markoski, Tom <Tom.Markoski@ct.gov> Cc: Colman, Maureen <MColman@hartfordschools.org> Subject: FW: URGENT...FW: Hartford's Fiscal Year 2018-2019 Audit Report Importance: High

Mr. Markoski,

It is my understanding that this goes back to the winter of 2018 when our Senior Accountant was out on sick leave (Thanksgiving untill after New Year's). Other members of our team had to assist doing the final work on the 17-18 audit. It is also my understanding we received a clean audit with no other findings except this one in the management letter that was a carry forward from the prior year.

We believe in having a formal financial close process as an internal control best practice. We are currently attempting to

- 1. Properly staff the department and add back positions that were previously subject to elimination. We hope to have the positions reestablished prior to October.
- 2. We are also refilling vacant positions more quickly when staff are leaving. That includes trying to overlap the tenure of staff members who are leaving with their replacement to facilitate a smooth transition. This is currently underway
- 3. A formalization of the process and roles for end of year close out is currently under development. Our process has admittedly been slowed by the COVID-19 pandemic.

Please let know if you require any additional information.

Regards,

Clarence Zachery Chief Operating and Financial Officer

# MARB Special Education Update July 2020

**Dr. Leslie Torres-Rodriguez, Superintendent** 

HPS has begun a process of improving its special education practices in order to improve quality and reduce cost.

To this end, HPS has partnered with Civic Solutions Group to:

- Analyze and identify high-leverage special education initiatives to improve service delivery, utilization, and financial sustainability.
- Devise service model proposals and recommendations
- Develop an implementation plan

#### **Project Design** The Whole Student **Summary of Project Activities Recommend Improved** Analyze and Understand Our **Factors Guiding Identify High-Leverage Delivery Models & Our Engagement with CSG Current Practices Service Delivery Areas Implementation Plans** Out of District Conduct interviews with 1. Practices and Procedures for Referrals, Evaluations, Eligibility Determinations, and Placements	<ul> <li>Devised referral approaches to prioritize LRE for students considered eligible for OOD</li> </ul>	<ul> <li>Analyzed potential approaches to optimally allocate paraprofessionals across HPS</li> </ul>	<ul> <li>Mapped districtwide and school-level approaches to providing such services</li> </ul>
High Quality and Inclusive Instruction	<ul> <li>Recommended near- and long-term strategies to increase students served in- district</li> </ul>	<ul> <li>Developed allocation approach to ensure students receive services when needed but not restrictive</li> <li>Approach set to yield ~\$1.27M (~7.5%) of savings from FY20 to FY21</li> </ul>	<ul> <li>Recommended a multi-office approach to articulate a districtwide vision of appropriate MTSS/Tier 1 and Trauma-Informed Services</li> </ul>
Organizational Structure and Capacity	<ul> <li>Recommended data management and oversight structures in the Office of Student Support Services and Finance Offices</li> </ul>	<ul> <li>Recommended service allocation oversight structures across the OSSS, Talent Management, and Payroll Offices</li> </ul>	<ul> <li>Recommended members of the HPS leadership team to drive the districtwide visioning process</li> </ul>

# **KEY FINDINGS**

# Key Findings: Practices and procedures for special education

## **Out of District Placements**

From 2009-2010 to 2018-2019, HPS special education out of district placements grew by 9.4% annually – overall enrollment declined by 1.0% annually.

### **Paraprofessional Services**

Historically, HPS appears to have allocated paraprofessionals in a nonoptimal manner in past years. As a result, some schools have received more paraprofessionals than necessitated by student IEP data – and other schools have received fewer paraprofessionals.

# \*MTSS/Tier 1 and Trauma-Informed Services

HPS has various school-level staff who provide supports related to MTSS, Ter 1, and trauma-informed services.

HPS has an opportunity to strategically coordinate and delineate the roles and responsibilities of these staff.

\*MTSS is a framework to provide targeted support to struggling students. It screens all students and aims to address behavioral as well as academic issues. The goal of MTSS is to intervene early so students can catch up with their peers.

# **Key Findings: High Quality and Inclusive Instruction**

# **Out of District Placements**

The proportion of students with IEPs attending school in out of district placements is twice as high in HPS compared to comparable districts.

	% of Students with IEPs in Out of District Placements in 2016-2017					
	32%	, 0 -				
17%		15%	6	12%	7%	

**Paraprofessional Services** 

With an optimal approach to allocating paraprofessional services HPS can:

- Ensure all students receive such services when they need them.
- Reduce the over-allocation of such services to realize financial savings.

Based on HPS IEP data, in 2019-2020:

- 25 schools received an overallocation of services.
- 6 schools received an underallocation of services.
- 5 schools received the optimal allocation of services.

# MTSS/Tier 1 and Trauma-Informed Services

District leadership agree that prioritizing MTSS/Tier 1 and Trauma-Informed Services can result in more inclusive services and improve outcomes.

Bridgeport Hartford New Haven Stamford Waterbury

# Key Findings: Organizational Structure and Capacity

## **Out of District Placements**

**Data:** Organization-wide student-level data to track out of district placements and expenses are inconsistent; such inconsistencies present challenges for improving services long-term.

**Processes:** HPS can improve its oversight processes for more robust coordination between schools and the central office, and across central office staff.

## **Paraprofessional Services**

**Data:** HPS can improve data systems to monitor paraprofessional service allocation throughout the year to ensure it is optimal.

**Processes:** HPS can improve service allocation practices by enhancing coordination between schools, the OSSS, Payroll, OTM, and Finance.

# MTSS/Tier 1 and Trauma-Informed Services

With multiple school-level staff positions providing supports, HPS can improve organizational oversight by centralizing MTSS under a single leader.

Alternatively, HPS may provide continued and robust coordination between the Academics, OSSS, and School Leadership Offices.

# **IMPLEMENTATION RECOMMENDATIONS**

# **Recommendations: Practices and procedures for special education**

## **Out of District Placements**

- Enhance oversight to ensure out of district referrals only occur when students truly require such services.
- 2. Develop cross-district data systems and communication channels to monitor out of district placements as they occur and identify issues.
- 3. Create mechanisms that allow multiple HPS offices to coordinate on the issue: OSSS, Finance, Data, and Choice.

## Paraprofessional Services

- Utilize an optimal allocation model to deliver paraprofessional services to HPS schools at the start of the year.
- 2. During the year, monitor student IEP data and paraprofessional allocations to ensure that schools maintain an optimal level of service capacity.

# MTSS/Tier 1 and Trauma-Informed Services

Launch a strategic planning process, with central office leadership, to develop coordinated approaches for these services.

# **Recommendations: High Quality and Inclusive Instruction**

# **Out of District Placements**

- Near-Term: Identify student who are referred to or attending out of district placements but may be better served in-district.
- 2. Long Term: Launch in-district programming to meet the needs for students who are most likely to be placed out of district.

## Paraprofessional Services

## (Same as Preceding Slide)

- Utilize an optimal allocation model to deliver paraprofessional services to HPS schools at the start of the year.
- 2. During the year, monitor student IEP data and paraprofessional allocations to ensure that schools maintain an optimal level of service capacity.

# MTSS/Tier 1 and Trauma-Informed Services

# (Same as Preceding Slide)

Launch a strategic planning process, with central office leadership, to develop coordinated approaches for these services.

# **Recommendations: Organizational Structure and Capacity**

## **Out of District Placements**

- Data: Implement multi-office initiative to make sure all financial and programmatic data are compatible and consistent
- 2. Processes: Task key members of the OSSS with the responsibility of monitoring OOD placements as they occur during the year

## Paraprofessional Services

- Data: Develop trackers and review payroll data regularly to monitor paraprofessional allocations throughout the year.
- 2. Processes: Institute communication channels between schools, OSSS, and other central offices to monitor paraprofessional needs and allocations.

# MTSS/Tier 1 and Trauma-Informed Services

Ensure that Academics, OSSS, and the Schools Offices all coordinate regularly to participate in HPS's vision-setting for MTSS/Tier 1 and Trauma-Informed Services.

# **Looking Ahead**

data monitoring

Given these findings and recommendations, we plan to move forward with activities and planning for the near-term, medium-term, and long-term.

Near-Term	Medium-Term	Long-Term
Over the next 100 days	Over the next fiscal year	Over the next three-to-five years
<ul> <li>Implement a 100-day plan developed by CSG for implementing their</li> </ul>	<ul> <li>Develop multi-year programmatic and financial targets and a multi- year strategy to build on the</li> </ul>	<ul> <li>Execute on the multi-year targets and strategy</li> </ul>
recommendations	foundations from the next 100 days	<ul> <li>Roll out an expansion and/or launch of in-district specialized</li> </ul>
<ul> <li>Launch cross-departmental teams to oversee initiatives and improve</li> </ul>	<ul> <li>Base those targets on our findings</li> </ul>	programming for students with IEPs who are at-risk of being placed

out of district

Base those targets on our findings to oversee initiatives and improve ٠ from improved data systems and oversight during the 2020-2021 school year

# **Questions & Discussion**
