MEMORANDUM

Municipal Accountability Review Board

To: Members of the Municipal Accountability Review Board

From: Julian Freund, OPM

Subject: Tentative Agreement Between City of West Haven and AFSCME Local 681

Date: September 17, 2020

Background

The previous collective bargaining agreement between the City of West Haven and AFSCME Local 681 expired June 30, 2017. A Tentative Agreement for a contract term through June 30, 2023 was ratified by the union members on September 1 and approved by City Council on September 14. According to the statute for Tier III municipalities, the MARB will have until October 15 to approve or reject the agreement if it chooses to take action.

This bargaining unit covers public works employees and non-managerial employees of Town Hall. There are currently 98 members in this bargaining unit.

Summary of Major Economic Provisions

Wages:

The Tentative Agreement provides for wage adjustments as follows:

- FY 2017/18 through FY 2020/21: 0% general wage increase
- FY 2021/22: 1% general wage increase
- FY 2022/23: 2% general wage increase

The prior contract provided wage increases of 2% per year in fiscal years 2013/14 through 2015/16. These were followed by adjustments of 1% on 1/1/2017 and 1% on 6/30/2017 as a result of a wage reopener.

In the attached financial analysis provided by the Finance Department, the wage adjustments are projected to add approximately \$162,000 in additional salary expense over the life of the contract. When compared to the projections in the 5-Year Plan, the contract has a negligible impact on salary expenses because the Plan assumed wage increases of 1% in FY 2022 and 2% in FY 2023.

Health Insurance:

The Tentative Agreement codifies the union's shift to the State Partnership Health Plan. Active members of this bargaining unit have been enrolled in the Partnership Plan since January 2020. Previous analyses projected that this group's shift to the Partnership would yield savings to the City.

Employee contributions toward health insurance premium costs have been at 12% since FY 2016. This Tentative Agreement increases employee contributions as follows:

- FY 2020/21 = 12%
- FY 2021/22 = 13%
- FY 2022/23 = 14%

In the attached financial analysis, the annual savings associated with each percentage increase in employee cost share is approximately \$20,000. The increase in employee cost share was not contemplated in the 5-Year Plan, so the change would also represent a savings against projected health insurance costs in the Plan.

In addition to the premium cost share increase, the agreement eliminates retiree health insurance for new employees hired after ratification of the contract.

Other Provisions

Other economic provisions in the contract, which are also outlined in the memo from the City's labor attorney, include:

- Elimination of sick leave payout for members hired after ratification of the contract
- Excluding sick time from the calculation of hours worked for overtime purposes
- Paying only for actual hours worked for call-ins that are contiguous to an employees' regular work hours (as opposed to paying for the minimum 3-hour call-in)

Re: Tentative Agreement - Local 681, AFSCME

From: William A. Ryan- Ryan & Ryan Lawyers

The City of West Haven (the "City") reached a tentative agreement with Local 681, AFSCME (the "Union"). Thereafter, a vote was held, and the tentative agreement was not ratified by the Union, primarily due to the agreed upon wages and the implementation of a HDHP. The City then met with the Union, discussed the tentative agreement and communicated that it was unwilling to modify the agreed upon wages or the medical plan. On January 1, 2020, the City and Local 681, as well as the other Unions in the City, agreed to move to the Connecticut Partnership Health Care Plan 2.0. The pandemic then commenced which delayed the Union's ability to reconvene with their bargaining representative to vote again in light of the change in the medical insurance plan. On September 1, 2020, the Union met and ratified the tentative agreement. Set forth below are highlights of the tentative agreement.

 Added language that flex-time would be allowed by mutual agreement, in writing, between the Mayor and the Union.

the event there is an award of any back pay, any earnings by the employee during this
period of unemployment (including any unemployment insurance) shall be offset and
deducted from this award. Employees who have been discharged shall have the duty to
seek work so as to mitigate the claims of back wages. The failure to do so shall be
considered by the Board.

• Added the following language: ... if an employee has three (3) or more years of employment at the time (s)he is awarded a position of a higher classification, the employee will be placed at the same step (s)he is on at the time of promotion into the higher job classification.

 Added the following language: Beginning in fiscal year 2020--2021, all regularly assigned Public Works employees, except for the office support staff, administration and garage employees shall receive a one hundred and fifty dollar (\$150) credit per fiscal year at a clothing establishment designated by the City to purchase uniforms approved by the City.

The City will be available to answer questions regarding the above-referenced negotiated changes when the MARB meets to discuss the tentative agreement.

A written warning shall be removed from the employees file after 18 months, if there are no further infractions, by

written notification to remove from the Union. Time extensions beyond those stipulated below may be arrived by mutual agreement of the parties concerned. An earnest effort will be made to settle such differences immediately through the following procedures:

Step 1 - Any employee(s) with a grievance shall present it in the first instance to their steward. The steward, with or without the employee(s) shall discuss the grievance with their supervisor. The supervisor shall, within two (2) days, give an answer to the verbal grievance. If the answer rendered by the supervisor is unsatisfactory, the grievance shall be reduced to writing. The written grievance shall state the nature of the grievance, the sections of the contract believed to have been violated and the relief sought. The supervisor shall answer the same in writing within five (5) working days.

Step 2 - If a satisfactory settlement is not reached at the first step, within ten (10) working days of the Step 1 answer, the Union President shall present the grievance for the second step hearing to the Labor Relations Director. Within a five (5) day period, a formal meeting covering the subject grievance will be scheduled. It will be the responsibility of the Labor Relations Director to submit an answer in written form within five (5) working days from the date of the meeting to the Union President.

Tentative Agreement

Step 3 - If a settlement of the grievance is not arrived at Step 2, the Union only, and not any individual employee, may, within fifteen (15) calendar days of receipt of the answer at Step 2, submit the matter to the Connecticut State Board of Mediation and Arbitration. The foregoing shall not stop the party desiring arbitration from stating a change in his/her position before the arbitration hearing, provided that a minimum of thirty (30) days written notice is given to the other party of such changes. The arbitration award shall be final and binding on both parties. In the event there is an award of any back pay, any earnings by the employee during this period of unemployment (including any unemployment insurance) shall be offset and deducted from this award. Employees who have been discharged shall have the duty to seek work so as to mitigate the claims of back wages. The failure to do so shall be considered by the Board.

- 23.2 It is to the mutual advantage of both the City and the Union that an amiable approach to the problem solving be in existence. The grievance procedures are intended to gain resolution to contract misinterpretation or remedial action for misunderstanding.
- 23.3 All grievances must be submitted to the City within ten (10) calendar days of the day they occur or notice of occurrence.
- 23.4 The City will pay for no more than four (4) Union members when used as a Grievance Committee during working hours.

The procedures and training provisions of the City's "DOT Drug and Alcohol Testing Policy" shall apply to the testing of employees under this provision. - (b) An employee who has completed his or her initial probationary period with the Town and has engaged in abuse and voluntarily requests treatment and rehabilitative assistance shall be given assistance under the Town's Employee Assistance Program. Access to this program shall be limited to one occasion without discipline, provided the employee does not volunteer for treatment once the employee is notified of a drug/alcohol test. Failure to comply with the terms of this program shall subject the employee to discipline.
- (c) The employee shall use accumulated sick or vacation leave for the period of absence for the purpose of obtaining treatment. All treatment will be at the sole expense of the employee, to the extent not covered by the employee's health benefits plan.

ARTICLE XXV REST PERIODS

25.1 Two (2) fifteen (15) minute rest periods will be permitted during each full shift. The rest period shall be scheduled when feasible and at the discretion of the Department Head.

APPENDIX B RETURN TO WORK PROGRAM

Back to Work Program

POLICY

Employees of the City of West Haven who are, or could be, on leave of absence from their duties as a result of a work-related illness or injury, may be eligible for the Return-to-Work Program upon written certification from a medical care provider. The medical care provider must certify that the employee may return to work with restrictions on physical requirements of the job in question, and that those restrictions are expected to last for more than 15 days.

A restriction identifies a physical condition which prevents an employee from performing the full scope of his/her job duties as outlined in their job description. There are two types of restrictions: temporary and permanent. Temporary restrictions are defined as those limitations placed on an injured employee by a physician which are of relatively short duration (i.e. the employee is expected to fully recover and to return to normal working conditions).

Permanent restrictions are defined as those limitations placed on an employee by a physician which are expected to be long term (more than 180 days) or from which recovery is not expected. Those employees who fall into this category are not eligible for participation in the Return-to-Work Program. They may elect to seek alternative employment, or file for a "reasonable accommodation" under the Americans with Disabilities Act.

When an employee is approved for participation in the Return-to-Work Program, primary consideration will be given to job placement within the employee's department and normal job duties. A secondary consideration will be alternative placement into another department or another assignment which is within the same bargaining unit. A critical consideration is to place the injured employee in a position to perform productive work that is useful to the City of West Haven and achievable within the restrictions placed on the employee. Alternative placement will not be used to avoid the filling of vacancies within the department in question.

An employee participating in the Return-to-Work Program is subject to all rules, regulations, contractual memoranda of understanding, standards, policies and procedures of the City of West Haven.

Each situation will stand on its own merits. An Employee Return-to-Work Form, completed by a physician, noting an employee's restrictions, will be evaluated by the Personnel Department in order to determine whether or not an employee is able to return to his/her assigned position. Personnel Department will then forward its recommendation with

appropriate documentation to the injured employee's department head for final determination.

If an employee is approved for the Return-to-Work Program, he/she shall be provided tasks which fall within the physical restrictions identified by the treating physician. In no case will an employee authorized to participate in the Return-to-Work Program be placed in an area that will pose a health or safety risk to the City of West Haven's other staff, or the injured employee.

Modified assignments for the following classes of workers shall include, but not be limited to any assignment that falls within the guidelines of the restriction set by the treating physician.

Return to Work Procedure

The City of West Haven has instituted a Return-to-Work Program applicable to full-time employees. Employees injured at work are brought to a medical care provider for initial treatment. If, after treatment, the employee is unable to return to work, the employee is referred for further treatment. The employee should receive a statement of any restrictions on duties and an expected return to work date from the medical care provider. The employee is required to provide this information to the City of West Haven as soon as possible.

If the expected absence from work is longer than three (3) days, the employee will be given a MODIFIED DUTY PACKAGE to bring to the medical care provider. If the employee is unable to visit his/her medical care provider, the City of West Haven will mail the MODIFIED DUTY PACKAGE to the medical care provider for the employee. The medical care provider will be requested to complete the evaluation contained in the MODIFIED DUTY PACKAGE, and return it to the City of West Haven within five (5) business days of receipt. The MODIFIED DUTY PACKAGE includes:

- 1. Doctor's Form Modified Duty Evaluation
- 2. Current Job Description of Employees
- 3. List of Modified Duty Assignments that are available

The purpose of the MODIFIED DUTY PACKAGE is to furnish the medical care provider with information regarding the present duties of the employee and available modified duty tasks. The response of the medical care provider will be evaluated. If the care provider indicates that the employee is not able to return to his/her regular duties but is physically able to perform a modified duty assignment, then the employee will be required to report for modified duty. Modified duty assignments will, to the extent practical, be within the same department and be related to the type of work normally performed by the employee.

Upon receipt of notification from the medical care provider of the employee's ability to return to modified duty work, the Director of the Personnel Department will review the documentation and job availability within the organization. Personnel will then contact the

employee to inform him/her that he/she has been accepted into the Return-to-Work Program. Personnel will discuss a work schedule with the employee's supervisor.

The Director of Personnel and the supervisor will review the physical restrictions documented by the medical care provider and determine what job duties the employee can perform, as well as establish a work schedule and return to work date.

Modified duty status will be continually monitored by Nurse Case Managers. Employees will be assigned to the Return-to-Work Program until a physician provides a written release for the employee to return to work at his/her regular position. A maximum of 90 days in the Program is suggested, but duration may be increased to 180 days if physical restrictions dictate and a satisfactory job performance has been demonstrated. Under no circumstances should an employee's stay in the Return-to-Work Program exceed 180 days, since Return-to-Work programs are a temporary commendation and not a long-term solution to employee disability.

If the employee refuses to bring the MODIFIED DUTY PACKAGE to the medical care provider, or refuses to authorize the employer to mail it to the medical care provider, or refuses to report for a modified duty assignment, then the employee's workers' compensation records will be forwarded to the Workers' Compensation insurance provider for purpose of requesting an immediate hearing to review the situation.

Employees do not waive any rights to Workers' Compensation benefits by participating in the Return-to-Work Program.

Employees participating in the Return-to-Work Program will continue to be covered by the Workers' Compensation Act for all reasonable and necessary medical expenses and disability benefits related to the injury or illness.

Nancy R. Ŕossi, Mayor

PURPOSE

To establish consistent and appropriate guidelines related to personal appearance and attire for City employees. This policy shall apply to all City employees.

POLICY

It shall be the responsibility of all employees to represent the City to the public in a manner suitable to a quality public service environment. Employees should always be well groomed and appropriately attired.

Dress attire should be conducive to a professional environment, maintain office decorum and enable the employee to interact with citizens, visitors and fellow employees in a professional manner. Dress attire should not be distracting or disrespectful of other employees, and should be consistent with the duties and assignments of each employee.

The following items are examples of the types of dress that do not meet our objective of presenting a professional image to the public:

- * Shorts of any kind, T-shirts (without collars), tights, sweat pants, jogging or warm up suits and other clothing more suitable for a gym, unless the type of dress is directly related to the employee's job assignment or a special event.
- * Torn, frayed, cut-off or ripped clothing or any description.
- * Denim jeans of any color (unless approved by the Department Head for a special event or assignment).
- * Boat shoes without socks, sneakers (unless medically required).

⁺ Initial 30-day supply at retail pharmacy is permitted. Thereafter, 90-day supply is required—through mail-order or at a retail pharmacy participating in the State of Connecticut Maintenance Drug Network.

Preferred and Non-Preferred Brand-Name Drugs

A drug's tier placement is determined by Caremark's Pharmacy and Therapeutics Committee, which reviews tier placement each quarter. If new generics have become available, new clinical studies have been released, new brand-name drugs have become available, etc., the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

If your doctor believes a non-preferred brand-name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at

www.esc.cage acceptance) and fax it to Caremark. If approved, you will pay the preferred brand co-pay amount.

If You Choose a Brand Name When a Generic Is Available

Prescriptions will be automatically filled with a generic drug if one is available, unless your doctor completes Caremark's Coverage Exception Request form and it is approved. (It is not enough for your doctor to note "dispense as written" on your prescription; a separate

form is required.) If you request a brand-name drug over a generic alternative without obtaining a coverage exception, you will pay the generic drug co-pay PLUS the difference in cost between the brand and generic drug.

Mandatory 90-day Supply for Maintenance Medications

If you or your family member takes a maintenance medication, you are required to get your maintenance prescriptions as 90-day fills. You will be able to get your first 30-day fill of that medication at any participating pharmacy. After that your two choices are:

- Receive your medication through the Caremark mailorder pharmacy, or
- Fill your medication at a pharmacy that participates in the State's Maintenance Drug Network (see the list of participating pharmacies on the Comptroller's website at www.esc.co.gov).

⁺⁺ Prescriptions are filled automatically with a generic drug if one is available, unless the prescribing physician submits a Coverage Exception Request attesting that the brand name drug is medically necessary.

HEALTH ENHANCEMENT PROGRAM

The Health Enhancement Program (HEP) is a component of the medical plan and has several important benefits. First, it helps you and your family work with your medical providers to get and stay healthy. Second, it saves you money on your healthcare. Third, it will save money for the Partnership Plan long term by focusing healthcare dollars on prevention.

HEALTH ENHANCEMENT PROGRAM

Additional Requirements for Those With Certain Conditions

If you or any enrolled family member has 1) Diabetes (Type 1 or 2), 2) asthma or COPD, 3) heart disease/heart failure, 4) hyperlipidemia (high cholesterol), or 5) hypertension (high blood pressure), you and/or that family member will be required to participate in a disease education and counseling program for that particular condition. You will receive free office visits and reduced pharmacy copays for treatments related to your condition.

These particular conditions are targeted because they account for a large part of our total healthcare costs and have been shown to respond particularly well to education and counseling programs. By participating in these programs, affected employees and family members will be given additional resources to improve their health.

If You Do Not Comply with the requirements of HEP

If you or any enrolled dependent becomes non-compliant in HEP, your premiums will be \$100 per month higher and you will have an annual \$350 per individual (\$1,400 per family) in-network medical deductible.

Fire/EMS Departments: Expenditure Benchmarking

Overview:

The expenditures of the three fire districts serving the City of West Haven were compared to the expenditures of fire departments serving two other communities of comparable size. The purpose of the exercise was to determine whether total spending for Fire/EMS operations in West Haven is materially different than other communities of similar size, and if so, which expenditure categories account for significant differences.

The communities selected for comparison, East Hartford and Manchester, were selected, in part, because of their respective sizes. East Hartford, is reasonably comparable to West Haven in terms of both population and geographic size. Manchester is comparable in terms of population and with regard to providing Fire/EMS operations through a combination of a municipal department and an independent district. Moreover, OPM staff preparing the comparisons have experience in both communities.

City of West Haven Population: 54,918				
First Tax District	West Shore Fire District	Allingtown Fire District		
Independent District	Independent District	City Department

Town of Manchester Population: 57,955

Fire District	District

Department	District	
Professional Firefighter	Combination Professional and Volunteer	

	Town of East Hartford Population: 50,453

Methodology:

FY 2021 budgeted expenditures are the basis of the comparison. The process consisted primarily of three steps:

- 1. Sorting detailed departmental expenditures into expenditures categories in a consistent manner across the three communities
- Making adjustments as needed to ensure that all relevant expenditures were included in a consistent manner across the three communities (ex. adding employee benefits budgeted outside of department budget)
- 3. Review and discussion with the three West Haven Fire districts for feedback and clarification

Sorting

All departmental expenditures were sorted and grouped into the following categories:

Category	Includes
	FT and PT salaries, OT, Stipends, Degree/Education Pay, Holiday Pay, Longevity,
Salaries	Termination payouts, etc.
	Health insurance, life insurance, Social Security, Medicare, Retiree insurance,
Employee and Retiree Benefits	Pension, Deferred compensation match, contributions to unfunded liabilities
Other Insurances	Workers Compensation premium, Property, Liability,
Capital	Purchase of apparatus, major equipment, improvements to firehouses
Debt Service	Debt Service
	Training activities, SCBAs and turnout gear, medical and firefighting supplies, publications, apparatus repairs and maintenance, fuel, firehouse utilities and
	maintenance, PSAP/Dispatch services, E-911 system, reporting system, radios,
All Other Oper. & Adm. Expenses	water/hydrant service, legal, audit, and office expenses
Contingency	Contingency

Adjustments

The following adjustments were made to departmental budgets in order to ensure all relevant expenditures were included for comparison:

- Manchester, South Manchester Fire District: Added to salary expenses to reflect expenditure offset resulting from SAFER grant proceeds in FY 2021
- Manchester, 8th District: Added employee benefits expenses budgeted outside of Fire Department
- Manchester, 8th District: Added Mechanic and Fleet maintenance/repair expenses budgeted outside of Fire Department
- Manchester, 8th District: Added Fire Marshal expenses budgeted outside of Fire Department

- East Hartford: Added Capital items budgeted outside of Fire Department
- East Hartford: Removed Emergency Management expenses; not included as part of West Haven or Manchester Fire/EMS budget
