Re: City of West Clean Water Fund Loans

---

## Background

As the City has recently been designated a Tier IV municipality, the MARB must review and approve all bond ordinances and subsequent borrowings. The City is seeking approval of two amending bond ordinances and the approval of the conversion of a State of Connecticut Clean Water Fund interim loan to a permanent loan. All three projects are sewer projects of the City's WPCA and will ultimately be financed by State of Connecticut Clean Water Fund loans. Internally the debt for these projects will be repaid from sewer use fees and not from general taxation of the City. The debt will be recorded in the City's Sewer Fund and not in the City's General Fund budget. Descriptions of the projects are as follows:

1. CSL 222 - Project consists of improvements to Cove River Pump Station including mechanical and electrical rehabilitation, replacement of pumps, motors and valves, installation of grinder pumps and returning station to full operating capacity. The project was originally approved as part of the City's Fiscal Year 2017-18 Capital Plan. The reason for the conversion of the Interim Funding Obligation (IFO) to a Project Loan Obligation (PLO) is that all work on the project has been completed and final invoices has been submitted. The final funding amount is \$3,925,943.
2. CSL 225 – Project consists of the planning, design and rehabilitation of sewer pipe and manholes related to the Dawson Avenue Area Contract 1 in the West Shore section of the City. The City is obligated to complete these improvements under a 2013 consent decree with the United States Environmental Protection Agency. The City is seeking to amend an authorizing resolution from August 27, 2018 to include the project. The spending for the project was included

in the City's Fiscal Year 2022-23 Capital Plan. The requested borrowing amount is a not to exceed \$900,000.

3. CSL 226 – Project consists of the planning, design and rehabilitation of sewer pipe and manholes related to the Dawson Avenue Area Contract 2 in the West Shore section of the City. The City is obligated to complete these improvements under a 2013 consent decree with the United States Environmental Protection Agency. The City is seeking to amend an authorizing resolution from February 14, 2022. The spending for the project was included in the City's Fiscal Year 2022-23 Capital Plan. The borrowing amount is a not to exceed \$1,161,000.

### **Financing Plan**

As mentioned previously, all three projects are being financed by the State of Connecticut's Clean Water Fund program and the repayment of the loans will be funded from the City's Sewer Use fee. All of the projects were previously approved by the City Council prior to the City being designated as a Tier IV municipality. The financing plan for the projects is as follows:

1. CSL 222 – A project loan agreement between the City and the State of Connecticut Department of Energy and Environmental Protection (DEPP) has been in place since May 18, 2020. Since the project is now complete, the City needs to convert the IFO to a permanent PLO. The City intends to enter into the PLO with the State on June 30, 2022. The loan will be repaid over 20 years at an interest rate of 2.00%.
2. CSL 225 – This project is in the process of being completed. The City intends to enter into an IFO with the State for the project in summer 2022 and expects to convert the IFO to a permanent PLO by the end of fiscal year 2022-23. The PLO will be repaid over 20 years at an interest rate of 2.00%.
3. CSL 226 – The project has gone out to bid and the City is awaiting approval of the ordinance so that it can award the contract. The City intends to enter into an IFO with the State in summer 2022 and upon completion of construction will convert the IFO to a PLO. The City is currently anticipating converting to a PLO in July 2023. The PLO will be repaid over 20 years at an interest rate of 2.00%.

### **Financial Impact**

The financial impact of the proposed borrowings will only affect the City's Sewer Fund. Because the State does not require debt service to be paid on the loans until they are converted to a final PLO, only CSL 222 will have an impact on the upcoming Fiscal Year 2022-23 Sewer Fund budget. Debt service for both CSL 225 and CSL 226 are expected to begin in FY 2023-24.

Due to the timing of the Fiscal Year 2022-23 budget adoption and final conversion of CSL 222 to a PLO, a place holder for debt service was included in the recommended budget in the amount of \$65,715. Based on the debt amortization schedule provided by the State DEEP on June 8, 2022, the Fiscal Year 2022-23 debt service for CSL 222 will total \$236,112, creating a budget shortfall of \$170,397. The City intends to fund the shortfall from Sewer Fund reserves which totaled \$4.9 million as of June 30, 2020.

**AN ORDINANCE APPROPRIATING \$900,000 FOR THE COSTS ASSOCIATED WITH THE PLANNING, DESIGN AND REHABILITATION OF SEWER PIPES AND MANHOLES RELATED TO THE DAWSON AVENUE AREA CONTRACT 1 IN THE WEST SHORE PORTION OF THE CITY AND AUTHORIZING THE ISSUANCE OF \$900,000 BONDS OF THE CITY TO MEET SAID APPROPRIATION AND PENDING THE ISSUANCE THEREOF THE MAKING OF TEMPORARY BORROWINGS FOR SUCH PURPOSE**

**WHEREAS**, on August 27, 2018, the City Council of the City of West Haven, Connecticut (the “City”) approved a resolution authorizing the Mayor of the City to enter into contracts with the State of Connecticut Department of Energy and Environmental Protection (“DEEP”), including contracts for the design of the Dawson Area Contract 1 (the “Resolution”);

**WHEREAS**, the City desires to amend the Resolution by this Ordinance to expand the project to include the planning, design and rehabilitation of sewer pipe and manholes related to the Dawson Avenue Area Contract 1 in the West Shore portion of the City and to approve an appropriation and bond authorization in an amount not to exceed \$900,000 for the costs associated with such expanded project;

**WHEREAS**, the Resolution shall be amended, restated and replaced by Sections 1 through 12 below; and now therefore,

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WEST HAVEN:**

Section 1. The sum of \$900,000 is hereby appropriated for costs associated with the planning, design and rehabilitation of sewer pipe and manholes related to the Dawson Avenue Area Contract 1 in the West Shore portion of the City, and for architectural, design, engineering, hydraulic, site acquisition, development, demolition and disposal, environmental studies, surveying, infrastructure improvements, paving, material, utility charges, data systems, furniture and fixtures, equipment, testing, insurance, training, administrative, advertising, printing, legal, other consultant fees, and any appurtenances related to the project, as well as the cost of the establishment and maintenance of any reserve pursuant to Chapter 109, Chapter 117 and other chapters of the General Statutes of Connecticut (the “Connecticut Statutes”), as amended (the “Project”). Said appropriation shall be inclusive of any and all Federal and State grants-in-aid thereof.

Section 2. To meet said appropriation, \$900,000 bonds or other obligations of the City plus an additional amount for all necessary and appropriate financing costs not in excess of three percent of the cost of the Project, or so much thereof as may be necessary for said purpose (the “Bonds”), may be issued, maturing not later than the twentieth year after their date, or such later date as may be allowed by law. The Bonds may be issued in one or more series as shall be determined by the Mayor, City Treasurer, and the Director of Finance (collectively, the “Bond Committee”), and the amount of Bonds of each series to be issued shall be fixed by a majority of the Bond Committee. The Bonds shall be issued in an amount up to the City’s share of the cost of the Project determined after considering the estimated amount of any State and Federal grants in aid for the Project, or the actual amount thereof if such amount is ascertainable, and the

anticipated times of receipt thereof, provided that the total amount of Bonds to be issued shall not be less than an amount which will provide funds sufficient, with other funds available for such purpose, to pay the principal of and the interest on all outstanding temporary borrowings issued in anticipation of the receipt of the proceeds of said Bonds, and any administrative, printing and legal costs of issuing the Bonds as determined by a majority of the Bond Committee. The Bonds shall be in the denomination of \$1,000 or a whole multiple thereof, be issued in bearer form or in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of a majority of the Bond Committee, bear the City seal or a facsimile thereof, be certified by a bank or trust company designated by a majority of the Bond Committee, which bank or trust company may be designated the registrar and transfer agent, be payable at a bank or trust company designated by a majority of the Bond Committee and be approved as to their legality by the City's bond counsel. The Bonds shall bear such rate or rates of interest as shall be determined by a majority of the Bond Committee. The Bonds shall be general obligations of the City and shall comply with all requirements of law, including any debt limit, relating to the authorization or issuance of such Bonds. The Bonds may also be secured as to both principal and interest, to the extent permitted by law, by a pledge of certain revenues or benefit assessments or both. The aggregate principal amount of the Bonds, installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such Bonds, including any repayment agreements or memoranda of understanding, or whether any of the Bonds will be issued as taxable bonds, shall be determined by a majority of the Bond Committee, in accordance with the requirements of the Connecticut Statutes.

Section 3. In connection with the issuance of any bonds or notes authorized herein (collectively, the "Obligations"), the City, as determined by a majority of the Bond Committee, may exercise any power delegated to municipalities pursuant to the Connecticut Statutes, including the authority to establish credit facilities and to enter into agreements managing interest rate risk. The City, as determined by a majority of the Bond Committee, shall have all appropriate powers under the Connecticut Statutes, including Chapter 748 (Registered Public Obligations Act), Chapter 446k (Water Pollution Control) and Chapter 109 (Municipal Bond Issues), to issue, sell and deliver the Obligations and, further, shall have the full power and authority to do all that is required under the Internal Revenue Code of 1986, as amended, and other applicable laws and regulations of the United States, to provide for issuance of the Obligations in tax exempt form and to meet all requirements which are or may become necessary in and subsequent to the issuance and delivery of the Obligations in order that the interest on the Obligations be and remain exempt from Federal income taxes, including, without limitation, to covenant and agree to restriction on investment yield of bond proceeds, rebate of arbitrage earnings, and expenditure of proceeds within required time limitations. In order to meet the capital cash flow expenditure needs of the City, a majority of the Bond Committee is authorized to collectively allocate and reallocate expenditures incurred for the Project to any bonds or notes of the City outstanding as of the date of such allocation, and the bonds or notes to which such expenditures have been allocated shall be deemed to have been issued for such purpose, including the bonds and notes herein authorized.

Section 4. Said Bonds shall be sold in a competitive offering or by negotiation as determined by a majority of the Bond Committee. If sold at competitive offering, the Bonds shall be sold by a majority of the Bond Committee at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City, by sealed proposals, auction, or other comparative method. If the Bonds are sold by negotiation, the purchase contract shall be signed

by a majority of the Bond Committee. With respect to the receipt of original issuance premium or bid premium upon the sale of the bonds or notes herein authorized, the City is authorized, but not required, to apply original issuance premium and bid premium, if applicable, to fund future debt service payments on the City's bonds and notes or to fund any purpose for which bonds of the City are authorized to be issued, and such application shall reduce the amount of authorized and unissued bonds for the purpose to which the premium was applied, in the amount so applied.

Section 5. Said Bonds may be secured by the City's property taxes, including interest, penalties and related charges, pursuant to Chapter 117 and other chapters of the Connecticut Statutes, and, if deemed necessary or appropriate and in the City's best interest by a majority of the Bond Committee, the Bond Committee, on behalf of the City, is hereby authorized: (i) to establish a property tax intercept procedure and a debt service payment fund pursuant to Chapter 117 of the Connecticut Statutes, §7-560 et seq., and other Chapters of the Connecticut Statutes, on such terms as a majority of the Bond Committee deem necessary or appropriate, and (ii) to take all further actions which a majority of the Bond Committee deem necessary or appropriate to so secure the Bonds or which are contemplated by law. A majority of the Bond Committee, if they determine it to be advisable, necessary or appropriate, is authorized, on behalf of the City, to enter into an indenture of trust and/or a supplemental indenture of trust to any existing indenture of the City (collectively, the "Indenture") with a bank or trust company located within or without the State of Connecticut (the "Trustee"), and to covenant: (i) if the Bonds are issued pursuant to such Indenture that all or a portion of the City's property taxes shall be paid to the Trustee and be held in trust for the benefit of the holders of the Bonds as provided in Chapter 117 and other Chapters of the Connecticut Statutes, and (ii) the terms on which any payments or reserves securing the payment of the Bonds will be paid, and the terms of any reserve or other fund for the benefit of the holders of the Bonds; and, in any event, to amend or supplement the Indenture containing such terms and conditions as a majority of the Bond Committee shall determine to be necessary or advisable and in the best interest of the City, the execution thereof to be conclusive evidence of such determination.

Section 6. The issue of the Obligations aforesaid and of all other bonds or notes of the City heretofore authorized but not yet issued, as of the effective date of this Ordinance, would not cause the indebtedness of the City to exceed any debt limit calculated in accordance with law.

Section 7. The City is authorized to make temporary borrowings in anticipation of the receipt of the proceeds of any series of said Bonds or any anticipated amounts of State and Federal grants in aid for the Project. Notes evidencing such borrowings shall be signed by the manual or facsimile signatures of a majority of the Bond Committee, have the seal of the City or a facsimile thereof affixed, be payable at a bank or trust company designated by a majority of the Bond Committee, be certified by a bank or trust company designated by a majority of the Bond Committee, pursuant to Section 7-373 of the Connecticut Statutes, and be approved as to their legality by the City's bond counsel. Notes shall be sold in competitive offering or by negotiation as determined by a majority of the Bond Committee. If sold in a competitive offering, the notes shall be sold by a majority of the Bond Committee at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City, by sealed proposals, auction or other comparative method. If the notes are sold by negotiation, the purchase contract shall be signed by a majority of the Bond Committee. The notes shall be issued with maturity dates which comply with the provisions of the Connecticut Statutes that govern the issuance of such notes. The notes shall be general obligations of the City and shall comply with all requirements of law, including any debt limit, relating to the authorization or issuance of such notes. The net interest

cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said Bonds, shall be included as a cost of the Project. Upon the sale of said Bonds the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such temporary borrowings then outstanding or shall be deposited with a bank or trust company in trust for such purpose. The City is also authorized to issue notes in anticipation of the receipt of grants, if applicable, and a majority of the Bond Committee shall determine the terms and conditions of such issuance.

Section 8. For the Project, \$900,000 of interim funding obligations and project loan obligations or any other obligations of the City evidencing an obligation to repay any portion of the costs of the Project determined by the State of Connecticut Department of Energy and Environmental Protection, Public Health or other department as applicable to be eligible for funding under Section 22a-475 et seq. of the Connecticut General Statutes, as the same may be amended from time to time (the "Clean Water Fund Program") plus an additional amount for all necessary and appropriate financing costs not in excess of three percent of the cost of the Project, or so much thereof as may be necessary for said purpose (the "Clean Water Fund Obligations"), may be issued, maturing not later than the twentieth year after their date, or such later date as may be allowed by law. The Clean Water Fund Obligations may be issued in one or more series as shall be determined by the Bond Committee, and the amount of Clean Water Fund Obligations of each series to be issued shall be fixed by a majority of the Bond Committee. The Clean Water Fund Obligations shall be issued in an amount up to the City's share of the cost of the Project determined after considering the estimated amount of any State and Federal grants in aid for the Project, or the actual amount thereof if such amount is ascertainable, and the anticipated times of receipt thereof. The issuance of the Clean Water Fund Obligations and of all other bonds or notes of the City heretofore authorized but not yet issued, as of the effective date of this Ordinance, would not cause the indebtedness of the City to exceed any debt limit calculated in accordance with law. The Clean Water Fund Obligations shall be executed in the name and on behalf of the City by the manual or facsimile signatures of a majority of the Bond Committee, bear the City seal or a facsimile thereof. The Clean Water Fund Obligations may be general obligations of the City and shall comply with all requirements of law, including any debt limit, relating to the authorization or issuance of such Clean Water Fund Obligations. The Clean Water Fund Obligations may also be secured as to both principal and interest, to the extent permitted by law, by a pledge of certain revenues or benefit assessments or both. The aggregate principal amount of the Clean Water Fund Obligations, installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such Clean Water Fund Obligations, including the rate or rates of interest, any repayment agreements or memoranda of understanding, shall be determined by a majority of the Bond Committee, in accordance with the requirements of the Connecticut Statutes; and

(b) any combination of Obligations and Clean Water Fund Obligations for the Project as set forth in the preceding sections may be issued, provided that the total, aggregate principal amount thereof issued, and including the amount of any grant funding obtained, shall not exceed \$900,000 plus an amount needed for necessary and appropriate financing costs related to the Project.

Section 9. Resolution of Official Intent to Reimburse Expenditures with Borrowings. The City hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid 60 days prior to and

after the date of passage of this Ordinance in the maximum amount and for the Project described above with the proceeds of bonds, notes, or other obligations authorized to be issued by the City. Such obligations shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the project, or such later date the Regulations may authorize. The City hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Director of Finance or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement obligations, and to amend this declaration.

Section 10. The Director of Finance is hereby authorized to exercise all powers conferred by section 3-20e of the Connecticut Statutes with respect to secondary market disclosure and to provide annual information and notices of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds, notes or other obligations authorized by this Ordinance.

Section 11. The Mayor, the Director of Finance and any other duly authorized City, Board of Education or WPCA official is authorized to seek grants and other contributions for the costs of the Project. Any such grants or contribution received prior to the issuance of any Obligations or Clean Water Fund Obligations authorized herein shall be applied to the costs of the Project or to pay at maturity the principal of any outstanding bond anticipation note, grant anticipation note or other temporary obligation issued pursuant this Ordinance and shall reduce the amount of Obligations or Clean Water Fund Obligations that can be issued pursuant to this Ordinance. If such grants and contributions are received after the issuance of any Bonds or Clean Water Fund Obligations, they shall be applied to pay either non-financed portions of the Project or debt service on the Bonds or Clean Water Fund Obligations provided such application does not adversely affect the tax-exempt status of the Bonds or Clean Water Fund Obligations.

Section 12. This Ordinance shall be effective immediately upon the Mayor's signature.

ENACTED BY THE CITY COUNCIL ON: \_\_\_\_\_, 2022

APPROVED BY THE MAYOR: \_\_\_\_\_ DATE: \_\_\_\_\_

**AN ORDINANCE AMENDING AND RESTATING A RESOLUTION APPROPRIATING \$1,161,000 FOR THE COSTS ASSOCIATED WITH THE PLANNING, DESIGN AND REHABILITATION OF SEWER PIPES AND MANHOLES RELATED TO THE DAWSON AVENUE AREA CONTRACT 2 IN THE WEST SHORE PORTION OF THE CITY AND AUTHORIZING THE ISSUANCE OF \$1,161,000 BONDS OF THE CITY TO MEET SAID APPROPRIATION AND PENDING THE ISSUANCE THEREOF THE MAKING OF TEMPORARY BORROWINGS FOR SUCH PURPOSE**

**WHEREAS**, on February 14, 2022, the City Council of the City of West Haven, Connecticut (the “City”) approved a resolution entitled “RESOLUTION APPROPRIATING NOT TO EXCEED \$1,161,000 FOR THE DAWSON AVENUE AREA CONTRACT 2 DESIGN AND CONSTRUCTION, AUTHORIZING THE CITY OF WEST HAVEN, CONNECTICUT TO ENTER INTO AN AGREEMENT WITH THE STATE OF CONNECTICUT; AND AUTHORIZING THE ISSUANCE OF NOTES AND/OR BONDS TO FINANCE THE APPROPRIATION” (the “Resolution”);

**WHEREAS**, the Resolution: 1) authorized an appropriation and bond authorization in an amount not to exceed \$1,161,000 for the Dawson Avenue Area Contract 2 Design and Construction Project (the “Project”), 2) authorized the City to enter into agreements with the State of Connecticut, acting by the Commissioner of the Department of Energy & Environmental Protection (“DEEP”) related to the Project; and 3) stated that any bonds or notes issued pursuant to the Resolution shall be limited obligations of the City secured by a pledge of revenues;

**WHEREAS**, the City desires to amend and restate the Resolution by this Ordinance to include the City’s general obligation pledge for any and all bonds and notes issued for the Project;

**WHEREAS**, the Resolution shall be amended, restated and replaced by Sections 1 through 12 below.

**NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF WEST HAVEN, CONNECTICUT APPROVES THE FOLLOWING:**

Section 1. The sum of \$1,161,000 is hereby appropriated for costs associated with the planning, design and rehabilitation of sewer pipe and manholes related to the Dawson Avenue Area Contract 2 in the West Shore portion of the City, and for architectural, design, engineering, hydraulic, site acquisition, development, demolition and disposal, environmental studies, surveying, infrastructure improvements, paving, material, utility charges, data systems, furniture and fixtures, equipment, testing, insurance, training, administrative, advertising, printing, legal, other consultant fees, and any appurtenances related to the project, as well as the cost of the establishment and maintenance of any reserve pursuant to Chapter 109, Chapter 117 and other chapters of the General Statutes of Connecticut (the "Connecticut Statutes"), as amended (the "Project"). Said appropriation shall be inclusive of any and all Federal and State grants-in-aid thereof.

Section 2. To meet said appropriation, \$1,161,000 bonds or other obligations of the City plus an additional amount for all necessary and appropriate financing costs not in excess of three percent of the cost of the Project, or so much thereof as may be necessary for said purpose (the "Bonds"), may be issued, maturing not later than the twentieth year after their date, or such later date as may be allowed by law. The Bonds may be issued in one or more series as shall be determined by the Mayor, City Treasurer, and the Director of Finance (collectively, the "Bond Committee"), and the amount of Bonds of each series to be issued shall be fixed by a majority of the Bond Committee. The Bonds shall be issued in an amount up to the City's share of the cost of the Project determined after considering the estimated amount of any State and Federal grants in aid for the Project, or the actual amount thereof if such amount is ascertainable, and the anticipated times of receipt thereof, provided that the total amount of Bonds to be issued shall not be less than an amount which will provide funds sufficient, with other funds available for such purpose, to pay the principal of and the interest on all outstanding temporary borrowings issued in anticipation of the receipt of the proceeds of said Bonds, and any administrative, printing and legal costs of issuing the Bonds as determined by a majority of the Bond Committee. The Bonds shall be in the denomination of \$1,000 or a whole multiple thereof, be issued in bearer form or in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of a majority of the Bond Committee, bear the City seal or a facsimile thereof, be certified by a bank or trust company designated by a majority of the Bond Committee, which bank or trust company may be designated the registrar and transfer agent, be payable at a bank or trust company designated by a majority of the Bond Committee and be approved as to their legality by the City's bond counsel. The Bonds shall bear such rate or rates of interest as shall be determined by a majority of the Bond Committee. The Bonds shall be general obligations of the City and shall comply with all requirements of law, including any debt limit, relating to the authorization or issuance of such Bonds. The Bonds may also be secured as to both principal and interest, to the extent permitted by law, by a pledge of certain revenues or benefit assessments or both. The aggregate principal amount of the Bonds, installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such Bonds, including any repayment agreements or memoranda of understanding, or whether any of the Bonds will be issued as taxable bonds, shall be determined by a majority of the Bond Committee, in accordance with the requirements of the Connecticut Statutes.

Section 3. In connection with the issuance of any bonds or notes authorized herein (collectively, the “Obligations”), the City, as determined by a majority of the Bond Committee, may exercise any power delegated to municipalities pursuant to the Connecticut Statutes, including the authority to establish credit facilities and to enter into agreements managing interest rate risk. The City, as determined by a majority of the Bond Committee, shall have all appropriate powers under the Connecticut Statutes, including Chapter 748 (Registered Public Obligations Act), Chapter 446k (Water Pollution Control) and Chapter 109 (Municipal Bond Issues), to issue, sell and deliver the Obligations and, further, shall have the full power and authority to do all that is required under the Internal Revenue Code of 1986, as amended, and other applicable laws and regulations of the United States, to provide for issuance of the Obligations in tax exempt form and to meet all requirements which are or may become necessary in and subsequent to the issuance and delivery of the Obligations in order that the interest on the Obligations be and remain exempt from Federal income taxes, including, without limitation, to covenant and agree to restriction on investment yield of bond proceeds, rebate of arbitrage earnings, and expenditure of proceeds within required time limitations. In order to meet the capital cash flow expenditure needs of the City, a majority of the Bond Committee is authorized to collectively allocate and reallocate expenditures incurred for the Project to any bonds or notes of the City outstanding as of the date of such allocation, and the bonds or notes to which such expenditures have been allocated shall be deemed to have been issued for such purpose, including the bonds and notes herein authorized.

Section 4. Said Bonds shall be sold in a competitive offering or by negotiation as determined by a majority of the Bond Committee. If sold at competitive offering, the Bonds shall be sold by a majority of the Bond Committee at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City, by sealed proposals, auction, or other comparative method. If the Bonds are sold by negotiation, the purchase contract shall be signed by a majority of the Bond Committee. With respect to the receipt of original issuance premium or bid premium upon the sale of the bonds or notes herein authorized, the City is authorized, but not required, to apply original issuance premium and bid premium, if applicable, to fund future debt service payments on the City’s bonds and notes or to fund any purpose for which bonds of the City are authorized to be issued, and such application shall reduce the amount of authorized and unissued bonds for the purpose to which the premium was applied, in the amount so applied.

Section 5. Said Bonds may be secured by the City’s property taxes, including interest, penalties and related charges, pursuant to Chapter 117 and other chapters of the Connecticut Statutes, and, if deemed necessary or appropriate and in the City’s best interest by a majority of the Bond Committee, the Bond Committee, on behalf of the City, is hereby authorized: (i) to establish a property tax intercept procedure and a debt service payment fund pursuant to Chapter 117 of the Connecticut Statutes, §7-560 et seq., and other Chapters of the Connecticut Statutes, on such terms as a majority of the Bond Committee deem necessary or appropriate, and (ii) to take all further actions which a majority of the Bond Committee deem necessary or appropriate to so secure the Bonds or which are contemplated by law. A majority of the Bond Committee, if they determine it to be advisable, necessary or appropriate, is authorized, on behalf of the City, to enter into an indenture of trust and/or a supplemental indenture of trust to any existing indenture of the City (collectively, the “Indenture”) with a bank or trust company located within or without the State of Connecticut (the “Trustee”), and to covenant: (i) if the Bonds are issued pursuant to such Indenture that all or a portion of the City's property taxes shall be paid to the Trustee and be held in trust for the benefit of the holders of the

Bonds as provided in Chapter 117 and other Chapters of the Connecticut Statutes, and (ii) the terms on which any payments or reserves securing the payment of the Bonds will be paid, and the terms of any reserve or other fund for the benefit of the holders of the Bonds; and, in any event, to amend or supplement the Indenture containing such terms and conditions as a majority of the Bond Committee shall determine to be necessary or advisable and in the best interest of the City, the execution thereof to be conclusive evidence of such determination.

Section 6. The issue of the Obligations aforesaid and of all other bonds or notes of the City heretofore authorized but not yet issued, as of the effective date of this Ordinance, would not cause the indebtedness of the City to exceed any debt limit calculated in accordance with law.

Section 7. The City is authorized to make temporary borrowings in anticipation of the receipt of the proceeds of any series of said Bonds or any anticipated amounts of State and Federal grants in aid for the Project. Notes evidencing such borrowings shall be signed by the manual or facsimile signatures of a majority of the Bond Committee, have the seal of the City or a facsimile thereof affixed, be payable at a bank or trust company designated by a majority of the Bond Committee, be certified by a bank or trust company designated by a majority of the Bond Committee, pursuant to Section 7-373 of the Connecticut Statutes, and be approved as to their legality by the City's bond counsel. Notes shall be sold in competitive offering or by negotiation as determined by a majority of the Bond Committee. If sold in a competitive offering, the notes shall be sold by a majority of the Bond Committee at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City, by sealed proposals, auction or other comparative method. If the notes are sold by negotiation, the purchase contract shall be signed by a majority of the Bond Committee. The notes shall be issued with maturity dates which comply with the provisions of the Connecticut Statutes that govern the issuance of such notes. The notes shall be general obligations of the City and shall comply with all requirements of law, including any debt limit, relating to the authorization or issuance of such notes. The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said Bonds, shall be included as a cost of the Project. Upon the sale of said Bonds the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such temporary borrowings then outstanding or shall be deposited with a bank or trust company in trust for such purpose. The City is also authorized to issue notes in anticipation of the receipt of grants, if applicable, and a majority of the Bond Committee shall determine the terms and conditions of such issuance.

Section 8. For the Project, \$1,161,000 of interim funding obligations and project loan obligations or any other obligations of the City evidencing an obligation to repay any portion of the costs of the Project determined by the State of Connecticut Department of Energy and Environmental Protection, Public Health or other department as applicable to be eligible for funding under Section 22a-475 et seq. of the Connecticut General Statutes, as the same may be amended from time to time (the "Clean Water Fund Program") plus an additional amount for all necessary and appropriate financing costs not in excess of three percent of the cost of the Project, or so much thereof as may be necessary for said purpose (the "Clean Water Fund Obligations"), may be issued, maturing not later than the twentieth year after their date, or such later date as may be allowed by law. The Clean Water Fund Obligations may be issued in one or more series as shall be determined by the Bond Committee, and the amount of Clean Water Fund Obligations of each series to be issued shall be fixed by a majority of the Bond Committee. The Clean Water Fund Obligations shall be issued in an amount up to the City's share of the cost of the Project

determined after considering the estimated amount of any State and Federal grants in aid for the Project, or the actual amount thereof if such amount is ascertainable, and the anticipated times of receipt thereof. The issuance of the Clean Water Fund Obligations and of all other bonds or notes of the City heretofore authorized but not yet issued, as of the effective date of this Ordinance, would not cause the indebtedness of the City to exceed any debt limit calculated in accordance with law. The Clean Water Fund Obligations shall be executed in the name and on behalf of the City by the manual or facsimile signatures of a majority of the Bond Committee, bear the City seal or a facsimile thereof. The Clean Water Fund Obligations may be general obligations of the City and shall comply with all requirements of law, including any debt limit, relating to the authorization or issuance of such Clean Water Fund Obligations. The Clean Water Fund Obligations may also be secured as to both principal and interest, to the extent permitted by law, by a pledge of certain revenues or benefit assessments or both. The aggregate principal amount of the Clean Water Fund Obligations, installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such Clean Water Fund Obligations, including the rate or rates of interest, any repayment agreements or memoranda of understanding, shall be determined by a majority of the Bond Committee, in accordance with the requirements of the Connecticut Statutes; and

(b) any combination of Obligations and Clean Water Fund Obligations for the Project as set forth in the preceding sections may be issued, provided that the total, aggregate principal amount thereof issued, and including the amount of any grant funding obtained, shall not exceed \$1,161,000 plus an amount needed for necessary and appropriate financing costs related to the Project.

Section 9. Resolution of Official Intent to Reimburse Expenditures with Borrowings. The City hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid 60 days prior to and after the date of passage of this Ordinance in the maximum amount and for the Project described above with the proceeds of bonds, notes, or other obligations authorized to be issued by the City. Such obligations shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the project, or such later date the Regulations may authorize. The City hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Director of Finance or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement obligations, and to amend this declaration.

Section 10. The Director of Finance is hereby authorized to exercise all powers conferred by section 3-20e of the Connecticut Statutes with respect to secondary market disclosure and to provide annual information and notices of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds, notes or other obligations authorized by this Ordinance.

Section 11. The Mayor, the Director of Finance and any other duly authorized City, Board of Education or WPCA official is authorized to seek grants and other contributions for the costs of the Project. Any such grants or contribution received prior to the issuance of any Obligations or Clean Water Fund Obligations authorized herein shall be applied to the costs of the Project or to pay at maturity the principal of any outstanding bond anticipation note, grant anticipation note or other temporary obligation issued pursuant this Ordinance and shall reduce

the amount of Obligations or Clean Water Fund Obligations that can be issued pursuant to this Ordinance. If such grants and contributions are received after the issuance of any Bonds or Clean Water Fund Obligations, they shall be applied to pay either non-financed portions of the Project or debt service on the Bonds or Clean Water Fund Obligations provided such application does not adversely affect the tax-exempt status of the Bonds or Clean Water Fund Obligations.

Section 12. This Ordinance shall be effective immediately upon the Mayor's signature.
