1. Call to order

The meeting was called to order at 10:06 a.m. by Commission Chair LeBlanc. He noted that today's meeting was the first opportunity for the newer Commissioners to meet in person for a Commission meeting.

2. Approval of the meeting minutes of February 19, 2025, Meeting

The February 19th minutes were unanimously approved.

3. FY 2023 and 2024 Municipal Audit Reports Update

Mr. Plummer provided a 4-year comparison of municipal audit report submissions from FY 2021-2024. The data reflects that FY 2024 audit report submissions by the December 31st statutory due date have improved as compared to FY 2022 and 2023 audit reports and are now back to the submission levels of FY 2021 audit reports. He indicated, however, that OPM continues to seek timelier audit submissions. For the FY 2023 audit reports, the reports must be submitted by June 30, 2024, to avoid becoming delinquent. There are two outstanding FY 2023 audit reports that being East Lyme and Wethersfield. The Town of Marlborough submitted yesterday, its FY 2023 audit report to OPM.

Mr. Plummer indicated that there are typically 5 or 6 delinquent audit reports that are submitted significantly well after the statutory 6-month extension period. OPM requested written updates from Danbury, Middletown, and Stamford, as these 3 municipalities were significantly late in their FY 2023 audit report submissions, well beyond the due date and extension submission period. The updates in today's packets provide a timetable and plan to achieve more timely audit submissions with the objective of submitting the audit reports within the statutory time frame allowed by State Law.

Commissioner LeBlanc noted that officials from East Lyme and Wethersfield will update the Commission on their FY 2023 audit and their plans going forward for their FY 2024 and 2025 audits.

a) Town of East Lyme:

Commissioner Marien noted for the record that she is not independent with respect to East Lyme.

First Selectman Dan Cunningham and Finance Director Kevin Gervais introduced themselves. Mr. Gervais indicated that he was hoping to have the FY 2023 audit report issued prior to today's meeting, but the Town encountered a snag. He described the four open items that needed to be completed for the audit report to be issued, with the primary open item related to sewer assessment fund receivables.

As to the FY 2024 audit, Mr. Gervais does not foresee the audit taking as long as FY 2023. Schedules have been cleaned up and reconciled. These records are in audit ready status for FY 2024. This same process would occur for the FY 2025 audit. Mr. Gervais is uncertain as to when its audit firm will be available to begin the FY 2024 audit as this time of year is typically the busy season for auditors. Commissioner Sullivan recommended that in preparing for the FY 2024 audit, the Town should meet with its auditor to establish a firm timeline and to prevent further delays. In addition, the Town should seek efficiencies where possible, to simultaneously prepare its FY 2024 and 2025 financial records and schedules. In regard to Commissioner LeBlanc's inquiry on the FY 2025-26 budget, Mr. Gervais indicated that the budget had not yet been adopted and would be going to referendum.

Commissioners expressed their appreciation for today's presentation from the Town.

b) Town of Marlborough

Commissioner LeBlanc provided an update based upon information submitted by Marlborough for today's meeting as the Town indicated in would not be in attendance. He indicated that the FY 2023 audit was submitted on May 6, 2025 and provided a brief update on the audit results. Interim Finance Director, Linda Savitsky notified OPM that the Town had retained a former finance director in a consulting capacity to prepare for the FY 2024 and 2025 audits. Now that the FY 2023 audit has been completed, the Town plans to search for a permanent Finance Director and is targeting to fill the position around August of 2025. The Town will be going out to bid on the FY 2025 audit.

c) Town of Wethersfield

Commissioner Sielman stated that the Town of Wethersfield was a client of her firm.

Commissioner LeBlanc noted that this is the first time that representatives of the Town will be meeting with the Commission for an update on the Town's outstanding audit reports. Town Manager Fred Presley and Finance Director Michael O'Neil introduced themselves. Mr. Presley indicated that the primary cause of the late audits for the past couple of years was due to staffing shortages, including significant turnover in personnel. Mr. Presley was hired in 2022 and became the 5th Town Manager in a 4-year period. The Town has also had four HR directors in that same time span, requiring Mr. O'Neil to fill in as the HR Director at times. The Town was also without an Assessor for eight months. In addition, the Town's Tax Collector was ill for several months, while at the same time the Town had lost its Assistant Tax Collector. This occurred right in the middle of tax season. This Tax Office staffing shortage required the Finance Department to complete that function. Mr. Presley believes the personnel problem has now been resolved.

Mr. O'Neil provided a brief update on the Town's unaudited financial results for FY 2023 and FY 2024. Regarding the FY 2023 audit, the Town's audit firm conducted field work in May of 2024, but there were still several open items, including the Tax Collector's Report, capital assets, and compensated absences. The audit was put on hold until those items were resolved. Due to a family-related matter, Mr. O'Neil was not able to work on the open items until the start of the calendar year 2025. He believes that the open items have been resolved and has communicated this to the audit firm. It is now up to the audit firm to review the information and complete the FY 2023 audit.

Regarding the FY 2024 audit, Mr. O'Neil believes that the Town is approximately 50% complete in preparing its records. Bank reconciliations are up-to-date, and he is not aware of any significant item that should hold up the FY 2024 audit now that the Town is fully staffed. Several processes previously done manually have been automated. Commissioner LeBlanc inquired whether Mr. O'Neil believed that the FY 2024 audit report could be issued by the end of the summer. Mr. O'Neil stated that the Town is making the FY 2024 audit a priority. However, the schedule of the audit firm needs to be taken into consideration.

Commissioners expressed their appreciation for today's presentation from the Town.

4. City of Derby

Commissioner Rybacki noted for the record that the City of Derby is a client of his firm.

Mayor DiMartino introduced himself and Finance Director Brian Hall. He indicated that all open positions have now been filled. Mr. Hall stated that the FY 2024 audit has one remaining open item, that being the reconciliation between the City and its Board of Education. He believes that this will be done by the end of the month allowing the audit firm to soon thereafter finalize the FY 2024 audit.

Mr. Hall is projecting a \$1.4 million budgetary operating surplus for FY 2023-24. For FY 2024-25, the City is projecting revenues approximately equal to expenditures for the fiscal year. Mr. Hall reminded Commissioners that the City had to assess a significant tax increase for FY 2024-25 in budgeting for realistic expenditures and the financing of such expenditures. For FY 2025-26 the City has adopted a flat budget with no tax increase. The FY 2025-26 WPCA budget is expected to be approved in the next few weeks. The Town has recently put out an RFP for audit services for the FY 2025 audit and expects to appoint an audit firm by June 1st.

Commissioner Waldron recommended that the City consider moving its police private duty revenues and expenditure outside of the General Fund. Budgeting for items such as police private duty can distort budgetary results leading to incorrect assumptions. Commissioner LeBlanc supported Commissioner Waldron's recommendation to Mr. Hall and requested that he review what items currently budgeted for in the General Fund should be reflected in other funds apart from the General Fund such as self-insured healthcare costs. Mr. Hall stated that the City will soon be moving to the State Partnership Health Plan. Commissioner Marien inquired about the Town's use of encumbrances

and the accounting system used on the City side. These questions and several others posed by Commissioners were answered by Mr. Hall.

Commissioners expressed their appreciation for the City's attendance at today's meeting.

5. Town of Hamden

Mayor Lauren Garrett introduced herself. She indicated that the Finance Office is fully staffed except for the Finance Director position. The Town has made an offer to a candidate and is awaiting a response. The Town had a 6-month vacancy in its Accountant position. The vacancies have led to a delay in the completion of the FY 2024 audit. The position has now been filled, and training was provided. She referenced the list of open items provided in today's meeting packet. The Staff Accountant is now working through the FY 2024 audit. He is also preparing for the FY 2025 audit for which the Town believes will be completed on time. The FY 2024 audit is expected to be completed by May 30, 2025. The Town is projecting a \$10 million budgetary surplus for FY 2024-25.

The FY 2025-26 proposed budget was presented and sent to the legislative council. It includes a 4.5% increase over the prior year. The Council is considering a possible phase-in of the 2024 revaluation. All ARPA funds have been obligated, and the majority have been expended. Commissioner LeBlanc noted that the Town was projecting a \$4 million budgetary operating deficit for FY 2024-25 and requested further details. Mayor Garrett indicated the projected deficit had two primary causes. (1) The Town received its latest defined benefit pension plan valuation that reflected an increase in the ADEC more than what the Town had budgeted for. The ADEC increase was primarily due to having settled contracts with various bargaining groups that called for salary increases including retroactive payments that were now reflected in the latest pension valuation. (2) The City participates in the CT Municipal Employees Retirement System (CMERS), the Town did not adequately budget the ADEC amount required by CMERS. The City has proposed an appropriation from fund balance to offset the projected increased expenditure.

Commissioner Sielman posed several questions to Mayor Garrett regarding the increased pension costs due to the pension valuation and increased charge from CMERS. She made several recommendations to Mayor Garrett including the retention of an actuarial audit of the pension plan. The primary objective of the recommendations was to ensure that the pension plan liability was being adequately measured and thereby ensuring that contributions are being made in sufficient amounts to fund the pension liability over time. Commissioner Genovese inquired about how much consideration and work had been done regarding the possible phase-in of the revaluation. Mayor Garrett indicated that there was considerable analysis and offered to provide further details to OPM and the Commission. Commissioner Rybacki recalled that there was significant bond restructuring done over several years and inquired as to whether such restructuring had now ceased. Mayor Garrett described the restructuring strategy and indicated it was partially intended to increase fund balance. In general, she is not in favor of restructuring because it can cause a burden upon future budgets through the delay of debt service payments in earlier years. She is not opposed to restructuring being used as a tool for specific purposes. Commissioner Rybacki expressed his appreciation for Mayor Garrett's view on bond restructuring being done to achieve overall savings as opposed to delaying debt payments. Commissioner LeBlanc recommended that if the FY 2024 audit is delayed beyond the end of May, the Mayor prioritizes issuance of the FY 2024 audit report no later than June 30, 2025.

Commissioners thanked Mayor Garrett for attending today's meeting.

6. Town of Plymouth

Commissioner Sielman stated that the Town of Plymouth was a client of her firm.

Finance Director Vijay Dora introduced himself and indicated that he recently became the Town's Finance Director back in December. The FY 2025-26 was adopted on April 22nd. The FY 2024 audit

is still in progress and there is one open item regarding certain receivables. The Town is projecting issuance of the FY 2024 audit report by the end of June. However, the Town retained a new audit firm for the FY 2024 audit and the June projection date is based upon the auditor having the availability to complete the audit. Mr. Dora believes the FY 2025 audit will be completed in a shorter time frame now that he has been with the Town and has become more familiar with the Town's accounting system. Commissioner LeBlanc recommended that Mr. Dora work with his audit firm to prioritize issuance of the FY 2024 audit report by June 30, 2025.

Regarding ARPA, Mr. Dora indicated that the Town had established an ARPA committee, and he believes most of the funds have been expended. There are two projects that have yet to be completed, each for approximately \$300,000. Commissioners inquired whether the two projects had been properly obligated by December 31, 2024, in accordance with Federal rules. Mr. Dora indicated a belief that the projects were obligated but that he would verify and inform the Commission.

Commissioners thanked Mr. Dora for attending today's meeting.

7. Other Business

Commissioner LeBlanc stated that the next meeting of the Commission is scheduled for September 10, 2025. It was scheduled as a virtual TEAMS meeting. OPM is seeking feedback on whether Commissioners would prefer to have the September meeting be an in-person meeting.

Several Commissioners recommended that OPM transmit to municipalities again its Guidance and Checklist for Facilitating a Timely Audit to municipalities. Frequent transmission of the document would be beneficial to municipalities.

8. Adjournment:

The meeting adjourned at 11:26 a.m.

Respectfully submitted,

Kimberly Kennison
Commission Secretary

To: Chairman Michael LeBlanc

CC: Municipal Finance Advisory Commission; Kimberly Kennison, Executive Financial Officer

Date: September 2, 2025

Subject: City of Ansonia – September MFAC Report

Chairman LeBlanc,

Please see below and the attached document for inclusion in the City's initial report to the Commission for the September meeting.

FY 2024–25 Budget vs. Actual Results (Revenue & Expenditure Variances)

There are significant variances in certain revenue and expenditure line items, particularly *Operating Transfers In* and *Operating Transfers Out*. These variances are largely attributable to the sale of proceeds from the WPCA, proceeds from BANS and the Carport project. The funds from the WPCA sale were first received into the General Fund, then moved into the WPCA 554 MM account. Subsequently BANS and WPCA sale funds were transferred to the Capital Fund to cover the Johnson Controls Project and Referendum project payments. To provide additional clarity, we have attached a detailed spreadsheet that traces this activity and highlights the operating in/out lines for Commissioners' review.

Status of the FY 2024–25 Audit

The City and Board of Education both uploaded documentation to the Auditor this past week. The majority of these files included the records necessary for the auditor to make sampling selections and begin testing, which is the first step in the audit process. Examples of records uploaded include check listings, closed purchase order reports, the Assessor's Grand List, and the Certificate of Changes. In addition, supporting documentation such as IRS Form 941s, 1099s, 1096, and Union contracts have also been provided. Based on current progress, the audit remains on track and is expected to be completed and issued by **December 31, 2025**.

Vacancies

As of early 2025, the BOE successfully hired a new Business Manager, bringing its team to full staffing levels after several years. The City's Finance Department also continues to operate at full staff. At present, there are **no open finance positions** for either the City or the BOE.

Corrective Action Plan Status

The City submitted a corrective action plan addressing the two financial statement audit findings from the FY 2024 State Single Audit report. Both findings related to Board of Education entries, which had been delayed due to personnel changes. As the BOE is a department of the City, there are balance sheet accounts that must be reconciled across both entities—for example, the BOE Payroll bank account, BOE Operating bank account, and “Due from BOE” receivables (for tuition owed at year-end by other municipalities, typically collected in the subsequent fiscal year). Resolution required a full analysis and reconciliation of the BOE accounts to ensure balances aligned on both sides of the ledger. This work has been addressed under the corrective action plan, and implementation measures are in place to prevent recurrence.

The City of Ansonia looks forward to working with you and the Commission in the coming months. We see this as an opportunity to openly review the City’s audit and results, and to engage in constructive dialogue on ways we can strengthen our financial operations to better serve our residents. Should you or any Commission member have questions or require additional information, please do not hesitate to contact me.

Sincerely,

W. Kurt Miller
Budget Director

SIGNIFICANT DEFICIENCIES OR MATERIAL WEAKNESSES RECOMMENDATIONS

II. FINANCIAL STATEMENT FINDINGS

Our report on internal control over financial reporting indicated the following significant deficiencies:

***24-01 Double-Entry Accounting System**

Finding: The City does not use double-entry accounting for all funds.

Criteria: The use of a double-entry accounting software system, including the preparation of a balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting for all Special Revenue Funds, Fiduciary Funds and its long-term debt and fixed assets.

Condition: The City does not maintain a double-entry accounting system or process a general ledger utilizing an accounting software system for all Special Revenue Funds, Fiduciary Funds and its long-term debt and fixed assets.

Cause: The financial activity is maintained annually on ledger sheets for most of these funds and for others the only sources of documentation are canceled checks and bank statements

Effect: The City does not have the ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and prepare meaningful financial reports.

Recommendation: We recommend that the City adopt a general ledger accounting software system for all funds and activities, including federal and state financial assistance funds. The use of a double-entry accounting software system, including the preparation of a balanced general ledger would improve the City's ability to detect accounting errors, provide the basis for monthly account and ledger reconciliations, and facilitate financial reporting. The Chart of Accounts, developed for the General Fund, should be utilized for the other funds of the City to ensure consistency with account names and numbers and to develop an internal reporting package.

Management's

Response: The BOE Operations, Grant, and Student Activity Funds don't utilize double-entry accounting. The BOE utilizes different accounting software and a different chart of accounts. There are no plans to consolidate financial systems and charts of accounts. The BOE will attempt to utilize double-entry accounting on their system and create a functional balance sheet for the 24-25 FY with the assistance of a consultant. The City implemented new accounting software for the 23-24 FY. The utilization of this software to track fixed assets and long-term debt is something that will be researched during the 25-26 FY.

***24-02 Bank Reconciliations and Approval of Bank Reconciliations**

Finding: Bank reconciliations were not formally prepared during the year for general fund checking accounts.

Criteria: The Finance Department personnel should be preparing the bank reconciliations, and the Finance Director should formally approve the bank reconciliations on all City bank accounts.

Cause: Lack of formal procedures.

Effect: Possible material errors could occur and not be detected in a timely manner.

Recommendation: We recommend that all bank reconciliations be prepared by the Finance department within a reasonable period after the month end. These reconciliations should then be reviewed by the Finance Director for accuracy and completeness.

Management's

Response: We agree with the recommendation. Staffing challenges within the finance department forced the finance director to prepare many of the bank reconciliations, which were not done in a timely manner. The lack of an accurate balance sheet on the BOE accounting system has made the bank reconciliations at the BOE inaccurate. Staffing challenges still exist, and due to the audit timing, numerous 23-24 closing entries will need to be done; however, I expect that the finance department can begin preparing bank reconciliations for the finance director to review in a timely manner starting in the 25-26 FY. The BOE is attempting to create a balance sheet in their system for the 24-25 FY with the assistance of a consultant. This should allow them to produce proper bank reconciliations in a timely manner for the 25-26 FY.

***24-03 Availability of financial information**

Finding: During the audit process, information from various departments related to numerous audit schedules and related information was unavailable in a timely manner. The City's audit for the year ended June 30, 2024, did not start until October 2024. In addition, some schedules and required information were not available for audit until April 2025.

Criteria: Information related to financial statements should be presented at the close of the fiscal year or at a reasonable time thereafter.

Mayor Joseph DiMartino
One Elizabeth Street
City of Derby, Connecticut 06418
joedimartino@derbyct.gov

Cause: Lack of monthly and year-end closing procedures.

Effect: The timely availability of information related to the financial statements has delayed the completion of the audited financial statements and other submissions that rely upon the audited financial statements.

Recommendation: The preparation of information relative to the financial statements in accordance with the City of Derby, Connecticut's reporting requirements should be provided in a timely manner. Schedules, reports and other financial information related to the City's financial condition should be maintained monthly throughout the year, forwarded to the Finance Department when that information becomes available and reconciled to the books and records of the City. A review of the financial statements should be done by accounting personnel to determine that all schedules and records are provided timely.

Management's

Response: The City's continued late audits have created a cyclical problem whereby the preparation of the information related to financial statements needed for the following year's audit continues to be delayed, resulting in continued audit timings delays. Our goal is to reduce the delays for the 24-25 FY audit so that we can be compliant for the 25-26 FY audit.

***24-04 Reconciliation of City and Board of Education Accounts**

Finding: The Board of Education cash, accounts receivable, accounts payable, income and expenditures and City corresponding accounts were not reconciled at year end. In addition, there were several instances of netting of revenues against expenditures in the Board of Education expenditures.

Criteria: A formal reconciliation should be performed monthly to ensure agreement of the City's general ledger accounts with the Board of Education records.

Cause: No formal reconciliation process is being performed between the City and Board of Education monthly.

Effect: Adjustment to various cash accounts and liability accounts were required.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash, accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditure ledgers that are already being utilized to have a complete self-balancing set of accounts. The reconciliations should be to the general ledger. This will assist to quickly identify variances. That information should be timely shared between the City and Board of Education to ensure that both the City and Board of Education ledgers agree. Expenditures should be reported at gross amounts and any amounts received should be communicated to the City so those receipts can be properly classified and recorded. Various refunds that take

place after the fiscal year for the previous fiscal year's expenditures that were incurred and paid by the City should be returned to the City.

Management's Response: We agree with the recommendation, however until the BOE implements a double-entry accounting process and creates better financial processes, we expect that the reconciliation process between the BOE and the City will continue to be delayed and flawed. However, if the BOE can better utilize their accounting systems starting in 24-25 FY, then this finding may be able to be remediated for the 25-26 FY audit.

***24-05 Cash Account Activity- General Fund Operating and Board of Education**

Finding: Various cash accounts had activity that was found not to be recorded or recorded in net amounts.

Criteria: All cash activity should be recorded in the City's general ledger.

Cause: Lack of policies and procedures.

Effect: Cash accounts contained significant errors that were not corrected by the Finance Department timely.

Recommendation: We recommend that all cash transactions be reflected in the general ledger and that transactions are reported at their gross amounts. In addition, accounts that have separate bank statements have separate general ledger accounts. All cash accounts should be reconciled monthly and reviewed by the comptroller.

Management's Response: Until the bank reconciliation process is implemented that was detailed in *24-02, we would expect that there will continue to be challenges with the recording of cash transactions. If the bank reconciliation process can be fixed in 25-26, then we would expect that the recording for cash transactions will be remedied as well.

***24-06 Comingling of Funds**

Finding: The Board of Education maintains one cash account for operations and grants. The comingling of operational and grant monies makes it difficult if not impossible to reconcile with the City.

Mayor Joseph DiMartino
One Elizabeth Street
City of Derby, Connecticut 06418
joedimartino@derbyct.gov

Criteria: A separate bank account should be maintained for grant income and expenditures to properly track inflows and outflows of grant monies. Assets such as grants receivable and liabilities such as deferred inflows and accounts payable should also be recorded and reconciled monthly.

Cause: Improper classification of grant funds.

Effect: Significant errors can occur and not be timely detected. Also see findings 24-01, 24-04 and 24-05.

Recommendation: We recommend that the Board of Education utilize the accounting system to reconcile cash, accounts receivable, accounts payable, deferred inflows of financial resources in addition to the income and expenditures for educational grants. In addition, we recommend moving the grant accounting from the General Fund to a Special Revenue Fund where it is better classified.

Management's

Response: The Board of Education will need to improve its understanding of their financial system and financial processes before this finding will be remediated. The Board of Education has hired a consultant to help them remediate this finding, however the expected time to fix this issue will be 25-26 FY at the earliest.

Municipal Finance Advisory Commission (MFAC)
Hartford, CT

RE: Mayor's Status Update, Finance Staffing, Audit Timeline, Operating Budget

Dear Chairman LeBlanc:

On July 8, 2025, I announced that I would not be seeking re-election for Mayor of the Town of Hamden. It has been the honor of my life to serve as mayor and steer Hamden towards true fiscal health and stability.

As mayor over the past four years, I have increased the Town's bond ratings, updated the Town's Fiscal Structure and Policy Manual for the first time in 30 years, grown the fund balance to over \$30 million, and secured more than \$50 million in grants.

Thank you for the opportunity to work with the MFAC. The guidance I have received from members of the Commission has helped strengthen the Town's financial management and contributed to reducing our long-term liabilities. Leading the Town of Hamden has been my honor, and leaving the Town in a better place than I found it has been my esteemed obligation.

Staffing

The Finance Director position is posted for recruitment. The Legislative Council has recently permitted us to increase the salary to make the position more competitive. Aside from the Finance Director, we are fully staffed in Finance. The Board of Education has a fully staffed finance team. The Town of Hamden Charter prevents the mayor from entering into employment contracts within 90 days of leaving office, making it difficult to recruit a full-time Finance Director. Our former auditor is working part-time in the Finance Office to assist us temporarily until the next administration is able to hire a Finance Director.

FY 24 Budget to Actuals

The attached FY24 budget to actuals remains unchanged. Munis reports are linked below.

<https://www.hamden.com/DocumentCenter/View/11387/Revenue---FISCAL-YEAR-23-24-YEAR-END-REPORT>

<https://www.hamden.com/DocumentCenter/View/11386/Expense----FISCAL-YEAR-23-24-YEAR-END-REPORT>

FY 24 Audit Timeline

At the end of 2023 and the beginning of 2024, the Town had a vacancy in the accountant position. While we have hired an accountant, we were behind on reconciling our funds. The Finance Department has submitted the requested documents to the auditor, CBIZ. We are following up with any questions. CBIZ has the trial balances, so they can build out the financial statements. The previous auditor is working with the finance department and the new auditor to reconcile the beginning balance.

FY 25 Budget to Actuals

The attached summary and munis reports are preliminary. We have outstanding invoices required to close out the year.

FY 25 Audit Timeline

Our accountant has already begun reconciling accounts for FY25, and we are ready for testing. The closeout of FY25 and preparations for the audit are on schedule.

Revaluation Phase-in

On June 5th, 2025, the Hamden Legislative Council voted in favor of a four-year phase-in plan following the Town's most recent property revaluation dated October 1, 2024.

The approved phase-in program will impact the October 1, 2024, October 1, 2025, October 1, 2026, and October 1, 2027 grand lists.

The four-year implementation of the phase-in for the above years will apply a factor of 25% per year to such increases in the assessments resulting from said revaluation for all parcels of real estate property, regardless of property classification.

FY 25-26 Adopted Budget Major Assumptions

This year, we rolled out new budget software that improves the end-user experience and creates more efficiency in the budget process. The public sees more transparency with 5 years of actuals for revenue and expense lines. The budget book is searchable and interactive, allowing the public to see percentage variances and bar graphs for departments.

The Legislative Council adopted the Town Approved Budget for Fiscal Year 2024-2025 on June 5, 2025. The mill rate is set at 51.88 with a 4-year phase-in of the October 1, 2024 grand list.

We have assumed a 98% tax collection rate for FY 2024-2025. This is the same collection rate as last fiscal year. There are no new initiatives included in this budget. The budget was built based on 5 years of past actuals. The approved budget utilizes \$9 million from the fund balance and \$7 million in town-wide savings for a total approved budget of \$304,790,424.29

Respectfully submitted,

Lauren Garrett

Town of Plymouth

Update – August 2025

ARPA Funds

An ad hoc Committee has been established to oversee the ARPA Funds. The ARPA Committee consists of 2 Town Council members, 2 Board of Finance members, The Mayor and a town citizen.

Currently, \$2,987K of ARPA funds are expended for various projects. Forty-four (44) projects were approved by the ARPA Committee, Board of Finance and the Town Council with a total budget of \$3,305,097. See attached detail.

Finance Office Staffing

The Town of Plymouth hired a new Finance Director in December 2024. The Finance Office currently consists of the Director of Finance, two (2) full-time staff accountants and a full-time Payroll/Accounts Payable Clerk.

FY2024 Audit

The auditors performed their preliminary field work during the week of January 15th, 2025, and their final field work for FY2024 Audit the week of February 9th. The auditors are in the final stages of preparing the audit report and submitting for review. We anticipate completion of the FY2024 Financial Statements by September 30, 2025.

Other Fiscal Related Matters

The Town is working on documenting purchasing, Extra Duty Fund and Parks & Recreation Revolving Fund policies.

The Town, working with Thomaston Savings Bank, converted their bank accounts to Insured Cash Sweep (ICS) accounts. The full amount of ICS funds is FDIC insured. The current interest rate on ICS accounts is 3.5%, up from the previous interest rate the Town was earning of 0.05%.

Audit Work Schedule with Corrective Measures

Name of Entity: TOWN OF PLYMOUTH

Projected Audit Completion Date: 9/30/2025

Instructions: Identify below each significant item that caused the delay in completing the FY 2024 audit. Enter the Corrective Measures taken or planned for each reason listed. If Finance office staffing shortage was a reason for the delayed audit, please describe improvements made or planned. If there are outstanding items to be provided to the audit firm in order for the auditor to complete the FY 2024 audit, please identify.

Reason for Late Audit (list each significant reason on a separate line below)	Corrective Measures Taken or Planned	Date Completed or Planned Completion Date	Name and Title of Person Responsible	Comments
The open items to be addressed per the Auditors' inquiries - 1) Receivable inquiry (for BOE - Cafeteria Fund, Police Extra Duty Fund, Sewer Operating, Capital and Non-Recurring, and General Fund). 2) Capital Assets Inquiry on Construction in Progress. There auditors may send additional open items to the town once the outstanding open items are reconciled and journalized as the other items can be identified only after the current open items are resolved.	The town has hired a consultant who was a previous auditor with the town and has through institutional knowledge to guide the Finance Department through the audit process and resolve the auditor's open items on receivable accounts, including deferred revenue accounts.	9/30/2025	Vijay Dora, Director of Finance	
The Town had a vacancy for a Director of Finance position for four months. The town had hired an Interim Director of Finance Position on a part-time basis until a new Director of Finance was selected. The town hired a new Finance Director on 12/20/2024. The finance staff, such as two accountants and one A/P and Payroll staff, were never involved in the audit process nor interacted with the auditors since they were hired.	The town had hired the Interim Director of Finance Position for four months until the new Director of Finance was selected. The Interim Director was on a part-time basis and used his time for the routine tasks, such as approving the requisitions, weekly and bi-weekly payroll, reviewing and approving the journal entries, closing the year end transactions, and supervising the finance staff. The limited time did not allow him to review and prepare for the audit. The new Finance Director, who the town hired on 12/20/2024, ensured that the staff are included and participating in the audit process, and thus far the Finance staff have submitted 95% of the required reports, such as trial balance, general ledger, bank reconciliations, statistical reports, A/P and payroll backup documents, fixed assets, capital assets, etc. to the auditors.	12/20/2024	The Mayor	
The town hired the Interim Director of Finance Position for four months. The Interim Director was on a part-time basis and used his time for the routine tasks, such as approving the requisitions, weekly and bi-weekly payroll, approving the journal entries, and supervising the finance staff. The limited time did not allow him to review and prepare for the audit.	The town promptly engaged a former auditor as a consultant, leveraging their institutional knowledge and familiarity with the audit process. The consultant will reconcile the accounts and create the necessary journal entries for all open receivable accounts, including deferred revenue and develop procedural manuals for various receivable accounts. This will empower the town's finance department staff to independently manage future outstanding receivable accounts and deferred revenue accounts, thereby streamlining the audit process.	9/30/2025	Vijay Dora, Director of Finance	
As mentioned earlier, the finance staff, such as two accountants and one A/P and Payroll staff, were never involved in the audit process nor interacted with the auditors. Additionally, the town does various reconciliations on BOE transactions, such as AR Intergovernmental, Intergovernmental revenue, etc. reconciling their bank account and the School Cafeteria Fund, etc. Although BOE reconciles its accounts in their system, the town basically duplicates the balance sheet accounts by reconciling and recording journal entries for its records on its system.	The staff is now actively participating in the audit process and has successfully submitted 95% of the required reports, including the trial balance, general ledger, bank reconciliations, statistical reports, accounts payable and payroll backup documents, fixed assets, and capital assets. The town will soon convene a meeting with BOE Finance officials to implement necessary changes to the financial records submission process. Moving forward, the town will eliminate the duplication of entries in its reconciliation process. Instead, all transaction history will be entered into the Infinite Virtual Financial System, which the BOE currently maintains in a third-party application. This significant change will prevent the town from recording DOE financial transactions, thereby reducing redundancy, saving time, and expediting the audit process.	8/31/2025	Vijay Dora, Director of Finance

I. – MFAC Authority, Membership and Reporting

1.1 MFAC Authority

- MFAC powers and responsibilities are provided in Chapters 111 and 117 of the General Statutes.
- MFAC charged with working with municipalities to improve upon their fiscal condition and financial practices.
- Municipalities are required to appear before the Commission and submit information requested.
- The Commission may designate a municipality as Tier I for any eligible municipality or any municipality that voluntarily applies for Tier I designation.
- See section 2.2 for automatic Tier 1 designations.

1.2 MFAC Membership Composition

- Composed of 8 members appointed by the Governor.
 - 4 Fiscal or Executive Officers of municipalities. One from each of the following population.
 - Municipality with a population under 10,000 or
 - Municipality with population of at least 10,000 but under 25,000
 - Municipality with population of at least 25,000 but under 75,000
 - Municipality with a population of 75,000 or higher
 - 3 professionals in municipal finance.
 - 1 representative from the State Office of Policy and Management.

1.3 Submittal Deadline

- Regular meetings are typically held every quarter (every 3 months). Municipalities are expected to provide updated quarterly information for each meeting.
- Materials are typically due on the Wednesday, two weeks prior to a scheduled MFAC meeting.
- On occasion, municipalities may be asked to submit materials a few days earlier due to a schedule change, holiday, or heavy agenda.

1.4 Quarterly Financial Reports

- Applies to:
 - All municipalities meeting with the MFAC on a regular basis due to a Tier I designation or on a voluntary basis due to their fiscal condition and/or financial practices.
 - The MFAC may require different or additional information from each municipality it meets with based upon the reason why the municipality is attending meetings with the Commission.
- Monthly financial reports should cover the General Fund, including the Board of Education, and any other funds, including enterprise or internal service funds for which the Commission requests.
- Non-recurring revenues and expenditures should be clearly identified and presented separately from recurring revenues and expenditures.
- The reports should be accompanied by a cover memo or summary sheet that conveys the overall status of the budget and highlights any current or projected significant variances in revenues or expenditures. The cover memo or summary sheet need not be elaborate. In most cases a bulleted list of summary points and highlights will suffice.
- The municipality and the Board of Education should coordinate on the preparation of the financial reports.

I. – MFAC Authority, Membership and Reporting

- Board of Education expenditure reports may be submitted as a separate report or incorporated into the overall General Fund monthly report.
 - If submitted separately, the General Fund report should include a line item for total Education expenditures which ties to the Board of Education's separate report. If the totals for Education do not tie due to timing of entries or similar procedural issue, a note explaining any discrepancy should be included.
 - If the Board of Education expenditures are to be incorporated into the overall General Fund report, a sufficient level of expenditure detail should be included. The Board of Education expenditures should be broken down, at a minimum, by the following expenditure categories (or similar categories):
 - Salaries and Wages
 - Employee Benefits
 - Tuition
 - Transportation
 - School Facilities/Operation of Plant
 - Purchased Services
 - Instruction
 - Fixed Charges
- Monthly financial reports should include, at a minimum, the following columns:
 - Prior Fiscal Year Actual (for reporting period)
 - Current Year Adopted Budget
 - Current Year Revised Budget
 - Current Year-to-Date Expended or Collected
 - Current Year-to-Date Expended or Collected as % of Budget
 - Current Year Projected (End of Year Projected)

1.5 Financial Practices Report

- The MFAC may request such reports due to findings provided in the audit reports, management letter comments, or recommendations made by the Commission for improvement upon financial practices.
 - Planned corrective action to change/improve upon financial practices.
 - Implementation dates and timelines.
 - Description of the implementation for the change/improvement made in financial practice to resolve audit findings and/or to implement recommendations made by the MFAC.

II. – Procedures for Tier Designations

2.1 Eligibility Criteria for Tier 1 Designation (MFAC Oversight)

- **Eligible for Designation:** Municipalities meeting one or more of the seven criteria below become eligible for Tier 1 designation by the MFAC.
 - A cumulative deficit fund balance
 - A cumulative fund balance of under 5% for the past three fiscal years ended
 - Operating deficits for two most current fiscal years and a cumulative fund balance of under 5% for the most current fiscal year
 - The issuance of tax or revenue anticipation notes for the past 3 fiscal years
 - Audit findings identified in the current year that were repeated in the two prior years' audits
 - An audit report not submitted to OPM within 12 months after the municipality's fiscal year end
 - A bond rating below A from any of the three rating agencies - Fitch, Moody's, S&P

2.2 Automatic Designation:

- Effective July 1, 2025, a municipality that has been designated by the State DECD as a distressed municipality for 15 or more consecutive years and that has a population of more than 15,000 but less than 20,000 (based upon 2020 decennial census), shall be automatically designated as a Tier 1 Municipality for fiscal years 2026 and 2027. (Public Act 25-168)

2.3 Procedures for Tier I Voluntary Application

- Tier 1 Voluntary Application by Municipality Not Currently Meeting Tier 1 Criteria (CGS 7-576a)
 - a. CEO of a municipality may apply in writing to the MFAC for Tier I designation by:
 - 1) stating his or her belief that the Municipality will meet one or more of the Tier I eligibility criteria within 24 months of the application and
 - 2) providing a report to the Commission that supports/confirms such belief.

2.4 Process for Tier 1 Designation by the MFAC – Eligible Municipalities

- MFAC to determine if an eligible municipality should be designated as Tier 1:
 - a. OPM to provide information to MFAC to assist the Commission with its determination:
 - 1) The criteria met by the municipality for Tier 1 eligibility.
 - i. For a municipality not currently meeting any of the eligibility Tier 1 criteria but applying for Tier 1 designation, OPM's review of the criteria the municipality believes it will meet within the next 24 months.
 - 2) A report on the municipality's fiscal condition and financial practices including other information that can assist the Commission in evaluating whether the municipality should be designated as Tier 1.
 - 3) May include recommendation from OPM for whether the municipality should be designated as Tier 1 based upon OPM's review and analysis.
 - b. MFAC may request a meeting with the municipality as part of the determination process.

- MFAC may recommend alternatives to Tier 1 designation including monitoring by OPM of the municipality or status updates to the Commission from the municipality.

2.5 Tier I Designated Municipality – Process for Tier II or Tier III Designation

- Tier II or Tier III Designation
 - a. **Application from Tier I Municipality:**
 - i. A municipality designated as Tier I by the MFAC that has an equalized mill rate of 30 or higher or municipal state aid of 30% of revenues or higher may apply to the Secretary for designation at Tier II or Tier III after having held one or more meetings with the MFAC . The MFAC will provide the Secretary with reports/findings on the municipality's financial condition to assist the Secretary in deciding on the Municipality's application for a higher tier designation.
 - ii. The Secretary shall designate a Tier I municipality at its requested Tier II or Tier III designation, if based upon the reports and findings of the MFAC, the Secretary determines that the fiscal condition of the municipality warrants such designation.
 - b. **MFAC Recommendation:**
 - i. The MFAC, after holding one or more meetings with a designated Tier I municipality, may recommend to the Secretary that the municipality be designated at Tier II or Tier III due to the municipality's financial condition. The Commission shall provide a report to the Secretary on the municipality's financial condition to support its recommendation for designation at a higher tier.
 - ii. No later than 45 days of having received the recommendation and report from the MFAC for a municipality's designation at a higher tier, the Secretary may reject or approve the recommendation. If the Secretary does not approve the recommendation within the 45-day period, the recommendation shall be deemed rejected.
 - c. **Automatic Tier 1 Designated Municipalities:**
 - i. A municipality that was automatically designated as a Tier 1 municipality must remain at Tier 1 for fiscal years 2026 and 2027.

III. - 5-Year Financial Plan

3.1 Background

A. Requirement

A designated Tier 1 municipality is required to provide the Commission a 5-Year Financial Plan according to Section 7-576a(b) of the General Statutes.

B. Due Date

The municipality attends one or more meetings with the MFAC before having to provide its 5-Year Plan to the Commission. The objective of the initial meetings with a municipality is for the MFAC to gain an understanding of the municipality's fiscal condition, the underlying reasons for its fiscal challenges and any unsound or irregular financial practices that may be contributing to the municipality's financial challenges. Upon obtaining this information, the Commission will request the municipality to provide it with its 5-Year plan to fiscal recovery and may request certain improvements in the municipality's financial practices as part of the 5-Year plan.

3.2 Content

A. Scope

- **Financial Data:** At a minimum, the 5-Year Financial Plan must include the municipality's General Fund. A municipality may be asked to provide additional information for other funds depending on the municipality's fund structure and the relationships among funds or impact of such funds upon the municipality's overall financial condition.
- **Financial Practices:** The plan must include a timeline for implementation of financial practices to correct audit findings and the late submissions of audit reports if applicable. The MFAC may identify other unsound or irregular financial practices for which it recommends implementation of proper financial practices as part of the 5-Year Plan. Full implementation often occurs in phases, such as securing additional monies through the budget process, hiring of additional staff, etc. before the recommended practice can be fully implemented.

B. Projection Period

- Revenues and expenditures should be forecasted for at least five years beyond the most current fiscal year adopted budget. The goal for implementing sound financial practices should be for full implementation as soon as reasonably possible over the 5-year period, understanding that additional resources may need to be secured in order to implement.

C. Financial Data - Prior and Current Fiscal Year

The plan should include the following:

- Prior fiscal year actual revenues and expenditures
- Current fiscal year budget with most current available actual results
- Current fiscal year projected (i.e. projected year-end amounts)

D. Fund Balance

For each fiscal year, the plan should also depict:

- Net Surplus/(Deficit)

- Beginning fund balance
- Ending fund balance

E. Revenue Categories:

At a minimum, revenue categories must include:

- Property Taxes
- Intergovernmental Revenue
- Permits, Licenses, Fines, Charges for Services
- Income from Investments
- Other Operating Revenues
- Identify each significant non-recurring revenue category on a separate line under the "non-recurring" heading.
- Transfers In
- Use of Fund Balance (if applicable)

Note: Non-recurring revenues must be presented separately from recurring revenues in order to compare recurring revenues to recurring expenditures. Ensure that any planned Use of Fund Balance is factored into calculations of beginning and ending fund balance as outlined in section 3.2 D.

F. Expenditure Categories:

At a minimum, expenditure categories must include:

- Municipal Operating Expenditures (may be listed by department or by object)
- Education Operating Expenditures (may be listed by department or by object)
- Existing Debt Service
- Future Debt Service (i.e. based on anticipated future debt issuance)
- Defined Benefit Pension Expense (i.e. ADEC expense plus other expenses related to managing pension funds)
- Health Insurance Expense
- Other Employee Benefits
- General Liability and Claims
- Capital Expenditures
- Contingency
- Identify each significant non-recurring expenditure category on a separate line under the "non-recurring" heading
- Transfers Out

Note: Non-recurring expenditures must be presented separately from recurring expenditures in order to compare recurring revenues to recurring expenditures and to assess the impact non-recurring revenues and expenditures may have on the municipality's 5-year plan.

III. - 5-Year Financial Plan

G. Assumptions

Major assumptions used to project revenues and expenditures must be explained, including:

- Grand List changes
- Mill rates
- Tax collection rates
- Other significant assumptions affecting revenues
- Employee salaries/wages
- Employee benefits
- Future/anticipated debt issuance:
 - Include an explanation of future debt issuance related to the municipality's capital improvement plan
 - Include an explanation for any restructuring of debt service on current outstanding debt that will impact the projections
- Other significant assumptions affecting expenditures
- Explanations for any significant one-time or non-recurring revenues or expenditures
- Use of Fund Balance: Explain reason for including Use of Fund Balance as a budgeted funding source. If the municipality has a fund balance policy, explain how the Use of Fund Balance meets the policy.

Explanations of assumptions should reference historical trends, development projects, labor contracts, rates of inflation and other data that supports the assumptions used.

3.3 Format

Based on the above guidance, the plan should include the following columns:

- Revenue or Expenditure Category
- Prior Year Actual
- Current Year Budget with most current available actual results
- Current Year Projected (with year-end projections)
- Year 1 Projected
- Year 2 Projected
- Year 3 Projected
- Year 4 Projected
- Year 5 Projected

An illustrative example of a preferred format for the 5-Year Financial Plan is provided in Appendix A. While the exact format does not need to be replicated, municipalities should use the overall structure as a guide and include, at a minimum, the revenue and expenditure categories in sections 3.2 E and F.

III. - 5-Year Financial Plan

3.4 Supplemental Materials

Municipalities are asked to submit the following supplemental materials (if available) along with the required 5-Year Financial Plan:

- Current 5-Year Capital Improvement Plan
- Amortization schedule of existing long-term debt (principal & interest separately listed for each year)
- Debt management policy
- Fund balance policy
- Budget policy
- Budget calendar
- Organization Chart: (must include Finance/Tax/Assessor/Payroll/HR Offices)

IV. - Tier I Termination

4.1 Removal From Tier I Designation

- A municipality designated as Tier I by the MFAC shall retain its Tier 1 Designation until the MFAC , by unanimous vote, terminates such Tier I designation based upon the Commission's evaluation of the municipality's financial condition and fiscal practices.
- A municipality that was designated as Tier I due to meeting the automatic designation criteria under Chapter 111 of the General Statutes, shall be automatically removed from its Tier I designation upon completing its 2-year designation for fiscal years 2026 and 2027.
