Dear Mesdames and Messrs.:

Pursuant to C.G.S. Section 3-37(b), please find attached the monthly report for the period ending June 27, 2012 which provides certain information regarding the State's cash position and bonding.

The report for June 2012 reflects an adequate overall cash balance. During the month, bond proceeds were temporarily transferred to and from the common cash pool in accordance with the State's longstanding and sanctioned practice for managing fluctuations in the flow of cash to and from separate funds. All funds were returned to bond funds by the end of the month. For your information, there were no transfers between the common cash pool and bond proceeds during July 2012.

The common cash pool continues to run behind levels of a year ago: the balance of \$320 million on July 28, 2012 was \$351 million below the similar point in 2011. We continue to anticipate managing the State's cash flow requirements throughout the fiscal year by use of the State's total available cash.
