Dear Mesdames and Messrs.:

Pursuant to C.G.S. Section 3-37(b), please find attached the monthly report for September 2013, which provides certain information regarding the State's cash position and bonding.

The report for September 2013 shows strong overall cash balances, which reflect improvements that began last December as a result of revenues exceeding projections and effective expenditure management. During the fiscal year, total available cash has averaged a robust \$1.9 billion, and the common cash pool -- which covers operating expenses -- has averaged approximately \$720 million. No transfers between bond proceeds investment accounts and the common cash pool have been necessary since April of 2013.

As I reported to you last month, given the strength of the State's current and projected cash positions, I will not renew the standby line of credit set to expire in December of 2013. The line of credit, while a useful contingency, was never drawn upon and no bank fees have been paid.
