Dear Mesdames and Messrs.:

Pursuant to Section 3-37(b) of the general statutes, attached you will find the monthly report for September 2014 which provides certain information regarding the State's cash position and bonding.

The report for September 2014 shows good overall cash balances. As of November 1, 2014, total available cash equaled \$1.5 billion and the common cash pool (which covers operating expenses) totaled \$340 million. No transfers between bond fund investment accounts and the common cash pool have been necessary since April 2013.

As reported to you in September, the state is engaged in discussions with the federal government regarding the amount of federal Medicaid reimbursements for expanded benefits under the federal Affordable Care Act. Pending final resolution of the issue, the federal government, at the State's request, has released approximately half of the previously deferred \$249.2 million for the quarter ending March 31, 2014. We continue to carefully monitor this situation and the potential impact on the State's future cash balances. At present, the State's available cash remains adequate to meet its obligations.

As always, I will keep you updated on developments with our cash flow. In the meantime, should you have any questions, please feel free to call on me.

Sincerely,

Christine Shaw
Deputy State Treasurer
