## INDEPENDENT AUDITORS' REPORT

Ms. Denise L. Nappier, Treasurer

Mr. J. Robert Galvin, M.D., Commissioner,  
Department of Public Health

Ms. Gina McCarthy, Commissioner,  
Department of Environmental Protection,  
State of Connecticut

We have audited the accompanying financial statements of the State of Connecticut Clean Water Fund – Drinking Water Federal Revolving Loan Account (State Revolving Fund) (SRF) (an enterprise fund of the State of Connecticut) as of and for the years ended June 30, 2005 and 2004, as listed in the table of contents. These financial statements are the responsibility of the SRF's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Clean Water Fund - Drinking Water Federal Revolving Loan Account and do not purport to, and do not, present fairly the financial statements of the State of Connecticut, as of June 30, 2005 and 2004, and the changes in its financial position and cash flows, where applicable, for the years then ended in conformity with U.S. generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the State of Connecticut Clean Water Fund – Drinking Water Federal Revolving Loan Account - SRF as of June 30, 2005 and 2004, and the changes in financial position and cash flows thereof for the years then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 26, 2005 on our consideration of the State of Connecticut Clean Water Fund – Drinking Water Federal Revolving Loan Account - SRF's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

The management's discussion and analysis on pages 3 through 7 is not a required part of the basic financial statements but is supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

DRINKING WATER FUND  
FISCAL YEAR ENDED JUNE 30, 2005**

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

---

This is a narrative overview and analysis of the activities of the State of Connecticut Drinking Water Fund for the fiscal year ended June 30, 2005. Readers are encouraged to review it in conjunction with the Fund's financial statements that follow.

The Drinking Water Fund has implemented Governmental Accounting Standards Board (GASB) Statement No. 40 as required during the fiscal year ending June 30, 2005.

### **Financial Highlights**

Changes in Net Assets - Fund net assets under management in the Drinking Water Fund at the close of fiscal year 2005 were \$59,326,083 (including assets of \$113,190,656 offset by liabilities of \$53,864,573) compared to fiscal year 2004 Fund net assets of \$57,979,060 (including assets of \$112,862,336 offset by liabilities of \$54,883,276). Fund net assets increased by \$1,347,023 or 2.32% primarily reflecting lower debt outstanding. The statement also shows restricted fund net assets of \$46,998,638 at the close of fiscal year 2005, an increase of \$1,919,105 or 4.26% above the 2004 balance.

Statement of Cash Flows – The Statement of Cash Flows shows a reduction in cash for the year of \$223,554.

Bonds Outstanding – No new bonds were issued during the fiscal year. The Fund's total bonds outstanding decreased to \$49,571,570 from \$51,084,399 due to scheduled amortization.

Loans Receivable – Total loans receivable decreased by \$3,678,620 from \$52,995,470 to \$49,316,850 due to loan repayments. Two loan commitments were executed in June 2005 but no cash advances were made against them.

Capitalization Grants – During the year, drawdowns were \$1,694,186 compared to \$5,011,400 in fiscal year 2004 because capitalization grants were drawn only for the drinking water set asides. At June 30, 2005, \$46,452,217 has been drawn from the federal EPA against the total of \$67,596,000 in cumulative drinking water capitalization grant awards.

## **Overview of the Financial Statements**

The Drinking Water Fund financial statements are reported by the Office of the Treasurer in conjunction with the Department of Public Health (DPH) and the Department of Environmental Protection (DEP). The Treasurer is responsible for the detailed financial information in the Drinking Water Fund financial statements.

The Drinking Water Fund is a part of the Clean Water Fund which is classified as an enterprise fund within the Proprietary Funds of the State of Connecticut. Proprietary Funds focus on the determination of the change in fund net assets, financial position, and cash flow for governmental activities that operate similar to a commercial enterprise. Proprietary funds use the accrual basis of accounting.

The Drinking Water Fund Balance Sheets, Statements of Revenues, Expenses and Changes in Fund Net Assets, and Statements of Cash Flows provide information about the activities of the Fund as a whole and present an overall view of the Fund's finances.

The Balance Sheets include all of the assets and liabilities of the Fund.

The Statements of Revenues, Expenses and Changes in Fund Net Assets divide the activities of the Fund into two categories:

1. Operating Activities, including the Drinking Water Loan program; and
2. Nonoperating Activities, including investment of funds and the Revenue Bond Program.

For the Drinking Water Loan Program activities, the statements indicate the amount of loans financed during the past year and the amount of capitalization grants remaining for future use. The statements indicate the amount of interest income generated by the investment of funds and describe the structure of the investments. For the Revenue Bond Program activities, these statements indicate the amount of the bonds retired during the year and the remaining amount of bonds to be repaid in the future. Fund financial statements also provide information about activities of the Fund as a recipient of federal capitalization grants. The Clean Water Fund issues revenue bonds and uses the proceeds to provide financing for Clean Water and Drinking Water projects. Where necessary, due to the issuance of bonds and investment activities for both the Clean Water Fund and Drinking Water Fund, interest income and expenses may be allocated between the Clean Water Fund and the Drinking Water Fund.

### **Net Assets**

Net Assets of the Drinking Water Fund are categorized as follows:

Restricted – includes net assets that have been restricted in use in accordance with the terms of an award, agreement or by state law.

Unrestricted – includes all net assets not restricted and available for any program purpose of the Drinking Water Fund.

The Clean Water Fund has issued bonds under three bond resolutions since 1991. Since 2001, the proceeds of these bonds have been used for both clean water and drinking water projects. The issuance of bonds under the third general bond resolution resulted in the creation of three additional fund accounts within the Drinking Water Fund accounts. Two of these accounts, the Senior Sinking Fund and the Support Fund, are restricted accounts and the General Revenue Revolving Fund account is unrestricted. All three accounts are held by the Trustee.

## **Operating Activities**

### **The Drinking Water Loan Program**

Loans are made to public water systems, owned by both municipalities and private entities, for project funding. There are two categories of loans, construction loans or interim funding obligations (IFOs) which accrue interest during construction and the long-term permanent financing obligations (PLOs) which are signed after projects are completed. The PLOs have 20 year repayment terms and can be prepaid at any time. There are no state grants available to participants in this program.

There were no construction loan draws in 2005. There were two loan originations during the year. There are no delinquent loans in the Drinking Water loan program. Further details about the loans can be found in the Notes to the Financial Statements.

Loan repayment collection services are provided by the Trustee, US Bank. Repayments on all loans made by the DPH and DEP since 1998 are paid to the Drinking Water Fund account held at US Bank. These funds provide security for the Bonds and any new Bonds issued thereafter.

## **Non-Operating Activities**

### **Investment of Funds**

The federal capitalization grants and state matching funds are used to provide leveraged financing for eligible projects. Federal capitalization grants and state matching funds are held by the Trustee in the form of cash, permitted investments, or State general obligation bonds.

The State currently invests a significant portion of the funds in the accounts created under the general bond resolution in investment agreements with financial institutions. The investment agreements are with, or guaranteed by, institutions with ratings at least equal to the rating on the Bonds given by Standard & Poor's and Moody's Investors Service. Certain monies currently held in the debt service reserve funds are invested pursuant to investment agreements, collateralized with securities issued or guaranteed by the U.S. Government or agencies or instrumentalities thereof whose market value is at least 100% of the funds invested.

## The Bond Program

The Connecticut Clean Water Fund has issued long-term debt obligations backed by the pledge of specific assets including loans, reserve funds and other program assets. There are three bond resolutions: the 1990 General Bond Resolution, the 1996 Subordinate Bond Resolution and the 2002 General Revenue Bond Resolution. Long-term debt obligations of the Fund are special obligations of the State which are payable only from the revenues or monies available in the Fund as provided in the Resolutions and the State Act. Since 2001, proceeds of these bonds have been used to fund loans to the Drinking Water Fund borrowers. Further information about outstanding bonds can be found in the notes to the financial statements. No bonds were issued in fiscal year 2005.

The program's Advisors are:

Bond Counsel - Nixon Peabody, LLP and Hardwick Law Firm, LLC

Financial Advisors - Lamont Financial Services Corporation and P.G. Corbin & Co., Inc.

General Counsel - Attorney General of the State of Connecticut

Auditor - Seward & Monde CPAs

Trustee - US Bank

Loan Repayment Collection Services - US Bank

## ECONOMIC CONDITIONS AND OUTLOOK

During fiscal year 2005, the State's economic and financial situation improved over the prior year; employment remained stable or improved and the overall State Budget showed a surplus at the end of the fiscal year, part of which was deposited in the State's Budget Reserve Fund. While the news has generally been good for Connecticut's economy, there were fluctuations in economic conditions during the year including increasing short term interest rates and higher fuel costs. While employment improved, significant job losses in some sectors continued.

State and federal budget constraints have led to reduced authorizations for the program which could lead to a slow down in the initiation of drinking water projects. The DPH, the DEP and the Treasurer's Office will continue to monitor planning activities and will assist municipalities in determining the most cost effective and efficient way to meet their water quality needs. In addition, DPH is continuing to be proactive in identifying needs, setting priorities and working with municipalities to plan compliance with federal water quality laws.

## **REQUIRED SUPPLEMENTARY INFORMATION**

The Drinking Water Fund does not separately report required supplementary information that contains budgetary comparison schedules, schedules presenting infrastructure assets or supplementary pension fund information because this information is recorded by the State of Connecticut. The State is in compliance with GASB Statement 34.

The Notes to the Financial Statements provide additional information that further explains and supports the information in the financial statements. The Notes provide additional information that is essential to a full understanding of the data provided in the Drinking Water Fund's financial statements.

STATE of CONNECTICUT CLEAN WATER FUND - DRINKING WATER  
FEDERAL REVOLVING LOAN ACCOUNT (STATE REVOLVING FUND)  
NOTES to FINANCIAL STATEMENTS  
June 30, 2005 and 2004

---

1 - NATURE OF ORGANIZATION

The State of Connecticut Clean Water Fund - Drinking Water Federal Revolving Loan Account (State Revolving Fund) (SRF) (an enterprise fund of the State of Connecticut), established in 1998 pursuant to Connecticut General Statutes Section 22a-475 to 22a-483, provides assistance to the public water systems in Connecticut to finance the costs of infrastructure needed to achieve or maintain compliance with the Safe Drinking Water Act (SDWA). The SRF is funded through revenue bonds and federal grants as established under the SDWA, which requires the State of Connecticut (State) to match federal funds to the extent of 20% of federal funds received.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the SRF conform to U.S. generally accepted accounting principles as applicable to government enterprises. The following is a summary of the SRF's significant accounting policies:

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting and the flow of economic resources as specified by the Governmental Accounting Standards Board's (GASB) requirements for an enterprise fund.

Under GASB Statement No. 20, *Accounting and Reporting for Proprietary Funds and other Governmental Entities that Use Proprietary Fund Accounting*, the SRF has elected to apply all Financial Accounting Standards Board Statements and Interpretations issued on or before November 30, 1989, except those that conflict with or contradict GASB pronouncements.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### Operating and Nonoperating Revenues and Expenses

The SRF's principal operation consists of making low interest loans to public water systems in Connecticut. Operating revenue consists of interest earned on those loans. Operating expenses consist of personnel and other expenses incurred in the initial approval, disbursement and ongoing servicing of those loans through maturity.

Nonoperating revenues include interest earned on investments and nonoperating expenses include interest expense on revenue and refunding bonds.

### Revenue Recognition

Federal capitalization grants are reported as nonoperating revenue and are recognized as federal funds are loaned to public water systems and as the SRF expenditures for administration are made.

### Cash and Cash Equivalents

For purposes of the statements of cash flows, the SRF considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. However, the SRF's policy is to exclude restricted assets from cash and cash equivalents for purposes of the statements of cash flows due to the limitations imposed on their use by the Clean Water Fund Revenue Bond Program General Bond Resolutions, adopted by the State Bond Commission on December 15, 2000 as amended and supplemented on December 17, 2002 (collectively, the "Resolution"). The SRF had no cash equivalents as of June 30, 2005 and 2004, except as reflected in Note 6.

### Investments

The SRF's policy is to present all investments at fair value except for money market investments and investment contracts, which the SRF has elected to report at amortized cost. The fair value of investments traded on public markets is determined using quoted market prices. The fair value of state general obligation bonds, which are not traded on a public market, is estimated using matrix pricing. The cost of the state general obligation bonds approximates their estimated fair value.

There were no material investment gains or losses for the years ended June 30, 2005 and 2004.

### Loans, Allowance for Loan Losses and Credit Risk

The SRF makes loans to public water systems in the State of Connecticut to finance the costs of infrastructure needed to achieve or maintain compliance with the SDWA. Interest rates on the loans range from 2.1% to 4.68% and interest income is recognized as it is earned. The loans are secured by the full faith and credit or revenue pledges of

the public water systems, or both. No allowance for loan losses is considered necessary based on management's evaluation of the collectibility of the loans. The evaluation takes into consideration such factors as changes in the size of the public water system loans, overall quality, review of specific problem loans, and current economic conditions and trends that may affect the borrowers' ability to pay.

#### Restricted Assets

Restricted assets consist of investments, which are segregated into funds and accounts in accordance with the Resolution as previously described plus amounts determined to be prudent by management. The Resolution restricts investments to: a) the State Treasurer's Short-Term Investment Fund, b) Tax Exempt Proceeds Fund of the State, c) interest bearing time deposits held by the trustee, a member bank of the Federal Reserve System, or a bank which is insured by the Federal Deposit Insurance Corporation and d) Investment Obligations as defined in the Resolution.

#### Bond Premiums/Deferred Loss

The premiums on the revenue and refunding bonds are being amortized over the term of the bonds on a straight-line basis, which yields results equivalent to the interest method. The deferred loss on early retirement of bonds (Note 8) is being amortized using the outstanding bond method, which yields results equivalent to the interest method.

#### Revenue Bonds

The following funds and accounts have been established in accordance with the Resolution adopted December 15, 2000:

<u>Fund / Account</u>	<u>Description and Use</u>
Revenue Fund	Receives all pledged receipts including loan repayments from the municipalities. Out-flows include amounts transferred to the interest and principal accounts of the debt service fund for payment of current debt service.
a. Pledged Receipts Account	
b. Earnings Account	Receives all earnings on funds and investments in all funds and accounts. Out-flows include amounts transferred to the interest and principal accounts of the debt service fund for payment of current debt service.

Rebate Fund	Receives any earnings required to be rebated to the United States pursuant to the Tax Regulatory Agreement. Used for IRS obligations as required.

#### Fund Net Assets – Restricted for Loans

The fund net assets reserved for loans represents amounts accumulated from federal drawdowns, less set-aside activity expenses not exceeding 31% of the federal grant, transfers from the State representing the 20% match on federal funds and interest earned on public water system loans.

### 3 - CASH DEPOSITS AND INVESTMENTS

#### Cash Deposits

Cash deposits are classified in categories of custodial credit risk. This is the risk that, in the event of the failure of a depository financial institution, the SRF will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. Cash deposits of the SRF include funds held by the Connecticut State Comptroller and the Connecticut Short Term Investment Fund (STIF). As of June 30, 2005 funds held by the State Comptroller was \$645,998. These funds are pooled with other State of Connecticut accounts, and custodial credit risk cannot be determined at the SRF level. As of June 30, 2005 funds held by STIF were \$26,659,622, of which \$13,013,662 is included in the revolving fund and \$13,645,960 is included in the loan fund on the Balance Sheet. STIF is a money market investment pool, rated AAAM by Standard and Poor's, in which the State, municipal entities, and political subdivisions of the State are eligible to invest. The State is authorized to invest STIF funds in U.S. government and agency obligations, certificates of deposit, commercial paper, corporate bonds, savings accounts, bankers' acceptances, repurchase agreements, asset-backed securities, and student loans.

#### Investments

As of June 30, 2005, the SRF had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in years)				Rating
		Less than 1	1 - 5	6 - 10	More than 10	
Federated Treasury Repurchase Agreements	\$ 6,725,963	\$ 6,725,963	\$ -	\$ -	\$ -	AAA

#### Interest Rate Risk

The maturity or redemption dates of investment shall coincide as nearly as practicable with the times at which funds will be required for purposes as established in the General Bond Resolutions.

### 4 - LOANS RECEIVABLE

The SRF loans funds to qualified public water systems. Principal and interest payments on loans are payable over a 20 year period in equal monthly installments commencing one month after the scheduled completion date, or in a single annual installment representing the first year's principal and interest not later than one year after the scheduled completion date and thereafter in monthly installments. Loans receivable by type are as follows as of June 30:

	<u>2005</u>	<u>2004</u>
Construction in process	\$ 65,242	\$ 65,242
Completed projects	<u>49,251,608</u>	<u>52,930,228</u>
	<u>\$ 49,316,850</u>	<u>\$ 52,995,470</u>

Aggregate maturities of loans receivable in subsequent years for completed projects are as follows:

<u>Year ending June 30</u>	
2006	\$ 2,663,490
2007	2,785,229
2008	2,800,941
2009	2,817,140
2010	2,833,841
Thereafter	<u>35,350,967</u>
	<u>\$ 49,251,608</u>

#### 5 - FEDERAL LETTER OF CREDIT

The following represents a summary of the funds available under the U.S. Environmental Protection Agency's letter of credit as of June 30:

	<u>\$ 48,258,632</u>	<u>\$ 44,950,393</u>

## 7 - RELATED PARTY TRANSACTIONS

The SRF is one fund of many within the State of Connecticut financial reporting structure and as a result, certain transactions including operating transfers, loans receivable and allocation of expenses among funds are under the direction of management.

### Allocation of Expenditures

Fringe benefit costs which are incurred at the State level are applied as a percentage of salaries to all State governmental units, including the SRF. For the years ended June 30, 2005 and 2004, the actual rates were 48.26% and 44.81%, respectively, of the SRF wages and the amounts charged aggregated \$491,754 and \$433,056, respectively.

### Investments

The SRF holds State General Obligation Bonds as presented in Note 6.

## 8 - BONDS PAYABLE

A summary of changes in bonds payable during the year ended June 30, 2005 is as follows:

	<u>Balance June 30, 2004</u>	<u>Principal Paydown</u>	<u>Balance June 30, 2005</u>

#### Revenue Bonds

The State of Connecticut issued Clean Water Fund, Revenue Bonds 2001 series, dated May 24, 2001. The proceeds of these bonds are to be used to provide funds to make loans to Connecticut municipalities and public water systems, for use in connection with the financing or refinancing of waste water and drinking water treatment projects. These bonds are payable solely from funds pledged pursuant to the General Bond Resolution adopted December 15, 2000. In accordance with the State Clean Water Fund Revenue Bonds, 2001 Series Plan of Finance, the State allocated the proceeds between the SRF and the State of Connecticut Clean Water Fund - State Revolving Fund ("Clean Water Fund") (collectively, "The Obligated Group") with \$29,614,747 allocated to the SRF and \$70,385,253 allocated to the Clean Water Fund. The Clean Water Fund (an enterprise fund of the State of Connecticut) was also established pursuant to Connecticut General Statutes Section 22a-475 to 22a-483, and provides assistance to municipalities and public water systems of Connecticut for the planning, design and construction of water quality projects. Debt service on the 2001 series bonds is to be paid from pledged receipts, earnings on investments held in the debt service reserve funds and maturing principal and interest on investments held in the interest subsidy funds. "Pledged receipts" means payments of principal and interest on municipal obligations, including both timely and delinquent payments with late charges, if any, and includes any fees and charges, fines and penalties collected or held by the State. Pledged receipts include the repayments of loans made by the Obligated Group, including all loans previously funded as well as future loans. Although amounts attributable to the Obligated Group will be tracked separately for federal reporting purposes, all pledged receipts will secure all bonds of the Clean Water Fund Revenue Bond Program. The SDWA and the initial Resolution permit the pledging of assets of both the SRF and the Clean Water Fund SRF to secure these revenue bonds.

The State of Connecticut issued Clean Water Fund Revenue Bonds 2003 series dated July 10, 2003. In accordance with the State Clean Water Fund Revenue Bonds, 2003 Series Plan of Finance, the State allocated the proceeds of 2003 series between the SRF and the Clean Water Fund with \$33,063,800 allocated to the SRF and \$85,021,200 allocated to the Clean Water Fund. Debt service on the 2003 series bonds is to be paid from any available monies in the SRF and the Clean Water Fund. The State has pledged amounts in the loan fund, the support fund and the debt service fund pursuant to the General Bond Resolution dated December 17, 2002.

The SRF's revenue bonds payable are serial bonds, of which \$42,419,099 and \$43,645,149 was outstanding as of June 30, 2005 and 2004, respectively. The serial bonds mature on October 1, 2022 with interest rates ranging from 2.0% to 5.0%.

#### Refunding Bonds – 2003 Series

On July 10, 2003 the State of Connecticut issued \$115,785,000 of Clean Water Fund Refunding Bonds, 2003 Series B with interest rates of 2.0% to 5.9% to advance refund Clean Water Fund 2001 Series Revenue Bonds (Refunded Bonds) with a principal balance totaling \$17,834,000 and interest rates of 4.0% to 5.5%. The State allocated \$7,572,339 of the 2003 Series B Refunding Bonds to the SRF. The Refunded Bonds were to mature at various dates through October 1, 2022.

The net proceeds of the 2003 Series B Refunding Bonds of \$18,879,694 were used to purchase U.S. Government securities and those securities were placed in an irrevocable trust with an escrow agent to provide debt service payments until the Refunded Bonds are called on various dates through October 1, 2011. The advance refunding met the requirements of an in-substance defeasance and, accordingly, the Refunded Bonds with a principal balance of \$17,834,000 were removed from the SRF's balance sheet. As of June 30, 2005, the outstanding principal balance of the Refunded Bonds was \$17,834,000.

The difference of \$1,045,694 between the book value of the Refunded Bonds and the amount deposited to the irrevocable trust to fund their debt service represents a loss which has been deferred and is being recognized as an adjustment of interest expense over the life of the 2003 Series B Refunding Bonds using the outstanding bond method. Amortization of the deferred loss for the years ended June 30, 2005 and 2004 totaled \$85,169 and \$77,925, respectively.

#### Bond Maturities

Requirements at June 30, 2005 to retire the SRF's revenue and refunding bonds are as follows:

<u>Year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2006	\$ 1,838,889	\$ 1,999,929
2007	3,209,474	1,924,110
2008	2,970,958	1,836,423
2009	3,176,655	1,748,530
2010	3,187,324	1,649,763

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

---

Ms. Denise L. Nappier, Treasurer

Mr. J. Robert Galvin, M.D., Commissioner,  
Department of Public Health

Ms. Gina McCarthy, Commissioner,  
Department of Environmental Protection,  
State of Connecticut

We have audited the financial statements of the State of Connecticut Clean Water Fund - Drinking Water Federal Revolving Loan Account (State Revolving Fund) (SRF) (an enterprise fund of the State of Connecticut) as of and for the year ended June 30, 2005, and have issued our report thereon dated August 26, 2005. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the SRF's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

## COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the SRF's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management of the SRF and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM, ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133, AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Ms. Denise L. Nappier, Treasurer

Mr. J. Robert Galvin, M.D., Commissioner,  
Department of Public Health

Ms. Gina McCarthy, Commissioner,

State of Connecticut

### COMPLIANCE

We have audited the compliance of the State of Connecticut Clean Water Fund - Drinking Water Federal Revolving Loan Account (State Revolving Fund) (SRF) (an enterprise fund of the State of Connecticut) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2005. The SRF's major federal program is identified in the summary of auditors' results section of the accompanying schedule of federal findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the SRF's management. Our responsibility is to express an opinion on the SRF's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted accounting standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the SRF's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the SRF's compliance with those requirements.

In our opinion, the SRF complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2005.

#### INTERNAL CONTROL OVER COMPLIANCE

The management of the SRF is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the SRF's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

#### SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

We have audited the financial statements of the SRF as of and for the year ended June 30, 2005, and have issued our report thereon dated August 26, 2005. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

This report is intended solely for the information and use of the management of the SRF and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.
