HUSKY Health Renewals Are Coming Soon!

Here's what you need to know:

A federal rule allowed DSS to continue HUSKY Health insurance for most individuals during the pandemic. This rule will change in March 2023, and DSS will resume the regular HUSKY Health eligibility process by giving all HUSKY Health members a chance to renew their coverage. Renewals will be spread over a 12-month period, so make sure to renew *when notified*. When it is time to renew, HUSKY Health members will receive a notice that:

- Their HUSKY coverage is being renewed automatically; OR
- DSS was unable to automatically renew their coverage and information is needed to check if they are still eligible. A renewal form will be included.

HUSKY Health members will receive a renewal notice about 45 days before coverage is due to close. It is important to reply promptly to any mail from DSS or Access Health CT. Updated contact information can be provided online or by phone.
