Field Services Training Division

DATE: August 8, 2022

SUBJECT: **Advanced Roadside Impaired Driving Enforcement (ARIDE)**

Prerequisite: Standardized Field Sobriety Testing (SFST) certification that included at least one wet lab

TUITION: **No Tuition**

COURSE ANNOUNCEMENT

The Department of Emergency Services and Public Protection, Police Officer Standards and Training Council's Field Services Training Division, in partnership with the Department of Transportation's Highway Safety Office, is offering a two-day (2) training seminar titled "**Advanced Roadside Impaired Driving Enforcement (ARIDE).**" The training session is scheduled for **November 16-17, 2022**, from 8:00 a.m. to 4:00 p.m., **at the Montville Police Department 911 Norwich-New London Tnpk, Uncasville, CT 06382**

The ARIDE program was developed by the National Highway Traffic Safety Administration (NHTSA) with input from the International Association of Chiefs of Police (IACP) and the Technical Advisory Panel (TAP). Although the focus of ARIDE is on drug impaired driving, students will get a review of SFSTs and must demonstrate their proficiency in front of an instructor. Students must pass this SFST proficiency exam to continue.

The SFST program trains officers to identify and assess drivers suspected of being under the influence of alcohol while the Drug Evaluation and Classification (DEC) program provides more advanced training to evaluate suspected drug impairment. ARIDE is intended to bridge the gap between these two programs by providing officers with the general knowledge related to drug impairment and by promoting the use of Drug Recognition Experts (DREs) in the State of Connecticut. Students will be given an overview of the seven drug categories and the physiological effects these drugs have on the human body. Students will learn how to observe, identify, and articulate the signs of impairment related to drugs, alcohol, or a combination of both.

In addition, they will learn the medical conditions and other situations that can produce similar signs of impairment. The role of eye examinations in disclosing the possibility of drug impairment and in suggesting the possible category or categories of drugs being used will be discussed. Students will receive the latest updates in SFST Testing. Legal issues associated with impaired driving as well as pre-arrest and post-arrest procedures will also be discussed.

Prerequisite: SFST certification (24 hour minimum that included at least one wet lab)

A laptop is required to access course materials. Please bring your own laptop.

This class is limited to Twenty-five (25) attendees. Please complete a registration form from the web and email it to William Tanner at william.tanner@ct.gov **no later than November 1, 2022**. If you have any questions, please contact the Field Services Training Division at 203-427-2625.

Students successfully completing this course will receive Review Training Credit in the following area(s):

- Area 600 Patrol Procedures (10 hours)

There is no tuition for this course. Coffee break refreshments are available at the Academy for a small fee. Lunch may be purchased at local restaurants. The uniform Dress Code for POST In-Service training (General Notice 90-03) will be in effect. We ask that all training supervisors inform assigned personnel that they represent their agency and are required to dress accordingly.

Training Officers: Please be sure to include your department email address and the email AND POST ID of the student to be enrolled on all applications to assure prompt communications of all in-service training matters.

DISCLAIMER: The Police Officer Standards and Training Council (POSTC) makes every effort, within its ability and resources, to provide the highest quality, most relevant in-service training programs available at minimum cost to all Connecticut police officers and agencies. However, POSTC does not provide legal advice, and does not endorse the accuracy or completeness of specific in-service training programs provided by each of its many contractors and training providers. The materials and opinions of individual providers offered during the course of in-service training are those of the instructor alone, and do not necessarily represent the position of the Police Officer Standards and Training Council or the State of Connecticut. Given the multitude of disparate factual scenarios with which law enforcement personnel are presented in the discharge of their official duties, students and sponsoring agencies are strongly advised and encouraged to seek the advice and counsel of their own legal advisors before implementing concepts or adopting specific measures discussed or recommended during in-service training sessions.
