

Location:

1 Fire School Rd, Willimantic, CT, 06226

2-Day Forensic Photography Course

Presented by Trauma Services

\$225 Per Attendee
16-Hour Training Workshop

JUNE 12 & 13
8:00 AM - 4:00 PM
*** 2-Day Training ***

TRAINING INFO

Beyond the basics... student must possess more than basic knowledge of photographic techniques. Through brief lectures and photographic exercises, contextual photographs, use of scales and documentation of physical evidence in difficult scenarios (including low light conditions) will be emphasized.

Includes photography using various lighting techniques to capture high quality photographs for examination purposes. Exercises will include documentation of:

- friction ridge impressions
- foot tracks
- tire tracks
- blood splatter
- trace evidence

Taught by **Chris Dolan**, a former MSP crime scene services detective for 27 years.
