The Allegiance Defense Solutions Concealed Carry Law Enforcement Instructor Certification Course is a comprehensive program designed for law enforcement professionals seeking to develop and teach effective concealed carry pistol courses.

This program was developed from extensive low profile and undercover law enforcement experience and focuses on the practical skills and critical knowledge necessary for employing a pistol in defense of human life.

The course emphasizes safety, instructional techniques, and real-world application of concealed carry principles.

Participants will gain the skills and knowledge to:

- Design and implement curriculum tailored for concealed carry training.

- Utilize best practices for firearm safety and risk management in training environments.
- Teach essential topics, including firearm selection, gear optimization, and effective carry strategies.
- Conduct practical drills that enhance overall marksmanship, situational awareness, and decision-making under stress.
- Understand legal considerations and ethical responsibilities associated with concealed carry.

Upon successful completion, participants will be well equipped to train others confidently and competently in concealed carry practices, ensuring a high standard of safety and effectiveness as well as receive certification to teach the covered curriculum.
