- **X.** Report of the Commissioner— Acting Commissioner Coleman distributed a written report, which is in the official file of this meeting and includes the following:
 - On February 8, Governor Malloy announced his biennial budget. Commissioners have been briefed on the budget direction and liaisons from OPM are assigned to each agency to discuss details. We look forward to having that meeting to better understand the Governor's operational vision, especially as it relates to the Connecticut Technical High School System and the proposed transfer of the SDE School Facilities Unit.
 - On February 17, members of the department and I met with Education Committee Co-Chairs, Representative Fleishman and Senator Stillman, joined by Representative Abercombie and Senator Looney to discuss the need to strengthen current legislation regarding bullying.
 - On February 23 and 28, members of the department and I met with the Education Committee of the Legislature to provide public testimony on legislative proposals; copies of my written testimony was provided to you in your weekly mailing.
 - On February 28, I met with Hartford-area superintendents to inform them of pending legislation and concerns about Sheff participation. A request for a survey to determine what funding districts believed is necessary to participate at the level required to meet and maintain compliance was suggested. The department will take the suggestion under advisement.
 - On March 1, I provided testimony to the Appropriations Committee of the Legislature on priority areas of the department's Results Based Accountability status. Items of particular concern to the Committee are: Data System development status, its characteristics and completion schedule; the Kindergarten Inventory and when the department can report on the benefit of preschool and children in priority school districts readiness for kindergarten; the department's organizational structure and plans to integrate the DSS childcare systems into the SDE preschool and education systems delivery and supports; and the Connecticut Technical High School System and the planning associated with its proposed transfer.

- On March 1, 2011, the SDE hosted the quarterly meeting with the Sheff Plaintiffs per the requirements of the Stipulated Agreement. Detailed reports and discussions included application for the lottery having been received by more than 12,891 students 4,757 from Hartford and 8,134 from suburban school districts. Ongoing challenges regarding how the department manages the "wait list" and new federal racial classifications, among other matters of mutual concern, were also discussed.
- The teacher certification regulations passed by the Board in December 2010 were forwarded to the Attorneys General Office for review in January 2011. After preliminary review by the AG's Office and at the request of the department, the Regulations were returned to address technical concerns identified by the reviewer and to address subsequently identified legal issues related to the authority of the department to require or impose requirements that exceeds the statutory requirement for particular professional certificates. The opinions of the AG's Office are being reviewed; conferences with the AG's office are scheduled to explain our understanding and to clarify the context for acquiring and utility of each certificate.
- It is with regret that I announce having received notice that Ray Inzero, SDE Director of Internal Audit, informs the department of his intended retirement, effective April 1, 2011. Mr. Inzero's fidelity to his responsibilities and his adherence to the highest professional standards associated with the auditor profession has been an asset to the department. We thank him for his career of public service and for the many years he elected to serve the Connecticut State Department of Education.

XII. <u>Committee Reports</u>

• **Finance, Audit and Department Matters** – Mrs. Luke reported that the next committee meeting is scheduled for March 16.

By unanimous consent, the meeting was adjourned at 3:05 p.m.
