Assistive Technology (AT) Community of Practice (COP)

In this Community of Practice (CoP) we will discuss the use of assistive technology in CT schools and how to determine when educational technology can be used and when there is a need for enhanced Assistive Technology supports. The CoP model will allow district staff to share ideas around various topics related to assistive technology.

2/17/21 | 9:00 a.m. – 11:00 a.m.
