4. Results reported for only a small number of examinees may not be indicative of how large numbers of examinees typically perform.
5. The examinees for whom results are presented in this document may not reflect the same proportion of all the types and capabilities of examinees in the population who will take this test in the future.
6. The information contained herein is confidential and must not be disclosed to unauthorized persons. Appropriate safeguards must be implemented by all personnel to protect against improper disclosure of information.
7. Results included in this report are complete as of the date and time this report is released. Additions or changes to this information may occur after this date. The Connecticut State Department of Education maintains an updated file of official results for the purpose of certification.
