<p>1. School Performance Best Practices: In 250 words or less, describe the practice or practices in use at the school that have resulted in strong student outcomes and a positive school climate during the 2022-2023 school year. Explain the rationale for establishing the practice(s) and the issue(s) it was intended to address. Describe impact of the practice(s) on the school outcomes referencing evidence of effectiveness (i.e. quantitative, qualitative data). Provide evidence of collaboration with local school districts in this area as appropriate.</p>	

In response to the State mandate to adopt the science of reading, we began introducing teachers to the Science of Reading during the 2022-23 school year. The subsequent training and implementation have caused an important change in our practice that is affecting positive student outcomes. We have monitored progress using DIBELS from beginning, middle, and end of the year and have seen significant growth in our students: 1st grade, 21% of students made significant growth; 2nd grade, 55% of students made significant growth; 3rd grade, 44% of students made significant growth.

Last year we continued to use RULER to help maintain the school's positive school culture. The Upper School teachers participated in restorative justice training to support RULER. The entire school engaged in DEI training to establish culturally competent educational practices. BCCS experienced a marked negative impact on our culture from COVID and we are doubling down on our efforts to restore the positive school culture that characterizes our school.

During the summer we offered a program provided by the Lavinia Group called RISE which emphasized acceleration v. remediation for rising 1st through 6th graders focusing on math and reading to address the learning loss that resulted from COVID. Students were pretested at the start of the program and post-tested at the end of the program. Ninety percent of the students showed good growth which we trust will positively affect their achievement this year.

4. Renewal Terms and Other Issues: Provide a progress update on terms established in the charter school's most recent renewal; summarize actions taken and progress data to substantiate efforts to address such terms. Provide an update on how the charter school is addressing or plans to address the issues noted. The chart below is pre-populated to include terms documented in the school's last renewal resolution or issues identified by the CSDE.		
Standard/Indicator:	Term or Condition:	Progress Update:
1.1 Academic Achievement	<p>The SBE required BCCS to develop and submit a corrective action plan in student academic achievement to the CSDE by April 2023.</p> <p>In October 2023, the school was required to submit a bimonthly report to the CSDE monitoring its year-to-date progress toward improving student academic achievement.</p>	<p>A Corrective Action Plan was submitted and approved by the State.</p> <p>A bimonthly report has been prepared.</p>
2.2 Financial Reporting and Compliance	<p>Brass City Charter's Accounting Policies and Procedures Manual (APPM) required amendments including the special education billing rate agreement with Waterbury Public School (WPS), thresholds and signatories of checks and contracts, to establish and maintain an inventory list, and bidding quotation thresholds for purchases. The school's 2023 charter renewal report noted the school and its governing board planned to draft and approve policy changes and would forward them to the CSDE when completed.</p>	<p>The APPM was revised as required and approved by the Board in November 2022. A copy of the revised manual was forwarded to CSDE.</p>
3.3 Demographic Representation	<p>In 2022-23, the school's English Learner/Multilingual Learners (ELs/MLs) population was 3.3%. To better reflect the demographics of the surrounding community, the school must seek to enroll more students who are English/Multilingual learners.</p>	<p>We enroll via lottery, so we have no control over the demographics of those who are chosen. We do advertise throughout the City when our lottery opens, and provide a Spanish-language application for those who require it. We also have a Spanish-speaking office manager to answer questions for parents seeking to apply.</p>
3.5 Chronic Absenteeism	<p>The school's chronic absenteeism rate for the 2020-21 school year was 22.5%, whereas the state averages was 19.0%. The school's rate in 2021-22 school year was 27.0%, whereas the state average was 23.7%. The school should continue its efforts to lower its chronic absenteeism rate.</p>	<p>We have worked hard to keep in contact throughout the year with parents of students in danger of being chronically absent. It has been difficult to change the mindset of people following COVID, when we required people to keep children home even if they had mild symptoms of illness. We continue to work on this. The chronic absenteeism in the local district is 31.2%.</p>

<p>4.5 Teacher/Staff Credentials</p>	<p>As of May 25, 2023, the Bureau of Educator Standards and Certification reported 1 staff identified in the Educator Data System as out of compliance for the 2022-23 school year.</p> <p>Per state statute, it is the school's responsibility to take steps to ensure 100% of school staff hold appropriate certificates, permits, or authorizations for positions.</p>	<p>The staff member identified as out of compliance is no longer in the District.</p> <p>As is the case with many districts, finding qualified and certified staff has been a challenge for us. We have had to hire permanent subs in some cases, but we only hire those with some combination of experience and education, and we continue to seek fully certified candidates.</p>
--------------------------------------	---	---

5. Stewardship, Governance, and Management Best Practices: In 250 words or less, summarize practices/processes established in the areas of stewardship, governance, and management (e.g., financial management, reporting compliance, sustaining financial viability, and school operations) that ensure the school is financially viable, organizationally healthy, strong, and held accountable to established goals. Explain the rationale for establishing and/or continuing the practice(s). Explain the impact on the school, referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area as appropriate.

BCCS has entered into a PEO (Professional Employer Organization) relationship which provides not only payroll processing and tax services but also benefits/leaves administration, HR support, HR compliance services, and risk management. This relationship enables us to remain in compliance with ever-changing employment, HR, and tax rules in a cost-efficient manner. In addition, the PEO offers a more robust menu of employee benefits at a cost savings to the school. We are able to offer our employees a choice in health plans, HSA/FSA accounts, an employee assistance program, dental, vision, and short-term disability plans at much more affordable rates for both school and employees than we were able to negotiate on our own as a small school. The PEO also provides an array of safety and professional training courses in which school employees may participate.

An outside accounting firm completes not only our required annual audit and tax return preparation, but also a mid-year review of books and statement preparation for mortgage lenders. All audits have been without findings.

The Board of Directors is provided with financial statements in advance of each monthly meeting. The Board Treasurer reviews monthly statements as well as the annual budget with school administrators prior to the meeting; any areas of concern are discussed both in these meetings and with the full Board.

PART 4: STUDENT POPULATION

2. Enrollment Efforts: Summarize the school's efforts to attract, enroll and retain a diverse student population, representative of students of color, low-income students, English learners/Multilingual learners, and students with disabilities.

As per State law, enrollment at BCCS is through a blind lottery.

To reach applicants from special populations, we advertise our open application period and Open House dates as follows:

- 1) Electronically
 - on BCCS website
 - on BCCS Facebook page
 - emails to current families
 - emails to families on the current wait list
- 2) Flyers

 - ask parents to post at their places of employment or in their neighborhoods
 - School Readiness programs

In addition, our Office Coordinator, who speaks Spanish, is always available to speak to parents on the phone, in person, or at our Open Houses to ensure that information is accessible. Our online application is available in Spanish.

A racial/ethnic demographic comparison demonstrates that BCCS reflects the population of the City and is serving a large percentage of traditionally underserved racial/ethnic students.

We have created what we believe is a strong Special Education program by hiring three of our own special education teachers who embrace the culture of the school and who are only at BCCS to serve our students.

3. Waitlist Data: Provide waitlist totals below, illustrating demand and community support for the school.

2022-2023 Waitlist:	2023-2024 Waitlist:
295 at 6/30/23	606
<p>4. Student Population Best Practice: In 250 words or less, summarize practice(s)/system(s) used in the area of student population (e.g., family and community engagement, recruitment processes, retention strategies) to ensure the school promotes equity by effectively attracting, enrolling and retaining students, particularly among targeted populations. Explain the rationale for establishing and/or continuing the practice(s). Include a brief narrative on the school's unique model and describe the practice(s) and its impact on the school, referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area as appropriate.</p> <p>We seek to make BCCS a welcoming, inclusive community for all families. By providing an excellent academic program, qualified and caring staff, and a robust social/emotional support program, we strive to make BCCS a school that families will not only aspire to attend, but one in which they will also be enthusiastic to remain for the duration of their child's PK-grade 8 years.</p> <p>Our mission-driven teachers demonstrate a commitment to effectively serve high needs students and families. We have built a robust intervention program with highly skilled, certified teachers. The Family Engagement Coordinator is available to help students with social/emotional skills but also to connect families, including those of high-needs students, to services that they may need. Our school has remained strongly connected to families through the outreach efforts of our teachers, administrators, and particularly the Family Engagement Coordinator.</p> <p>We also have created some powerful partnerships in the community. Grace Baptist Church in Waterbury has "adopted" us and that relationship led to an important connection to Granville Academy and The Links in Waterbury through which our Upper School students have participated in Saturday workshops on topics ranging from Black history to wellness given by leaders in Waterbury who are people of color. Through this relationship 12 students were also invited to participate once again this summer in a program at St. Mary's Hospital during which they were able to shadow medical professionals in order to be exposed to the many varied opportunities available in health care today and into the future.</p> <p>Understanding the importance of stability in the lives of all children, particularly those from urban areas, we designated the entire city of Waterbury as our charter school's neighborhood. When families move within the city, they are still within our neighborhood, so they are not forced to change schools. Waterbury Public Schools provides busing for all students.</p>	

APPENDIX B: CHARTER SCHOOL PERFORMANCE FRAMEWORK

The Connecticut State Department of Education's (CSDE) charter school performance framework promotes clear and transparent expectations for all charter schools. The four performance standards are central to measuring schools' efficacy and viability, and align to state law and national best practices among charter school authorizers as accumulated by the National Association of Charter School Authorizers. Within each standard area, the framework identifies a series of indicators used to evaluate charter schools. The framework drives the CSDE's charter school accountability systems and processes, including initial approval decisions, annual monitoring, and renewal determinations.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Brass City Charter School, Inc.

Opinion

We have audited the accompanying financial statements of the Brass City Charter School, Inc., which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brass City Charter School, Inc. as of June 30, 2022, and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brass City Charter School, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brass City Charter School, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brass City Charter School, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brass City Charter School, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

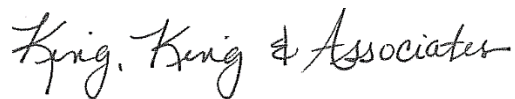

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of state financial assistance, as required by the Connecticut State Single Audit Act, on page 20 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The schedule of financial position (unaudited), schedule of activities (unaudited), schedule of cash flows (unaudited), and schedule of ratio calculations (unaudited) on pages 14 -17 have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Report on Supplementary Information

In accordance with Government Auditing Standards, we have also issued our report dated November 30, 2022, on our consideration of Brass City Charter School, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. BRASS CITY CHARTER SCHOOL, INC.

Notes to the Financial Statements

Note 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Brass City Charter School, Inc. (BCCS) provides a rigorous academic and holistic social - emotional learning program that will eliminate the achievement gap for underserved students. BCCS enables students to soar academically, develop as people of character, and lead meaningful and productive lives both for themselves and for their community. BCCS is a not-for-profit organization exempt from income tax under Section 501(c)(3) of the U.S. Internal Revenue Code and has been classified as other than a private foundation. The school is funded primarily through state grants and donated services from Waterbury Public Schools and Waterbury Department of Public Health.

Income Tax Status

BCCS is organized as a Connecticut non-stock corporation and is exempt from federal income taxes under section 501 (c)(3) of the Internal Revenue Code. In addition, BCCS qualifies for the charitable contribution deduction under Section 170 (b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509 (a)(2).

Basis of Accounting

The financial statements of BCCS have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities. Revenue is recognized when earned and expenditures when incurred.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. BCCS reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. Support that is restricted by the donor is reported as an increase in unrestricted assets if the restriction expires in the same reporting period in which the support is recognized.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, BCCS considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. BCCS establishes allowances for amounts that may not be collectible.

Property and Equipment

Purchases of Property and Equipment over \$750 are capitalized and are carried at cost. Depreciation is computed using the straight-line method over the estimated useful life of the assets as follows:

Buildings & Improvements	25-40 years
Computers	5 years
Furniture & Equipment	7 years

Investments

Investments are comprised of money market funds and are reported at fair value with realized gains and losses included in the accompanying statement of activities. The carrying value of money market funds approximates fair value.

BRASS CITY CHARTER SCHOOL, INC.

Notes to the Financial Statements

Fair Value of Financial Instruments

In accordance with ASC 820-10, BCCS measures the fair value of its assets and liabilities under a three-level hierarchy, as follows:

Level 1: Quoted market prices for identical assets or liabilities to which an entity has access at the measurement date.

Level 2: Inputs and information other than quoted market indices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets in markets that are not active;
- c. Observable inputs other than quoted prices for the asset or liability;
- d. Inputs derived principally from, or corroborated by, observable market data by correlation or by other means.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The inputs or methodology used in valuing securities are not necessarily an indication of the risk associated with investing in those securities. BCCS's mutual funds were valued using Level 1 measurements.

Deferred Revenue

Deferred revenue consists of a grant received for general operating support. The revenue is restricted to general operating expenditures and any unspent support must be returned to the grantor.

Donated Property and Equipment

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Such donations are reported as support without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use, and contributions of cash that must be used to acquire property and equipment, are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, BCCS reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. BCCS reclassifies net assets with donor restrictions to net assets without donor restriction at that time.

Donated Services

The majority of voluntary services donated by individuals have not been reflected in the financial statements. These services provided do not meet the criteria for recognition under ASC 958-605-25-16; however, special voluntary services that meet the criteria for recognition are reported as donated services and expensed in the same year as discussed in Note 4.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities and in the Statement of Functional Expenses. Each expenditure is examined and then classified to one of the following functional categories; education, management and general, and fundraising. For certain expenditures a ratio based on time and effort is used to allocate to the appropriate aforementioned categories.

BRASS CITY CHARTER SCHOOL, INC.

Notes to the Financial Statements

Estimates

Management uses estimates and assumptions in preparing financial statements, as required by generally accepted accounting principles (GAAP). Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Review for Subsequent Events

In connection with the preparation of the financial statements of BCCS as of and for the year ended June 30, 2022, events and transactions subsequent to June 30, 2022 through November 30, 2022, the date the financial statements were available to be issued, have been evaluated by BCCS's management for possible adjustment and/or disclosure.

**Independent Auditors' Report on Internal Control over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Directors of
Brass City Charter School, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of the Brass City Charter School, Inc., which comprise the statement of financial position as of June 30, 2022 and the related statements of activities, and cash flows for the year ended, and the related notes to the financial statements, and have issued our report thereon dated November 30, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Brass City Charter School, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Brass City Charter School, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Brass City Charter School, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

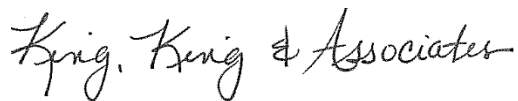

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Brass City Charter School, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Brass City Charter School, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Brass City Charter School, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major State Program;
Report on Internal Control over Compliance; and Report on the Schedule of
Expenditures of State Financial Assistance Required by the State Single Audit Act**

To the Board of Directors of
Brass City Charter School, Inc.

Report on Compliance for Each Major State Program
Opinion on Each major State Program

We have audited the Brass City Charter School, Inc.'s compliance with the types of compliance requirements described in the Office of Policy and Management's *Compliance Supplement* that could have a direct and material effect on each of the Brass City Charter School, Inc.'s major state programs for the year ended June 30, 2022. The Brass City Charter School, Inc.'s major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Brass City Charter School, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2022.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Our responsibilities under those standards and the State Single Audit Act are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Brass City Charter School, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of Brass City Charter School, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Brass City Charter School, Inc.'s state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Brass City Charter School, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the State Single Audit will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Brass City Charter School, Inc.'s compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the State Single Audit Act, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Brass City Charter School, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Brass City Charter School, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of Brass City Charter School, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

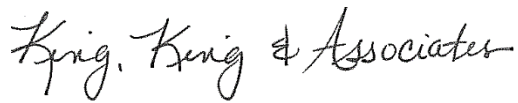

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.
