1. School Performance Best Practices: In 250 words or less, describe the practice or practices in use at the school that have resulted in strong student outcomes and a positive school climate during the 2023-2024 school year. Explain the rationale for establishing the practice(s) and the issue(s) it was intended to address. Describe the impact of the practice(s) on the student outcomes, providing evidence to substantiate effectiveness (i.e. quantitative, qualitative data). Provide evidence of collaboration with local school districts as appropriate.

Three years ago we wrote a grant in order to engage a school improvement partner to support us in our mission of continuous growth for all stakeholders. The grant allowed us to work with SchoolWorks, an international organization devoted to supporting schools in moving from "good to great". We have now been working with SchoolWorks for two and a half years. Each year two SchoolWorks representatives conduct an intensive two day School Quality Review in which they observe classes, meet with students, staff, parents, administrators and Board members, and review achievement results and documents such as meeting minutes, the school newsletter, parent communications, etc.

In this year's School Quality Review, we once again maintained or increased our scores on all 18 indicators, which cover such items as instruction, governance and family engagement. Teachers also maintained or increased their scores on all 10 indicators of our observation protocol, the Classroom Visit Tool (CVT). Our greatest increases were in the areas of Focused Instruction and Assessment, which we have devoted considerable professional development to improving. Our work with SchoolWorks inspired us to start a teacher-led Teaching and Learning Committee which is charged with creating and presenting our Professional Development (PD). This initiative has led not only to improvements in instruction as evidenced by our increased scores on our walkthrough protocol, the Classroom Visit Tool (CVT), but also to positive changes in staff perception of PD. In the 2021-2022 school year, 57% of staff agreed or strongly agreed on our end of year climate survey that the PD they received taught them strategies that improved their instruction; on our most recent survey that number was 75%.

We offer a robust early college program. All high school students with a GPA of 3.0 or higher are invited to take an 8 week college class with either Housatonic Community College or Post University. For the past several years all seniors have taken a college level Financial Literacy class. Starting next year, all juniors will take a College Success Seminar. A future goal of this program is for students to be able to obtain an associate's degree by the time they graduate from Bridge.

We continue to prioritize the social emotional learning and mental health of our students. Toward that end, we hired a full-time Social Emotional Learning (SEL) Coordinator at the beginning of the 2021-2022 school year who continues to support student social-emotional skill building and mental health. Using funds from the Mental Health Workers grant from the CT Department of Education, we were also able to hire a second school counselor in the 23-24 school year to focus on the middle school. In addition, using another grant from the CT Department of Education Bureau of Health, Nutrition and Family Services, we were able to contract with ACES to employ a behavior analyst twice a week.

Using a grant from Catalyst: Ed and working with Improve, a management consulting organization, our SEL coordinator created two social emotional surveys, both of which we piloted in the 22-23 school year. One is a mood screener given to students twice a week. Students are asked such questions as what their mood is that day, how many hours they slept that night, if they were feeling stressed and, if so, what was causing that stress. These screeners are anonymous and give us interesting trend data that allows us to tailor lessons for each grade. For example, we learned that while 8th graders were feeling most stress due to school, 7th graders were feeling stressed about interpersonal issues. Each mood screener also invites students to reach out to any of our three social workers or two school counselors for support that day. The benchmark assessment was given twice this year in the fall and spring. We learned from this assessment that two areas that students self-report needing the most help with are self-efficacy and stress management; this information will help guide our approach to social emotional learning next year. Students also received weekly "Thoughtful Thursday" lessons on social emotional learning and executive function skills delivered by our social workers and school counselor. We also continued to partner with community organizations such as Child Guidance, Janus Center, and Full Circle Youth Empowerment in order to ensure that students and families receive the mental health support that they need. Lastly, we have many local support contacts linked on our website, bridgeacademy.org.

We continue to offer stipend positions in the areas of family engagement and school climate to both encourage staff leadership and ensure positive growth in these areas. Among other things, these coordinators organized assemblies, family barbecues, clothing giveaways, visits to the state capital to lobby for more funding, quarterly newsletters, student focus groups, dances, and Parent Teacher Home Visits, all of which had a positive effect on culture, climate and family engagement this past year. On our spring Family School Climate survey, 93.3% of families said that they would recommend Bridge Academy to others, 98% of families agreed that good teaching is important at Bridge; 95% of families agreed that they knew their child's progress or problems before progress reports and report cards are sent home; 95% said they felt well-informed about what is going on at school; and 96% said that their child's teachers encourage them to develop to their full potential.

In order to create positive school connections, and using funds from various grants, we continue to offer a robust after school program, offering 18 free clubs, sports and activities, including piano, violin and swimming lessons, Anime, Media, Art, and Outdoors Clubs. Using ARP Esser Innovative After School grant funds, we continued after school program through which our high school students go to a venue, learn all about what that place offers, then guide middle school students through tours of those places; this year we partnered with the Beardsley Zoo and EarthPlace Nature Center in Westport.

To ensure that Bridge is a welcoming place for parents as well as students, we held two family barbecues as well as a Poetry and Pizza night. We continue to offer parent conferences both in person and online. We received high marks on our end of year Parent School Climate Survey on which 96% of families agreed or strongly agreed that they feel welcome at Bridge, 96% agreed or strongly agreed that our climate is caring and supportive, and 96% saying that they would recommend Bridge to other families.

We continue our protocol of having Special Education teachers and an administrator meeting with all classroom teachers once a month to review progress toward IEP goals and to discuss next steps which leads to better communication between teachers and better outcomes for students. We also continued to implement Sonday, a specialized reading instruction program, for those students who struggle with decoding and fluency, in addition to our middle school small group Leveled Literacy program.

In order to create positive school connections, and using funds from various grants, we continue to offer a robust after school program, offering 18 free clubs, sports and activities, including piano, violin and swimming lessons, Anime, Media, Art, and Outdoors Clubs. PART 2: SCHOOL PERFORMANCE

1. School Goals: State the school's mission statement. Provide the school's mission-specific, measurable goals. Analyze school progress toward these goals, providing data as appropriate. Add/Remove rows as necessary.

MISSION STATEMENT

The Bridge Academy is a small, caring public charter school with a rigorous learning environment. All members of the Bridge Academy community listen to and communicate with each other, are able to

respond to diverse needs, and give the consistent effort necessary for personal and academic growth.		
Goal Statement:	Evidence of Progress Toward Target Goals:	
All high school students will be offered an early college experience and all Bridge Academy seniors will have the option of attending college.	In order to provide students experience with college level classes and offer them the opportunity to earn free college credits, we provide early college classes for our high school students through partnerships with Housatonic Community College and Post University. Below, please find information on our early college experience from year 2023-2024 school year: • 66 Bridge Academy HS students took college courses • Students took a total of 106 classes with a pass rate of 93%. • Students earned 318 credits in total, with an average GPA of 3.19 • 21% of participating students have an IEP or 504 Bridge Academy has been recognized more than once for having the highest monthly FAFSA completion rate of any public school in Connecticut. For the past several years all 12th graders have taken a college-level Financial Literacy course. Beginning next year, all 11th graders will take a College Success Seminar through Post University.	
All staff will be offered high quality professional development, including a robust system of observations, in order to improve instruction and student achievement.	We have been working with a school improvement partner, SchoolWorks, for the past two and a half years. Part of that work included adopting a walkthrough observation rubric called the Classroom Visit Tool (CVT). All staff have now been trained and certified in the use of this tool, the benefit of which is a common expectation and language around good instructional practice. • We conducted an average of 7 CVT observations per teacher in the 2023-2024 school year • We used CVT trend data to inform professional development • SchoolWorks conducted intensive, two-day School Quality Reviews (SQR's) every year. SQR CVT ratings have increased over the last three years. • We saw our biggest increases in the areas in which we held professional development sessions. Below are CVT trend ratings for those areas (on a 1 to 4 scale): • Focused Instruction: • 2021: 2.0 2024: 2.8	

 Instructional Strategies: 2021: 2.1 2024: 2.7 Higher Order Thinking:

2. Student Achievement: The data below summarizes the school's performance and academic achievement from the 2022-23 school year provided below. Please review the data using EdSight to ensure its accuracy.

3. Legal Compliance Best Practices: In 250 words or less, detail how specific practices employed overtime at the school result in ensuring that the school operates in compliance with applicable laws and regulations (e.g. support for students with disabilities, English Learners/Multilingual Learners, employee, and student rights). Describe the areas of operation including policies and procedures that ensure compliance with applicable laws and regulations. Include quantitative and qualitative information associated with compliance. Provide evidence of collaboration with local school districts in this area as appropriate.

We have operated with the highest levels of integrity and compliance with the law in all areas throughout our twenty-six year history.

e have two very committed Boards (Governing Council and Board of Directors) made up of many members who ve served for over five years, and some for over ten. This past year we welcomed a new Board president, James wlins. Our Board minutes and handbooks are posted on our website ensuring transparency and clear mmunication with our community.

We have a member of the Bridgeport Board of Education serving as an active member of our Board of Directors. In the summer of 2022-2023, the entire Board participated in a training conducted by CABE. This year we received a grant from PCLB for our school improvement partner, SchoolWorks, to conduct training for ourBoard as well. This training focused on strategic planning and administrator evaluation.

le have several committees of the Board of Directors. These committees are: Finance, Special Education, Teaching ld Learning, and Attendance and Climate. The committees meet each month, then report out to the full Board at e next meeting. These committees allow us to better engage and inform our members and ensure greater oversight our operations. Committee minutes are attached to the previous month's minutes. During the spring of the 2022 hool year we interviewed several potential members who were recruited specifically for their experience with nancial statements and budgets. The two members we invited to join the Board continue to serve and are embers of our Finance, Special Education and Attendance and Climate Committees and have been invaluable in pporting a healthy budget and school.

The Bridge Academy follows all state recommendations for Teacher Evaluation, having adopted the State's SEED model at its inception (and, most recently, having adopted the new Leader and Teacher Evaluation Support Plan.

All beginning teachers are assigned a mentor and supported through the state's Teacher Education and Mentoring (TEAM) Program.

All teachers at Bridge Academy are certified in their subject area or have been granted Charter School Certification or Durational Shortage Area Permits until their state certification is complete.

We make every effort to hire minority candidates. In the 2022-2023 school year, educators of color made up 34.6% of our teaching staff as compared to 11.2% in the state overall (Edsight). We have offered workshops for our noncertified staff on alternative routes to certification such as Relay; two former staff just completed the Connecticut Teacher Residency Program to become certified teachers in Fairfield.

PART 3: STEWARDSHIP, GOVERNANCE, AND MANAGEMENT

1. Financial Documents: As required by C.G.S. § 10-66cc(b)(2)and 10-66pp, the charter school, and if applicable, the charter school management organization of the state or local charter school, (1) shall submit FY 2022-2023 certified audit statements, including the statement of activities showing all revenues from public and private sources, expenditures, and net operating gain/loss, balance sheet and statement of cash flows; (2) the charter school and if applicable, the charter school management organization of the state or local charter school, shall submit a complete copy of the most recently completed Internal Revenue Service form 990, including all parts and schedules, other than Schedule B of such form; (3) provide the FY 2023-2024 budget; and (4) provide a FY 2024-2025 board-approved budget.

2. Financial Condition: Provide the following financial data for FY 2023-2024	
Total margin (net income/total revenue):	1.76
Debt to asset ratio (total liabilities/total assets):	.474
Debt service coverage ratio (net income + depreciation + interest expense)/ (annual principal + interest, and lease payments):	2.67
Current asset ratio (current assets/current liabilities):	1.02
Days of (unrestricted cash/((total expenditures-depreciation)/365)):	8
Cash flow (change in cash balance):	+\$46,173

3. Governing Board: Consistent with C.G.S. § 10-66bb(d)(3)(A), provide the information below for all governing board members. The governing board should include teachers, parents, guardians of students enrolled in the school, and the chairperson of the local or regional board of education of the town in which the charter school is located and which has jurisdiction over a school that resembles the approximate grade configuration of the charter school, or the designee of such chairperson, provided such designee is a member of the board of education or the superintendent of schools for the school district, or the superintendent's designee.

4. Renewal Terms and Other Issues: Provide a progress update on terms established in the charter school's most recent renewal; summarize actions taken and progress data to substantiate efforts to address such terms. Provide an update on how the charter school is addressing or plans to address the issues noted. The chart below is pre-populated to include terms documented in the school's last renewal resolution or issues identified by the CSDE.

identified by the CSDE.			
Standard/Indicator:	Term or Condition:	Progress Update:	
1.1 Academic Achievement	The Bridge Academy's 2022-23 Next Generation Accountability Index was 63.4, the state's index was 69.3. The school should continue efforts to improve student outcomes.	We anticipate an improvement in our Accountability Scores for the 23-24 school year. We made gains in lowering our chronic absenteeism rates, and in raising our Math SBA scores and our 4-year graduation rate. We continue to include improvement on the Accountability Index in our strategic planning in order to improve in all areas.	
3.3 Demographic Representation	In 2022-23, the school's English Learner/Multilingual Learners (ELs/MLs) population was 3.2%. To better reflect the demographics of the surrounding community, the school must seek to enroll more students who are English/Multilingual learners.	We continue to work to enroll more Multilingual Learners. Each year we advertise our school on the local Spanish radio station with a Spanish language ad. Our application is on our website in both English and Spanish, and all of our enrollment materials are readily available in Spanish. Multiple staff speak Spanish, including both secretaries and our school nurse. This past year our percentage of multilingual learners rose to 3.9% from 2.9% in the 21-22 school year.	
3.5 Chronic Absenteeism	The Bridge Academy's chronic absenteeism rate for the 2021-22 school year was 14.9%, whereas the state average was 23.7%. The school's rate for the 2022-2023 school year was 21.0%, whereas the state average was 20.0%. The school should continue efforts to lower the chronic absenteeism rate.	Chronic Absenteeism Through June (Edsight):	

4.5 Teacher/Staff Credentials	As of May 1, 2024, the Bureau of Educator Standards and Certification reported 0 staff identified in the Educator Data System as out of compliance for the 2023-24 school year. Per state statute, it is the school's responsibility to take steps to ensure 100% of school staff hold appropriate certificates, permits, or authorizations for positions.	All teachers at Bridge Academy are certified in their subject area or have been granted Charter School Certification, Long Term Sub Certification or Durational Shortage Area Permits until their state certification is complete.
----------------------------------	---	--

5. Stewardship, Governance, and Management Best Practices: In 250 words or less, summarize practices/processes established in the areas of stewardship, governance, and management (e.g., financial management, reporting compliance, sustaining financial viability, and school operations) that ensure the school is financially viable, organizationally healthy, strong, and held accountable to established goals. Explain the rationale for establishing and/or continuing the practice(s). Explain the impact on the school, referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area as appropriate.

Our most recent renewal and audits found no significant issues with legal or financial compliance. In the 2021-2022 school year we sent out an RFP and changed auditors in order to comply with best practices. We will send out RFPs again in two years to ensure that we continually have "fresh eyes" analyzing our finances.

We are committed to following the state recommendation that we work to find additional revenues and ensure that we meet the NACSA minimum threshold of 60 days of unrestricted cash and work to budget a surplus. We are doing this in part by reducing staff(we layed off five staff last year) but also by continuing to investigate and apply for outside funding through grants. For example, this past year we received \$100,000 from PCLB for general operating costs. This grant was awarded when our three year contract with our school improvement partner, Schoolworks, came to an end and reflects PCLB's satisfaction with our work with that partner. This work included action plans around instructional improvement as well as training for our Board of Directors. We received an after-school grant to allow for training of older students who then guide younger students at venues such as the Beardsley Zoo and local museums and nature centers. We also received a Mental Health Workers grant from the CT Department of Education that allowed us to hire a second school counselor last year and we received a Multi Media and Security Grant funded by the CT Department of Emergency Services & Public Protection which allowed us to replace all of the cameras inside and outside the school and add a panic button in our office. We have received funding for a part time behavioral specialist through the CT Department of Education Bureau of Health, Nutrition and Family Services, and received another through ARPA Summer Mental Health Supports that will allow us to offer mental health services through the summer. In addition, we received a small Dual Credit Expansion grant that allows us to support our early college program. Lastly, we received a grant for a High Dosage Tutoring Program which was administered in grades 7 through 9 during the last school year.

We continue to prioritize diversity on our Governing Board which is made up of 43% Black and Hispanic members.

Bridgeport Public Schools has been paying our special education bills regularly as we continue to honor their request to submit a detailed, itemized invoice.

This past year our ESSER and ARP funds continued to enable us to:

- Maintain a full-time Social Emotional Learning Coordinator
- Maintain two part-time Climate Coordinators
- Maintain two part-time Family Engagement Coordinators
- Maintain staff for a Tier II Math Explorations class in the middle school (we let one of our three Math Explorations teachers go at the end of the year in order to support a healthy budget)
- Maintain staff for a Tier II World Topics reading intervention class in the high school
- Continue to implement the Parent Teacher Home Visit protocol

PART 4: STUDENT POPULATION 1. Enrollment and Demographic Data: Provide 2023-2024 student demographic and enrollment information. **Grades Served:** American Indian or Alaska Native: **Student Enrollment:** Asian: Black/African American: 49.5% Hispanic/Latino: 45.9% Percent of Free/Reduced-Price Meals: Native Hawaiian or Pacific Islander: Two or More Races: 2.1% Percent of Special Education Students: White: 2023-2024 Enrollment by Grade Level: Κ 2 3 4 5 7 PK 1 6 8 9 10 11 12 Total 52 49 52 49 42 37 281

2. Enrollment Efforts: Summarize the school's efforts to attract, enroll and retain a diverse student population, representative of students of color, low-income students, English Learners/Multilingual Learners, and students with disabilities.

The Bridge Academy does a good job of enrolling high needs students. For the 2023-2024 school year, 18.1% of our students qualified for special education and 86.1% qualified for free or reduced lunch. 49.5% of our students are Black, 45.9% are Hispanic with the remainder identifying as mixed race. These demographics reflect the community we serve.

One population we will continue to work to attract is that of multilingual learners; in the 2023-2024 school year, only 3.9% of our learners were identified as multilingual. This may be in part because of the nature of charter school enrollment, which requires that we work from our waitlist to enroll new students rather than being able to accept students who just arrived from a Spanish speaking country. We will continue to put out radio ads in Spanish and to offer our application and enrollment forms in Spanish. Two years ago we also adopted the use of ParentSquare as a communication tool; ParentSquare translates messages into the users preferred language, which we think has helped us maintain positive relationships with families that speak other languages.

The Bridge Academy has effectively served our special populations for many years. Knowing that many of our families qualify for free and reduced lunch, and that even those who do not qualify may struggle financially, we offer breakfast and lunch free to all students every day. Families of students who qualify for special education are attracted to The Bridge Academy's small size, safe atmosphere and push-in support model. Our community recognizes that The Bridge Academy offers a different, more inclusive approach for these students than they sometimes receive in the larger schools in our district. For example, our general education teachers meet bi-weekly with each student's special education teacher in order to analyze their progress and discuss support and next steps.

Our four year graduation rate for high needs students is 96.6%, higher than that of the state and Bridgeport. 89.3% of our special education students enter college, compared to 51.1% of special education students from Bridgeport Public Schools (Edsight). This is a testament to the work we do to support special populations in realizing their full potential.

Our families appreciate the support we give their students; in our 2024 school climate survey, 93.3% of families surveyed said that they would recommend Bridge to other families.

3. Waitlist Data: Provide waitlist totals below, illustrating demand and community support for the school.

2023-2024 Waitlist:	2024-2025 Waitlist:
289	326

4. Student Population Best Practice: In 250 words or less, summarize practice(s)/system(s) used in the area of student population (e.g., family and community engagement, recruitment processes, retention strategies) to ensure the school promotes equity by effectively attracting, enrolling and retaining students, particularly among targeted populations. Explain the rationale for establishing and/or continuing the practice(s). Include a brief narrative on the school's unique model and describe the practice(s) and its impact on the school, referencing quantitative and qualitative data. Provide evidence of collaboration with local school districts in this area as appropriate.

The Bridge Academy's high needs population for the 2023-2024 school year was 87.5% (Edsight). It is therefore extremely important that we create a school culture that is sensitive to and supportive of high needs students. Last year we employed three social workers and two school counselors in order to ensure that our students have access to the social emotional, mental health and academic support they need to thrive. In recognition of the socio-economic status of most of our families, we serve free breakfast and lunch to all students daily.

We employ three full-time special education teachers. Using the push-in model, our special education students spend the majority of their school time in classes with their general education peers. As often as possible, we work to have para support in classrooms in order to give students the extra help they need. We have worked hard over the last few years to improve the writing, implementation and progress-analysis of IEP goals and objectives. Toward that end, the special education teachers and an administrator meet bi-weekly with each general education teacher to look at individual student data and discuss next steps and support. Bridgeport Public Schools runs our PPT meetings and those have gone smoothly. In addition, our lead SPED teacher and our school director attend regular meetings hosted by our host district's Department of Special Education.

For our multilingual learners, we provide a sheltered instruction)model. We also paid for one of our staff members to earn her graduate certificate in Educating Bi-lingual Learners and she serves as our consultant on supporting our multilingual students.

The fact that 96.6% (Edsight) of our high needs students graduated in four years in the last year that data was available is a testament to the success of the support we offer those students.

APPENDIX B: CHARTER SCHOOL PERFORMANCE FRAMEWORK

The Connecticut State Department of Education's (CSDE) charter school performance framework promotes clear and transparent expectations for all charter schools. The four performance standards are central to measuring schools' efficacy and viability, and align to state law and national best practices among charter school authorizers as accumulated by the National Association of Charter School Authorizers. Within each standard area, the framework identifies a series of indicators used to evaluate charter schools. The framework drives the CSDE's charter school accountability systems and processes, including initial approval decisions, annual monitoring, and renewal determinations.

Performance Standards:

- 1. School Performance: Is the school a successful model resulting in strong student outcomes and a positive school climate?
- 2. Stewardship, Governance, and Management: Is the school financially and organizationally healthy and viable?
- **3. Student Population:** Is the school promoting equity by effectively attracting, enrolling, and retaining students, particularly among targeted populations?
- 4. Legal Compliance: Is the school acting in compliance with applicable laws and regulations?

Performance Standards:	Performance Indicators:

APPENDIX C: STATEMENT OF ASSURANCES

It is imperative that charter schools—as with all other public schools—adopt and uphold the highest ethical and legal standards while delivering excellent academic opportunities for students and their families.

As the authorized representative of **The Bridge Academy**, to the best of my knowledge, I affirm that:

- 1. Pursuant to C.G.S.A. § 10-66rr, all board members and staff have satisfactorily completed background checks, including a state and national criminal record check and a record check of the Department of Children and Families child abuse and neglect registry.
- 2. Pursuant to C.G.S.A. § 10-66rr, if applicable, all charter school management organization (CMO) governing board members and staff members, who performs a service involving direct student contact have satisfactorily completed background checks, as described in (1).
- **3.** All contractors doing business with the school, who performs a service involving direct student contact have satisfactorily completed background checks, as described in (1).
- **4.** Records of any and all background checks described above, are on file at **The Bridge Academy** and available for random audit by the Connecticut State Department of Education (CSDE).
- 5. Pursuant to C.G.S.A. § 10-6600, **The Bridge Academy** Governing Board has adopted written antinepotism and conflict of interest policies consistent with state law and best practices in nonprofit corporate governance, and pursuant to 10-66bb(d), that no member or employee of the Governing Board has a personal or financial interest in any asset, real or personal, of the charter school.
- **6.** Pursuant to C.G.S.A. § 10-6600, each member of a governing council of a state or local charter school shall complete training related to charter school governing council responsibilities and best practices at least once during the term of the charter, and that no board member of **The Bridge Academy** serves on the board of another charter school or CMO.
- **7.** All public funds received by **The Bridge Academy** have been, or are being, expended prudently and in a manner required by law.
- **8.** All Governing Board meetings are open and accessible to the public, and that **The Bridge Academy** has posted, and continues to post, on any Internet website that the Governing Board operates, the schedule, agenda, and minutes of each Governing Board meeting, including any meeting of a subcommittee of the Governing Board.
- **9.** The Bridge Academy does not discriminate in any employment practice, education program, or educational activity on the basis of race, color, religious creed, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, disability, or any other basis prohibited by Connecticut state and/or federal nondiscrimination laws.
- **10. The Bridge Academy** does not operate any school location outside the scope of its approved charter or subsequent State Board of Education approval.

The Bridge Academy - 2023	-2024	12
		1

By signing this Statement of Assurances on behalf of the Governing Board of **The Bridge Academy**, I acknowledge that I understand the terms contained herein and affirm the validity of each statement to the best of my knowledge. I further understand that **The Bridge Academy** may be subject to random audit by the CSDE to verify these statements.

INDEPENDENT AUDITOR'S REPORT

To the Board of Education of The Bridge Academy, Inc. Bridgeport, CT, 06608

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of The Bridge Academy, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2023, the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The Bridge Academy, Inc. as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Bridge Academy, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Bridge Academy, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Bridge Academy, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Bridge Academy, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Other Legal and Regulatory Requirements

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, and the Schedule of Expenditures of State Financial Assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and State of Connecticut Office of Policy and Management under the Connecticut Single Audit Act (C.G.S. Sections 4-230 to 4-236), are presented for purposes of additional analysis, and are not required parts of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 30, 2023, on our consideration of The Bridge Academy, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering The Bridge Academy, Inc.'s internal control over financial reporting and compliance.

THE BRIDGE ACADEMY, INC. NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2023

Note 1 - Organization and Nature of Activities

Nature of Activities

The Bridge Academy, Inc. (the "School") was granted a charter to operate Bridge Academy, a public school located in the City of Bridgeport, CT. The School was founded in 1997 to provide a college preparatory curriculum designed to overcome the educational problems typically found in the inner city. The established goals are to be met through the following approaches: parental involvement, a mentor program with professionals from the Bridgeport business community, an introduction to the world outside of Bridgeport that includes the arts, and small enrollment that allows students to foster a sense of community and self-respect.

In accordance with the provisions of Section 10-66bb of the Connecticut General Statutes, The Bridge Academy, Inc., was granted their initial charter in 1997. A charter school, as defined by the Connecticut statutes, is a public, nonsectarian school, which is established under a charter granted pursuant to the provisions of the statutes, acts as a public agency, and operates independently of any local or regional board of education in accordance with the terms of its charter and the provisions of the statutes. The charter was renewed through June 30, 2025 and shall be operated in accordance with all applicable state and federal laws and regulations, and the terms of its charter.

The school has grades seven through twelve and was approved for 280 students by the State of Connecticut Department of Education for the year ended June 30, 2023.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of The Bridge Academy, Inc. have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require The Bridge Academy, Inc. to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of The Bridge Academy, Inc.'s management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of The Bridge Academy, Inc. or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Accounts and Grants Receivable

Accounts and grants receivable are stated at unpaid balances, less an allowance for doubtful accounts. The School provides for losses on accounts and grants receivable using the allowance method. The allowance is based on a combination of write-off history, aging analysis and any specifically known troubled accounts. It is the School's policy to charge off uncollectible accounts and grants receivable when management determines the receivable will not be collected. Management has concluded that an allowance is not required on June 30, 2023.

Property and Equipment

Property and equipment is stated at cost, or, if donated, at fair value at the date of donation. Depreciation of property and equipment is provided using the straight-line method over the estimated useful lives, which are generally between 5 and 27.5 years. Purchases or donations of property and equipment of less than \$1,000 are generally expensed.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not included in the general fixed assets account group.

Compensated Absences

Under the School's policies, teachers earn 15 days of sick leave pay in each school year. All unused sick leave accumulates from year to year without limitation for each continuous year of employment. The Board of Directors approved recognition and credit of accumulated unused sick days earned prior to employment at the School. Unused sick leave is paid only upon formal retirement from the School and not at termination of service. Because the payment of non-vested accumulated sick pay benefits depends on retirement, specifically from the School, no liability has been accrued in these financial statements for such payments. Vacation leave vests with the employee and is required to be taken within the fiscal year earned. Expenditures for compensated absences are recognized in the current year to the extent they are paid during the year, or the vested amount is expected to be paid with available resources.

Contributed Goods and Services

Donated goods and services are recognized as contributions if the services either create or enhance non-financial assets, or require specialized skills, are performed by people with those skills and would otherwise be purchased by the School if not donated. Numerous volunteers have donated time to the School's programs. However, the general volunteer services did not meet the criteria for recognition in the financial statements for the year ended June 30, 2023.

Impairment or Disposal of Long-lived Assets

U.S. GAAP requires that long-lived assets and certain identifiable intangible assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived assets is measured by a comparison of the carrying amount of the assets to future undiscounted net cash flows expected to be generated by the assets. No

impairment losses have been recorded to date.

Revenue Recognition

A portion of the Organization's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statement of financial position.

Contributions are recognized when the donor makes a promise to give to the School that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are received. All other donor-restricted contributions are reported as increases in donor restricted net assets depending on the nature of the restrictions. When a restriction expires or is otherwise satisfied, donor restricted assets are reclassified to net assets without donor restrictions.

In-kind Donations

There were \$71,922 in In-kind services for salaries and related benefits from the City of Bridgeport for the year ended June 30, 2023. All donated services were utilized by the School's programs and supporting services. There were no donor-imposed restrictions associated with the donated services and assets.

Functional Expenses

The School allocates its expenses on a functional basis among its program, management and general and fundraising activities. Expenses that can be specifically identified with a program or support service are allocated directly according to their natural classifications. Other expenses that are common to several functions are allocated based on estimates made by management. The School has adopted and follows a cost allocation plan in accordance with Connecticut state regulations.

Accounting for Uncertainty in Income Taxes

The School is generally exempt from income tax under section 501(c)(3) of the U.S. Internal Revenue Code. The School recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the School had no uncertain tax positions that would require financial statement recognition or disclosure. The School is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to July 1, 2020.

Use of Estimates

Actual results could differ from management's estimates. Some of the more significant estimates required to be made by management include the allowance for uncollectible receivables and allocation of certain functional expenses

Changes in Accounting Policy / Recently Adopted Accounting Pronouncements

In February 2016, FASB issues ASU No. 2016-02, *Leases (Topic 842)*. FASB ASC 842 supersedes the lease requirements in FASB ASC 840. Under FASB ASC 842, lessees are required to recognize assets and liabilities on the balance sheet for most leases and provide enhanced disclosures. The School adopted FASB ASC 842, with a date of initial application of July 1, 2022, by applying the modified retrospective transition approach and using the additional transition method provided by ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements*. The School did not restate prior periods under FASB ASC 840 and instead evaluated whether a cumulative effect adjustment to retained earnings as of July 1, 2022, was necessary for the cumulative impact of adoption of FASB ASC 842. The most significant effects of adopting FASB ASC 842 was the recognition of \$1,506,765 of finance lease right-of-use assets, and a total of \$1,164,611 of finance lease liabilities as of July 1, 2022. No cumulative effect adjustment to retained earnings as of July 1, 2022, was necessary. FASB 842 did not have a significant effect on the results of operations or cash flows for the year ended June 30, 2023.

As a part of the transition, the School implemented new internal controls and key system functionality to enable the preparation of financial information on adoption and elected to apply the following practical expedients:

- Election not to reassess whether any expired or existing contracts are or contain leases
- Election not to reassess the lease classification for any expired or existing leases
- Election not to reassess initial direct costs on any existing leases

Note 3 – Concentrations of Credit Risk

Financial instruments that potentially subject the School to significant concentrations of credit risk consist principally of cash. At times, cash balances held at financial institutions may be in excess of federally insured limits. The School has not experienced any losses in its cash deposits.

A significant portion of the School's support and revenue is from government agencies. As with all government funding, these grants may be subject to reduction or termination in future years. Any significant reduction in these grants could have a negative impact on the School's program services.

Note 4 – Liquidity and Availability of Financial Assets

The following represents The Bridge Academy, Inc.'s financial assets at June 30, 2023:

Financial assets at year end:

Cash	\$ 65,107
Accounts and grants receivable	113,524
Total financial assets	178,631
Less amounts not available to be used within one year Net assets with donor restrictions	52,610
Less net assets with purpose restrictions to	32,010
be met in less than a year	(52,610)
	-
Financial assets available to meet general expenditures over the next twelve months	\$ 178,631

The Bridge Academy, Inc. manages its liquidity by closely monitoring cash and receivables. Any excess cash is held until it is required for operational use. The Bridge Academy, Inc. has a \$200,000 line of credit as of the year ended June 30, 2023.

Note 5 - Property, plant and equipment, net

Property, plant and equipment, net consisted of the following at June 30, 2023:

	2023
Building and improvements	\$ 2,269,155
Equipment	283,656
	2,552,811
Accumulated depreciation	(1,195,468)
Net	\$ 1,357,343

Note 6 – Financing Lease Obligations

The School entered a finance lease dated March 1, 2005 for land and building in Bridgeport, Connecticut occupied by the School with an original balance of \$2,642,400 and monthly principal and interest payments of \$10,833. The lease has an effective interest rate of 3.395% with a bargain purchase option of \$1 at the end of term through August 2033, which management intends to exercise. Additionally, the School entered into a 60-month financing lease dated November 1, 2022, expiring in November of 2027, in which the School leases a copier. The lease requires monthly payments of \$89 and has an implicit interest rate of 3%.

Note 7 – Revolving Line of Credit

On August 5, 2016, the School obtained a \$200,000 revolving demand note ("Note") with a bank which was extended from March 1, 2023 to March 1, 2024, under the same terms. The Note requires monthly payments of interest only on outstanding advances equal to 2% above the Wall Street Journal Prime Rate with a minimum rate of 5% per annum. The Bridge Academy, Inc. had no outstanding balance as of June 30, 2023. The Note grants the bank security interest in substantially all assets of the School and requires the maintenance of certain financial covenants (as defined).

Note 8 – Retirement Plan

The faculty and professional personnel of the School are provided with pensions through the State

Teachers' Retirement System (the "System"), a cost-sharing, multiemployer defined benefit pension plan administered by the Connecticut State Teacher's Retirement Board established under Section 167a of the

Connecticut General statutes. Teachers are required to contribute 7.25% of their annual salary, while the State of Connecticut is required to contribute at an actuarially determined rate, which may be reduced by an act of State Legislature. Administrative costs of the plan are funded by the State of Connecticut. The School has no obligation under this plan.

The risks of participating in a multiemployer defined benefit pension plan are different from single-employer plans because: assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers, if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be required to be borne by the remaining participating employers, and if the School chooses to stop participating in one of its multiemployer plans, it may be required to pay a withdrawal liability to the plan. In connection with ongoing renegotiation of collective bargaining agreements, the School may discuss and negotiate for the complete or partial withdrawal from one or more multiemployer pension plan. Depending on the number of employees withdrawn in any future period and the financial condition of the multiemployer plan at the

time of withdrawal, the associated withdrawal liabilities could be material to the School's change in net assets in the period of the withdrawal. The School has no plans to withdraw from its multiemployer pension plans.

During 2016, two teachers of the School, meeting certain requirements, opted to participate in the Early Retirement Income Plan ("ERIP") offered by the Connecticut State Teachers' Retirement Board. Under this program the teachers, if approved, are eligible for additional service credit based on the number of years' service. The additional service credit is a liability of the School. The School has the option of paying the liability in one lump sum or installments including interest. The School opted to pay the liability in installments.

The following table represents the payments due under ERIP at June 30, 2023:

2024	\$ 12,045
2025	12,045
2026	 12,046
	\$ 36,136

Note 9 - Economic Dependency

The School received approximately 95% of its funding from the State of Connecticut and the Federal government for the year ended June 30, 2023 to fund the operations of the charter school programs.

Note 10 - Risks and Uncertainties

The School's financial position, operations, cash flows and financial performance are recovering from the

ongoing coronavirus pandemic which has spread globally and adversely affected economic conditions throughout the world. The amount of the impact to future results of operations, cash flows, or financial conditions, cannot be reasonably estimated at this time. Finances have varied throughout several categories,

which would lead to an inaccurate depiction of the school's future results of operations, cash flows, or financial conditions.

Note 11 – Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date the financial statements were available to be issued, which date is September 30, 2023.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING **STANDARDS**

Independent Auditor's Report

To the Board of Education of The Bridge Academy, Inc. Bridgeport, CT

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of The Bridge Academy as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise The Bridge Academy's basic financial statements, and have issued our report thereon dated September 30, 2023.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered The Bridge Academy's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Bridge Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of The Bridge Academy's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Bridge Academy's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Independent Auditor's Report

To the Board of Education of The Bridge Academy, Inc. Bridgeport, CT

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited The Bridge Academy's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of The Bridge Academy's major federal programs for the year ended June 30, 2023. The Bridge Academy's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, The Bridge Academy complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of The Bridge Academy and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of The Bridge Academy's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to The Bridge Academy's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on The Bridge Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about The Bridge Academy's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding The Bridge Academy's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The Bridge Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of The Bridge Academy's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a

federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE BRIDGE ACADEMY NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2023

BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal grant activity of The Bridge Academy under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance, *Audit of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of The Bridge Academy, it is not intended to and does not present the financial position, changes in net assets, or cash flows of The Bridge Academy.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, *Cost Principals for Non-Profit Organizations*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

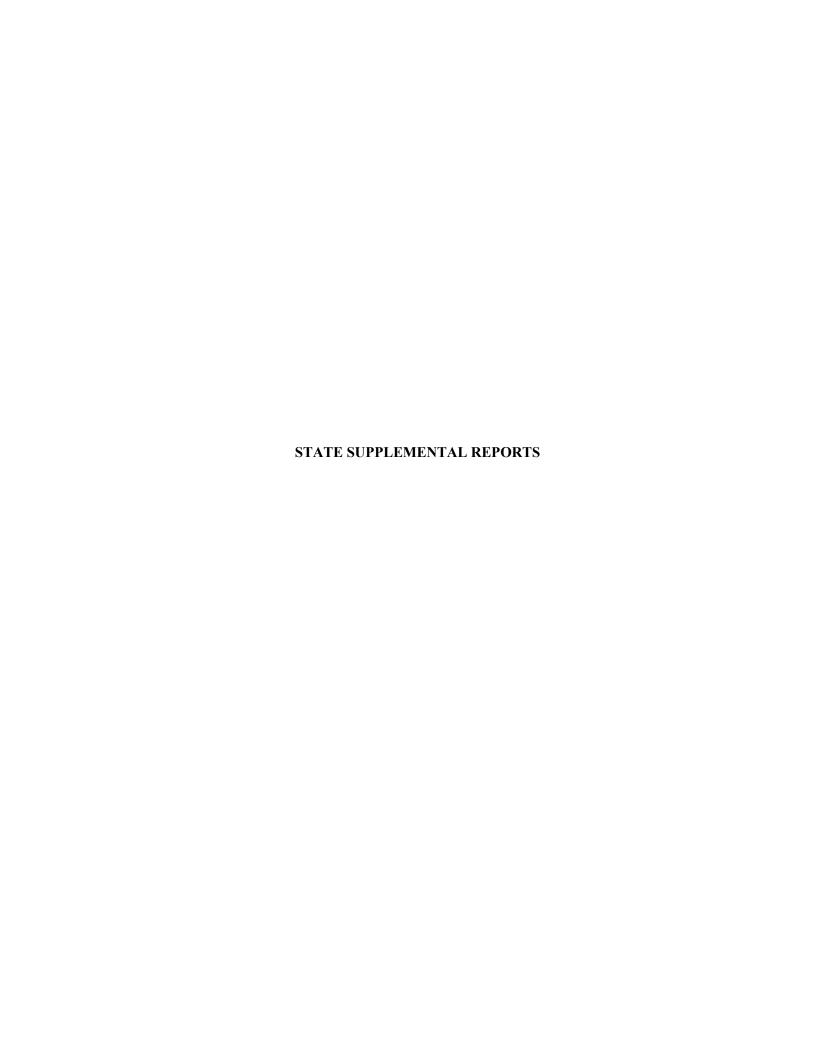

INDIRECT COST RECOVERY

The Bridge Academy has elected not to use the 10% de minimis indirect cost rate provided under section 200.414 of the Uniform Guidance.

Independent Auditors' Report on Compliance for Each Major State Program; Report on Internal Control over Compliance; and Report on the Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

To the Board of Education of The Bridge Academy, Inc. Bridgeport, CT

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited The Bridge Academy's compliance with the types of compliance requirements identified as subject to audit in the Office of Policy and Management's Compliance Supplement that could have a direct and material effect on each of The Bridge Academy's major state programs for the year ended June 30, 2023. The Bridge Academy's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. In our opinion, The Bridge Academy complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S Sections 4-230 to 4-236). Our responsibilities under those standards and the State Single Audit Act are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report. We are required to be independent of The Bridge Academy and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of The Bridge Academy's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to The Bridge Academy's state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on The Bridge Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the State Single Audit will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about The Bridge Academy's compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the State Single Audit Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding The Bridge Academy's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The Bridge Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of The Bridge Academy's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet

important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

We have audited the financial statements of The Bridge Academy as of and for the year ended June 30, 2023, and have issued our report thereon dated September 30, 2023, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the financial statements as a whole.

(Complete only if you checked a box on line 12 of Part I. If you checked box 12a, Part I, complete Sections A and B. If you checked box 12b, Part I, complete Sections A and C. If you checked box 12c, Part I, complete Sections A, D, and E. If you checked box 12d, Part I, complete Sections A and D, and complete Part V.)

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in **Part VI** how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- 3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b** Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes." complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? If "Yes," complete Part I of Schedule L (Form 990).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- **b** Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If* "Yes," *provide detail in* **Part VI.**
- c Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI.
- 10a Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer line 10b below.
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)
