<p>1. School Performance Best Practices: In 250 words or less, describe the practice or practices in use at the school that have resulted in strong student outcomes and a positive school climate during the 2024-2025 school year. Explain the rationale for establishing the practice(s) and the issue(s) it was intended to address. Describe the impact of the practice(s) on the student outcomes, providing evidence to substantiate effectiveness (i.e. quantitative, qualitative data). Provide evidence of collaboration with local school districts as appropriate.</p> <p>Highville has continued to focus on three core components to school success: quality instruction, social-emotional support and positive school culture.</p> <p>Quality Instruction: The key levers to quality instruction include qualified and prepared teachers, strong curriculum and supplies, and rigorous, engaging student instruction. Teachers are engaged in a week-long summer training program and continue receiving professional development every Friday afternoon after the 12:30pm dismissal. Each teacher is held to standards of best instruction practices within a demanding pre-k – 12 academic schedule.</p> <p>For those students who need additional academic support, Highville does interventions for students in grades K-8th, after school academic support in ELA and math four days a week, summer school, and after school credit recovery opportunities for high school students. This has reduced the number of high school students needing to attend summer school and has kept more students on track towards the credit accumulation needed for graduation.</p> <p>For those students who demonstrate capacity for advanced work, Highville provides accelerated math and ELA opportunities.</p> <p>Social Emotional Support: Highville employs four school counselors who serve all students with access to individual and group counseling, not just those mandated to receive services. In addition, Highville continues to work with Dr. Robertson, child psychiatrist, who helps the school address the most challenging situations and behaviors and can refer outside resources to students and families. Lastly, rewarding students for exhibiting the behaviors and habits we want to see has proven to be fruitful.</p>	

Positive School Culture: Highville's strong, positive school culture is rooted in clear expectations and rules, accountability, clear avenues for support, and an incentives program for positive student behavior. All Highville teachers are trained in the expectations and school rules so that students experience consistency across all classrooms and spaces in the building.

Based on our school climate survey, students at Highville report feeling safe, heard and respected. Their day begins with breakfast, includes snacks in addition to lunch, and provides healthy food through the fruit and vegetable program. Daily, via morning announcements, students are recognized for kind deeds toward one another, and effort and progress made in the classroom.

In addition to creating a school where students enjoy being, we're closely tracking attendance, increasing the consistency of communication with families, incentivizing good attendance with awards and awards ceremonies, and developing consequences for poor attendance. Together, this has led to a drop in chronic absenteeism.

PART 2: SCHOOL PERFORMANCE

1. School Goals: State the school's mission statement. Provide the school's mission-specific, measurable goals. Analyze school progress toward these goals, providing data as appropriate. Add/Remove rows as necessary.

HOW WE DO IT:

We equip students in and outside of the classroom by providing them with opportunities to build social, emotional, and advocacy skills, practice a growth mindset, engage in rigorous academics, plan for college and/or career, form healthy habits, expand cultural awareness, develop leadership, and deepen worldviews through experiential learning.

Detail specific compliance mechanisms—including policy development processes, staff training programs, and internal monitoring systems—that have proven especially successful in your school context. Present relevant compliance metrics, audit outcomes, and stakeholder feedback demonstrating your commitment to legal obligations and ethical practices. Include examples of productive collaborations with local districts that have enhanced your compliance efforts through resource sharing, professional development, or coordinated service delivery. Focus on distinctive practices rather than exhaustive documentation, prioritizing evidence-based insights within the 250-word limit.

Highville's leadership team, including the Executive Director, Director of Business Operations and the Director of HR work collaboratively to ensure the school is operating in accordance with all state and federal laws. Combined, the team has over 25 years of experience in charter school leadership overseeing compliance issues, developing strategic plans, and designing systems to ensure all legal and compliance matters are addressed. In partnership with the board of directors, the team performs annual reviews and updates to board policies and procedures to ensure compliance with federal, state, and local laws/requirements. This in turn ensures that the organization operates in service of all students and employees.

The Executive Director, Director of Business Operations, and Director of HR work together to ensure timely compliance with the submission of state reports on finance, enrollment, and operations. According to the most recent independent auditors report, Highville was found to have "complied, in all material respects, with the compliance requirements...that could have a direct and material effect on each of its major federal programs..." and "complied, in all material respects, with the compliance requirements...that could have a direct and material effect on each of its major state programs..."

As a regional charter school, Highville works in partnership with the surrounding towns to ensure students receive all the services to which they are entitled.

4. Renewal Conditions and Terms: Detail your charter school's advancement toward fulfilling the renewal conditions established during your most recent charter renewal process or addressing specific terms identified by the Connecticut State Department of Education. Present a comprehensive overview of implemented initiatives, strategic actions, and measurable outcomes that demonstrate your institution's meaningful progress toward resolving these identified areas for improvement. Include relevant performance metrics and evidence-based results that substantiate your school's efforts and commitment to addressing each condition. The section below contains a pre-populated chart of your school's specific renewal conditions or terms, which you should reference when documenting both completed work and forthcoming strategic plans designed to satisfy outstanding requirements.		
Standard/Indicator:	Renewal Conditions and Terms:	Progress Update:
1.1 Academic Achievement	<p>Highville's 2023-24 Next Generation Accountability Index was 58.2, the state's index was 70.8.</p> <p>The school must continue efforts to improve student outcomes.</p>	<p>We have continued to push the following levers to facilitate desired outcomes:</p> <ul style="list-style-type: none"> • Teacher preparation, training, PD • Strong and School-wide aligned curriculum • Interventions, after school and summer tutoring • Test preparation
3.3 Demographic Representation	<p>The school's 2022-23 English learner/Multilingual learner (ELs/MLs) population was suppressed.</p> <p>To more accurately reflect the demographics of the surrounding community, the school needs to increase enrollment of students who are English or Multilingual Learners."</p>	<p>Highville's ELs/MLs population remains small but it is increasing. Highville has taken several steps in becoming a more attractive option to EL/ML students: increase in Spanish speaking staff, celebrating Spanish heritage, posting images of people that better reflect an ELs/MLs cultural background.</p>
3.5 Chronic Absenteeism	<p>In 2022-23, Highville had a chronic absenteeism rate of 28.1%, compared to the state average of 20.0%.</p> <p>In 2023-24, Highville's rate was 27.7%, while the state average was 17.7%.</p> <p>This is an urgent area for continued focus and it is imperative that the school continue efforts to lower the chronic absenteeism rate.</p>	<p>Highville's chronic absentee rate dropped below 20%. While it is significantly lower than last school year, it is not at 6%, the target determined by the State. We review and share attendance data with staff and students every 10 days. We meet with the families of students that have missed 15%+ of the school year to date. Highville will celebrate the students that are meeting their obligation of attending school at least 90% of the time.</p>

<p>4.5 Teacher/Staff Credentials</p>	<p>As of May 1, 2025, the Bureau of Educator Standards and Certification reported 10 staff identified in the Educator Data System as out of compliance for the 2024-25 school year. 7 staff have no active certificates/permits; 3 staff have an assignment that does not match valid endorsement.</p> <p>In accordance with State statute, schools are responsible for ensuring that 100% of their staff possess the appropriate certificates, permits, or authorizations required for their positions.</p>	<p>Highville's HR Director established pathways to certification plans for each staff member. As a result, each staff member either has an active or temporary certification, a pending application or a pathway to certification. Employment was terminated for two staff members who did not receive certification. The 2024-25 school year ended with all remaining staff certified or authorized by the State of Connecticut.</p>

5. Stewardship, Governance, and Management Best Practices: Describe your charter school's most effective organizational systems that ensure financial sustainability, operational excellence, and robust accountability. Detail your governance structures, fiscal oversight mechanisms, and management practices that have demonstrably strengthened institutional health and performance outcomes. Explain why these specific approaches were implemented, connecting them to your school's mission and strategic priorities. Present concrete evidence of their effectiveness using key performance indicators, audit results, operational metrics, and stakeholder feedback that demonstrate measurable improvements. Include examples of productive partnerships with local districts that have enhanced your governance practices or operational efficiency. Focus on high-impact initiatives rather than comprehensive coverage, limiting your response to 250 words while providing specific, evidence-based insights.

We have established a governance structure with clearly defined roles and responsibilities for the board of directors, administrators, and staff. The structure ensures decision-making processes, promotes accountability, and supports the school's strategic goals.

The board of directors has a finance committee that meets every two months to review Highville's financials with the Director of Business Operations, annually with the auditor to review the audited financial statements, and annually to develop the budget for the next year. In addition, the board has a Governance Committee which reviewed, amended and approved the Highville Bylaws in spring 2025 to substantially improve the board's ability to effectively govern the organization with strong controls and practices, and recruit high quality new directors.

Between the 2023-24 and 2024-25 school year, three directors transitioned off the board and the board chair, Linda Baylor, transitioned to Vice Chair. Tera Rucker was elected chair at the end of the 2024-25 school year. Highville hired a consultant to aid in strengthening its governance practices and support the leadership transition. The board participated in a training on governance best practices from Jackie Downey from the Community Foundation of Greater New Haven during spring 2025.

As noted elsewhere in this report, Highville collaborates with local school districts for special education services.

Policies and procedures have been established to ensure that Highville is financially viable, including specific guidelines outlined in the Business Office Procedures Manual for:

- The division of responsibilities
- General rules of the business office, including distributing reimbursement checks and petty cash.
- Bank account management and reconciliation.
- Purchases including a \$20,000 threshold for approvals by the Executive Director or Board Treasurer
- Contract management and approval
- Accounts payable and receivable
- Business Insurance
- Liabilities and assets

In addition, Highville maintains consulting relations with Charter School Business Management (CSBM), which provides financial accounting, bookkeeping, and bond management support to the Business Office. Highville works closely with CSBM to provide quarterly and other reports to the bondholders, clearly stating our debt service coverage ratio and cash position.

Describe strategies aimed at reaching and serving students of color, low-income families, English learners/Multilingual learners and students with disabilities. Include outreach initiatives, inclusive enrollment practices and support systems designed to promote equitable access.

Highville Charter School is committed to attracting, enrolling, and retaining a diverse student population that reflects the demographics of the Greater New Haven community. Guided by our mission to educate through a Black and Brown lens, Highville embraces culturally responsive practices, equitable access, and holistic supports that empower all learners, particularly students of color, low-income families, English/Multilingual learners, and students with disabilities.

The foundation for student success and retention are the following:

- **Quality Instruction:** Highly qualified teachers deliver a rigorous, culturally relevant curriculum that includes interventions for struggling students (K–8 academic supports, after-school tutoring, summer school, and credit recovery for high school students) and enrichment opportunities for those ready for acceleration in ELA and math.
- **Social-Emotional Support:** Four full-time counselors provide both individual and group counseling for all students. The school also partners with Dr. Robertson, a child psychiatrist, to support students and families with more complex needs.
- **Positive School Culture:** Consistency, care, and accountability define Highville's culture. Students report feeling safe, heard, and respected in school climate surveys. Incentive programs, attendance celebrations, and restorative practices encourage positive behavior and consistent engagement.

These structures ensure that once students enroll, they are supported academically, socially, and emotionally creating a strong sense of belonging that drives retention. Highville provides equitable access to all programs and activities, ensuring that students with disabilities, English learners, and economically disadvantaged students have the resources they need to succeed. Families are considered vital partners in the learning process. Through frequent communication, family engagement opportunities, and consistent attendance outreach, we strengthen home-school connections and build trust within our community.

Highville's focus on inclusive practices, personalized support, and culturally affirming education allows us not only to attract a diverse student body but also to sustain that diversity by meeting the unique needs of every learner.

3. Waitlist Data: Provide waitlist totals below, illustrating demand and community support for the school.

2024-2025 Waitlist:	2025-2026 Waitlist:
114	213

4. Student Population Best Practices: Outline your charter school's most effective strategies for advancing educational equity through targeted recruitment, enrollment, and retention initiatives. Describe your signature approach to family engagement and community outreach that has successfully diversified your student population and ensured meaningful inclusion of underrepresented groups. Connect these practices to your school's distinctive educational model, explaining how they align with your core mission and values. Present specific evidence of impact through enrollment demographics, retention statistics, and stakeholder testimonials that demonstrate measurable progress toward equity goals. Include any notable collaborations with local districts that have enhanced your ability to serve diverse learners effectively. Focus on your most innovative and impactful practices rather than attempting comprehensive coverage, keeping your response focused and within the 250-word limit.

Highville has gained the most traction in attracting, enrolling and retaining students of targeted populations by continuing to improve the academic experience and engaging with parents around a vision for students in the Highville community that prioritizes student well-being and family engagement.

We continue to find that word-of-mouth is our strongest recruitment tool. Hence, over 50% of our families have a family member who is either a current or former student at Highville. We remain a partner to the districts from which we serve the most students (New Haven and Hamden) and work closely around student recruitment. Highville participates in each district's school choice/selection events. In addition, the students that require our collaboration around special education provide additional touch points between us and said districts.

New in 2024-25, we created and ran two different commercials on 94.3 WYBC where parents and kids spoke about their positive experiences at Highville. These commercials ran multiple times each day in an effort to reach greater audiences and make more people in the New Haven community aware of Highville. We will continue to create new ads to continue into the 2025-26 school year.

Highville's pre-k – 12 model is unique for our community's families and our values resonate strongly. Developing a school with small learning environments that are safe, academically rigorous and fun has been the recipe for Highville's success. Parents and students have reported, via our climate survey, that they appreciate the "family feel", safe environment, and cultural responsiveness of Highville. We are a school where the race and ethnicity of the leaders, teachers and staff reflect that of the student population. 82% of staff identify as Black, Latino, or Indian.

Our PTO works with the principal and staff to develop a calendar of events to get families in the school building to celebrate school successes, acknowledge and celebrate the different cultures and contributions of our families, and honor Highville students. These events included Hispanic Heritage, Black History, Women in History and Figures of Social Justice, a fathers and daughters dance, and mothers and sons brunch. In response to the needs of low-income families, Highville continues to manage an emergency fund to support families in need of school supplies, uniforms, field trip fees, etc.

APPENDIX B: CHARTER SCHOOL PERFORMANCE FRAMEWORK

Independent Auditors' Report

To the Board of Directors of
Highville Charter School
New Haven, CT 06511

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Highville Charter School (a nonprofit organization) which comprise the statement of financial position as of June 30, 2024, and the related statements of activities and changes in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Highville Charter School as of June 30, 2024, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under these standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Highville Charter School and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Highville Charter School 's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

1. Exercise professional judgment and maintain professional skepticism throughout the audit
2. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Highville Charter School 's internal control. Accordingly, no such opinion is expressed.
4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
5. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Highville Charter School 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Other Legal and Regulatory Requirements

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, and the Schedule of Expenditures of State Financial Assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and State of Connecticut Office of Policy and Management under the Connecticut Single Audit Act (C.G.S. Sections 4-230 to 4-236), are presented for purposes of additional analysis, and are not required parts of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 19, 2025, on our consideration of Highville Charter School 's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Highville Charter School 's internal control over financial reporting and compliance.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the School and changes therein are classified and reported as follows:

Net assets with donor restrictions - Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the School or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the School. These net assets may be used at the discretion of the School's management and the board of directors. Expenses are reported as decreases in net assets without donor restrictions.

Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

The School has \$141,528 in net assets with donor restrictions for the year ending June 30, 2024. The restrictions are as follows:

Use & time restriction for certain operating expenses	\$141,258
---	-----------

Highville Charter School
Notes to the Financial Statements
June 30, 2024

Grants receivables

Grants receivable represent unconditional promises to give. Grants receivable are recorded at net realizable value. As of June 30, 2024 grants receivable balance was \$849,234 respectively. The School has determined that no allowance for credit losses for grants receivable is necessary as of June 30, 2024. Such an estimate is based on management's assessments of the creditworthiness of its grantors, the aging of its receivable, as well as current economic conditions and historical information.

Revenue Recognition

Grants and contracts

Federal, State and private awards are used to finance education programs and capital improvements. Funds received in advance for which qualifying expenditures have not been incurred are reflected as refundable advances in the accompanying statement of financial position. The School recognizes grants to the extent that eligible grant costs are incurred. Receivables are recognized to the extent costs have been incurred, but not reimbursed. Revenue from the state and local governments resulting from the School's charter status is based on the number of students enrolled and is recorded when services are performed in accordance with the charter agreement.

Tuition and Fees

The School recognizes revenue from student tuition and fees during the year in which the related services are provided to students. The performance obligation of delivering educational services is simultaneously received and consumed by the students; therefore, the revenue is recognized ratably over the course of the academic year. All amounts received prior to the commencement of the academic year, including enrollment deposits, are deferred to the applicable period. Scholarships provided to students are recorded as a reduction from the posted tuition rates at the time revenue is recognized.

Contributions

Contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions expire in the reporting period in which the contribution is recognized. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as increases net assets with donor restrictions depending on the nature of the restrictions. Conditional contributions are recognized to the extent the conditions have been met.

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding how long contributed assets must be

Highville Charter School
Notes to the Financial Statements
June 30, 2024

used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

Property, Furniture, Fixtures and Equipment

Property and equipment are stated at cost. The Academy has established a \$1,000 threshold above which assets are capitalized. Property and equipment acquired with certain government contract funds is recorded as an expense pursuant to the terms of the contract in which the government funding source retains ownership of the property. Ordinary repairs and maintenance are charged to expense when incurred.

Depreciation is provided on a straight-line basis over the estimated useful lives as follows:

Equipment and Motor Vehicles	2-10 years
Buildings and Improvements	10-39 years

Depreciation expense for the year ending June 30, 2024 was \$487,256.

Intangible Assets – Goodwill

In 2008, the School recorded an Intangible Asset – Goodwill for the excess of liabilities assumed in excess of assets received. Goodwill is annually reviewed for impairment and, if needed, an adjustment is made. Management has determined that the Intangible Asset – Goodwill, no longer holds any value to the School, and therefore, the asset was written off as of the year ended June 30, 2024.

Income taxes

The School is classified by the Internal Revenue Service as exempt from income tax under Section 501(a) of the Internal Revenue Code as a public education school described in Section 501(c)(3). The School has no unrecognized tax benefits at June 30, 2024. The School's Federal and State income tax returns prior to fiscal year 2021 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The School regularly reviews and evaluates its tax positions taken in previously filed information returns and as reflected in its financial statements, with regard to issues affecting its tax-exempt status, unrelated business income, and related matters. It believes that in the event of examination by taxing authorities, its positions would prevail based upon the technical merits of such positions. Therefore, the School has concluded that no tax benefits or liabilities are required to be recognized.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions

Highville Charter School
Notes to the Financial Statements
June 30, 2024

that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates include useful lives of property and equipment and allowance for credit losses.

Concentration of credit risk

The School maintains cash and cash equivalent balances in several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation. From time to time, the School's balances may exceed these limits. The School has not experienced any losses in such accounts, and management believes that the School's deposits are not subject to significant credit risk.

Advertising Costs

The School expenses advertising costs as incurred.

Note 3 – Concentrations of Support Grants

The operations of the School are funded primarily through grants from the State of Connecticut and the Federal Government. The grants for the current year amounted to \$8,033,245. This amounts to 92% of total support and revenue.

Note 4 – Intangible Asset – Debt Assumption Payable

The School assumed debt in exchange for the assets and operations of the Highville Mustard Seed Development School, Inc. in accordance with a court order dated January 10, 2008. Under the order, the School assumed a total debt of \$322,227 to be paid without interest over a period of five years. The debt has been paid in full. The amount of \$124,379 was capitalized as an Intangible Asset - Goodwill and \$68,504 of the Goodwill was written off in a previous year. The remaining Goodwill of \$55,875 was written off as of the year ending June 30, 2024.

Note 5 – Contingencies

The School provides 15 sick or personal days each year which the employee can accumulate to a maximum of 150 days. The benefit is not vested and therefore no liability is reflected on the financial statements.

Beginning around March 2020, the COVID-19 virus has been declared a global pandemic as it continues to spread rapidly. Business continuity, including supply chains and consumer demand across a broad range of industries and countries have been and continue to be severely impacted for months or beyond as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. The members of the board have been carefully monitoring and evaluating its options during this time. No adjustments have been made to these financial statements because of this uncertainty.

Expenditures for state purposes are considered to be first spent from state revenues. As of June 30, 2024, the School has \$583,710 State funded net assets available for capital improvements. In addition, the State of Connecticut allows the School a carryover of 10% of its' state funding that can be used in the subsequent year for the educational purposes of the School, as of June 30, 2024 there was no of carryover.

Note 14 – Pension Plans

The faculty and professional personnel of the School are provided with pensions through the State Teachers' Retirement System (the "System"), a cost-sharing, multiemployer defined benefit pension plan administered by the Connecticut State Teacher's Retirement Board established under Section 167a of the Connecticut General statutes. Teachers are required to contribute 7.25% of their annual salary, while the State of Connecticut is required to contribute at an actuarially determined rate, which may be reduced by an act of State Legislature.

Administrative costs of the plan are funded by the State of Connecticut. The School has no obligations under this plan.

The risks of participating in a multiemployer defined benefit pension plan are different from single-employer plans because: assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers, if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be required to be borne by the remaining participating employers, and if the School chooses to stop participating in one of its multiemployer plans, it may be required to pay a withdrawal liability to the plan. In connection with ongoing renegotiation of collective bargaining agreements, the School may discuss and negotiate for the complete or partial withdrawal from one or more multiemployer pension plans. Depending on the number of employees withdrawn in any future period and the financial condition of the multiemployer plan at the time of withdrawal, the associated withdrawal liabilities could be material to the School's change in net assets in the period of the withdrawal. The School has no plans to withdraw from its multiemployer pension plans.

Note 15 – Prior Period Adjustment

Net assets as of the beginning of the period have been restated to correct accounting errors. The errors relate to the accrual of expenses as follows:

Net Assets - Beginning of Year	\$ 2,124,689
Expense accrual reductions	60,000
Expense accrued additions	<u>(158,732)</u>
Net Assets - Beginning of Year as Restated	<u><u>\$ 2,025,957</u></u>

The majority of the adjustments relate to periods ending prior to June 30, 2023 and the effect on the June 30, 2023 statement of activities is nominal.

Note 16 – Subsequent Events

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and

STANDARDS***

Independent Auditor's Report

To the Board of Education of
Highville Charter School
New Haven, CT 06511

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Highville Charter School as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Highville Charter School's basic financial statements, and have issued our report thereon dated February 19, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Highville Charter School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Highville Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Highville Charter School's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs – Federal Awards, we identified a certain deficiency in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable

possibility that a material misstatement of Highville Charter School's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying Schedule of Findings and Questioned Costs – Federal Awards, as item 2024 – 001 – Accrued Expenses, to be a material weakness.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Highville Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Highville Charter School's Response to Findings

Moving forward, Highville Charter School has adopted payroll accruals as an operational and accounting standard for year-end reporting.

Highville Charter School's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Highville Charter School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Highville Charter Schools's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

Independent Auditor's Report

To the Board of Education of
Highville Charter School
New Haven, CT 06511

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Highville Charter School's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Highville Charter School's major federal programs for the year ended June 30, 2024. Highville Charter School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Highville Charter School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Highville Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Highville Charter School's compliance with the compliance requirements referred to above.

not provide a legal determination of Highville Charter School 's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Highville Charter School 's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Highville Charter School 's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Highville Charter School 's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Highville Charter School 's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Highville Charter School 's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Highville Charter School 's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited Highville Charter School's compliance with the types of compliance requirements identified as subject to audit in the Office of Policy and Management's Compliance Supplement that could have a direct and material effect on each of Highville Charter School's major state programs for the year ended June 30, 2024. Highville Charter School's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. In our opinion, Highville Charter School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2024.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the State Single Audit Act (C.G.S. Sections 4-230 to 4-236). Our responsibilities under those standards and the State Single Audit Act are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report. We are required to be independent of Highville Charter School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major state program. Our audit does not provide a legal determination of Highville Charter School's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Highville Charter School 's state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Highville Charter School 's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the State Single Audit will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Highville Charter School compliance with the requirements of each major state program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the State Single Audit Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Highville Charter School 's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Highville Charter School 's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the State Single Audit Act, but not for the purpose of expressing an opinion on the effectiveness of Highville Charter School 's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other

matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the State Single Audit Act. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Financial Assistance Required by the State Single Audit Act

We have audited the financial statements of Highville Charter School as of and for the year ended June 30, 2024, and have issued our report thereon dated February 19, 2025, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of state financial assistance is presented for purposes of additional analysis as required by the State Single Audit Act and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling

such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state financial assistance is fairly stated in all material respects in relation to the financial statements as a whole.
